Notes:

- 1 The above standalone results have been reviewed by the Audit Committee and approved by the Board of Directors of the Company at their respective meetings held on 11 September, 2020. The Statutory Auditors of the Company have carried out a "Limited Review" of the results for the quarter ended 30 June 2020.
- 2 Certain litigations by and against the Company and subsidiaries of the Company are pending in various Courts, and the matter is subjudice. No cognizance thereof is taken in the above results, pending final outcome of the cases.
- 3 Power generation business is subject to seasonal variations in winds; hence the results of the quarter do not necessarily indicate trend for full years' performance.
- 4 The Subsidiaries have not yet submitted their Unaudited Reviewed Financial Results for the quarter ended 30 June, 2020 to the Company. The Company will publish consolidated results, once the unaudited reviewed results are made available by the subsidiary companies.
- 5 Corona virus (COVID -19) has badly affected the world economy, including India. COVID-19 is likely to affect the business activities of the Company, the impact of which cannot be reasonably estimated at this early stage.

However, based on the preliminary estimates, the Company does not anticipate any major challenge in meeting its Financial obligations, on long term basis and does not carry any risk in the recoverability and carrying values of its assets including advances given for specific purpose to the subsidiary companies and does not anticipate any additional liability as at the Balance Sheet date.

There may be a fall in the fair value of investments in equities, which the Company expects to be temporary in nature, since all the investments are held for long term basis and as a promoter of the respective subsidiary companies.

The Company will closely monitor any material changes that may take place in future that may impact its business.

• Impact on revenue:

The majority of source of income of the Company is in the form of sale of power and related products. The Company feels that it is too early to estimate the exact impact, if any, on the revenue from sale of power, due to COVID-19.

However, impact assessment of COVID – 19 is a continuing process given the uncertainties associated with its nature and duration, and the Company will evaluate the same at a regular interval.

- 6 The Company has reclassified previous period's figures to confirm to current period's classification, wherever necessary.
