15. Members who need assistance before or during the Meeting, relating to use of technology, can contact KFin at 1-800-309-4001 or write to KFin at evoting@kfintech.com.

REMOTE E-VOTING:

16. In compliance with the provisions of Section 108 of the Act, Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time, Regulation 44 of the Listing Regulations read with SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December 2020 relating to 'e-voting Facility Provided by Listed Entities' ("SEBI e-voting Circular"), the Company is pleased to provide to the members facility to exercise their right to vote on resolutions proposed to be considered at the Meeting by electronic means through e-voting services arranged by KFin. Members may cast their votes using an electronic voting system from a place other than the venue of the Meeting ("remote e-voting").
17. **The remote e-voting period commences on Saturday September 24, 2022 (9:00 a.m. IST) ends on Monday September 26, 2022 (5.00 p.m. IST).** During this period, the members of the Company holding shares either in physical form or in demat form, as on the Cut-off Date, i.e. Tuesday, September 20, 2022 may cast their vote by remote e-voting. The remote e-voting module shall be disabled by KFin for voting thereafter. Once the vote on a resolution is cast by a member, the member shall not be allowed to change it subsequently. Members, who cast their vote by remote e-voting, may attend the Meeting through VC / OAVM, but will not be entitled to cast their vote once again on the resolutions

18. The voting rights of members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date.
19. Any person holding shares in physical form and non-individual shareholders holding shares as of the Cut-off Date, may obtain the login ID and password by sending a request at evoting@kfintech.com. In case they are already registered with KFin for remote e-voting, they can use their existing User ID and password for voting.
20. In terms of SEBI e-voting Circular, e-voting process has been enabled for all 'individual demat account holders', by way of a single login credential, through their demat accounts / websites of Depositories / Depository Participant(s) ("DP"). The detailed instructions for remote e-voting are given below.
21. Individual members having demat account(s) would be able to cast their vote without having to register again with the e-voting service provider ("ESP"), i.e. KFin, thereby not only facilitating seamless authentication but also ease and convenience of participating in the e-voting process. Members are advised to update their mobile number and e-mail ID with their DPs to access the e-voting facility.

JOINING THE MEETING THROUGH VC / OAVM:

22. Members will be able to attend the Meeting through VC / OAVM or view the live webcast of the Meeting at <https://emeetings.kfintech.com/> by using their remote e-voting login credentials and selecting the 'EVEN' for Company's Meeting.
23. Members who do not have the User ID and Password for e-voting or have forgotten the User ID and Password may retrieve the same by following the remote e-voting instructions mentioned in the Notice. Further, members can also use the OTP based login for logging into the e-voting system.
24. Members may join the Meeting through laptops, smartphones, tablets or ipads for better experience. Further, members are requested to use internet with a good speed to avoid any disturbance during the Meeting. Members will need the latest version of Chrome, Safari, Internet Explorer 11, MS Edge or Mozilla Firefox.

Please note that participants connecting from mobile devices or tablets or through laptops connecting via mobile hotspot may experience audio / video loss due to fluctuation in their respective network. It is therefore recommended to use stable Wi-Fi or LAN connection to mitigate any glitches.

Members will be required to grant access to the web-cam to enable two-way video conferencing.

25. Facility of joining the Meeting through VC / OAVM shall open 30 (thirty) minutes before the time scheduled for the Meeting and shall be kept open throughout the Meeting. Members will be able to participate in the Meeting through VC / OAVM on a first-come-first-serve basis. Up to 1,000 shareholders will be able to join the Meeting on a first-come-first-serve basis.

Large members (i.e. members holding 2% or more shareholding), promoters, institutional investors, directors, key managerial personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors, etc. will not be subject to the aforesaid restriction of first-come first-serve basis.

Institutional members are encouraged to participate at the Meeting through VC / OAVM and vote thereat.

26. Members are requested to attend and participate at the Meeting through VC / OAVM and cast their vote either through remote e-voting facility or through e-voting facility to be provided during Meeting. The facility of e-voting during the Meeting will be available to those members who

have not cast their vote by remote e-voting. Members, who cast their vote by remote e-voting, may attend the Meeting through VC / OAVM, but will not be entitled to cast their vote once again on the resolutions. If a member casts votes by both modes, i.e. voting at Meeting and remote e-voting, voting done through remote e-voting shall prevail and vote at the Meeting shall be treated as invalid.

27. In case of any query and / or assistance required, relating to attending the Meeting through VC / OAVM mode, members may refer to the Help & Frequently Asked Questions (FAQs) and 'AGM VC / OAVM' user manual available at the download Section of <https://evoting.kfintech.com> or contact Mr. Ganesh Chandra Patro, Senior Manager, KFin at the email ID evoting@kfintech.com on KFin's toll free No.: 1-800-309-4001 for any further clarifications / technical assistance that may be required.

Review of Operations:

Your Company, Gayatri Projects has achieved revenue of ₹ 3102.34 crores in FY2022 as against ₹ 3900.52 crores in the previous year on a standalone basis. The revenue from operations has declined by 20.46% in FY2022 when compared to the last year due to working capital stress on account of Covid pandemic, countrywide lockdown and delay in receivables from the State Government Departments.

Your Company has incurred losses of ₹ 788.37 crores before exceptional items/taxes for the current financial year as against profit of ₹ 51.22 crores in the previous year. The main reasons for incurring the losses are on account of increase in materials cost, increase in cost of overheads, non-availability of adequate working capital to execute the works on hand, non-awarding of fresh contract works due to lenders reluctant to provide bank guarantee etc., have severely affected the business operations of the company. As a result, the Company

has defaulted in repayment of dues to its lenders and devolvement of significant Non-Fund based facilities has happened and most of the lenders have recalled their financial facilities extended to the company. The loans and other facilities sanctioned to the company have been classified by the lenders as Non-Performing Assets (NPA).

During the current financial year, the National highways Authority of India (NHAI) has unilaterally and arbitrarily invoked the bank guarantees given in favour of it in respect of mobilization advances given by NHAI for Varanasi road project. The NHAI has also charged huge interest on the mobilization advance which is contested by the company. In similar manner, Ministry of Road Transport & Highways (MORTH) has charged interest on mobilization advance which has been contested by the company. In order to follow prudence concept of accounting, the said interest amount of ₹ 140.51 crores, which was otherwise recoverable from

the NHA1 & MORTH has been charged to the profit & loss account as exceptional item in the current financial year. The management of the company, is confident to recover the interest charged by the above clients in future claims.

The Company lenders have also filed petitions/legal suits/complaints before the Debt Recovery Tribunal (DRT)/other forums for recovery of the dues and issued notices under SARFAESI Act. Further, two lenders of the company, one corporate creditor and two operational creditors have filed applications under the Insolvency and Bankruptcy Code, 2016 before the Hon'ble National Company Law Tribunal (NCLT), Hyderabad. The applications filed before the Hon'ble NCLT are not admitted till the date of Board Report. The management of the company is taking appropriate legal and other steps to the notices received from various lenders, petitions filed before the DRT, and applications filed before the Hon'ble NCLT. The management is confident to resolve all these issues at the earliest in the best interest of the company's affairs, business operations, and lender's business interests.

The applications filed before the Hon'ble NCLT are not admitted as on the date of this report.

5	C.P. (IB) – 176/2022	Kunal Conchem Private Limited Vs M/s. Gayatri Projects Limited	₹ 3,35,00,000	28-05-2022	Application pending with NCL

Dividend:

For the financial year 2021-22, the Company has not declared any dividend due to losses in the FY 2021-22. Therefore, due to continued financial stress in the Company, your Board of Directors does not recommend any dividend for the Financial Year ended March 31, 2022.

Reserves:

There are no profits for transfer to reserves for the FY2021-22.

Future Outlook:

Your company has appointed a leading consultant as Corporate Debt Advisors for Debt Restructuring proposal/ amicable debt settlement proposal in the best interest of the company, lenders and stakeholders. The Company is also discussing with various financial investors for raising the equity and your company has received the non-binding expression of interest from one of the investor. Hence, the management of your company is very confident of reviving the company from current financial crisis and resolving the debt default issues at the earliest.

Applications filed under Insolvency and Bankruptcy Code, 2016:

As on date of signing of the Boards Report, two lenders of the company, one corporate creditor and two operational creditors have filed applications under the Insolvency and Bankruptcy Code, 2016 before the Hon'ble National Company Law Tribunal (NCLT), Hyderabad.

Management Discussion & Analysis:

Management Discussion and Analysis Report, as required in terms of SEBI (LODR) Regulation, is annexed which forms part of this Report as **Annexure –1**.

Dividend Distribution Policy:

In terms of Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, ('SEBI Listing Regulations') the Board of Directors of the Company (the 'Board') formulated and adopted the Dividend Distribution Policy ('Policy'). In compliance

of the SEBI Listing Regulations, the Policy is annexed as **Annexure - 2** and is also available on the Company's website at: https://www.gayatri.co.in/pdf/GPL_Dividend_Distribution_Policy.pdf

Share Capital:

During the period there were no changes in the share capital of the Company. The Authorised share capital of the company is ₹ 80,00,00,000 divided into 40,00,00,000 equity shares of ₹ 2/- each and the paid-up share capital of the Company is ₹ 37,43,97,370 divided in to 18,71,98,685 Equity shares of ₹ 2/- each.

Material Changes and Commitments affecting the Financial Position of the Company:

In view of the COVID-19 pandemic situation, the operations of the company are affected and there are delays in receivables from various State Governments. Due to this your company is facing severe cash flow mismatch and finding it difficult to pay the lenders dues. As a result of this, the Company has defaulted in repayment of dues to its lenders and devolvement of significant Non-Fund based facilities has happened and most of the lenders have recalled their financial facilities extended to the company. After this, the lenders have initiated forensic audit. The final forensic audit report is awaited as on the date of Board's report. Your Company is putting all efforts to improve the cash flows and regularize the lenders account at the earliest. Your company is confident to overcome the present financial crisis.

National Highways & Infrastructure Development Corporation Ltd has terminated the work of four lining of existing Dimapur – Kohima Road work on 1st June 2021 due to slow progress and invoked performance and mobilization advance bank guarantees amounting to ₹ 46.70 crores. Your Company has invoked the arbitration clause under the agreement and claimed amount of ₹ 202.79 crores as claim under provisions

along with interest at SBI PLR+2% and cost. The arbitration tribunal has been formed and the hearings are in progress.

NHAI vide its letter dated 10.06.2021 has declared your company, Gayatri Projects Limited (GPL), as non-performer for the period till the defects are not completely rectified in the Sultanpur to Varanasi PKG-I and II and prohibited the Company from bidding for ongoing/future projects of NHAI till the notified defects are satisfactorily cured. Your Company has rectified most of the defects and has requested NHAI to lift the non-performer tag and NHAI officials have instructed local project officials to verify the rectification works carried out by your company and submit the report. The NHAI is expected to lift the prohibition on bidding soon.

There is no change in the nature of business of the Company during the year under review.

MANAGEMENT DISCUSSION AND FINANCIAL ANALYSIS

INFRASTRUCTURE SECTOR IN INDIA

India is expected to become the third-largest construction market globally by 2022. The private sector is emerging as a key player across various infrastructure segments, ranging from roads and communications to power and airports. The infrastructure sector has seen some major developments, investments and support from the government in the recent past.

In Union Budget 2022-23, the Union Government has given a massive push to the infrastructure sector by allocating ₹ 10 lakh crore to enhance the infrastructure sector. The government has allocated ₹ 134,015 crore to National Highways Authority of India (NHAI) and ₹ 60,000 crore to the Ministry of Road Transport and Highways. Therefore the future outlook of the infrastructure sector looks on track with pandemic easing out and Government spending is growing in infrastructure sector.

YOUR COMPANY

Gayatri Projects Ltd (GPL), founded in 1963, is one of the oldest & most experienced pure-play EPC companies within the Indian Infrastructure space. It has over five decades of experience in execution of major civil works and is diversified across geographies & infrastructure segments. The company has pan India operations within several infrastructure verticals like roads, irrigation works, water distribution works, mining works & industrial construction projects. Gayatri Projects works largely with State Government entities, NHAI, MORTH and other companies & mostly executing the EPC projects.

Due to changes in business conditions on account of the Covid-19 pandemic, there has been a delay in recovery of Trade Receivables, increase in materials cost and increase in cost of services, non-availability of adequate working capital to execute the contract works on hand, non-awarding of fresh contract works due to lenders reluctant to provide bank guarantee or other facilities, etc., have severely affected the business operations and billing cycle of the company. This has triggered default in repayment of dues to its lenders and devolvement of significant Non-Fund based facilities. In

view of this and most of the lenders have recalled their financial facilities extended to the company.

Your company has appointed a leading consultant as Corporate Debt Advisors for Debt Restructuring proposal / amicable debt settlement proposal in the best interest of the company and the lenders. Your company is also discussing with various financial investors to raise the equity to overcome the present crisis. The management is confident to resolve all these issues at the earliest in the best interest of the company's affairs, business operations, and lender's business interests.

OPERATIONAL & FINANCIAL REVIEW

Your Company, Gayatri Projects has achieved revenue of ₹ 3102.34 crores in FY2022 as against ₹ 3900.52 crores in the previous year on a standalone basis. However, the revenue from operations has declined by 20.46% in FY2022 when compared to the last year due to working capital stress on account of Covid pandemic, countrywide lockdown and delay in receivables from the State Government Departments.

Your Company has incurred losses of ₹ 788.37 crores before exceptional items/taxes for the current financial year as against profit of ₹ 51.22 crores in the previous year. The main reasons for incurring the losses are on account of increase in materials cost, increase in cost of overheads, non-availability of adequate working capital to execute the works on hand, non-awarding of fresh contract works due to lenders reluctant to provide bank guarantee etc., have severely affected the business operations of the company. As a result the Company has defaulted in repayment of dues to its lenders and devolvement of significant Non-Fund based facilities has happened and most of the lenders have recalled their financial facilities extended to the company. The loans and other facilities sanctioned to the company have been classified by the lenders as Non-Performing Assets (NPA).

