## **17. VOTING THROUGH ELECTRONIC MEANS**

- I. In compliance with provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Amendment Rules, 2015 and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015, the Company is pleased to provide members facility to exercise their right to vote on resolutions proposed to be considered at the Annual General Meeting (AGM) by electronic means and the business may be transacted through e- Voting Services. The facility of casting the votes by the members using an electronic voting system from a place other than venue of the AGM (“remote e-voting”) will be provided by Central Depository Services (India) Limited (CDSL).
- II. The facility for voting through ballot paper shall be made available at the AGM and the members attending the meeting who have not cast their vote by remote e-voting shall be able to exercise their right at the meeting through ballot paper. The members who have cast their vote by remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again.

### **III. The process and manner for remote e-voting are as under:**

- i) The remote e-voting period commences on September 25, 2024 at 9:00 a.m. and ends on September 27, 2024 at 5:00 p.m. During this period members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of September 21, 2024, may cast their vote by remote e-voting. The remote e-voting module shall be disabled by CDSL for voting thereafter. Once the vote on a resolution is cast by the member, the member shall not be allowed to change it subsequently.
- ii) The shareholders should log on to the e-voting website [www.evotingindia.com](http://www.evotingindia.com) during the voting period
- iii) Click on “Shareholders” tab.
- iv) Now Enter your User ID  
For CDSL: 16 digits beneficiary ID,  
For NSDL: 8 Character DP ID followed by 8 Digits Client ID,  
Members holding shares in Physical Form should enter Folio Number registered with the Company, excluding the special characters.
- v) Next enter the Image Verification as displayed and Click on Login.
- vi) If you are holding shares in demat form and had logged on to [www.evotingindia.com](http://www.evotingindia.com) and voted on an earlier voting of any company, then your existing password is to be used.
- vii) If you are a first time user follow the steps given below:

	<b>For Members holding shares in Demat Form and Physical Form</b>
PAN	<p>Enter your 10 digit alpha-numeric PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders) Members who have not updated their PAN with the Company/Depository Participant are requested to use the first two letters of their name and the 8 digits of the sequence number (refer serial no. printed on the name and address sticker/Postal Ballot Form/mail) in the PAN field.</p> <p>In case the sequence number is less than 8 digits enter the applicable number of 0's before the number after the first two characters of the name in CAPITAL letters. Eg. If your name is Ramesh Kumar with serial number 1 then enter RA00000001 in the PAN field.</p>
DOB	Enter the Date of Birth as recorded in your demat account or in the company records for the said demat account or folio in dd/mm/yyyy format.
Dividend Bank Details	<p>Enter the Dividend Bank Details as recorded in your demat account or in the company records for the said demat account or folio.</p> <p>Please enter the DOB or Dividend Bank Details in order to login. If the details are not recorded with the depository or company please enter the member id / folio number in the Dividend Bank details field.</p>

- viii) After entering these details appropriately, click on "SUBMIT" tab.
- ix) Members holding shares in physical form will then reach directly the Company selection screen. However, members holding shares in demat form will now reach 'Password Creation' menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- x) For Members holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.
- xi) Click on the EVSN for the relevant Elitecon International Limited on which you choose to vote.
- xii) On the voting page, you will see "RESOLUTION DESCRIPTION" and against the same the option "YES/NO" for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- xiii) Click on the "RESOLUTIONS FILE LINK" if you wish to view the entire Resolution details.
- xiv) After selecting the resolution you have decided to vote on, click on "SUBMIT". A confirmation box will be displayed. If you wish to confirm your vote, click on "OK", else to change your vote, click on "CANCEL" and accordingly modify your vote.
- xv) Once you "CONFIRM" your vote on the resolution, you will not be allowed to modify your vote.
- xvi) You can also take out print of the voting done by you by clicking on "Click here to print" option on the Voting page.
- xvii) If Demat account holder has forgotten the changed password then enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.

