Introduction

1. We have reviewed the accompanying statement of standalone unaudited financial results of 63 moons technologies limited ("the Company") for the quarter and six months ended 30th September 2024 ("the Statement") being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Regulation 2015") as amended.

This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors on 12th November 2024, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "interim Financial Reporting" ("Ind AS 34") prescribed under Section 133 of the Companies Act, 2013 ("the Act") and other recognised accounting practices and policies generally accepted in India and Regulation 33 of the SEBI Regulation 2015, as amended. Our responsibility is to express a conclusion on the Statement based on our review.

Scope of review

2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express and audit opinion.