During the current financial year, the National highways Authority of India (NHAI) has unilaterally and arbitrarily invoked the bank guarantees given in favour of it in respect of mobilization advances given by NHAI for

Varanasi road project. The NHAI has also charged huge interest on the mobilization advance which is contested by the company. In the similar manner, Ministry of Road Transport & Highways (MORTH) has charged interest on mobilization advance which was contested by the company. In order to follow prudence concept of accounting, the said interest amount of ₹ 140.51 crores, which was otherwise recoverable from the NHAI & MORTH has been charged to the profit & loss account as exceptional item in the current financial year. The management of the company, is confident to recover the interest charged by the above clients in future claims.

FUTURE PLANS

The company is focusing on the execution and completion of the current order book to improve the cash flows and to meet the expenses. Your Company is proposing for restructuring of the debt or any other

settlement with lenders to overcome the present financial crisis. The Company is also aiming to raise the equity to settle the lenders dues and infuse the working capital to complete on-going works. Your Company is also expediting the monetisation and realisation process of its arbitration claims and use the proceeds to de-leveraging of its balance sheet and to improve working capital margin.

RISKS & CONCERNS

Construction Industry faces risks such as increase in construction cost risk, delays in completion risks, quality and standard of the work risks. Further, Construction sector also faces operating risks includes increase in raw material cost risks, labour availability risks, changes in political and regulatory risks and capital cost risks etc. Most of the above risks are manageable and risks can be mitigated by close monitoring of the projects and better contract management.

Significant Changes in Key Financial Ratio

The following are significant changes in key financial ratios of FY 2021-22 as compared to previous year FY 2020-21 and reasons for such changes:

S.No	Ratio	FY 2021- 22	FY 2020-21	% of Change	Explanations for Significant Changes
1	Current Ratio	0.79	1.15	-31.25%	The Company has defaulted in repayment of dues to its lenders and devolvement of significant Non-Fund based facilities has happened and most of the lenders have recalled their financial facilities extended to the company. The loans and other facilities Therefore entire debt of the lenders is classified as current assets and hence the current ratio has been deteriorated in FY 2021-22.
2	Debt-Equity Ratio	36.58	1.98	1750.45%	During the current financial year 2021-22, the company has incurred loss of ₹ 92,629.16 Lakhs and there has been substantial erosion in the net worth of the company on account of huge losses incurred during the current financial year. Further the fund based limits of the company has increased substantially due to devolvement of Non-Fund based facilities. As a result of the erosion of net worth and increase in FB debt, the DE ratio has increased substantially during FY 2021-22.

S.No	Ratio	FY 2021- 22	FY 2020-21	% of Change	Explanations for Significant Changes
3	Debt Service Coverage Ratio	-0.19	0.23	-180.24%	Due to substantial losses incurred by the company and increase in fund based limits of the company during the current financial year due to devolvement of Non-Fund based facilities, the Debt Service Coverage Ratio deteriorated in FY 2021-22.
4	Return on Equity Ratio	-1218.60%	5.66%	-21648.11%	Due to substantial losses during the current financial year, the return on equity ratio has deteriorated.
5	Net profit ratio	-29.86	1.45	-2158.40%	The company has suffered losses are on account of increase in materials cost, increase in cost of overheads, non-availability of adequate working capital to execute the works on hand, non-awarding of fresh contract works due to lenders reluctant to provide bank guarantee etc.
6	Return on Capital employed	-0.17	0.13	-233.91%	Due to substantial losses during the current financial year, the return on equity ratio has deteriorated.

Equity Share Capital: There is no changes in the equity share capital of the company during the year under review.

Other Equity: In line with the Company's stated plan to concentrate on core business of construction and reduce the group debt, the company has sold the investment in the power company Sembcorp Energy India Limited (SEIL) for an amount of INR 406.77 Crores. Out of Sale Consideration of ₹ 406.77 Crores, an amount of ₹ 100.29 crores is repaid the margin advance along with interest to SEIL, cleared loan of INR 220 crores to ECL Finance Ltd sanctioned to subsidiary company, ₹ 6.00 Crores is utilised for redemption of Optionally Convertible Debentures issued by subsidiary company. The remaining amount of ₹ 90.37 Crores is to our company to clear the bank dues/working capital requirements. The above transaction result an exceptional loss of ₹ 445.34 Crores in the books of our company. The exceptional loss on account of sale of investment is onetime and mandatory adjustment as per Accounting Standards of ICAI, hence the same is provided.

As a part of consideration, the Purchaser (SEIL) will pay to the Seller (GEVPL) the "Earnout", if any, which will be calculated using the formulas as set out in the Share Purchase Agreement upon the occurrence of the "First Secondary Sale of Equity Shares" of the Company (SEIL) for Cash Consideration to any unrelated third

party. The prospect of getting the upside by GEVPL is high and the present loss can be set off from the gains of the above Earnout, if any.

The profits from the "Core Operations" of the Company (Construction) are positive and in line with the past and also in line with the peers.

HUMAN RESOURCES

The company's processes and systems are designed to empower employees and enable innovation within the workplace. Gayatri Projects is committed to providing an environment that encourages employees to perform to full potential and allows them to grow professionally as well as personally. The company continuously invests in the development of its human resources through measures aimed at talent acquisition, development, motivation and retention. As a supportive gesture, the company has also taken personal accident insurance for all its employees. As on March 31, 2022, the Company has 2390 employees.

INTERNAL CONTROL AND RISK MANAGEMENT SYSTEMS

The company has a well-defined and elaborate Risk Management procedure, which is based on three pillars: Business Risk Assessment, Operational Controls Assessment and Policy Compliance processes. The Risk Management Committee monitors the key risks in the

various business segments and evaluates strategies to mitigate these. It also reviews each tender carefully for any potential risks before the bidding process begins. The Company's internal control systems are commensurate with the nature of its business. They are tested periodically and certified by Statutory as well as Internal Auditors. The Audit Committee reviews the adequacy and effectiveness of our internal control environment and monitors the implementation of audit recommendations. The company has a qualified and independent audit committee, where majority of directors are independent.

ANNEXURE - 2

DIVIDEND DISTRIBUTION POLICY

This Policy will regulate the process of dividend declaration and its pay-out by Gayatri Projects Limited ("the Company") in accordance with the provisions of Companies Act, 2013 read with the applicable Rules framed there under, as may be in force for the time being ("Companies Act") and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the amendments made thereto ["SEBI (LODR)"] and / or other applicable Legislations, Rules and Regulations as may be in force at the relevant time.

Objective

The objective of this policy is to ensure a regular dividend income for the shareholders and long term capital appreciation for all stakeholders of the Company. The Company would ensure to strike the right balance between the quantum of dividend paid and amount of profits retained in the business for various purposes. The Board of Directors will refer to the policy while declaring/recommending dividends on behalf of the Company. Through this policy, the Company would endeavor to maintain a consistent approach to dividend pay-out plans. The Company shall put in necessary efforts to ensure that apart from Dividend the other benefits such as Scrip Dividend (Bonus Issue) Buy Back of Shares, Stock Split etc., are extended to the shareholders subject to compliance of the applicable regulations both stipulated under the Companies Act, 2013, SEBI Regulations and other applicable enactments / regulations. The Company believes that it operates in an Industry/ Environment where Working Capital requirements are high.

Category of Dividends

The Companies Act provides for two forms of Dividend- Final & Interim. The Board of Directors shall have the power to recommend final dividend to the shareholders for their approval in the general meeting of the Company. The Board of Directors shall have the absolute power to declare interim dividend during the financial year, as and when they consider it fit. The Board may, at its sole discretion, declare / recommend a Special Dividend under certain circumstances such as

extraordinary profits from sale of any major asset(s) or any special occasion or significant event.

Factors to be considered while recommending / declaring Dividend

The decision regarding dividend pay-out is a crucial decision as it determines the amount of profit to be distributed among the shareholders and amount of profit to be retained in business. The Board of Directors will endeavour to take a decision with an objective to enhance shareholders wealth and market value of the shares. The Dividend pay-out decision of any company depends upon certain internal and external factors.

Internal Factors:-

The Board will take into account various internal factors while recommending / declaring Dividend, which inter alia will include

- i) Profits earned during the year;
- ii) Present & future Capital requirements of the existing businesses;
- iii) Expansion/ Modernization of existing businesses;
- iv) Additional investments in subsidiaries/associates of the Company;
- v) Fresh investments into external businesses;
- vi) Business Acquisitions (if any);
- vii) Any other factor as deemed fit by the Board.

External Factors:-

Apart from the various internal factors aforementioned the Board will take into account the various external factors while recommending / declaring dividend which inter alia include the following-

- State of Economy- in case of uncertain or recessionary economic and business conditions, Board will endeavour to retain larger part of profits to build up reserves to absorb future shocks.
- Capital Markets- when the markets are favourable, dividend pay-out can be liberal. However, in case of unfavourable market conditions, Board may

resort to a conservative dividend pay-out in order to conserve cash outflows.

- Statutory Restrictions- the Board will keep in mind the restrictions imposed under the applicable legislations and the covenants stipulated by Lenders, if any with regard to recommendation and /or declaration of dividend.

Dividend Range

The Company stands committed to deliver sustainable value to all its stakeholders. The Company will strive to distribute an optimal and appropriate level of the profits earned by it in its business and investing activity, with the shareholders, in the form of dividend. As explained in the earlier part of this Policy, determining the dividend pay-out is dependent upon several factors, both internal to a business and external to it. Taking into consideration the aforementioned factors,

the Board will endeavor to maintain a Dividend pay-out in the range of 15% to 30% of the profits after tax (PAT) on standalone financials. As mentioned above, for computing the PAT for purposes of determining the Dividend, the Board may at its discretion, subject to the provisions of the law, exclude any or all of (i) extraordinary charges (ii) exceptional charges (iii) one off charges on account of change in applicable law or rules or accounting policies or accounting standards (iv) provisions or write offs on account of impairment in investments (long term or short term) (v) non-cash charges pertaining to amortization or ESOP or resulting from change in accounting policies or accounting standards. Further, the Board may amend the pay-out range, whenever considered appropriate by it, keeping in mind the various factors having a bearing on the dividend payout decision.

Secretarial Audit Report

For The Financial Year Ended 31st March, 2022

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members

M/s. GAYATRI PROJECTS LIMITED
Hyderabad, Telangana State.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. GAYATRI PROJECTS LIMITED (CIN: L99999TG1989PLC057289)** (hereinafter called the "**Company**"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period ended on **31st March, 2022** ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **M/s. GAYATRI PROJECTS LIMITED** for the period ended on **31st March, 2022** according to the provisions of:

- i. The Companies Act, 2013 (**the Act**) and the Rules made there under;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made there under;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- iv. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the extent applicable to the Company:-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 and The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations 2015 (Applicable w.e.f 15th May, 2015);
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee stock Purchase Scheme) Guidelines, 1999 and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 notified on 28th October, 2014 (Not Applicable during the audit period);
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (**Not Applicable during the audit period**);
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with Client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations 2009 (**Not Applicable during the audit period**) and;

- h. The Securities and Exchange Board of India (Buyback of Securities) Regulations 2018 **(Not Applicable during the audit period);**

I have also examined compliance with the applicable clauses of the following:

- i) Secretarial Standards issued by The Institute of Company Secretaries of India as notified from time to time.
 ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, Listing Agreements etc mentioned above except:

Sr No.	Compliance Requirement	Deviation(s)	Observation(s)/Comments
1.	First proviso to Regulation 17(1) (a) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 relating to the Composition of Board of Directors – Appointment of Woman W.e.f January 01, 2022, as per Regulation 25(6) of SEBI (LODR) Regulations, 2015, an independent director who resigns or is removed from the Board of Directors of the listed entity shall be replaced by a new independent director by the listed entity at the earliest but not later than three months from the date of such vacancy.	After the resignation of Mrs. N Ramadevi – Woman Independent Director, from the Board of the Company w.e.f close of working hours on October 04, 2021, the Company has appointed Mrs. Pamula Latha as Woman Independent Director on the Board w.e.f March 15, 2022 with a delay of 70 days.	NSE India Limited and BSE Limited levied a fine of ₹ 4,13,000/- each for the quarter ended March 31,2022. NSE India Limited and BSE Limited also directed to place the matter before the promoters and also to place the non-compliance and action taken by exchange before the Board in its next Board Meeting and comments made by the Board shall be duly informed to the Exchange for dissemination. The Company has rectified the noncompliance by appointing Woman Independent Director on the Board w.e.f March 15, 2022 and has paid the fine amount of INR 4,13,000/- each to NSE and BSE and has placed the matter before the Board for comments and necessary dissemination to exchanges.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors except for a short period where Woman Independent director was appointed with a delay of 70 days as per SEBI (LODR) Regulations, 2015 as detailed above. There were changes in the composition of the Board of Directors during the year under review as follows:

- Mr. Man Mohan Gupta (DIN: 09181309) was appointed as Nominee Director on the Board w.e.f June 15, 2021.
- Mrs. N Ramadevi (DIN: 08699570) and Mr. K V Ramanachary (DIN: 08658826) resigned from the Board as Independent Directors w.e.f close of working hours on October 04, 2021 and November 13, 2021 respectively.
- Mr. Srihari Vennelaganti (DIN: 01829513) and Mrs. Pamula Latha (DIN: 08358726) were appointed as Independent Directors on the Board w.e.f February 14, 2022 and March 15, 2022, respectively.

Adequate notice was given to all Directors at least seven days in advance to schedule the Board Meetings. Agenda and detailed notes on agenda was sent in advance except when board meetings were called by giving less than seven days notice in accordance with the provisions of section 173 of the act and a system exists for seeking and

obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out and are recorded in the minutes of the meeting of the Board of Directors or Committee of the Board as the case may be and majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes.