- xviii) Note for Institutional Shareholders & Custodians :
- Institutional shareholders (i.e. other than Individuals, HUF, NRI etc.) and Custodians are required to log on to <https://www.evotingindia.com> and register themselves as Corporates.
  - A scanned copy of the Registration Form bearing the stamp and sign of the entity should be emailed to [helpdesk.evoting@cdslindia.com](mailto:helpdesk.evoting@cdslindia.com).
  - After receiving the login details they have to create a compliance user which should be created using the admin login and password. The Compliance user would be able to link the account(s) for which they wish to vote on.
  - The list of accounts should be mailed to [helpdesk.evoting@cdslindia.com](mailto:helpdesk.evoting@cdslindia.com) and on approval of the accounts they would be able to cast their vote.
  - A scanned copy of the Board Resolution and Power of Attorney (POA) which they have issued in favour of the Custodian, if any, should be uploaded in PDF format in the system for the scrutinizer to verify the same.
- xix) In case you have any queries or issues regarding e-voting, you may refer the Frequently Asked Questions (“FAQs”) and e-voting manual available at [www.evotingindia.com](http://www.evotingindia.com) under help section or write an email to [helpdesk.evoting@cdslindia.com](mailto:helpdesk.evoting@cdslindia.com) or contact them at 1800 200 5533.
- xx) Shareholders can also cast their vote using CDSL’s mobile app m-voting available for android based mobiles. The m-voting app can be downloaded from Google play store, iPhone, and Windows phone users can download the app from the App store and the Windows phone store respectively on or after September 25, 2024, 9.00 a.m. to September 27, 2024, 5.00 p.m. Please follow the instructions as prompted by the mobile app while voting on your mobile.
18. Institutional Members / Bodies Corporate (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/ Authority letter etc. together with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote through e-mail at [cs.goelaakash@gmail.com](mailto:cs.goelaakash@gmail.com) with a copy marked to [helpdesk.evoting@cdslindia.com](mailto:helpdesk.evoting@cdslindia.com) on or before September 27, 2024, upto 5:00 p.m. without which the vote shall not be treated as valid.
19. The voting rights of shareholders shall be in proportion to their shares of the paid up equity share capital of the Company as on the cut-off date of September 21, 2024. A person who is not a member as on Cut Off date should treat this notice for information purpose only.
20. The shareholders shall have one vote per equity share held by them as on the cut-off date of September 21, 2024. The facility of e-voting would be provided once for every folio/client id, irrespective of the number of joint holders.
21. Since the Company is required to provide members the facility to cast their vote by electronic means, shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of September 21, 2024 and not casting their vote electronically, may only cast their vote at the Annual General Meeting.
22. Notice of the AGM along with attendance slip, proxy form along with the process, instructions and the manner of conducting e-voting is being sent electronically to all the members whose e-mail IDs are registered with the Company / Depository Participant(s). For members who request for a hard copy and for those who have not registered their email address, physical copies of the same are being sent through the permitted mode.
23. Investors, who became members of the Company subsequent to the dispatch of the Notice / Email and hold the shares as on the cut-off date i.e. September 21, 2024 are requested to send the written/email communication to the Company at [admin@eliteconinternational.com](mailto:admin@eliteconinternational.com) by mentioning their Folio No./DP ID and Client ID to obtain the Login-ID and Password for e-voting.
24. Mr. Aakash Goel, Proprietor of G Aakash & Associates, Company Secretaries, (C.P No.21629) has been appointed

as the Scrutinizer to scrutinize the remote e-voting process and voting at the AGM in a fair and transparent manner. The Scrutinizer will submit, not later than 48 hours of conclusion of the AGM, a consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, to the Chairman of the Company or a person authorized by him in writing, who shall counter sign the same and declare the result of the voting forthwith.

25. Since e-voting facility is provided to the Members pursuant to the provisions of Section 108 of the Companies Act, 2013, read with Companies (Management and Administration) Rules, 2014, voting by show of hands are not allowed.
26. The Chairman shall, at the AGM, at the end of discussion on the resolutions on which voting is to be held, allow voting with the assistance of scrutinizer, by use of "Ballot Paper" for all those members who are present at the AGM but have not cast their votes by availing the remote e-voting facility.
27. The Results declared along with the Scrutinizer's Report shall be placed on the Company's website <http://www.eliteconinternational.com/> and on the website of CDSL. The same will be communicated to the stock exchanges where the company shares are listed viz. BSE Limited and The Calcutta Stock Exchange Limited.

## ANNEXURE III

### Management Discussion & Analysis

#### Global Economic Overview

Global growth is projected to be in line with the April 2024 World Economic Outlook (WEO) forecast, at 3.2 percent in 2024 and 3.3 percent in 2025. However, varied momentum in activity at the turn of the year has somewhat narrowed the output divergence across economies as cyclical factors wane and activity becomes better aligned with its potential. Services price inflation is holding up progress on disinflation, which is complicating monetary policy normalization. Upside risks to inflation have thus increased, raising the prospect of higher-for-even-longer interest rates, in the context of escalating trade tensions and increased policy uncertainty. To manage these risks and preserve growth, the policy mix should be sequenced carefully to achieve price stability and replenish diminished buffers.

#### Advanced Economies Group

For *advanced economies*, the growth is expected to converge over the coming quarters. In the United States, projected growth is revised downward to 2.6 percent in 2024 (0.1 percentage point lower than projected in April), reflecting the slower-than-expected start to the year. Growth is expected to slow to 1.9 percent in 2025 as the labor market cools and consumption moderates, with fiscal policy starting to tighten gradually. By the end of 2025, growth is projected to taper

to potential, closing the positive output gap.

In the United States, after a sustained period of strong outperformance, a sharper-than-expected slowdown in growth reflected moderating consumption and a negative contribution from net trade. In Japan, the negative growth surprise stemmed from temporary supply disruptions linked to the shutdown of a major automobile plant in the first quarter. In contrast, shoots of economic recovery materialized in Europe, led by an improvement in services activity. In China, resurgent domestic consumption propelled the positive upside in the first quarter, aided by what looked to be a temporary surge in exports belatedly reconnecting with last year's rise in global demand. These developments have narrowed the output divergences somewhat across economies, as cyclical factors wane and activity becomes better aligned with its potential.

