Sir/Madam,

Sub: Increasing the production to normal capacity - Restoration of Water supply - reg.

This filing is made in connection with our filing made on 04.05.2024 regarding shutdown of major operations of the Company due to stoppage of water supply by the Government of Tamil Nadu in view of the prevailing drought conditions.

We are happy to inform that with the steady flow of water in the river Bhavani based on reasonable rainfall in recent times and also the restriction on drawing river water imposed by the Revenue Divisional Officer, Coimbatore (North) Revenue Division ended on 30.06.2024 we are all set to accelerate and stabilize the production to our normal capacity shortly.

We have already started receiving adequate quantity of river water and we have commenced the major operations of the Company.

Submitted for the information of all concerned.

Yours faithfully,

P Rajesh  
Compliance Officer & Company Secretary