I further report that as far as possible, there are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

CORPORATE GOVERNANCE REPORT

(As required by Regulation 34 read with schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015)

A. MANDATORY REQUIREMENTS

I. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Fruitful Corporate Governance practices build an organisation that thrives for generations. Company's philosophy on corporate governance encompasses not only regulatory and legal requirements, such as the terms of listing agreements with stock exchanges, but also several voluntary practices aimed at a high level of business ethics, best business practices, building effective business strategies and supervision and enhancement of value for all ever increasing and more involved stakeholders. Since its incorporation, Gayatri Projects Limited is committed to doing business in a manner which is beneficial for all stakeholders yet ethical. Corporate governance at Gayatri Projects is now a well informed and responsible practice. Organisation wide, all the leaders and stakeholders have inculcated a feeling of effective practice of corporate governance which has gone beyond compliance and involves a company-wide commitment. This perspective has become an integral part of our way of doing business which commits fairness, transparency and integrity of the management. Good corporate governance provides an appropriate framework for the Board, its committees and the executive management to carry out the purposes that are in the best interest of the Company and the Stakeholders.

Company has adopted Code of Conduct which articulates the values, ethics and business principles and serves as a guide to the Company, its directors and employees supplemented with an appropriate mechanism to report any concern pertaining to non-adherence to the said Code. The Company is in full compliance with the requirements of Corporate Governance under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Gayatri Projects responsibility as an organisation towards its ultimate stakeholders is reflected in the Company's code of conduct. The company's core philosophy on the code of corporate governance ensures the following:

- Sustainable yet ethical and transparent business practices.

j) Share Transfer System :

The SEBI and MCA have mandated the existing members of the Company who hold securities in physical form and intend to transfer their securities after April 1, 2019, can do so only in dematerialised form. Therefore, Members holding shares in physical form were requested to consider converting their shareholding to dematerialised form. Share transactions in electronic form can be effected in a much simpler and faster manner. After a confirmation of a sale/purchase transaction from the broker, shareholders should approach the Depository Participant ('DP') with a request to debit or credit the account for the transaction. The DP will immediately arrange to complete the transaction by updating the account. There is no need for a separate communication to the Company to register these share transfers. Shareholders should communicate with Kfin Technologies Limited, the Company's Registrars and Transfer Agent ('RTA') quoting their folio number or Depository Participant ID ('DP ID') and Client ID number, for any queries to their securities.

INDEPENDENT AUDITORS' REPORT

To the Members of **Gayatri Projects Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the Standalone Financial Statements of Gayatri Projects Limited (“the Company”), which comprise the Balance Sheet as at 31st March, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the Standalone Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, and the Loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report.

We are independent of the Company in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other

ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Material Uncertainty Related to Going Concern

We draw attention to Note No. 35.27 of the Standalone Financial Statements which states that during the year the company has incurred a loss of ₹ 92,629.16 Lakhs and substantial erosion in the net worth of the company as at 31st March 2022 and note 35.26 regarding the company defaulted in repayment of loans and other financial and other credit facilities extended to the company by lenders, issue of various legal and other notices by lenders for recovery of their dues etc., which indicate the existence of uncertainty that may cast doubt about the company’s ability to continue as a going concern. However, the Standalone Financial Statements for the financial year have been prepared on a going concern basis for the detailed reasons given in the said Note No. 35.27.

Our Opinion is not modified in respect of the above matter.

Emphasis of Matters

(Note No’s. referred hereunder are with reference to respective Notes forming part of the Standalone Financial Statements)

We draw attention to the following matters:

- i) As stated in Note No.35.17, the Investee Company in which the Company has invested by way of Compulsorily Convertible Cumulative Preference Shares (“CCCPS”), has incurred considerable losses, there has been significant erosion of Networth and further, business operations of the investee company are severely impacted due to COVID – 19 Pandemic. No provision for diminution / impairment for carrying value of the investment is provided for the year ended 31st March, 2022 and the financial statements of the said investee company have been prepared on going concern basis for the detailed reasons stated in the said note.

- ii) As stated in Note No.35.18, regarding the status and recoverability of the investments / unsecured loan/subordinate debt infused by the company in an associate company which has been incurring operating losses during the past few years, the financial statements of the said associate company have been prepared on a going concern basis for the detailed reasons stated in the said note.
- iii) As stated in Note No.35.19, the Inter Corporate Loan grouped under 'Non-current Loans' and accumulated interest thereon is long pending for recovery.
- iv) As stated in Note No. 35.20, the recovery of trade receivables is delayed for the detailed reasons stated in the said note, the road project was terminated by the NHAI and toll rights were handed over to the NHAI. As per the information and explanations given to us, the termination payment calculated by the NHAI is very low as compared to the expected termination payment. Further, as stated in the same note, the company has given an irrevocable and unconditional corporate guarantee to a subsidiary of the associate company, which has defaulted in repayment of dues to the lenders.
- v) As stated in Note No. 35.21, the amount receivable from the erstwhile associate company is long pending for recovery as the same is based on the receipt of claims by the said erstwhile associate company.
- vi) As stated in Note No.35.22, the work advances in respect of certain contract works given to a sub-contractor grouped under 'Other Current Assets' which are long pending for recovery.
- vii) As stated in the Note No.35.23, as per the agreement dated 14th September, 2020, the Company and Gayatri Highways Limited ("GHL") – an Associate Company jointly and severally agreed to repay the loan availed by GHL from IL&FS Financial Services Limited (IL&FS) and repaid an amount of ₹ 4,590.00 lakhs since September, 2020. The repayment of remaining loan installments is pending since March, 2021 installment. As the company / GHL failed to repay the debt due to the IL&FS, the said IL&FS has filed application under section 7 of the Insolvency & Bankruptcy Code, 2016 before the Hon'ble National Company Law Tribunal, Hyderabad Bench which is not admitted till the date of approving the standalone financial statements.
- viii) As stated in the Note No.35.24, the recovery of work & other advances and receivables got delayed from one sub-contractor for the reasons stated in the said note.
- ix) As stated in the Note No.35.25, wherein it is explained the COVID – 19 Pandemic effects and impact on the business operations and cash flows of the company. As stated in the said note, the actual effect of Covid-19 pandemic will be known based on the future developments.
- x) As stated in the Note No.35.26, the Company has defaulted in repayment of dues to the lenders for the reasons stated in the note and the lenders have recalled the financial facilities extended to the company. The loans and other facilities sanctioned to the company have been classified as Non-Performing Assets by the lenders and also issued various notices for recovery of their dues and lenders have filed petitions before Debt Recovery Tribunal (DRT)/other forums for recovery of the dues as stated in the said note. Further, two lenders, one operational creditor and IL&FS have filed applications under section 6 and 7 of the Insolvency & Bankruptcy Code, 2016 before the Hon'ble National Company Law Tribunal, Hyderabad Bench which are not admitted till the date of approving the Standalone Financial Statements.
- xi) As stated in the Note No.35.29, the bank guarantee given by the company in favour of Western Coalfields Limited ("WCL") on behalf of Jinbhuvish Power Generation Private Limited ("JPGPL") has been encashed and the same shall be recognized in the subsequent financial year for the reasons stated in the said note.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements for the year ended 31st March, 2022. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be key audit matters to be communicated in our report.

S.no.	Key Audit Matter	Audit Process
1	<p>Revenue recognition and measurement of contract assets in respect of unbilled amounts</p> <p>The management of the company has applied significant judgement in determining the revenue to be recognised in case of performance obligation satisfied over a period of time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation.</p> <p>Revenue is recognized on fixed price construction contracts in accordance with the percentage of completion basis, which necessarily involve technical estimates of the percentage of completion, and costs to completion, of each contract / activity, on the basis of which profits and losses are accounted.</p> <p>When the outcome of the contract is ascertained reliably, contract revenue is recognized at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed up to the date, to the total estimated contract costs.</p> <p>The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract. Further at the reporting date, revenue is accrued for costs incurred against work performed and which are not billed and further measurement of work completed/cost incurred during the period for recognition of unbilled revenue.</p>	<p>We have obtained the procedure and process involved in estimating the percentage of completion of the projects.</p> <p>We have also obtained and verified the costs incurred on the project/works up to the reporting date for the revenues accounted in respect of works on sampling basis.</p> <p>We have also obtained the certified copies (i.e. percentage of completed work approved by the relevant authorities) of works executed till the reporting date in respect of revenues accounted on sampling basis.</p> <p>We have also performed analytical procedures for reasonableness of revenues recognised.</p> <p>We have also verified the reasonableness of the estimation of remaining costs to be incurred to complete the project / work and profit / loss estimated in the project / work.</p> <p>Reviewed the delivery and collection history of customers against whose contracts unbilled revenue is recognised</p> <p>Tested relevant contracts for measurement of work completed during the period for unbilled revenue.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and analysis, Boards Report including annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether

the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes

in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic

decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE - B TO THE AUDITORS'

REPORT

(Referred to in paragraph 2(f) under “Report on Other Legal and Regulatory Requirements” section of our main audit report)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Gayatri Projects Limited** (“the Company”) as of 31st March, 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable

assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls

Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us read together with our observations under paragraph Emphasis of Matter of our main report, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference

to these Standalone Financial Statements and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. CORPORATE INFORMATION

Gayatri Projects Limited (“GPL”, “the Company”) is one of the largest infrastructure company executing works in several high growth sectors within the infrastructure space such as Roads, Irrigation, Rail, Airports Development, Power, Mining and Industrial works.

The Company is a public limited Company, which is listed in two recognized stock exchanges in India. The registered office of the Company is located at B1, 6-3-1090, TSR Towers, Rajbhawan Road, Somajiguda, Hyderabad 500 082.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Compliance with Indian Accounting Standards (Ind AS)

The Company’s Financial statements have been prepared to comply with generally accepted accounting principles in accordance with the Indian Accounting Standards (herein after referred to as “Ind AS”) as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 (“the Act”) read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016.

2.2 Basis of Preparation and Presentation of Financial Statements

The Financial statements are prepared on accrual basis following the historical cost convention except in case of certain financial instruments which are measured at fair values. The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed under Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Indian Accounting Standard (Ind AS) - 7 on “Statement of Cash Flows”. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with other notes required to be disclosed under the notified Ind AS and the Listing Agreement. Further, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory

promulgations viz. SEBI guidelines override the same requiring a different treatment. Accounting Policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy used previously.

Fair value for measurement adopted in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind AS 116, Net Realizable value as per Ind AS 2 or value in use in Ind AS 36. Fair value measurements under Ind AS are categorized as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are other than quoted prices included with in Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the Asset or Liability.

2.3 Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires the management of the Company to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as on the date of the financial statements. Actual results may differ from these estimates. The Company evaluates these estimations and assumptions on a continuous basis based on the historical experience and other factors including expectation of future events believed to be reasonable. Examples of such estimates include the useful lives of tangible and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, estimation of costs as a proportion to the total costs, etc.,. Appropriate changes in estimates are made as the management becomes

aware of changes in circumstances. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known/ materialized. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, are disclosed in the Notes to Account.

2.4 Revenue Recognition

The Company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring promised good or service to a customer. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Performance obligation is satisfied over time when the transfer of control of asset (good or service) to a customer is done over time and in other cases, performance obligation is satisfied at a point in time. For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Revenue is measured at the amount of consideration which the company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when the it becomes unconditional.

The management of the company has applied significant judgement in determining the revenue to be recognised in case of performance obligation satisfied over a period of time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation and determining the expected losses, which are recognised in the period in which such losses become probable based on the expected total contract cost as at the reporting date.

The specific revenue recognition policy adopted is as follows:

A. Revenue from Operations

a. Revenue from Construction activity:

- i) Income is recognized on fixed price construction contracts in accordance with the percentage of completion basis, which necessarily involve technical estimates of the percentage of completion, and costs to completion, of each contract / activity, on the basis of which profits and losses are accounted. When the outcome of the contract is ascertained reliably, contract revenue is recognized at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed up to the date, to the total estimated contract costs.
- ii) The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract.
- iii) Price escalation and other variations in the contract work are included in contract revenue only when:
 - a) Negotiations have reached at an advanced stage such that it is probable that customer will accept the claim and
 - b) The amount that is probable will be accepted by the customer and can be measured reliably.
- iv) Incentive payments, as per customer-specified performance standards, are included in contract revenue only when:
 - a) The contract has sufficiently advanced such that it is probable that the specified performance standards will be met; and

- b) The amount of the incentive payment can be measured reliably.
- v) Contract Claims raised by the company which can be reliably measured and have reached an advanced stage of arbitration and claims pending in High Courts have been recognized as income including eligible interest thereon.

b. Contract Revenue from supply of materials:

Revenue from supply of materials is recognized when substantial risk and rewards of ownership are transferred to the buyer and invoice for the same is raised.

c. Revenue receipts from Joint Venture Contracts

- i) In work sharing Joint Venture arrangements, revenues, expenses, assets and liabilities are accounted for in the Company's books to the extent work is executed by the Company.
- ii) In Jointly Controlled Entities, the share of profits or losses is accounted as and when dividend/ share of profit or loss are declared by the entities.

d. Other Operational Revenue:

- i) All other revenues are recognized only when collectability of the resulting receivable is reasonably assured and related goods / services are transferred to the customer.
- ii) Revenue is reported net of discounts, if any.

B. Other Income

- i) Interest income is accounted on accrual basis as per applicable interest rates and on time proportion basis taking into account the amount outstanding.
- ii) Dividend income is accounted in the year in which the right to receive the same is established.
- iii) Insurance claims are accounted for on cash basis.

2.5(a) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition, less accumulated depreciation thereon. Expenditure which are capital in nature are capitalized at cost, which comprise of purchase price (net of rebates and discounts), import duties, levies, financing costs and all other expenditure directly attributable to bringing the asset to its working condition for its intended use.

Any gain/loss on the disposal of the Property, Plant and Equipment is recognized in the Statement of Profit & Loss account and is determined as the difference between the sales proceeds and the carrying amount of the asset.

(b) Capital work in progress

Property, Plant and Equipment which are purchased but not yet installed and not ready for their intended use on the date of balance sheet are disclosed as "Capital Work-in-Progress". Cost of materials used in the process of erection/ installation of an asset but not yet completed as on the reporting date is also disclosed as "Capital Work-in-Progress".