### **Emerging Market and Developing Economies Group**

Emerging and developing for China, the growth forecast is revised upward to 5 percent in 2024, primarily on account of a rebound in private consumption and strong exports in the first quarter. In 2025, GDP is projected to slow to 4.5 percent, and to continue to decelerate over the medium term to 3.3 percent by 2029, because of headwinds from aging and slowing productivity growth.

**Growth in India** the forecast for growth in India has also been revised upward, to 7.0 percent, this year, with the change reflecting carryover from upward revisions to growth in 2023 and improved prospects for private consumption, particularly in rural areas

**Growth in the Latin America and the Caribbean**, growth has been revised downward for 2024 in Brazil, reflecting the near-term impact of flooding, and in Mexico, due to moderation in demand. However, growth has been revised upwards in 2025 for Brazil to reflect reconstruction following the floods and supportive structural factors (for example, acceleration in hydrocarbon production). For the Middle East and Central Asia, oil production and regional conflicts continue to weigh on prospects. The growth forecast for 2024 in Saudi Arabia has been revised downward by 0.9 percentage point; the adjustment reflects mainly the extension of oil production cuts. Projected growth in Sudan is revised markedly downward, as persisting conflict takes a larger toll on the economy.

**In sub-Saharan Africa**, growth is revised downward, mainly as a result of a 0.2 percentage point downward revision to the growth outlook in Nigeria amid weaker than expected activity in the first quarter of this year.

### **The Global Economy in a Sticky Spot**

Global activity and world trade firmed up at the turn of the year, with trade spurred by strong exports from Asia, particularly in the technology sector. Relative to the April 2024 WEO, first quarter growth surprised on the upside in many countries, although downside surprises in Japan and the United States were notable. In the United States, after a sustained period of strong outperformance, a sharper-than-expected slowdown in growth reflected moderating consumption and a negative contribution from net trade. In Japan, the negative growth surprise stemmed from temporary supply disruptions linked to the shutdown of a major automobile plant in the first quarter. In contrast, shoots of economic recovery materialized in Europe, led by an improvement in services activity. In China, resurgent domestic consumption propelled the positive upside in the first quarter, aided by what looked to be a temporary surge in exports belatedly reconnecting with last year's rise in global demand. These developments have narrowed the output divergences somewhat across economies, as cyclical factors wane and activity becomes better aligned with its potential.

### **Global Disinflation**

The momentum on global disinflation is slowing, signaling bumps along the path. This reflects different sectoral dynamics: the persistence of higher-than-average inflation in services prices, tempered to some extent by stronger disinflation in the prices of goods (Figure 1). Nominal wage growth remains brisk, above price inflation in some countries, partly reflecting the outcome of wage negotiations earlier this year and short-term inflation expectations that remain above target. The uptick in sequential inflation in the United States during the first quarter has delayed policy normalization. This has put other advanced economies, such as the euro area and Canada, where underlying inflation is cooling more in line with expectations, ahead of the United States in the easing cycle. At the same time, a number of central banks in emerging market economies remain cautious in regard to cutting rates owing to external risks triggered by changes in interest rate differentials and associated depreciation of those economies' currencies against the dollar.

### **Annual Estimates and Growth Rates**

Real GDP or GDP at Constant Prices is estimated to attain a level of ₹173.82 lakh crore in the year 2023-24, against the

First Revised Estimates (FRE) of GDP for the year 2022-23 of ₹160.71 lakh crore. The growth rate in Real GDP during 2023-24 is estimated at 8.2% as compared to 7.0% in 2022-23. Nominal GDP or GDP at Current Prices is estimated to attain a level of ₹295.36 lakh crore in the year 2023-24, against ₹269.50 lakh crore in 2022-23, showing a growth rate of 9.6%.

Real GVA is estimated at ₹158.74 lakh crore in the year 2023-24, against the FRE for the year 2022-23 of ₹148.05 lakh crore, registering a growth rate of 7.2% as compared to 6.7% in 2022-23. Nominal GVA is estimated to attain a level of ₹267.62 lakh crore during FY 2023-24, against ₹246.59 lakh crore in 2022-23, showing a growth rate of 8.5%.

India's economic growth is expected to have slowed down to a five quarter low of 6.5% in the first quarter of FY25, below the RBI's recent projections, amid a contraction in government capital expenditure due to elections and the impact of summer heatwaves on some sectors of the economy, according to economists. The gross domestic product (GDP) growth is estimated to be in the wide range of 6% to 7% in Q1FY25 as against GDP growth of 8.2% in Q1FY24 and 7.8% in Q4FY24. The Reserve Bank of India (RBI) in its August monetary policy had revised downwards India's growth forecast for April-June quarter by 20 bps to 7.1% on account of muted government capex, lower corporate profitability and lower core output.

### **Industrial Growth**

The IIP growth rates for the month of March 2024 over the corresponding period of previous year is 4.9 percent. The cumulative growth rate for the period of April-March 2023-24 over the corresponding period of the previous year stands at 5.8 percent.

