Building for the future

Go to Market

- Partnered with Boomi, shared the stage with their leadership and launched new market solutions together at Boomi World 2024
- Deepened partnership with Microsoft as key partner for Fabric, enabling clients to migrate from traditional data & BI solutions to One Lake, Power BI and comprehensive data engineering & data science solutions

Integration

- Integration of Velotio and ScaleWorx capabilities into overall R Systems has created a stronger integrated unit servicing Tech, Internet & Platforms vertical, Data & AI and Cloud & DevOps practice.

Offerings & Positioning

- Launched AI enabled partner onboarding solution at Boomi World 2024
- Launched AI enabled end to end power BI solutions

Key Wins Q2 2024

- One of the leading real estate and investment advisers has engaged R Systems to build an innovative property analysis app for handheld devices and a cutting-edge bug reporting tool to enhance efficiency and functionality.
- A UK-based digital communication firm partnered with R Systems to streamline CRM integrations and develop a robust communication framework driving operational efficiency and innovation.
- One of the largest global financial service groups has mandated R Systems for digital transformation of its legacy systems to cloud native java and react application.
- A US-based global investment firm engaged R Systems to automate its cash management process with a unified, database-driven solution that replaces excel-based processes.
- One of the leading retail chains in Southeast Asia has engaged R Systems to upgrade Microsoft Dynamics Business Central to optimize and digitalize its end-to-end business processes yielding financial visibility and operational excellence across the enterprise.

Summing Up And Looking Head

Early signs of deal activity in the market – we are seeing traction across sectors and markets. The elections in US and situation in middle east may cause uncertainty.

Increasing collaboration with partner ecosystem – across AWS, Microsoft, Salesforce, Boomi, UI Path and startup partners ecosystem

Trends shaping in H2 2024

- AI continues to be talk of the town, truly leveraging AI to generate value requires both expertise in technology as well as understanding of business domain – hence growing need of professional service providers like us
- Process efficiency, automation and cost savings remain dominant themes - making digital transformation offerings leveraging Cloud, Data, AI and Automation relevant
- CrowdStrike incident in July, leading to a global shut down of operations; has now started debate and discussion on cloud security & reliability which should lead to opportunities.
- We are optimistic of the market sentiment improving in second half of calendar year