2.6 Depreciation and amortization

In respect of Property, Plant & Equipment (other than Land and Capital Work in Progress) depreciation / amortization is charged on a straight-line basis over the useful lives as specified in Schedule II to the Companies Act, 2013.

Assets individually costing ₹ 20,000/- or less and temporary structures are fully depreciated in the year of acquisition.

The residual values and useful lives are reviewed at the end of the reporting period.

2.7 Impairment of Non-Financial Assets

As at each Balance Sheet date, the Company assesses whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- In case of an individual asset, at the higher of the Assets' fair value less cost to sell and value in use; and
- In case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of cash generating unit's fair value less cost to sell and value in use.
- In assessing Value in Use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specified with the asset. In determining fair value less cost to sell, recent market transactions are taken into account. If no such transaction can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss, except for properties previously revalued with the revaluation taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through the Statement of Profit and Loss.

2.8 Financial Instruments

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial Assets and Financial Liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets and Financial Liabilities (other than Financial Assets and Financial Liabilities at fair value through profit or loss) are added to or deducted from the fair value of the Financial Assets or Financial Liabilities, as appropriate, on initial recognition.

2.9 Financial Assets

Financial Asset is any Asset that is -

- (a) Cash
- (b) Equity Instrument of another Entity,
- (c) Contractual right to -
 - i. receive Cash / another Financial Asset from another Entity, or
 - ii. exchange Financial Assets or Financial Liabilities with another Entity under conditions that are potentially favourable to the Entity.

Investment in Equity Shares issued by Subsidiary, Associate and Joint Ventures are carried at cost less impairment.

Investment in preference shares are classified as debt instruments and carried at Amortized cost if they are not convertible into equity instruments and are not held to collect contractual cash flows. Other Investment in preference shares which are classified as Debt instruments are mandatorily carried at Fair value through Profit & loss Account (FVTPL).

All investments in equity instruments other than as classified above under Financial Assets are initially carried at fair value. The Company has adopted to measure the fair value of equity instruments through FVTPL Fair value changes on an equity instrument are recognized in the Statement of Profit & Loss.

Investments in equity instruments are classified as at FVTPL, unless the related instruments are not held for trading and the company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income.

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade

receivables. Simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss.

Financial Liabilities

Financial liabilities are recognized at fair value net of transaction costs and are subsequently held at amortized cost using the effective interest rate method. Financial liabilities carried at fair value through profit and loss are measured at fair value with changes in fair value recognized in the profit and loss account. Interest bearing bank loans are initially measured at fair value and subsequently measured at amortized cost using the effective interest rate method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

De-recognition of Financial Instruments

A Financial Asset is derecognized when the right

to receive cash flows from the asset have expired or the company has transferred substantially all the risks and rewards or the right to receive the cash flows under a contractual arrangement or has transferred the asset.

A Financial Liability is derecognized when the obligation under the liability is discharged or cancelled or expires. In the case where the existing liability is replaced by another liability either from the same lender or otherwise such an exchange is treated as de-recognition of the original liability and recognition of a new liability. Any change in the carrying amount of a liability is recognized in the Statement of Profit and Loss.

2.10 Inventories and Work in Progress

Raw Materials, Construction Materials and Stores & Spares are valued at lower of weighted average cost or net realizable value. Cost includes Direct Material, Work Expenditure, Labour Cost and appropriate overheads excluding refundable duties and taxes.

Cost of materials utilised in the contract work, which is not reached certain level, not quantified, and qualified for billing is considered as work in progress at the end of the reporting period.

2.11 Cash & Cash Equivalents

Cash and Cash Equivalents are short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of change in value and have maturities of three months or less.

2.12 Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources to settle the obligation in respect of which reliable estimate can be made as on the balance sheet date.

Contingent Liabilities are present obligations arising from a past event, when it is not probable / probability is remote that an outflow of resources will be required to settle the obligation and they are not recognized but are disclosed in the notes.

Contingent Assets are neither recognized nor disclosed in the financial statements except

where it has become virtually certain that an inflow of economic benefit will arise, the asset and the related income are recognized in financial statements of the period in which the change occurs. Provisions for Contingent Liabilities and Contingent Assets are reviewed at the end of Balance Sheet date.

2.13 Foreign Currency Transactions and Translation

The reporting currency of the company is Indian Rupee. Foreign Currency Transactions are translated at the functional currency spot rates prevailing on the date of transactions.

Monetary assets and current liabilities related to foreign currency transactions remaining unsettled are translated at the functional currency spot rates prevailing on the balance sheet date. The difference in translation of monetary assets and liabilities and realized gains and losses on foreign exchange transactions are recognized in the Statement of Profit and Loss.

Non-monetary foreign currency items are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

2.14 Employee Benefits

Payments to Defined Contribution schemes are charged as an expense as they fall due. Company's contribution to provident fund in respect of certain employees is made to a government administered fund and charged as an expense to the Statement of Profit and Loss.

Liability for employee benefits, both short and long term, for present and past service which are due as per the terms of employment are recorded in accordance with Indian Accounting Standard 19 "Employee Benefits" issued by the Companies (Accounting Standard) Rules, 2015. Re-measurement gains /losses on post-employment defined benefits comprising gains/ losses is reflected immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which it arises.

i) Gratuity

In accordance with the Payment of Gratuity Act, 1972 the Company provides for Gratuity covering eligible employees. The liability on account of Gratuity is provided on the basis

of valuation of the liability by an independent actuary as at the year end.

ii) Provident Fund

In accordance with applicable local laws, eligible employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan to which both the employee and employer contributes monthly at a determined rate (currently up to 12% of an employee's salary). These contributions are either made to the respective Regional Provident Fund Commissioner, or the Central Provident Fund under the State Pension Scheme, and are recognized as expenses incurred.

iii) Compensated Absences

The employees are entitled to accumulate leave subject to certain limits, for future encashment and availment, as per the policy of the Company.

The liability towards such unutilized leave as at the end of each balance sheet date is determined based on independent actuarial valuation and recognized in the Statement of Profit and Loss.

2.15 Deferred Revenue Expenditure

Projects and other related expenditure incurred up to 31st March, 2022, the benefit of which is spread over more than one year is accounted as Project Promotion Expenses grouped under Other Advances and is amortized over the period in which benefits would be derived.

2.16 Leases

Assets taken on lease are accounted as right-of-use assets and the corresponding lease liability is accounted at the lease commencement date. Initially the right-of-use asset is measured at cost which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments, discounted using the Company's incremental borrowing

rate. It is remeasured when there is a change in future lease payments arising from a change in an index or a rate, or a change in the estimate of the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the Statement of Profit and Loss if the carrying amount of the right-of-use asset has been reduced to zero.

The right-of-use asset is measured by applying cost model i.e., right-of-use asset at cost less accumulated depreciation and cumulative impairment, if any. The right-of-use asset is depreciated using the straight-line method from the commencement date to the end of the lease term or useful life of the underlying asset whichever is earlier. Carrying amount of lease liability is increased by interest on lease liability and reduced by lease payments made.

Lease payments associated with following leases are recognised as expense on straight-line basis:

- (i) Low value leases; and
- (ii) Leases which are short-term.

2.17 Earnings per Share (EPS)

In arriving at the EPS, the Company's Net Profit After Tax, is divided by the weighted average number of equity shares outstanding. The EPS thus arrived at is known as 'Basic EPS'. To arrive at the diluted EPS, the net profit after tax, referred above, is divided by the weighted average number of equity shares, as computed above and the weighted average number of equity share that could have been issued on conversion of shares having potential dilutive effect subject to the terms of issue of those potential shares. The date(s) of issue of such potential shares determine the amount of the weighted average number of potential equity shares.

2.18 Taxation

i) Current Tax

Provision for Current tax is made based on the liability computed in accordance with the relevant tax rates and provisions of Income Tax Act, 1961 as at the balance sheet date and any adjustments to taxes in respect

of the previous years, penalties if any related to income tax are included in the current tax expense.

ii) Deferred Taxes

Deferred Tax is the tax expected to be payable or recoverable on differences between the carrying amount of the assets and liabilities for financial reporting purpose and the corresponding tax bases used in computation of taxable profit. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such Deferred Tax Assets can be realized.

Current and deferred tax is recognized in profit or loss, except to the extent that it related to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

2.19 Commitments

Commitments are future liabilities for contractual expenditure.

Commitments are classified and disclosed as follows:

- a. Estimated amount of contracts remaining to be executed on capital account and not provided for;
- b. Uncalled liability on shares and other investments partly paid;
- c. Funding related commitment to subsidiary, associate and joint venture companies and
- d. Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/ procurements made in the normal course of business are not disclosed to avoid excessive details.

2.20 Operating cycle for current and non-current classification

Operating cycle for the business activities of the Company covers the duration of the specific

project/contract including the defect liability period, wherever applicable and extends up to the realization of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business.

2.21 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of:

- i. transactions of a non-cash nature;
- ii. any deferrals or accruals of past or future operating cash receipts or payments;
- iii. items of income or expense associated from investing or financing cash flows; and

Cash and cash equivalents (including bank balances) are reflected as such in the Statement of Cash Flows.

2.22 Exceptional Items:

Items of income and expenditure within profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such items are disclosed separately as Exceptional Items.

2.23 Borrowing Cost

Borrowing costs net of any investment income from the temporary investment of related borrowings, that are attributable to the acquisition or construction of a qualifying asset are capitalized as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of assets acquired on finance lease and exchange differences arising on foreign currency borrowings to the extent they are regarded as an adjustment to interest costs.

35.13 Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The Company strives to safeguard its ability to continue as a going concern so that they can maximize returns for the shareholders and benefits for other stake holders. The aim is to maintain an optimal capital structure and minimize the cost of capital.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may return capital to shareholders, issue new shares or adjust the dividend payment to shareholders (if permitted). Consistent with other entities in the industry, the Company monitors its capital using the gearing ratio which is net debt divided by total equity.

35.15 Financial risk management objectives and policies

The Company's activities expose to a variety of financial risks like market risk, credit risk and liquidity risks. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Major financial instruments affected by market risk, includes loans and borrowings.

a. Interest rate risk

As the company had defaulted in repayment of loans/financial facilities, the interest rate risk is very limited to the Company at present.

b. Foreign Currency Risk:

- The Company's foreign Currency exposure details are as follows:

Particulars	Hedged/ Un-hedged	As at 31 st March, 2022		As at 31 st March, 2021

Currency impact	US Dollar (\$)	45.95	71.80	(45.95)	(71.80)
-----------------	----------------	-------	-------	---------	---------

(ii) Credit risk management

Credit risk is the risk that a customer or a counterparty to a financial instrument fails to perform or pay amounts causing financial loss to the company. The maximum exposure of the financial assets is contributed by trade receivables, work-in-progress/ unbilled revenue, cash and cash equivalents and receivables/loans from group and other companies, sub-contractor advances.

Credit risk on trade receivables, work in progress/unbilled revenue is limited as the customers of the company mainly consist of the Government promoted entities, having strong credit worthiness. The company takes into account ageing of accounts receivables and the company's historical experience of the customers and financial conditions of the customers. During the current year the company had identified credit risk on certain financial instruments as below and has made the necessary provision for the same:

₹ in Lakhs

Sl. No	Particulars	Balance As at 31 st March 2022	Accumulated Expected credit loss Amount

35.16 Pursuant to the introduction of the Goods and Service Tax (GST) applicable indirect taxes have got subsumed into GST. The company has executed various Construction Contracts/projects of NHAI /other state and central government Departments and in majority of the cases, the work orders for these contracts were issued under the erstwhile previous tax laws and the additional impact on account of GST was recognized in the previous years as other receivables under "Other Current Assets" note. During the previous years the company has recovered substantial amount of GST dues and the balance amount will also be recovered in the due course.

The Company has an investment in Cayman Tech Hotels Limited ("Investee Company") in the form of 4% Compulsorily Convertible Cumulative Preferential Shares ("CCCPS") amounting to ₹ 19,571.95 lakhs as of 31st March 2022. The financial statements of Investee Company are prepared on a going concern basis though, it has incurred

considerable losses and there has been significant erosion in the Net worth of the investee company as per the latest available financial statements of the investee company. The ongoing COVID – 19 pandemic and implementation of lockdown in the country has significantly affected the operations of the investee company and the extent to which the COVID – 19 pandemic shall effect the operations of the investee company is dependent on future developments which are uncertain. However, as per the latest available valuation reports of the investee company made by two independent registered valuers, the value of the investee company is much higher than the value at which the company had made its investment and further, the management of the company is very confident that the business operations of the investee company will get normalized at the earliest and generate sufficient cash flows. The CCCPS will be converted into equity shares of the investee company during the financial year 2027-28 which is very long period for realization of the investment or to analyze the actual investment value. Hence, based on the latest valuation reports and considering the tenure and nature of the investment, the management of the company is of the view that no provision for diminution/impairment for carrying value of the investments is required to be made in the standalone audited financial statements for the year ended 31st March 2022.

35.18 Gayatri Highways Limited, an associate company in which the company has an investment of ₹ 16,770.03 Lakhs in the form of Non-Convertible Preference Shares ('NCPS'), Equity Share Capital investment of ₹ 1,248.00 Lakhs, and also funded an amount of ₹ 25,825.38 Lakhs of unsecured loan / subordinate debt as at 31st March 2022. Further, as stated in the audited financial statements of the Associate Company, it has been incurring operating losses during the past few years. However, the financial statements of the said associate company have been prepared on a going concern basis as the promoters of the associate company have guaranteed support to the company and its management believes that its investments in road projects will generate sufficient cash flows to support the company in foreseeable future. As of 31st March 2022, the said associate company is holding portfolio in several road projects. The management of the company

is of the opinion that considering the future cash flows of the company from the said road projects on account of various claims filed, annuities, Toll collections receivable, and arbitration awards awarded will be sufficient to recover the amounts invested/advanced to the associate company and hence, in the opinion of the management no provision is required to be made for the NCPS investments made by the company and unsecured loan/subordinate debt receivable by the company from the said associate for the year ended 31st March 2022.