As per Use-based classification, the indices stand at 162.2 for Primary Goods, 130.5 for Capital Goods, 167.5 for Intermediate Goods and 194.2 for Infrastructure/ Construction Goods for the month of March 2024. Further, the indices for Consumer durables and Consumer non-durables stand at 129.9 and 154.7 respectively for the month of March 2024.

**Source: MOSPI**

### **Consumer Price Inflation**

There is sharp decline in the Year-on-year inflation rate based on All India Consumer Price Index (CPI) number for the month of July, 2024, which is the lowest in the last 59 months. Year-on-year inflation rate based on All India Consumer Price Index (CPI) number is 3.54% (Provisional) for the month of July, 2024. Corresponding inflation rate for rural and urban is 4.10% and 2.98%, respectively.

### **Indian Tobacco Industry**

### **Introduction**

India is the second largest tobacco producer after China. The country has around 0.45 million hectares of area under tobacco cultivation. About 10% of the total area under tobacco cultivation is in India. Globally, it accounts for 9% of the total tobacco production. The average estimated production of tobacco crops has been around 800 million kg. The

country produces various types of tobacco: flue-cured virginia tobacco, country tobacco, burley tobacco, bidi tobacco, rustica tobacco, hookah, cigar rapped, Cheroot, Burley, Oriental, Chewing tobacco, etc.

The tobacco industry of India employs about 45.7 million people in farming, labour activities, manufacturing, processing and export activities. Compared with other tobacco manufacturing countries, India has low production, farming and export cost, making it a popular industry. Indian manufactured tobacco has an edge over the other tobacco-producing countries in terms of lower levels of heavy metals, Tobacco Specific Nitrosamines (TSNAs) and pesticide residues.

India's major tobacco manufacturing states are Gujarat, Andhra Pradesh, Uttar Pradesh, Karnataka, West Bengal, Telangana and Bihar. Out of these Gujarat, Andhra Pradesh, and Uttar Pradesh account for around 45%, 20% and 15% of the country's total production respectively. Karnataka accounts for around 8% and the rest of the states account for about 2-3% of the country's total tobacco production. .

### Tobacco Export Trend

India is the second largest exporter of tobacco behind Brazil. It exports various types of tobacco and tobacco products such as stripped, wholly stemmed, cigar cheroots, smoking tobacco, homogenised, flue-cured, sun-cured, extract and essence, FCV tobacco, unmanufactured tobacco, and various tobacco products.

From April 2023 –December 2023 India exported 110,361 tonnes of FCV tobacco valued at Rs. 4,524 crore (US\$ 547 million). The exports of unmanufactured tobacco during April 2023 – December 2023 were 220,873 tonnes valued at Rs. 6,808 crore (US\$ 823 million). During the year 2023-24 (until February 2024), India exported tobacco and tobacco products worth a total of US\$ 1328.20 million.

### Major Market

India is the only country which produces tobacco in two seasons. It exports to more than 115 countries throughout the world. The country exports tobacco mainly to Belgium, the Philippines, UAE, Indonesia, Russian Federation, Egypt, USA and many more countries worldwide. In 2023-24 (until February 2024) Out of these countries, Belgium is the biggest importer of tobacco at around 19.58% of the total exports from India. UAE and Indonesia are one of the largest tobacco export destinations for India importing around 19.16% and 6.21% of the total. The country also exports to Indonesia, France, Russia, Korea, Sri Lanka, Malaysia, Venezuela, Ethiopia, and Nigeria.

**Country-wise share of tobacco exports from India  
(2023-24) until February 2024**

Source: RBI Handbook of Statistics

During 2022-23, India exported US\$ 243.3 million worth of tobacco to Belgium. This was an increase from US\$ 164.8 million in 2020-21. UAE is among the top importers of tobacco from India, with 2022-23 imports valued at US\$ 176.1 million. The value of exports to Singapore and the US during the same period was US\$ 44.5 million and US\$ 38.5 million, respectively. Some of India's other tobacco export destinations, i.e., Netherlands and Germany, imported US\$ 9 million and US\$ 11.5 million worth of tobacco from India during 2022-23, respectively.

### Government Bodies

#### Tobacco Board

The Tobacco Board was formed in 1976 and is headquartered in Andhra Pradesh. The board is a facilitator to the tobacco growers, traders and exporters. The functions of the board are the promotion of all categories of tobacco and allied products, overseeing the production and distribution of the products for domestic as well as exports and regulating the Flue-cured Virginia (FCV) tobacco. Some of the other roles of the Tobacco board are advising the central government, propagating information, sponsoring and encouraging scientific and technological research related to tobacco promotion.

### Government Initiatives

#### Duty Draw Back Scheme

The goal of the scheme is to cut the duty and tax chargeable on imported products that will be used to manufacture exported goods from India. Under this scheme, unmanufactured tobacco, cigars, cheroots, cigarettes, manufactured tobacco, products containing tobacco, reconstituted tobacco, nicotine, tobacco substitutes, etc. will receive a 0.15% drawback rate.

