### **"SSWL enters into MOU with Redler Technologies Ltd., Israel for developing, manufacturing and Selling EV Controllers".**

**Steel Strip Wheels Limited ("SSWL") India and Redler Technologies ("Redler") Ltd.** - an Israel based Company- are proud to announce the signing of the Memorandum of Understanding (MOU) to establish a joint venture in India focused on the development, manufacturing, and marketing of innovative, state-of-the-art motion control solutions for Two, Three & four-wheeled electric vehicle in INDIA.

SSWL is leading Global Automotive Wheel Maker and will lead the effort to support the EV market product penetration.

Redler Technologies is a global engineering company, designs and produces patented, state-of-the-art, servo motion control systems, intelligent circuit breakers, and power distribution systems.

This Association will synergies SSWL's Manufacturing capability, large Customer Access and strong presence in India with Redler's access to advanced technology to significantly contribute towards ATMANIRBHAR BHARAT theme of INDIA. This will help to bring state of the art technology products with an Aim to Promote **MAKE IN INDIA-MAKE FOR WORLD.**

The power for significant change can begin when two parts decide to join forces.

This technological bridge and collaboration between the two companies is a significant step towards the "Green Revolution" in India's fight against pollution for the benefit of future generations around the world.