35.19 In the ordinary course of business, the Company had given Contract Advances to a sub-contractor which on mutual consent have been converted into an interest-bearing inter-corporate loan. The said inter-corporate loan of ₹ 18,676.14 Lakhs and interest thereon of ₹ 22,035.46 Lakhs is pending for recovery as at 31st March 2022. The recovery of this loan along with interest thereon is delayed due to extraneous reasons like changes in government policies, delays in execution of projects, etc. However, the company has recovered considerable amounts during the previous financial years and the management is confident of recovering the balance amount in due course. Further, as per the information available with the company, the said sub-contractor is going to recover the money from the sale of immovable properties assigned to it and also assured the company that the sale proceeds will be utilised for repayment of dues to the company. In view of the above, the management of the company is of the view that no provision for the same is required to be made in the standalone audited financial statements for the year ended 31st March 2022.

35.20 One of the subsidiary of the associate company (hereinafter called as "concessionaire company" or Sai Matarani Tollways Limited "SMTL"), which has been awarded a Build-Operate-Transfer (BOT) work for the construction of Four Laning of Panikoili-Rimuli section of NH-215 Road. The Company has to receive an amount of ₹ 23,715.65 Lakhs towards EPC cost from the said concessionaire company as at 31st March 2022. Further, the company has given an irrevocable and unconditional Corporate Guarantee of ₹ 139,735 Lakhs to the lenders of the concessionaire company. The Concessionaire Company has given termination notice to the National Highways

Authority of India (NHA) due to irreparable loss of toll revenue from the road project and requested for termination payment of ₹ 229,667 Lakhs. Apart from the above-said termination payment, the Concessionaire Company had filed claims with the NHA under Concessionaire's right to recover losses/ damages from the Authority on account of material default of the Authority. SMTL Road Project was terminated by the NHA on 28th January 2020, and toll collection rights were handed over to the NHA from 30th January 2020. The Concessionaire Company has requested the NHA for referring the disputes such as Termination Payment and Claims to the Conciliation Committee of Independent Experts ("CCIE") as per NHA policy. The Concessionaire Company has utterly disagreed with the termination payment calculated by the NHA unilaterally and disputed the termination payment and the matters are pending before CCIE. The CCIE has suggested that there should be a give and take policy for both parties SMTL and its sponsors have insisted and impressed on the NHA to improve the termination payment by more than ₹ 30,000 Lakhs. Accordingly, the termination payment was revised from ₹ 48,666 Lakhs to ₹ 79,650 Lakhs by NHA in March 2022. SMTL has requested its lenders to accept the above-said payment of ₹ 79,650 Lakhs towards full and final settlement of all existing past and future dues etc. Upon acceptance of the above stated proposal, the said lenders shall waive all future claims against SMTL and its guarantors and drop legal proceedings. The lenders are in the process of getting approvals from competent authorities. As per the available information and based on the discussions held with the lenders, the management is of the view that the possibility of invocation of Corporate Guarantee is remote. In view of this, the management is of the opinion that no provision is required to be made in respect of receivables and Corporate Guarantee in the audited financial statements for the year ended 31st March, 2022.

35.21 An amount of ₹ 3,620.49 Lakhs as on 31st March, 2022 is receivable from M/s Western UP Tollways Limited ('Erstwhile Associate Company or WUTPL') operating Meerut and Muzaffarnagar Section of NH-58 Road on BOT basis against the EPC works executed by the company during the previous years and the amounts shall be recovered out

of claims amounts received by the erstwhile associate company from NHA. The Arbitration Tribunal has pronounced arbitration award of ₹ 12,443.03 Lakhs which includes interest thereon of ₹ 6405 Lakhs and extension of concession period by 348 days. At the request of the M/s Western UP Tollways Limited, the above claims and the termination payment have been referred to the Conciliation Committee of Independent Experts ("CCIE") as per NHA policy. The Management of WUTPL is very confident of getting the claim amounts from NHA and assured the company by way of agreement, to pay the company its share upon receipt of claims, and accordingly, in the opinion of the management of the company, no provision is required to be made in respect of amounts receivable from the said erstwhile associate company in the standalone audited financial statements for the year ended 31st March, 2022.

35.22 The Advances to Suppliers, Sub-contractors and others as at 31st March 2022, includes an amount of ₹ 15,222.65 Lakhs given to one sub-contractor in the normal course of business. The recovery of this advance is delayed due to certain extraneous factors not attributable to the subcontractor. During the previous financial years, the company has recovered substantial amount of more than ₹ 18000.00 Lakhs from the said sub-contractor. In view of this, the management is confident to recover the entire advances from the sub-contractor in due course and hence, no provision is required to be made in the standalone audited financial statements for the year ended 31st March, 2022.

35.23 As per the Settlement and Supplementary Agreement dated 14th September 2020 made between Gayatri Projects Limited ("the Company/ GPL"), Gayatri Highways Limited ("GHL") – an Associate Company, and IL&FS Financial Services Limited (IL&FS); the Company and GHL jointly and severally agreed to repay the balance principal loan amount of ₹ 8409.10 Lakhs and an additional interest of ₹ 865.00 Lakhs towards the loan availed by GHL along with interest in eleven monthly installments commencing from 15th September, 2020 and the entire amount to be paid on or before 15th July, 2021. The Company and GHL have jointly paid the principal amount of ₹ 4590.00 Lakhs due till February 2021. The balance principal

amount payable to IL&FS is ₹ 3823.00 Lakhs and interest due and payable is ₹ 677.00 Lakhs. Due to non-payment of remaining installments/dues, the IL&FS has filed an application under section 7 of the Insolvency and Bankruptcy Code, 2016 before the Hon'ble National Company Law Tribunal, Hyderabad on 18th January, 2022. The application filed by the IL&FS is not admitted till the date of approving of the financial statements and the next hearing is posted on 8th June, 2022.

35.24 The recovery of work and other advances and receivables got delayed from one sub-contractor amounting to ₹ 9,935.85 Lakhs as at 31st March, 2022 which is on account of a mis-match in the cash flows of the sub-contractor and non-extending of financial facilities. As per the information and explanations given by the said sub-contractor to the Company, the dues to the company will be paid in due course without any fail, and hence, in the opinion of the management provision is not required to be made in the standalone audited financial statements for the year ended 31st March, 2022.

35.25 The company is mainly engaged in the execution of road works allotted by the National Highways Authority of India and Irrigation related works given by various state governments. Due to various Covid-19 related lockdown restrictions imposed across the country during the year and preceding financial years, the work at major sites had got disrupted and delayed. The works have resumed post relaxation of lockdown restrictions. The recovery of trade receivables got delayed due to COVID –19 Pandemic impact on the economy of the country and various states which ultimately caused financial and operational stress on the company and the progress of the works executed by the company. However, the Company will closely monitor the future developments and economic conditions across the country and assess its impact on the business operations and going concern of the company.

35.26 Due to changes in business conditions on account of the Covid-19 pandemic, there has been delay in recovery of Trade Receivables as stated in the above note no. 35.25, increase in materials cost and increase in cost of services, non-availability of adequate working capital to execute the contract works on hand, non-awarding of fresh contract works due to lenders reluctant to provide bank

guarantee or other facilities, etc., have severely affected the business operations and billing cycle (raising of RA bills on the contractors) of the company which have resulted that the Company defaulted in repayment of dues to its lenders and devolvement of significant Non-Fund based facilities and most of the lenders have recalled their financial facilities extended to the company. The loans and other facilities sanctioned to the company have been classified by the lenders as Non-Performing Assets (NPA) In these circumstances, the lender have initiated for forensic audit on the accounts of the company and the forensic audit report is pending on the date of the balance sheet. The interest / finance cost on financial facilities has been recognized in the books of accounts / financial statements on the basis of the loans sanction letters and other loan documents available with the company as the lenders have not provided the loan balance confirmations, loan account statements, other interest and financial charges debit advices etc., and hence, the interest and financial charges accounted and recognized in the financial statements is subject to reconciliation and confirmation and differential interest and financial charges will be accounted upon restructuring or settlement of the dues or based on the availability of the loan account statements.

The company had proposed to raise funds through QIP to repay entire over-dues / defaulted dues to the lenders and made all regulatory compliances in this regard. However, the prospective investor has dis-honoured the commitment of investment which was beyond the control of the company and the management. However, promoters have guaranteed their continuous financial and other support to the company and are in the process of infusing the funds in to the company. Further, the company has a leading consultant as Corporate Debt Advisors for Debt Restructuring proposal / amicable debt settlement proposal in the best interest of the company and the lenders. In these circumstances, the lenders have sent various notices to the company and the personal guarantors for recovery of their dues. These Lenders have also filed petitions/legal suits/complaints before the Debt Recovery Tribunal (DRT)/other forums for recovery of the dues and issued notices under SARFAESI Act. Further, two lenders of the company, IL&FS (as stated in

the above note no. 35.23) and one operational creditor have filed applications under section 6 and section 7 of the Insolvency and Bankruptcy Code, 2016 before the Hon'ble National Company Law Tribunal (NCLT), Hyderabad. The applications filed before the Hon'ble NCLT are not admitted till the date of approving the financial statements. The company has proposed the Debt Restructuring Scheme with the lenders and the management is expecting a positive outcome in this regard. Besides this, the management of the company is in the process of appropriately dealing with the notices received from various lenders, petitions filed before the DRT and applications filed before the Hon'ble NCLT. The management is very confident to resolve all these issue at the earliest in the best interest of the company's affairs, business operations and lenders business interest.

35.27 During the current financial year 2021-22, the company has incurred loss of ₹ 92,629.16 Lakhs for the detailed reasons stated in the note no. 35.26 and there has been substantial erosion in the net-worth of the company on account of huge losses incurred during the current financial year. As at 31st March 2022, the company has defaulted in repayment of outstanding loans including recalled loans and other credit facilities, devolvement of non-fund-based facilities of ₹ 2,72,438 Lakhs. The lenders have classified all these loans and financial facilities including other credit facilities as NPA and have issued various notices for recovery of their dues. As at 31st March, 2022, the current liabilities exceed the current assets by ₹ 86,002.89 Lakhs, majorly due to re-classification of the non-current loans as current borrowings / loans. The financial statements have been prepared on land required for execution of the said road projects.

35.29 The Company has provided Bank Guarantee in favour of Western Coalfields Limited ("WCL") on behalf of Jinbhuvish Power Generation Private Limited ("JPGPL") in which the subsidiary company has made investments, towards coal linkage / allotment to the proposed power plant. WCL has encashed the bank guarantee on 05.04.2022 for ₹ 2,421 Lakhs which in the opinion of the management of the subsidiary company is completely illegal and grossly incorrect. The company is in the process of taking proper legal recourse against the purported and unusual act of the said WCL. In the view of the management that the invocation of encashment of bank guarantee will get revoked / reimbursed and hence, no provision has been made in the financial statements for the year ended 31st March, 2022. However, the same shall be recognised in the subsequent financial year based on the result of the legal recourse / remedy proposed to be initiated against the said WCL.

35.30 Corporate Social Responsibility:

Amount required to be spent by the Company as per the provisions of section 135(5) of Companies Act, 2013

a Going-Concern basis as the promoters have guaranteed their continuous financial and other support to the company and are in the process of infusing the funds in to the company. Further, the company has appointed a leading consultant as Corporate Debt Advisors for Debt Restructuring proposal/ amicable debt settlement proposal in the best interest of the company and the lenders. The management of the company is very confident of reviving the company from current financial crises and resolving the debt default issues at the earliest. Hence, the financial statements for the year ended 31st March, 2022 are prepared on a Going Concern basis.

35.28 During the current financial year, the National highways Authority of India (NHAI) has unilaterally and arbitrarily invoked the bank guarantees given in favour of it in respect of mobilization advances given by NHAI for the Varanasi Road project. The bank guarantee is invoked on the ground that the said road project work is being executed on slow pace despite the fact that NHAI had failed to handover the land within time for execution of the road work. The NHAI has also charged huge interest on the mobilization advance which is contested by the company. In the similar manner, Ministry of Road Transport & Highways (MORTH) has charged interest on mobilization advance which was contested by the company. In order to follow prudence concept of accounting, the said interest amounts which were otherwise recoverable from the NHAI & MORTH has been charged to the profit & loss account as exceptional item in the current financial year. The management of the company, based on the opinion given by the legal department, is of the view that it has very strong claim in respect of the aforesaid amount, against the NHAI & MORTH as there was a considerable delay in handover of the

on Corporate Social Responsibility (CSR) related activities during the year is ₹ Nil (previous year: ₹ 18.69 Lakhs).

35.34 The Balances in Deposit accounts and margin money deposits held with the banks were adjusted by the bank/lender against outstanding dues to them pursuant the default in repayment of debt / payment of interest on borrowings.

35.35 During the year, the company has assigned some of its contract works on back-to-back basis to sub-contractors / other contractors as the company is unable to achieve the work progress targets due to working capital issue and non-availability of funds for the detailed reasons stated in note no. 35.26. The assignment of these contract works to sub-contractors / other contractors is done in the best interest of the company in order to avoid huge termination penalties and other hindered consequences. Due to assignment of contract works to sub-contractors / other contractors, the company could not raise bill for contract work executed till the date of assignment which has resulted in reduction of contract revenue and thereby caused huge losses for the year.

INDEPENDENT AUDITORS' REPORT

To the Members of **Gayatri Projects Limited**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the Consolidated Financial Statements of Gayatri Projects Limited (hereinafter referred to as the 'Holding Company') and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), its associate and Joint Ventures which comprise the consolidated Balance Sheet as at 31st March, 2022, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of other auditors on separate financial statements and the other financial information of subsidiary company, associate company and joint ventures, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associate and Joint Ventures as at 31st March, 2022, and the Loss and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated

Financial Statements section of our report.

We are independent of the Group, its associate and Joint Ventures in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated financial statements.