#### Interest Equalization Scheme (IES)

The scheme originally came into effect in 2015 and has received an extension till 2024. The interest equalization will be provided pre and post-shipment rupee export credit. As per the extension, the rates for IES will be 3% for MSMEs, and 2% for manufacturers and merchant exporters of 410 tariff-specified lines.

#### Tobacco Growers Welfare Scheme

The scheme is aimed at the welfare of the FCV tobacco growers and their dependent families. A Tobacco Board's Growers' Welfare Fund has been approved by the Ministry of Commerce and Industry of India under this scheme. The total corpus approved is Rs. 25 crore (US\$ 3.14 million).

**Revenue from Operation:** The Revenue rose from Rs.5796.40 in the financial year 2022-2023 to Rs 5862.35 lakhs in the financial year 2023-2024 and the company was able to generate more revenue than its average revenue in last 4 years. The growth in revenue can be attributed to the change in market scenario, opening up of the economy and trade resumptions.

**Other Income:** Other income for the financial year 2023-2024 decrease by 76.15% at Rs. 8.78 lakhs as compared to Rs. 36.81 lakhs in the previous year due to decrease in other non-operating income.

**Operating Cost and EBITDA:** The EBITDA before exceptional items increased to Rs 8308.10 lakhs for the financial year 2023-2024 as compared to Rs. -7545.05 lakhs for the financial year 2022-2023. This was mainly due to decrease in Cost of goods sold. On the other hand, the EBITDA Margin increase from (129.35%) for the financial year 2022-23 to 12.76% for the financial year 2023-24. The operating cost decreased from Rs. 13378.25 lakhs for the financial year 2022-23 to Rs.4956.10 Lakhs for the financial year 2023-24.

**Debt and Finance cost:** There has been increase in total debt which includes long term & short term from Rs. 6491.84 for the financial year 2022-23 to Rs.14233.73 for the financial year 2023-24. Thus, finance cost for the financial year 2023-24 at Rs 48.73 lakhs in comparison to 36.32 for the previous year.

**Profit after Tax:** Profit after Tax (PAT) at Rs 478.01 lakhs for the financial year 2023-24 increased by -106.11% as compared to Rs. (7818.11) lakhs in the previous year majorly due to cost of materials consumed

**Growth Ratios:** The Networth has increased by -6.48 for the financial year 2023-24 from -1964.94 for the financial year 2022-23 mainly due to huge growth in cogs and mainly due to following reasons discussed above.

**Leverage Ratios:** Leverage ratio provides an indication of how the company's assets and business operations are financed (using debt or equity). Looking at the leverage ratios it could be concluded that the company has increased its debt leverage but at the same time it has sufficient interest coverage and have been able to generate enough profits to meet its interest expenses. Hence, performed well on solvency front.

**Efficiency Ratios:** Efficiency ratio is used to evaluate how effectively a company manages its assets and liabilities. The company has been performing well in terms of industry parameters.

**Liquidity:** Cash balances increased to Rs. 182.32 Lakhs in the financial year 2023-24 as compared to Rs. 19.92 Lakhs in the previous year.

## **Risk Management**

The Company is exposed to specific risks that are particular to its business and environment within which it operates, including Foreign Exchange Risk, Interest Rate Risk, Commodity Price Risk, Risk of Product Concentration and other Business Risk. While risk is an inherent aspect of any business, the Company is conscious of the need to have an effective monitoring mechanism and has put in place appropriate measure for its mitigation including business portfolio risk, financial risk and legal risk and internal process risk.

The list of the potential risks the industry is exposed to domestically/internationally are given below:

**Business Operational Risk:** The business operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems, or from external events like economic and market conditions, cut throat competitions at local as well as at international level, even events which are not directly connected with the organization like natural disasters, political and military turmoil etc. It can be minimized by decreasing labor turnover, power cost, logistics, balancing demand & supply risks, implementing latest technologies, Un-interrupted availability of raw material at competitive prices so as to avoid production loss, maintenance of quality and harmonizing production for completing the orders in time as well. Fluctuations of prices in international market which can impact the price / cost of a particular product(s) and its blend(s) is also a part of business operational risk.

**Raw material risk:** There is always a risk of inadequate or non-availability of raw materials in the market due to volatility in the prices of cotton, transportation cost etc. which could impede business profits and prospects.

**Supplier Risk:** We rely heavily on third parties to source our raw materials. Our primary raw materials come from third-party suppliers, and while we won't have any trouble finding new ones if we do, there is no assurance that our current or potential suppliers, as well as our on-the-job personnel, will continue to provide us with the necessary volume of raw materials and services.

**Manufacturing Risk:** Our manufacturing facility has operational risks such as machinery unavailability, breakdown, obsolescence, or failure, disruption in power supplies or processes, performance below projected levels of efficiency, and labour disputes. Our machines have finite lifespan as well as annual over hauled maintenance. We have signed into technical support service agreements to ensure the proper operation and maintenance of our equipment and machinery.

**Quality Risk:** Our products are influenced by consumer expectations, customer preferences and trends. Failure to maintain our product quality standards may have an impact on our business. Even though we have strict quality control methods in place, we have deployed lab testers to ensure that our products will always meet our clients' quality standards.

