Govt's Artificial Intelligence Mission Running Late as Cabinet Nod Lags

LONG WAIT Final approval for the marquee five-year programme yet to come through from Cabinet

Surabhi Agarwal @timesgroup.com

New Delhi: Despite close to a year having passed since a government-appointed panel entrusted the Ministry of Electronics and IT (MeitY) to lead the implementation of the Artificial Intelligence (AI) Mission, the final approval for the marquee programme is yet to come through from the Cabinet.

ment, academia and industry, is yet to be started due to the delay in approval. Countries like China and the US have already gained an edge in AI due to their focus and work for many years in this area, they said. The Cabinet approval will give a green signal to the entire project which will include components like what will be the structure of the mission, agencies involved in rolling it out and the timelines. While MeitY is the lead department to roll out the national programme on AI, it will have the involvement of academic institutions like IITs, in-

Both Sides

₹7,000 crore Budget NITI Aayog already received clearance for from expenditure finance committee

₹400 crore MeitY's separate proposal to EFC to set up a national AI programme

MEITY'S EARLIER PLAN INCLUDED: Launching a national AI portal along with developing apps

Doing proofs of concepts in the areas of health and education

Flipkart Moves SC Against K'taka HC Order on CCI Probe

Amazon India also likely to file a similar petition in apex court

Our Bureau

Bengaluru: Flipkart has moved the Supreme Court challenging last week's Karnataka High Court order which cleared the way for Competition Commission of India (CCI) to probe firms like Flipkart and Amazon India, according to sources aware of the matter. Flipkart has filed an appeal and the matter may be heard later this week, a person aware of the matter said.

HC JUDGES SAID...

Ecommerce firms should not feel shy of probe if they haven't violated any antitrust laws

ET had reported last week that both Flipkart and Amazon are likely to take this matter to the apex court after HC dismissed their appeal to stall the CCI probe. On Friday, the HC bench comprising of Justice Satish Chandra Sharma and Justice Nataraj Rangaswamy had dismissed the petitions...

Tesla's Quarterly Profit Surpasses \$1 B for First Time

San Ramon, California: Tesla's quarterly profit has surpassed \$1 billion for the first time thanks to the electric car pioneer's ability to navigate through a pandemic-driven computer chip shortage that has caused major headaches for other automakers. The financial milestone announced Monday extended a two-year run of prosperity that has erased questions about Tesla's long-term viability raised during its early years of losses and production problems.

94 cents expected by Wall Street analysts, according to FactSet. Tesla now boasts a market value of roughly \$630 billion, far more than any other automaker and 14 times more than what the company was worth just two years ago. Its mercurial CEO, Elon Musk, is now sitting on the world's third largest fortune at an estimated \$63 billion, according to Forbes magazine's calculations. For all its recent success, Tesla's momentum could still be slowed by a persisting shortage of chips that have become vital parts in modern cars. While other major automakers had to dramatically curtail production during the first half, Tesla so far has been able to secure an adequate supply of chips to churn out vehicles at the fastest rate in its history.

WazirX to Start Decentralised Bourse in Aug

Apoorva Mittal @timesinternet.in

Mumbai: India's largest cryptocurrency exchange by volume, WazirX, is in an advanced stage to launch a decentralised exchange, cofounder Nischal Shetty said. Unlike a centralised setup, where an exchange is the custodian and controls who can or cannot open an account on it, a decentralised exchange operates without an intermediary organisation for clearing transactions. The trades are executed on self-executing smart contracts. It is like building software where peer-to-peer crypto trades can be facilitated, Shetty told ET. The decentralised exchange is currently undergoing tests and will be launched next month. This development comes as WazirX has found itself in the crosshairs with the authorities in India.

SOUTH WESTERN RAILWAY

E-Tender Notice No. 05/2021 Dated: 23.07.2021 The undersigned, on behalf of the President of India, invites E-tenders for the following work: Name of Work / Approx. Value: Manufacture and supply fish plates 52 Kg (610mm) as per RDSO Drg. No. T-090 (M)-24000 Nos. Last date for submission of bids: upto 15:00 hrs. of 13.08.2021 For details log on: www.reps.gov.in

'Antibodies Drop 50% in 3 Months of Pfizer, AZ Jobs'

London: Total antibody levels produced by both Pfizer and AstraZeneca appear to start declining from as early as six weeks after two vaccine doses and can reduce by more than 50% over 10 weeks, according to a new study stressing the need for booster doses. The study led by researchers of the University College London, showed that the waning effect of the vaccine doses were consistent across all groups of people regardless of age, chronic illnesses or sex. Published as a research letter in The Lancet, the study included data from over 600 people and showed antibody levels are substantially higher following two doses of the Pfizer vaccine than after two doses of the AstraZeneca jab. They are also much higher in those with prior SARS-CoV-2 infection. The researchers highlighted that although the clinical implications of waning antibody levels are not yet clear, some decline was expected and current research shows that vaccines remain effective against severe disease.

Russia OKs Testing Combination of Sputnik, AZ Shots

MOSCOW Russia's health officials have given a go-ahead to testing a combination of the AstraZeneca coronavirus shot and the single-dose version of the domestically developed Sputnik V vaccine, according to the country's registry of approved clinical trials. The small study, which was scheduled to start July 26 and end in March next year, will enroll 150 volunteers and look at the mixed regimen's safety and capability to trigger immune response, records show it will be conducted in five medical facilities in Moscow and St. Petersburg. AP disease. For Pfizer, antibody levels reduced from a median of 7506 U/mL at 21-41 days, to 3320 U/mL at 70 or more days. IANS
