Revolt Motors Launches - Industry-First Finance Scheme: "4 Chauke Offer"

New Delhi, 10th July 2024: Revolt Motors, India's No.1 electric bike company is transforming the two-wheeler industry with the launch of a groundbreaking finance scheme, the "4 Chauke Offer". This unique scheme makes owning the popular RV400 electric motorcycle easier and more affordable than ever before, with zero down payment and offering an affordable monthly payment of Rs.4,444 only through hassle free, paperless digital process. With this plan, the bike almost comes for free when you consider typical monthly petrol and other expenses for a typical ICE bike.

This one-of-a-kind offer, specifically for the RV400, is providing Revolt's customers with unparalleled value and convenience. Transitioning to electric vehicles has never been easier. This scheme eliminates the traditional ownership barriers by introducing a zero down payment plan with an affordable monthly payment of Rs.4,444.

Revolt Motors is proud to be the first two-wheeler manufacturer in India to fetch a scheme of this nature. This innovative approach not only simplifies ownership but also encourages more riders to embrace electric transportation.

Commenting on this scheme, **Ms. Anjali Rattan Nashier, Co-Chairperson of RattanIndia Enterprises Limited, the parent company of Revolt Motors**, said, *"At Revolt Motors, we are committed to making electric vehicles more accessible and appealing to everyone. The finance scheme exemplifies this commitment. We believe this unique scheme not only simplifies ownership but will eliminate a major barrier for potential EV riders and empower them to switch to a cleaner, more sustainable future."*