**Foreign Exchange / Currency risk:** We are certainly vulnerable to foreign currency exchange rates, which could have a major unfavourable effect on our operating results and financial situation. Our company has recently expanded into international markets and now sells products both domestically and internationally. Exporting our goods allows us to acquire foreign exchange gains and outgo in terms of FOB value. The exchange rate between the Rupee and other currencies fluctuates and may continue risk in our revenue. Any adverse or unexpected swing in the exchange rate of any foreign currency to Indian Rupees for businesses in order to correctly hedge their positions with international institutions may have an impact on our Company's results of operations.

**Competition Risk:** We confront competition in our industry from both organised and unorganised companies, which could have a negative impact on our business operations and financial situation.

We largely compete based on quality, client happiness, and marketing. We think that to compete effectively, we must preserve our reputation, be flexible and timely in responding to quickly changing market demands and consumer preferences and provide customers with a diverse range of textiles at competitive rates.

**Political Risk:** Political risk may be defined as the probability that a political event will impact adversely on a firm's profit. It represents the financial risk that a country's government will suddenly change its policies.

**Technological risk:** Technology can response corporate culture and facilitate innovative procedures. In this industry, the firm is constantly required to make changes and transformations in the production process over time, upgrade their

machinery besides creating new facilities and additional capacities in order to survive in the highly competitive market.

#### **Human Resource Development/Industrial Relation**

The Company rely that the health and safety of the workers and the persons residing in the vicinity of its plants is fundamental to the business. Commitment to the identification and elimination or control of the workplace hazards for protection of all is utmost importance. The manufacturing operations are conducted to ensure sensitivity towards the environment and minimize waste by encouraging “Green” practices. The Company continued to enjoy healthy industrial relations during the year.

#### **Health & Safety**

The company considers health and safety to be an essential province. The company has provided appropriate facilities for all workers and employees, such as adequate lighting, ventilation, and lack of congestion, as well as medical kits, stretchers, and fire extinguishers, among other things, at prominent locations. Personnel at supervisory level have been trained in basic life support techniques. The safety measures taken by the company has resulted in improving the conditions under which workers are employed and work, consequently increasing the productivity.

#### **Infrastructure**

The company is equipped with modern infrastructure facilities which assist in smooth production. The company’s manufacturing unit is outfitted with advanced machines and equipment and a trained staff, who have years of experience behind them. To sell products to the clients, the company has facilitated a smooth transportation mechanism through a strong base of transporters and traders.

#### **Cautionary Statement**

The above Management Discussion and Analysis contains certain forward-looking statements within the meaning of applicable security laws and regulations. These pertain to the Company’s future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. **Information other than the Financial Statements and Auditor's Report thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and the auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the applicable accounting standards and the other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that are operating effectively for insuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain a reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise due to fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (i) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- (ii) Obtain an understanding of the internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- (iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on

the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- (v) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, relevant safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters**

We draw attention to Note no. 23(16) of the financial statements, The Company's net worth has been fully eroded. However, having regard financial support from its promoters, the financial statements have been prepared on the basis that the Company is a going concern and that no adjustments are required to the carrying value of assets and liabilities. Our opinion is not qualified in respect of this matter.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order'), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the order, to the extent applicable.

## **ANNEXURE- B TO THE AUDITOR'S REPORT**

### **Report on the Internal Financial Controls under Clause (i) of Sub- section (3) of Section 143 of the Companies Act, 2013**

We have audited the internal financial controls with reference to financial statements of **ELITECON INTERNATIONAL LIMITED** (formerly known as Kashiram Jain & Company Limited) as on 31<sup>st</sup> March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Opinion**

In our opinion, the Company has, in all material aspects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31<sup>st</sup> March 2024, based on "the internal financial controls with reference to financial statements" criteria considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".

#### **Management's Responsibility for the Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of fraud and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the Guidance Note) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material aspects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The

procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

#### **Meaning of Internal Financial Controls with reference to financial statements**

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that: -

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and the receipt and expenditures of the Company are being only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls with reference to financial statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and could not be detected. Also, projections of any evaluation of the internal financial control with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Notes to the Financial Statements

#### Note-1: Corporate Overview

Elitecon International Limited ('EIL') is engaged in manufacturing and trading of all kinds of tobacco, cigarettes, smoking and other products of tobacco and deals in any other articles and things commonly dealt in by tobacconists.

EIL is a public limited company incorporated and domiciled in India having its registered office at 152, Shivani Apartments, Plot No. 63, I.P. Extension, Patparganj, Delhi - 110092. EIL is listed on the Bombay Stock Exchange Limited (BSE) and the Calcutta Stock Exchange Limited (CSE).

#### 2 Significant Accounting Policies

##### 2.1 Basis of preparation of financial statements:

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

##### 2.2 Use of Estimates and judgments:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the applications of the accounting policies and the reported amounts of assets and liabilities, disclosure of contingent assets & liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances. Actual results may differ from the estimates and assumptions used in preparing the accompanying financial statements.

