**Q1 FY25 Investor Presentation
31st July 2024**

Disclaimer

By attending this presentation including the commentary by the Company management and the transcript of the same, together (“Presentation”) and/or accepting a copy of it, you agree to be bound by the foregoing limitations and conditions:

This Presentation is prepared by Tracxn Technologies Limited (“Company”) solely for information purposes and does not constitute an offer, solicitation, recommendation, or invitation to purchase or subscribe for any securities and shall not form the basis of or be relied on in connection with any contract or binding commitment whatsoever. This Presentation does not consider, nor does it provide any tax, legal, or investment advice or opinion regarding the specific investment objectives or financial situation of any person. This Presentation may not be copied, reproduced, summarised, disseminated, or redistributed to any other person in any manner whatsoever without the Company’s prior consent in each instance. This Presentation has not been and will not be reviewed or approved by any regulatory authority or by any stock exchange in India. No rights or obligations of whatsoever nature are created or shall be deemed to be created by the contents of this Presentation.

The Company, its affiliates, shareholders, directors, employees, or advisors do not make any representation or warranty, expressed or implied, and no undue reliance should be placed on the accuracy, fairness, or completeness of the information contained in this Presentation. The Company, nor any of its advisers or representatives accepts any liability whatsoever for any actual or consequential loss or damages howsoever arising from the provision or use of any information contained in this Presentation. The information contained in this Presentation should be considered in the context of the situations prevailing at the time when the Presentation was made and are to be read in conjunction with the company’s financial results, uploaded on the Stock Exchanges where the Company is listed. The Company expressly disclaims any obligation or undertaking to supplement, publicly amend or disseminate any updates or revisions to any information/statement contained in the Presentation to reflect any change in events, conditions, or circumstances including economic, regulatory, market, and other developments on which any such information is based.

This Presentation may contain, words or phrases that are forward-looking statements that involve risks and uncertainties and are based on certain beliefs, plans, and expectations of the Company. Although the Company believes that such forward-looking statements are based on reasonable assumptions, it can give no assurance that such expectations will be met. Actual future performance, outcomes, and results may differ materially from those expressed in forward-looking statements because of several risks, uncertainties including but not limited to our ability to implement our strategy successfully, the market acceptance of and demand for our offering, technological changes, volatility in global capital markets, pandemic and international and domestic events having a bearing on the Company’s business. You must not place undue reliance on these forward-looking statements, which are based on the current views of the Company’s management.

The operating metrics reported in this Presentation are calculated using internal Company data based on the operational activities. While these numbers are based on what the Company believes to be reasonable estimates for the applicable period of measurement, there are inherent challenges in measuring across some operational metrics. The methodologies used to measure these metrics require considerable judgment and are also susceptible to an algorithm or other technical errors. The Company systematically reviews its processes for calculating these metrics from time to time and may discover inaccuracies in the metrics or may make adjustments to improve their accuracy, which can result in adjustments to previously disclosed metrics. In addition, the Company metrics may differ from estimates published by third parties due to differences in methodology.

To facilitate understanding, some non-GAAP metrics are used and financial amounts are converted from ₹ Lakhs into ₹ Crores for this Presentation hence, there could be some totalling anomalies in the numbers.

Startup funding declined in Jan-Mar: Tracxn

By Manjula Paul manjula.paul@veinvest.com
The Indian tech startup ecosystem saw a decline in venture capital funding during the first three months of 2024, reversing the moderate growth over the previous three quarters. According to data from the market intelligence platform Tracxn, Indian tech startups raised \$2 billion in the March-ended quarter, down from \$2.3 billion in the previous quarter. However, the quarter gave two new unicorns after a dull 2023.

Chart 1: Indian startup ecosystem had a sluggish start to 2024

Chart 2: After a subdued five quarters, 2024 offers some optimism with two new unicorns

Chart 3: Bengaluru startups continued to bag the lion's share of funding

Chart 4: India ranks 5th globally, yet contribution remains modest at less than 4%

Significant cost advantages from India-based operations

Significant cost advantage due to **make-in-India**. Especially:

- **Data-production & technology platform** is built from India
- **Global sales** happens from India (sales & support teams work across all time zones)
- Very efficient content-driven **customer acquisition flywheel**

These give us a significant and long-lasting cost advantage
