**Rationale for the Proposed Scheme of Amalgamation:**

**Amalgamation of Amalgamating Company 1 with Amalgamated Company:**

27

12

PEL had acquired shares in PCPL originally with an objective to ensure vertical integration of businesses which would provide increased opportunities and better margins to PEL. However, due to operational and financial reasons, PEL could not complete the consolidation historically.

With a view to now achieve vertical integration and broaden its footprint across the supply chain, PEL has strategically decided to integrate the Castings Business with its operations.

The implementation of this Scheme will result in the following synergies:

1. Enhance PEL's control over the supply and inventory management of its raw materials Amalgamation would help with a unified approach on supply chain management and consequent synergies leading to optimization of resource utilization, reduced finance cost, operational cost, reduced duplication of administrative efforts and better procurement policies and prices, for the combined business.
2. Allow PEL to gain access to long-term contracts by bolstering an entire integrated process helping them cover the end-to-end supply chain.
3. Enhance PEL's margins and profitability and reduction in related party transactions of PEL which would enhance value for all its stakeholders.
4. Help PEL to diversify its business and provide PEL with access to a new set of customers and industries.

25

In view of the aforesaid, the Board of Directors of PEL and PCPL have considered it desirable and expedient to integrate the business of PCPL by way of amalgamation. Such an amalgamation is expected to be in the best interest of both Companies, their respective shareholders, creditors, employees and other stakeholders.

**Amalgamation of Amalgamating Company 2 with Amalgamated Company:**

PRECL was incorporated as a Wholly Owned Subsidiary of PEL for the purpose of undertaking a greenfield project in relation to the manufacture of railway and engineering components. Since PEL has undertaken the said business through Brown field project, there is no longer need of a separate corporate entity.

The Scheme is expected to provide the following benefits:

The amalgamation will result in simplifying the corporate structure and elimination of duplication in administrative cost and multiple record keeping thus resulting in cost savings.

**5. Board Resolution:**

The Board of Directors of the Petitioner Companies vide their resolution dated 15.06.2023, approved the Scheme of Amalgamation (“Scheme”) between M/s. Pitti Castings Private Limited (“Transferor Company-1”) and M/s. Pitti Rail and Engineering Components Limited (“Transferor Company-2”) with M/s. Pitti Engineering Limited (“Transferee Company”), their respective shareholders and creditors. The appointed date is 01.04.2023.

6. The Board of Directors of the First Petitioner Company has authorized any of their directors of the company secretary, the Second Petitioner Company has authorized any of their directors and the Third Petitioner Company has authorized any of their directors, chief financial officer or company secretary and compliance officer for the purpose of obtaining the approval of the Scheme.
7. The salient/material features of the proposed Scheme of Amalgamation are detailed in Page Nos.17 to 34 of the Petition.
8. It is submitted that the Applicant Companies complied with all the directions issued in the Order dated 09.02.2024 passed in CA(CAA)No.66/230/HDB/2023, which are detailed in Page Nos.44 to 47 of the Petition.