##### 2.3 Property, Plant and Equipment:

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition which is not recoverable. All upgradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

Depreciation on property, plant & equipment is calculated on Written Down Method in accordance with the provisions of Schedule II of the Companies Act, 2013 keeping 5% of cost as residual value. The useful life of property, plant & equipment as defined in Part C of schedule II of the Companies Act, 2013 has been taken for all property, plant & equipment except for Office Equipments, Printer and Lab Equipments. In case of purchase / sale of assets during the year, depreciation has been charged on pro rata basis from / up to date of commercial production / sale. Depreciation is not provided on Capital Work in Progress until the assets are ready for its intended use.

The management believes that the useful lives as given below best represent the period over which the management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of schedule II of the Companies Act, 2013:

Office Equipments	15 and 10 Years
Printer	6 Years
Lab Equipments	15 Years

##### Intangible Assets:

Intangible assets are stated at cost less accumulated amortization and net of impairments, if any. Intangible assets are amortized over their estimated useful lives on straight-line basis. An intangible asset is recognized if it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and its cost can be measured reliably.

### Notes to the Financial Statements

#### 2.4 Inventories:

The inventories are valued at lower of cost or net realizable value. The cost of inventories is determined based on weighted average cost method as permitted by Indian Accounting Standard 2 - Inventories.

The basis of determining cost for various categories of inventories is as follows:-

- Spares, consumables and accessories are valued on Weighted Average basis.
- Raw material are valued on Weighted Average basis.
- Work-in-progress are valued at cost of production (cost of materials and overhead up to the completed stage of production)
- Inventories of Finished goods are valued on Weighted Average basis or net realizable value whichever is less.
- Goods in transit are recorded at its purchase price.

#### 2.5 Foreign Currency Transaction:

The functional and presentation currency of the Company is Indian Rupee. Transactions in foreign currency are accounted for at the exchange rate prevailing on the transaction date. Current assets and current liabilities denominated in foreign currency are translated at the exchange rate prevalent at the date of the balance sheet. Gains /losses arising on settlement as also on translation of monetary items are recognized in the Statement of Profit and Loss.

#### 2.6 Taxes on Income:

Taxes on income comprises of current taxes and deferred taxes. Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years. Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period.

#### 2.7 Revenue Recognition:

Revenue is measured at the fair value of the consideration received or receivable for goods supplied. Revenue from sale of products is recognized when the company performs its obligations to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such recognition in case of sale of goods is when the control over the same is transferred to the customer. Revenue from sale of goods excludes Excise Duty, Sales Tax/GST and Trade Discount.

Interest income is recognised in the Statement of Profit and Loss using the effective interest method.

Dividend income is recognized in the Statement of Profit and Loss when the right to receive dividend is established.

#### 2.8 Borrowing Cost:

Borrowing cost that are attributable to the acquisition / construction of qualifying assets are capitalized as part of the cost of the respective assets. Other borrowing costs are recognized as expenses in the year in which they are incurred.

#### 2.9 Leases:

The Company assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

##### Company as a Lessee

Right-of-Use (ROU) assets are recognized at inception of a contract or arrangement for significant lease components at cost less lease incentives, if any. ROU assets are subsequently measured at cost less accumulated depreciation and impairment losses, if any. The cost of ROU assets includes the amount of lease liabilities recognized, initial direct cost incurred and lease payments made at or before the lease commencement date. ROU assets are generally depreciated over the shorter of the lease term and estimated useful lives of the underlying assets on a straight line basis. Lease term is determined based on consideration of facts and circumstances that create an economic incentive to exercise an extension option, or not to exercise a termination option. Lease payments associated with short-term leases and low value leases are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

The Company recognises lease liabilities measured at the present value of lease payments to be made on the date of recognition of the lease. Such lease liabilities do not include variable lease payments (that do not depend on an index or a rate), which are recognised as expense in the periods in which they are incurred. Interest on lease liability is recognised using the effective interest method. Lease liabilities are subsequently increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount of lease liabilities is also remeasured upon modification of lease arrangement or upon change in the assessment of the lease term. The effect of such remeasurements is adjusted to the value of the ROU assets.

##### Company as a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Where the Company is a lessor under an operating lease, the asset is capitalised within property, plant and equipment or investment property and depreciated over its useful economic life. Payments received under operating leases are recognised in the Statement of Profit and Loss on a straight line basis over the term of the lease.

### Notes to the Financial Statements

#### 2.10 Financial Instruments: Financial assets, Financial liabilities and Equity Instruments:

##### Financial Assets -

##### Recognition

Financial Assets are initially recognised at transaction price. Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. Financial assets are classified as those measured at:

(a) amortized cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and/or interest.

(b) fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealized gains and losses arising from changes in the fair value being recognised in other comprehensive income.

(c) fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealized gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

##### Derecognition

Financial assets are derecognized when the right to receive cash flows from the assets has expired, or has been transferred, and the Group has transferred substantially all of the risks and rewards of ownership. If the asset is one that is measured at:

(a) amortized cost, the gain or loss is recognised in the Statement of Profit and Loss;

(b) fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment, in which case the cumulative fair value adjustments previously taken to reserves are reclassified within equity.