Material Uncertainty Related to Going Concern

We draw attention to Note No. 34.25 of the Consolidated Financial Statements which states that during the year the Group has incurred a loss of ₹ 95,821.47 Lakhs and complete erosion in the net worth of the Group as at 31st March 2022 and note no. 34.24 regarding the Holding Company defaulted in repayment of loans and other financial and other credit facilities extended to the Holding Company by lenders, issue of various legal and other notices by lenders for recovery of their dues etc., which indicate the existence of uncertainty that may cast doubt about the company's ability to continue as a going concern. However, the Consolidated Financial Statements for the financial year 2021-22 have been prepared on a going concern basis for the detailed reasons given in the said Note No. 34.25.

Our Opinion is not modified in respect of the above matter.

Emphasis of Matters

(Note No's. referred hereunder are with reference to respective Notes forming part of the Consolidated Financial Statements)

We draw attention to the following matters:

- i) As stated in Note No.34.15, the Investee Company in which the Company has invested by way of Compulsorily Convertible Cumulative Preference Shares ("CCCPS"), has incurred considerable losses, there has been significant erosion of Networth and further, business operations of the investee company are severely impacted due to

COVID – 19 Pandemic. No provision for diminution / impairment for carrying value of the investment is provided for the year ended 31st March, 2022 and the financial statements of the said investee company have been prepared on going concern basis for the detailed reasons stated in the said note.

- ii) As stated in Note No.34.16, regarding the status and recoverability of the investments / unsecured loan/subordinate debt infused by the company in an associate company which has been incurring operating losses during the past few years, the financial statements of the said associate company have been prepared on a going concern basis for the detailed reasons stated in the said note.
- iii) As stated in Note No.34.17, the Inter Corporate Loan grouped under 'Non-current Loans' and accumulated interest thereon is long pending for recovery.
- iv) As stated in Note No. 34.18, the recovery of trade receivables is delayed for the detailed reasons stated in the said note, the road project was terminated by the NHAI and toll rights were handed over to the NHAI. As per the information and explanations given to us, the termination payment calculated by the NHAI is very low as compared to the expected termination payment. Further, as stated in the same note, the company has given an irrevocable and unconditional corporate guarantee to a subsidiary of the associate company, which has defaulted in repayment of dues to the lenders.
- v) As stated in Note No. 34.19, the amount receivable from the erstwhile associate company is long pending for recovery as the same is based on the receipt of claims by the said erstwhile associate company.
- vi) As stated in Note No.34.20, the work advances in respect of certain contract works given to a sub-contractor grouped under 'Other Current Assets' which are long pending for recovery.
- vii) As stated in the Note No.34.21, as per the agreement dated 14th September, 2020, the Company and Gayatri Highways Limited ("GHL") – an Associate Company jointly and severally agreed to repay the loan availed by GHL from IL&FS Financial Services Limited (IL&FS) and repaid an amount of ₹ 4,590.00 lakhs since September, 2020. The repayment of remaining loan installments is pending since March, 2021 installment. As the company / GHL failed to repay the debt due to the IL&FS, the said IL&FS has filed application under section 7 of the Insolvency & Bankruptcy Code, 2016 before the Hon'ble National Company Law Tribunal, Hyderabad Bench which is not admitted till the date of approving the Consolidated financial statements.
- viii) As stated in the Note No.34.22, the recovery of work & other advances and receivables got delayed from one sub-contractor for the reasons stated in the said note.
- ix) As stated in the Note No.34.23, wherein it is explained the COVID – 19 Pandemic effects and impact on the business operations and cash flows of the company. As stated in the said note, the actual effect of Covid-19 pandemic will be known based on the future developments.
- x) As stated in the Note No.34.24, the Holding Company has defaulted in repayment of dues to the lenders for the reasons stated in the note and the lenders have recalled the financial facilities extended to the holding company. The loans and other facilities sanctioned to the holding company have been classified as Non-Performing Assets by the lenders and also issued various notices for recovery of their dues and lenders have filed petitions before Debt Recovery Tribunal (DRT)/other forums for recovery of the dues as stated in the said note. Further, two lenders, one operational creditor and IL&FS have filed applications under section 6 and 7 of the Insolvency & Bankruptcy Code, 2016 before the Hon'ble National Company Law Tribunal, Hyderabad Bench which are not admitted till the date of approving the Consolidated Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements for the year ended 31st March, 2022. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Audit Process
1	<p>Revenue recognition and measurement of contract assets in respect of unbilled amounts</p> <p>The management of the company has applied significant judgement in determining the revenue to be recognised in case of performance obligation satisfied over a period of time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation.</p> <p>Revenue is recognized on fixed price construction contracts in accordance with the percentage of completion basis, which necessarily involve technical estimates of the percentage of completion, and costs to completion, of each contract / activity, on the basis of which profits and losses are accounted.</p> <p>When the outcome of the contract is ascertained reliably, contract revenue is recognized at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed up to the date, to the total estimated contract costs.</p> <p>The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract. Further at the reporting date, revenue is accrued for costs incurred against work performed and which are not billed and further measurement of work completed/ cost incurred during the period for recognition of unbilled revenue.</p>	<p>We have obtained the procedure and process involved in estimating the percentage of completion of the projects.</p> <p>We have also obtained and verified the costs incurred on the project/works up to the reporting date for the revenues accounted in respect of works on sampling basis.</p> <p>We have also obtained the certified copies (i.e., percentage of completed work approved by the relevant authorities) of works executed till the reporting date in respect of revenues accounted on sampling basis.</p> <p>We have also performed analytical procedures for reasonableness of revenues recognised.</p> <p>We have also verified the reasonableness of the estimation of remaining costs to be incurred to complete the project / work and profit / loss estimated in the project / work.</p> <p>Reviewed the delivery and collection history of customers against whose contracts unbilled revenue is recognised</p> <p>Tested relevant contracts for measurement of work completed during the period for unbilled revenue.</p>

2	<p>Carrying Value of Investments in NCC Infrastructure Holdings Limited (NCCIHL) held by the subsidiary company.</p> <p>The management regularly reviews whether there are any indicators of impairment on unquoted investments made by the company.</p> <ul style="list-style-type: none"> Accordingly, the management had identified impairment indicators in NCCIHL, associate of the company with an equity investment of ₹ 28,969.35 Lakhs. (Refer Note 34.33 of the Consolidated Financial Statements). <p>As per Ind AS 36 - 'Impairment of Assets' the standard is applicable to financial assets classified as Associates.</p> <p>In case of NCCIHL, the existence of an impairment indicator is significantly influenced by whether there is an impairment to the underlying investment in infra project made by the said company. This assessment involves significant judgment especially in relation to determination of expected future economic benefits.</p> <p>Accordingly, the evaluation of impairment of investments in NCCIHL held by the subsidiary company was determined to be a key audit matter as reported in the Auditors' Report of the said Subsidiary Company.</p>	<ul style="list-style-type: none"> Obtained and read the financial statements of NCCIHL to identify if any disclosure is made for impairment of assets in its financial statements. Obtained the details of Risk assessment conducted by the management. <p>We have obtained the management's understanding with regard to impairment of the investments made in loss making associate company.</p>

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and analysis, Boards Report including annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We

have nothing to report in this regard.

Responsibilities of Management and those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its associate, Joint Ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its

associates and its joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group, its associate and Joint Ventures is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group, its associate and Joint Ventures are also responsible for overseeing the financial reporting process of the Group and of its associate and Joint Ventures.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement

of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group, its Associates and Joint Ventures to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, its associate entities and Joint Ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in: (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of one associate in which the share of Group's loss of ₹ Nil included in consolidated financial statements. This financial statements/financial information have been audited by other auditor whose audit report have been

furnished to us by the management and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of the associate and our report in terms of subsection (3) and (11) of section 143 of the Act, in so far as it relates to the associate, is solely based on such reports of the other auditors.

We have relied on the unaudited (management certified) financial statements / financial information of eighteen joint ventures in which the share of loss of Group's ₹ 6,751/- included in the consolidated financial Statements. In respect of unaudited (management certified) financial statements, our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these joint ventures, is based solely on such unaudited financial statements/financial information.

The financial statements of four joint ventures are not available for consolidation and in the opinion of the management the share of Profit / Loss from these Joint Ventures is very negligible and will have no significant impact in the consolidated financial results.

Our Opinion on the consolidated financial statements, and our report on other legal and regulatory requirements below, is not qualified in respect of the above matters with respect to our reliance on the work done and the reports of other auditor and financial statements/ financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies and associate companies, incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure A" a statement on the matters specified in paragraph 3(xxi) of the Order.
- 2) As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiary and associate, as noted in the 'other matter' paragraph we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid Consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2022 taken on record by the Board of Directors of the Holding Company, and the reports of the statutory auditors of its subsidiary and associate company incorporated in India, none of the directors of the Group companies and its associate company incorporated in India is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of internal financial controls over financial reporting of the Group, its associate entities and Joint Ventures incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure B" which is based on the auditors' reports of the holding company, subsidiary company and associate company and joint ventures. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.
- g) With respect to the other matters to be included in the Auditors Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the company has paid or provided for managerial remuneration for the period ended 31st March 2022 in accordance with the requisite approvals mandated by the provisions of section 197 of the Act read with schedule V to the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. As stated in note no. 34.1 of the consolidated financial statements, the Group and its associate disclosed the impact of pending litigations on the consolidated financial position of the Group, its associate entities and joint ventures in its consolidated financial statements.
 - ii. As per the information and explanations given by the Company, the Group and its associate entities did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. As per the information and explanations given to us, there has been no delay in transferring the amounts which are required to be transferred to Investor Education & Protection Fund by the Group and its associate entities wherever applicable.
- iv.(a). The respective managements of the Holding Company, its subsidiaries and associates companies which are companies incorporated in India whose

financial statements have been audited under the Act have represented to us and the other auditors of such associates respectively that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries and associate companies to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding Company or any of such subsidiaries and associates companies (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b). The respective managements of the Holding Company and its subsidiaries and associates companies which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such associate respectively that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the respective Holding Company or any of such subsidiaries and associates companies from any persons or entities, including foreign

entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries and associates companies shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (c). Based on the audit procedures that has been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor’s notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.
- v. The holding company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.

ANNEXURE - B TO THE AUDITORS' REPORT

(Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" section of our main audit report)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Gayatri Projects Limited ("the Holding Company") and its subsidiary (collectively referred to as "the Group"), its Associate and Joint Ventures as of 31st March, 2022 in conjunction with our audit of the consolidated financial statements of the Holding company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company, its subsidiary company, its associate company and Joint Ventures are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company, its subsidiary company, its associate company and joint ventures' internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an

audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred in the other matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or

disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary company, its associate company and Joint Ventures have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal

control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to one associate companies, which is company incorporated in India, is based on the corresponding report of the auditor of that associate company. Our opinion is not modified in respect of this matter.

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Compliance with Indian Accounting Standards (Ind AS)

The Group's Consolidated Financial statements have been prepared to comply with generally accepted accounting principles in accordance with the Indian Accounting Standards (herein after referred to as "Ind AS") as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016.

1.2 a) Basis of Preparation and Presentation of Financial Statements

The Consolidated Financial Statements are prepared on accrual basis following the historical cost convention except in case of certain financial instruments which are measured at fair values. The Consolidated Balance Sheet and the Consolidated Statement of Profit and Loss are prepared and presented in the format prescribed under Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Indian Accounting Standard (Ind AS) - 7 on "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with other notes required to be disclosed under the notified Ind AS and the Listing Agreement. Further, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations viz. SEBI guidelines override the same requiring a different treatment. Accounting Policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy used previously.

Fair value for measurement adopted in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind AS 116, Net Realizable value as per Ind AS 2 or value in use as per Ind AS 36. Fair value measurements under Ind AS are categorized as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

b) Principles of Consolidation

The consolidated financial statements have been prepared on the following basis:

i. Investments in Subsidiaries:

The Financial Statements of the Company and its subsidiary companies have been consolidated on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses as per Indian Accounting Standard - 110 "Consolidated Financial Statements" issued by Institute of Chartered Accountants of India.

ii. Investments in Associates:

Investments in associate companies have been accounted for, by using equity method "Accounting for Investments in Associates in Consolidated Financial Statements, whereby investment is initially recorded at cost and the carrying amount is adjusted thereafter for post-

acquisition change in the Company's share of net assets of the associate. The carrying amount of investment in associate companies is reduced to recognize any decline which is other than temporary in nature and such determination of decline in value, if any, is made for each investment individually. The unrealized profits/losses on transactions with associate companies are eliminated by reducing the carrying amount of investment".

iii. Investments in Joint Ventures:

A Joint Venture is a joint arrangement whereby the parties that have joint control of the arrangement, have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

Investments in Joint Venture are accounted for using the equity method of accounting. The investment is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the acquisition date. The Group's investment in joint ventures includes goodwill identified on acquisition.

- iv. The financial statements are presented to the extent possible, in the same manner as the parent company's independent financial statements.
- v. On acquisition of Investment in a joint venture or associate, any excess of cost over investment over the fair value of the assets & liabilities of the joint venture is recognized as goodwill and is included in the carrying value of the investment in the joint venture and associate. The excess of fair value of assets and liabilities over the investment is recognized directly in equity as capital reserve.

Non-controlling interest represents that part of the total comprehensive income and net assets of subsidiaries attributable to interests which are not owned directly or indirectly by the parent company.

- a) Non-controlling interest in the net assets of consolidated subsidiaries consists of:
 - i) The amount of equity not attributable to owners of parent company at the date on which investment in a subsidiary is made; and
 - ii) The Non-controlling share of changes in the equity since the date the parent subsidiary relationship came into existence.
- b) Non-controlling interest in the net profit/(loss) for the year of consolidated subsidiaries is computed and adjusted against the net profit/(loss) after tax of the group.

Non-controlling interest in the net assets of the consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet under the head Total Equity group.