##### Financial Liabilities -

##### Recognition

Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortized cost. Any discount or premium on redemption/ settlement is recognised in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the Balance Sheet.

##### Derecognition

Financial liabilities are derecognized when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled or on expiry.

##### Equity Instruments-

Equity instruments are recognised at the value of the proceeds, net of direct costs of the capital issue.

#### 2.11 Employee Benefits:

##### a) Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, performance, incentives, etc, are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the employee renders the related service.

##### b) Post-Employment Benefits

Post retirement benefits like provident fund, superannuation, gratuity and post retirement medical benefits are provided for as below:

##### Defined Contribution Plans

Contributions under Defined Contribution Plans i.e. provident fund & superannuation fund are recognised in the Statement of Profit and Loss in the period in which the employee has rendered the service.

##### Defined Benefit Plans

For defined benefits retirement schemes the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each year end balance sheet date. Re-measurement gains and losses of the net defined benefit liability/(asset) are recognised as an expense within employment costs.

Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier.

The retirement benefit obligation recognised in the balance sheet represents the present value of defined-benefit obligation as reduced by the fair value of plan assets.

##### c) Other benefits

Other long term benefits include compensated absences, long term service benefit, pension and sick leave. The liability towards other long term benefits is determined by independent actuary at every balance sheet date and service cost, net interest on net defined liability/ (asset) are recognised in profit and loss account.

### Notes to the Financial Statements

#### 2.12 Basic earning per share:

Basic earning per share is calculated by dividing the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reserve share splits that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

#### 2.13 Segment Information:

The Company is primarily engaged in the business of "tobacco and allied products" and "Agro Commodities", which in terms of Ind AS 108 on "Segment Reporting" constitutes a two reporting segments.

#### 2.14 Provisions, contingent liabilities and contingent assets:

Provisions are recognised in the balance sheet when the company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the reporting date taking into account the risks and uncertainties surrounding the obligation.

#### 2.15 Impairment of assets:

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value in use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

If assets are considered to be impaired, the impairment to be recognised in the Statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any depreciation) had no impairment been recognized for the asset in prior years.

#### 2.16 Derivatives and hedge accounting:

Derivatives are initially recognised at fair value and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gains / losses are recognised in Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of recognition in profit or loss / inclusion in the initial cost of non-financial asset depends on the nature of the hedging relationship and the nature of the hedged item.

#### 2.17 Government Grants:

The Company may receive government grants that require compliance with certain conditions related to the Company's operating activities or are provided to the Company by way of financial assistance on the basis of certain qualifying criteria. Government grants are recognised when there is reasonable assurance that the grant will be received upon the Company complying with the conditions attached to the grant. Accordingly, government grants:

- related to or used for assets, are deducted from the carrying amount of the asset.
- related to incurring specific expenditures are taken to the Statement of Profit and Loss on the same basis and in the same periods as the expenditures incurred.
- by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable.

In the unlikely event that a grant previously recognised is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

**Basis used to determine the Expected Rate of Return on Plan Assets**

**Discount Rate:** The rate used to discount other long term employee benefit obligation (both funded and unfunded) have been determined by the reference to market yield at the Balance Sheet Date on government bonds. The currency and term of the government bond shall be consistent with currency and estimated term of the post employment benefit obligation.

**Rate of Return on Plan Assets:** Interest income on plan assets is calculated using the expected rate of return and the assets at the beginning of the period.

**Withdrawal Rates:** withdrawal rates takes into account the board economic outlook, type of sector the company operates in and measures taken by the management to retain/relieve the employees.

**Sensitivity Analysis**

Sensitivity analysis is performed by varying a single parameter while keeping all the other parameters unchanged. Sensitivity analysis fails to focus on the interrelationship between underlying parameters. Hence, the results may vary if two or more variables are changed simultaneously. The method used does not indicate anything about the likelihood of change in any parameter and the extent of the change if any.

5) Fair Value Measurement

**Fair Value Hierarchy**

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

**Level 1:** Quoted prices (unadjusted) in active market for identical assets or liabilities.

**Level 2:** Inputs other than quoted price included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3:** Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty.

The fair value of trade receivables, trade payables and other current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature.

The fair value of RoU asset and lease liabilities has been determined on the basis of valuation carried out at the reporting date by registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017 and the same has been categorized as Level-3 based on the valuation techniques used and inputs applied. The lease liability has been determined at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate at the date of initial application.

6) Financial risk management objectives

The Company aims at ensuring early identification, evaluation and management of key financial risks (such as market risk, credit risk and liquidity risk) that may arise as a consequence of its business operations by having a system-based approach to risk management, anchored to policies and procedures of the Company. Accordingly, the Company's risk management framework has the objective of ensuring that such risks are managed within acceptable and approved risk parameters in a disciplined and consistent manner and in compliance with the applicable regulations.

**Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

**Credit Risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted.

**Liquidity risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.