1.3 Use of Estimates

The preparation of financial statements in conformity with Ind AS requires the management of the Group to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as on the date of the financial statements. Actual results may differ from these estimates. The Group evaluates these estimations and assumptions on a continuous basis based on the historical experience and other factors including expectation of future events believed to be reasonable. Examples of such estimates include the useful lives of tangible and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, estimation of costs as a proportion to the total costs, etc.,. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known/ materialized. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, are disclosed in the Notes to Accounts.

1.4 Revenue Recognition

The Company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring promised good or service to a customer. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Performance obligation is satisfied over time when the transfer of control of asset (good or service) to a customer is done over time and in other cases, performance obligation is satisfied at a point in time. For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Revenue is measured at the amount of consideration which the company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional.

The management of the company has applied significant judgement in determining the revenue to be recognised in case of performance obligation satisfied over a period of time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation and determining the expected losses, which are recognised in the period in which such losses become probable based on the expected total contract cost as at the reporting date.

The specific revenue recognition policy adopted is as follows:

A. Revenue from Operations

a. Revenue from Construction activity:

- i) Income is recognized on fixed price construction contracts in accordance

with the percentage of completion basis, which necessarily involve technical estimates of the percentage of completion, and costs to completion, of each contract / activity, on the basis of which profits and losses are accounted. When the outcome of the contract is ascertained reliably, contract revenue is recognized at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed up to the date, to the total estimated contract costs.

- ii) The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract.
- iii) Price escalation and other variations in the contract work are included in contract revenue only when:
 - a) Negotiations have reached at an advanced stage such that it is probable that customer will accept the claim and
 - b) The amount that is probable will be accepted by the customer and can be measured reliably.
- iv) Incentive payments, as per customer-specified performance standards, are included in contract revenue only when:
 - a) The contract has sufficiently advanced such that it is probable that the specified performance standards will be met; and
 - b) The amount of the incentive payment can be measured reliably.
- v) Contract Claims raised by the company which can be reliably measured and have reached an advanced stage of arbitration and claims pending in High courts have been recognized as income including eligible interest thereon.

b. Contract Revenue from supply of materials:

Revenue from supply of materials is recognized when substantial risk and rewards of ownership are transferred to the buyer and invoice for the same are raised.

c. Revenue receipts from Joint Venture Contracts

- i) In work sharing Joint Venture arrangements, revenues, expenses, assets and liabilities are accounted for in the Company's books to the extent work is executed by the Company.
- ii) In Jointly Controlled Entities, the share of profits or losses is accounted as and when dividend/ share of profit or loss are declared by the entities.

d. Other Operational Revenue:

- i) All other revenues are recognized only when collectability of the resulting receivable is reasonably assured and related goods / services are transferred to the customer.
- ii) Revenue is reported net of discounts, if any.

B. Other Income

- i) Interest income is accounted on accrual basis as per applicable interest rates and on time proportion basis taking into account the amount outstanding.
- ii) Dividend income is accounted in the year in which the right to receive the same is established.
- iii) Insurance claims are accounted for on cash basis.

1.5 (a) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition, less accumulated depreciation thereon. Expenditure which are capital in nature are capitalized at cost, which comprise of purchase price (net of rebates and discounts), import duties, levies, financing costs and all other expenditure directly attributable to bringing the asset to its working condition for its intended use.

Any gain/loss on the disposal of the Property, Plant and Equipment is recognized in the Statement of Profit & Loss account and is determined as the difference between the sales proceeds and the carrying amount of the asset.

(b) Capital Work in Progress

Property, Plant and Equipment which are purchased but not yet installed and not ready for their intended use on the date of balance sheet are disclosed as "Capital Work-in-Progress". Cost of materials used in the process of erection/installation of an asset but not yet completed as on the reporting date are also disclosed as "Capital Work-in-Progress".

1.6 Depreciation and amortization

In respect of Property, Plant & Equipment (other than Land and Capital Work in Progress) depreciation / amortization is charged on a straight line basis over the useful lives as specified in Schedule II to the Companies Act 2013.

Assets individually costing ₹ 20,000/- or less and temporary structures are fully depreciated in the year of acquisition.

The residual values and useful lives are reviewed at the end of the reporting period.

1.7 Impairment of Non-Financial Assets

As at each Balance Sheet date, the Group assesses whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Group determines the recoverable amount and impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- In case of an individual asset, at the higher of the Assets' fair value less cost to sell and value in use; and
- In case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of cash generating unit's fair value less cost to sell and value in use.

- In assessing Value in Use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specified with the asset. In determining fair value less cost to sell, recent market transactions are taken into account. If no such transaction can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognized in the Statement of Profit and Loss, except for properties previously revalued with the revaluation taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognized in OCI up to the amount of any previous revaluation. When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through the Statement of Profit and Loss.

1.8 Financial Instruments

Financial Assets and Financial Liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial Assets and Financial Liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets and Financial Liabilities (other than Financial Assets and Financial Liabilities at fair value through profit or loss) are added to or deducted from the fair value of the Financial Assets or Financial Liabilities, as appropriate, on initial recognition.

1.9 Financial Assets

Financial Asset is any Asset that is -

- (a) Cash
- (b) Equity Instrument of another entity,
- (c) Contractual right to -
 - i) receive Cash / another Financial Asset from another entity, or
 - ii) exchange Financial Assets or Financial

Liabilities with another Entity under conditions that are potentially favorable to the Entity.

Investment in Equity Shares issued by Subsidiary, Associate and Joint Ventures are carried at cost less impairment.

Investment in preference shares are classified as debt instruments and carried at Amortized cost if they are not convertible into equity instruments and are not held to collect contractual cash flows. Other Investment in preference shares which are classified as Debt instruments are mandatorily carried at Fair value through Profit & loss Account (FVTPL).

All investments in equity instruments other than as classified above under Financial Assets are initially carried at fair value. The Group has adopted to measure the fair value of equity instruments through FVPTL Fair value changes on an equity instrument are recognized in the Statement of Profit & Loss.

Investments in equity instruments are classified as at FVTPL, unless the related instruments are not held for trading and the company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income.

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Impairment of Financial Assets

In accordance with Ind AS 109, the Group applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit

risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL. ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss.

Financial Liabilities

Financial liabilities are recognized at fair value net of transaction costs and are subsequently held at amortized cost using the effective interest rate method. Financial liabilities carried at fair value through profit and loss are measured at fair value with changes in fair value recognized in the profit and loss account. Interest bearing bank loans are initially measured at fair value and subsequently measured at amortized cost using the effective interest rate method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

De-recognition of Financial Instruments

A Financial Asset is derecognized when the right to receive cash flows from the asset have expired or the Group has transferred substantially all the risks and rewards or the right to receive the cash flows under a contractual arrangement or has transferred the asset.

A Financial Liability is derecognized when the obligation under the liability is discharged or cancelled or expired. In the case where the existing liability is replaced by another liability either from the same lender or otherwise such an exchange is treated as de-recognition of the original liability

and recognition of a new liability. Any change in the carrying amount of a liability is recognized in the Statement of Profit and Loss.

1.10 Inventories and Work in Progress

Raw Materials, Construction Materials and Stores & Spares are valued at lower of weighted average cost or net realizable value. Cost includes Direct Material, work expenditure, labour cost and appropriate overheads excluding refundable duties and taxes.

Cost of materials utilised in the contract work, which is not reached certain level, not quantified, and qualified for billing is considered as work in progress at the end of the reporting period.

1.11 Cash & Cash Equivalents

Cash and Cash Equivalents are short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of change in value and have maturities of three months or less.

1.12 Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources to settle the obligation in respect of which reliable estimate can be made as on the balance sheet date.

Contingent Liabilities are present obligations arising from a past event, when it is not probable / probability is remote that an outflow of resources will be required to settle the obligation and they are not recognized but are disclosed in the notes.

Contingent Assets are neither recognized nor disclosed in the financial statements except where it has become virtually certain that an inflow of economic benefit will arise, the asset and the related income are recognized in financial statements of the period in which the change occurs. Provisions for Contingent Liabilities and Contingent Assets are reviewed at the end of Balance Sheet date.

1.13 Foreign Currency Transactions and Translation

The reporting currency of the Group is Indian Rupee. Foreign Currency Transactions are

translated at the functional currency spot rates prevailing on the date of transactions.

Monetary assets and current liabilities related to foreign currency transactions remaining unsettled are translated at the functional currency spot rates prevailing on the balance sheet date. The difference in translation of monetary assets and liabilities and realized gains and losses on foreign exchange transactions are recognized in the Statement of Profit and Loss.

Non-monetary foreign currency items are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

1.14 Employee Benefits

Payments to Defined Contribution schemes are charged as an expense as they fall due. Company's provident fund in respect of certain employees is made to a government administrated fund and charged as an expense to the Statement of Profit and Loss.

Liability for employee benefits, both short and long term, for present and past service which are due as per the terms of employment are recorded in accordance with Indian Accounting Standard 19 "Employee Benefits" issued by the Companies (Accounting Standard) Rules, 2015. Remeasurement gains /losses on post-employment defined benefits comprising gains/ losses is reflected immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which it arises.

i) Gratuity

In accordance with the Payment of Gratuity Act, 1972 the Group provides for Gratuity covering eligible employees. The liability on account of Gratuity is provided on the basis of valuation of the liability by an independent actuary as at the year end.

ii) Provident Fund

In accordance with applicable local laws, eligible employees of the Group are entitled to receive benefits under the provident fund, a defined contribution plan to which both the employee and employer contributes monthly at a determined rate (currently up to 12% of an employee's

salary). These contributions are either made to the respective Regional Provident Fund Commissioner, or the Central Provident Fund under the State Pension Scheme, and are recognized as expenses incurred.

iii) Compensated Absences

The employees are entitled to accumulate leave subject to certain limits, for future encashment and availment, as per the policy of the Group.

The liability towards such unutilized leave as at the end of each balance sheet date is determined based on independent actuarial valuation and recognized in the Statement of Profit and Loss.

1.15 Deferred Revenue Expenditure

Projects and other related expenditure incurred up to 31st March, 2019, the benefit of which is spread over more than one year is accounted as Project Promotion Expenses grouped under Other Advances and is amortized over the period in which benefits would be derived.

1.16 Leases

Leases are accounted as per Ind AS 116 which has become mandatory from 1st April, 2019.

Assets taken on lease are accounted as right-of-use assets and the corresponding lease liability is accounted at the lease commencement date. Initially the right-of-use asset is measured at cost which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or a rate, or a change in the estimate of the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right of-use asset, or

is recorded in the Statement of Profit and Loss if the carrying amount of the right-of-use asset has been reduced to zero.

The right-of-use asset is measured by applying cost model i.e. right-of-use asset at cost less accumulated depreciation and cumulative impairment, if any. The right-of-use asset is depreciated using the straight-line method from the commencement date to the end of the lease term or useful life of the underlying asset whichever is earlier. Carrying amount of lease liability is increased by interest on lease liability and reduced by lease payments made.

Lease payments associated with following leases are recognized as expense on straight-line basis:

- (i) Low value leases; and
- (ii) Leases which are short-term.

1.17 Earnings per Share (EPS)

In arriving at the EPS, the Group's Net Profit After Tax, is divided by the weighted average number of equity shares outstanding. The EPS thus arrived at is known as 'Basic EPS'. To arrive at the diluted EPS, the net profit after tax, referred above, is divided by the weighted average number of equity shares, as computed above and the weighted average number of equity share that could have been issued on conversion of shares having potential dilutive effect subject to the terms of issue of those potential shares. The date(s) of issue of such potential shares determine the amount of the weighted average number of potential equity shares.

1.18 Taxation

i) Current Tax

Provision for Current tax is made based on the liability computed in accordance with the relevant tax rates and provisions of Income Tax Act, 1961 as at the balance sheet date and any adjustments to taxes in respect of the previous years, penalties if any related to income tax are included in the current tax expense.

ii) Deferred Taxes

Deferred Tax is the tax expected to be payable or recoverable on differences between the carrying amount of the assets

and liabilities for financial reporting purpose and the corresponding tax bases used in computation of taxable profit. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such Deferred Tax Assets can be realized.

Current and deferred tax is recognized in profit or loss, except to the extent that it related to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

1.19 Commitments

Commitments are future liabilities for contractual expenditure.

Commitments are classified and disclosed as follows:

- a. Estimated amount of contracts remaining to be executed on capital account and not provided for;
- b. Uncalled liability on shares and other investments partly paid;
- c. Funding related commitment to subsidiary, associate and joint venture companies and
- d. Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/ procurements made in the normal course of business are not disclosed to avoid excessive details.

1.20 Operating cycle for current and non-current classification

Operating cycle for the business activities of the Group covers the duration of the specific project/contract including the defect liability period, wherever applicable and extends up to the realization of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business.

1.21 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows from operating, investing and

financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of:

- i. transactions of a non-cash nature;
- ii. any deferrals or accruals of past or future operating cash receipts or payments; and
- iii. items of income or expense associated from investing or financing cash flows.

Cash and cash equivalents (including bank balances) are reflected as such in the Statement of Cash Flows

1.22 Exceptional Items:

Items of income and expenditure within profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the Group for the period, the nature and amount of such items are disclosed separately as Exceptional Items.

1.23 Borrowing Cost

Borrowing costs net of any investment income from the temporary investment of related borrowings that are attributable to the acquisition or construction of a qualifying asset are capitalized as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of assets acquired on finance lease and exchange differences arising on foreign currency borrowings to the extent they are regarded as an adjustment to interest costs.

34.11 Capital management

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Group. The Group strives to safeguard its ability to continue as a going concern so that they can maximize returns for the shareholders and benefits for other stake holders. The aim is to maintain an optimal capital structure and minimize the cost of capital.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may return capital to shareholders, issue new shares or adjust the dividend payment to shareholders (if permitted). Consistent with other entities in the industry, the Group monitors its capital using the gearing ratio which is total net debt divided by total capital.

34.13 Financial risk management objectives and policies

The Group's activities expose to a variety of financial risks like market risk, credit risk and liquidity risks. The Group's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Major financial instruments which are affected by market risk include loans and borrowings.

a. Interest rate risk

As the Company had defaulted in repayments of loans/financial facilities, the interest rate risk is very limited to the company at present.

b. Foreign Currency Risk:

The Group's foreign Currency exposure details are as follows:

₹ in Lakhs

Particulars	Hedged/ Un-hedged	As at 31st March, 2022		As at 31st March, 2021	
		Foreign Currency USD in Millions	₹ Equivalent in Lakhs	Foreign Currency USD in Millions	₹ Equivalent in Lakhs
Amount payable in Foreign Currency:					
Recognised foreign currency liabilities	Un-hedged	1.21	918.95	1.58	1162.67
Foreign LC	Un-hedged	-	-	0.37	273.28

The Company undertakes transactions foreign currencies; consequently, exposures to exchange rate fluctuations arise. Transactions in foreign currency are recorded at the exchange rates prevailing on the date of transaction. Foreign currency monetary items outstanding at the balance sheet date are restated at the prevailing year-end rates. The resultant gain/loss upon such restatement along with gain / loss on account of foreign currency transactions are accounted in the Statement of Profit and Loss.

Foreign Currency sensitivity analysis

The above exposures when subjected to a sensitivity of 5% have the following impact:

₹ in Lakhs

Particulars	Impact on Profit after tax with increase in rate by 5%		Impact on Profit after tax with decrease in rate by 5%	
	As at 31st March, 2022	As at 31st March, 2021	As at 31st March, 2022	As at 31st March, 2021
US Dollar	45.95	71.80	(45.95)	(71.80)

(ii) Credit risk management

Credit risk is the risk that a customer or a counterparty to a financial instrument fails to perform or pay amounts causing financial loss to the company. The maximum exposure of the financial assets is contributed by trade receivables, work-in-progress/ unbilled revenue, cash and cash equivalents and receivables/loans from group companies.

Credit risk on trade receivables, work in progress/unbilled revenue is limited as the customers of the company mainly consist of the Government promoted entities, having strong credit worthiness. The company takes into account ageing of accounts receivables and the company's historical experience of the customers and financial conditions of the customers. During the current year the company had identified credit risk on certain financial instruments as below and has made the necessary provision for the same

₹ in Lakhs

Sl. No	Particulars	Balance As at 31st March, 2022	Accumulated Expected credit loss Amount
1	Trade receivables	24,042.34	4,751.30
2	Loans /advances	84,361.62	12,385.25

(iii) Liquidity Risk:

Liquidity Risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. The Group's management and finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by the senior management.

34.14 Pursuant to the introduction of the Goods and Service Tax (GST) applicable indirect taxes have got subsumed into GST. The company has executed various Construction Contracts/projects of NHAI /other state and central government Departments and in majority of the cases, the work orders for these contracts were issued under the erstwhile previous tax laws and the additional impact on account of GST was recognized in the previous years as other receivables under "Other Current Assets" note. During the previous year the company has recovered substantial amount of GST dues and the balance amount will also be recovered in the due course.

34.15 The Company has an investment in Gayatri Hi-tech Hotels Limited ("Investee Company") in the form of 4% Compulsorily Convertible Cumulative Preferential Shares ("CCCPS") amounting to ₹19,571.95 lakhs as of 31st March 2022. The financial statements of Investee Company are prepared on a going concern basis though, it has incurred considerable losses and there has been significant erosion in the Net worth of the investee company as per the latest available financial statements of the investee company. The ongoing COVID – 19 pandemic and implementation of lockdown in the country has significantly affected the operations of the investee company and the extent to which the COVID – 19 pandemic shall effect the operations of the investee company is dependent on future developments which are uncertain. However, as per the latest available valuation reports of the investee company made by two independent registered valuers, the value of the investee company is much higher than the value at which the company had made its investment and further, the management of the company is very confident that the business operations of the investee company will get normalized at the

earliest and generate sufficient cash flows. The CCCPS will be converted into equity shares of the investee company during the financial year 2027-28 which is very long period for realization of the investment or to analyze the actual investment value. Hence, based on the latest valuation reports and considering the tenure and nature of the investment, the management of the company is of the view that no provision for diminution/impairment for carrying value of the investments is required to be made in the Consolidated audited financial statements for the year ended 31st March 2022.

34.16 Gayatri Highways Limited, an associate company in which the company has an investment of ₹16,770.03 Lakhs in the form of Non-Convertible Preference Shares ('NCPS'), Equity Share Capital investment of 1,248.00 Lakhs, and also funded an amount of 25,825.38 Lakhs of unsecured loan / subordinate debt as at 31st March 2022. Further, as stated in the audited financial statements of the Associate Company, it has been incurring operating losses during the past few years. However, the financial statements of the said associate company have been prepared on a going concern basis as the promoters of the associate company have guaranteed support to the company and its management believes that its investments in road projects will generate sufficient cash flows to support the company in foreseeable future. As of 31st March 2022, the said associate company is holding portfolio in several road projects. The management of the company is of the opinion that considering the future cash flows of the company from the said road projects on account of various claims filed, annuities, Toll collections receivable, and arbitration awards awarded will be sufficient to recover the amounts invested/advanced to the

associate company and hence, in the opinion of the management no provision is required to be made for the NCPS investments made by the company and unsecured loan/subordinate debt receivable by the company from the said associate for the year ended 31st March 2022.

34.17 In the ordinary course of business, the Company had given Contract Advances to a sub-contractor which on mutual consent have been converted into an interest-bearing inter-corporate loan. The said inter-corporate loan of ₹ 18,676.14 Lakhs and interest thereon of ₹ 22,035.46 Lakhs is pending for recovery as at 31st March 2022. The recovery of this loan along with interest thereon is delayed due to extraneous reasons like changes in government policies, delays in execution of projects, etc. However, the company has recovered considerable amounts during the previous financial years and the management is confident of recovering the balance amount in due course. Further, as per the information available with the company, the said sub-contractor is going to recover the money from the sale of immovable properties assigned to it and also assured the company that the sale proceeds will be utilised for repayment of dues to the company. In view of the above, the management of the company is of the view that no provision for the same is required to be made in the Consolidated audited financial statements for the year ended 31st March 2022.

34.18 One of the subsidiary of the associate company (hereinafter called as "concessionaire company" or Sai Matarani Tollways Limited "SMTL"), which has been awarded a Build-Operate-Transfer (BOT) work for the construction of Four Laning of Panikoili-Rimuli section of NH-215 Road. The Company has to receive an amount of ₹ 23,715.65 Lakhs towards EPC cost from the said concessionaire company as at 31st March 2022. Further, the company has given an irrevocable and unconditional Corporate Guarantee of ₹ 139,735 Lakhs to the lenders of the concessionaire company. The Concessionaire Company has given termination notice to the National Highways Authority of India (NHAI) due to irreparable loss of toll revenue from the road project and requested for termination payment of ₹ 229,667 Lakhs. Apart from the above-said termination payment, the Concessionaire Company had filed claims with the NHAI under Concessionaire's

right to recover losses/ damages from the Authority on account of material default of the Authority. SMTL Road Project was terminated by the NHAI on 28th January 2020, and toll collection rights were handed over to the NHAI from 30th January 2020. The Concessionaire Company has requested the NHAI for referring the disputes such as Termination Payment and Claims to the Conciliation Committee of Independent Experts ("CCIE") as per NHAI policy. The Concessionaire Company has utterly disagreed with the termination payment calculated by the NHAI unilaterally and disputed the termination payment and the matters are pending before CCIE. The CCIE has suggested that there should be a give and take policy for both parties SMTL and its sponsors have insisted and impressed on the NHAI to improve the termination payment by more than ₹ 30,000 Lakhs. Accordingly, the termination payment was revised from ₹ 48,666 Lakhs to ₹ 79,650 Lakhs by NHAI in March 2022. SMTL has requested its lenders to accept the above-said payment of ₹ 79,650 Lakhs towards full and final settlement of all existing past and future dues etc. Upon acceptance of the above stated proposal, the said lenders shall waive all future claims against SMTL and its guarantors and drop legal proceedings. The lenders are in the process of getting approvals from competent authorities. As per the available information and based on the discussions held with the lenders, the management is of the view that the possibility of invocation of Corporate Guarantee is remote. In view of this, the management is of the opinion that no provision is required to be made in respect of receivables and Corporate Guarantee in the audited financial statements for the year ended 31st March, 2022.

34.19 An amount of ₹ 3,620.49 Lakhs as on 31st March, 2022 is receivable from M/s Western UP Tollways Limited ('Erstwhile Associate Company or WUTPL') operating Meerut and Muzaffarnagar Section of NH-58 Road on BOT basis against the EPC works executed by the company during the previous years and the amounts shall be recovered out of claims amounts received by the erstwhile associate company from NHAI. The Arbitration Tribunal has pronounced arbitration award of ₹ 12,443.03 Lakhs which includes interest thereon of ₹ 6405 Lakhs and extension of concession period by 348 days.

At the request of the M/s Western UP Tollways Limited, the above claims and the termination payment have been referred to the Conciliation Committee of Independent Experts (“CCIE”) as per NHAI policy. The Management of WUTPL is very confident of getting the claim amounts from NHAI and assured the company by way of agreement, to pay the company its share upon receipt of claims, and accordingly, in the opinion of the management of the company, no provision is required to be made in respect of amounts receivable from the said erstwhile associate company in the Consolidated audited financial statements for the year ended 31st March, 2022.

- 34.20 The Advances to Suppliers, Sub-contractors and others as at 31st March 2022, includes an amount of ₹ 15,222.65 Lakhs given to one sub-contractor in the normal course of business. The recovery of this advance is delayed due to certain extraneous factors not attributable to the subcontractor. During the previous financial years, the company has recovered substantial amount of more than ₹ 18000.00 Lakhs from the said sub-contractor. In view of this, the management is confident to recover the entire advances from the sub-contractor in due course and hence no provision is required to be made in the Consolidated audited financial statements for the year ended 31st March, 2022.
- 34.21 As per the Settlement and Supplementary Agreement dated 14th September 2020 made between Gayatri Projects Limited (“the Company/GPL”), Gayatri Highways Limited (“GHL”) – an Associate Company, and IL&FS Financial Services Limited (IL&FS); the Company and GHL jointly and severally agreed to repay the balance principal loan amount of ₹ 8,409.10 Lakhs and an additional interest of ₹ 865.00 Lakhs towards the loan availed by GHL along with interest in eleven monthly installments commencing from 15th September, 2020 and the entire amount to be paid on or before 15th July, 2021. The Company and GHL have jointly paid the principal amount of ₹ 4,590.00 Lakhs due till February 2021. The balance principal amount payable to IL&FS is ₹ 3,823.00 Lakhs and interest due and payable is ₹ 677.00 Lakhs. Due to non-payment of remaining installments/dues, the IL&FS has filed an application under section 7 of the Insolvency and Bankruptcy Code, 2016 before the Hon’ble National Company Law Tribunal, Hyderabad on 18th January, 2022. The application filed by the IL&FS is not admitted till the date of approving of the financial statements and the next hearing is posted on 8th June, 2022.
- 34.22 The recovery of work and other advances and receivables got delayed from one sub-contractor amounting to ₹ 9,935.85 Lakhs as at 31st March, 2022 which is on account of a mis-match in the cash flows of the sub-contractor and non-extending of financial facilities. As per the information and explanations given by the said sub-contractor to the Company, the dues to the company will be paid in due course without any fail, and hence, in the opinion of the management provision is not required to be made in the Consolidated audited financial statements for the year ended 31st March, 2022.
- 34.23 The company is mainly engaged in the execution of road works allotted by the National Highways Authority of India and Irrigation related works given by various state governments. Due to various Covid-19 related lockdown restrictions imposed across the country during the year and preceding financial years, the work at major sites had got disrupted and delayed. The works have resumed post relaxation of lockdown restrictions. The recovery of trade receivables got delayed due to COVID –19 Pandemic impact on the economy of the country and various states which ultimately caused financial and operational stress on the company and the progress of the works executed by the company. However, the Company will closely monitor the future developments and economic conditions across the country and assess its impact on the business operations and going concern of the company.
- 34.24 Due to changes in business conditions on account of the Covid-19 pandemic, there has been delay in recovery of Trade Receivables as stated in the above note no. 34.23, increase in materials cost and increase in cost of services, non-availability of adequate working capital to execute the contract works on hand, non-awarding of fresh contract works due to lenders reluctant to provide bank guarantee or other facilities, etc., have severely affected the business operations and billing cycle (raising of RA bills on the contractors) of the company which have resulted that the Company defaulted in repayment of dues to its

lenders and devolvement of significant Non-Fund based facilities and most of the lenders have recalled their financial facilities extended to the company. The loans and other facilities sanctioned to the company have been classified by the lenders as Non-Performing Assets (NPA) In these circumstances, the lender have initiated for forensic audit on the accounts of the company and the forensic audit report is pending on the date of the balance sheet the interest / finance cost on financial facilities has been recognized in the books of accounts / financial statements on the basis of the loans sanction letters and other loan documents available with the company as the lenders have not provided the loan balance confirmations, loan account statements, other interest and financial charges debit advices etc., and hence, the interest and financial charges accounted and recognized in the financial statements is subject to reconciliation and confirmation and differential interest and financial charges will be accounted upon restructuring or settlement of the dues or based on the availability of the loan account statements.

The company had proposed to raise funds through QIP to repay entire over-dues / defaulted dues to the lenders and made all regulatory compliances in this regard. However, the prospective investor has dis-honoured the commitment of investment which was beyond the control of the company and the management. However, promoters have guaranteed their continuous financial and other support to the company and are in the process of infusing the funds in to the company. Further, the company has a leading consultant as Corporate Debt Advisors for Debt Restructuring proposal / amicable debt settlement proposal in the best interest of the company and the lenders. In these circumstances, the lenders have sent various notices to the company and the personal guarantors for recovery of their dues. These Lenders have also filed petitions/legal suits/complaints before the Debt Recovery Tribunal (DRT)/other forums for recovery of the dues and issued notices under SARFAESI Act. Further, two lenders of the company, IL&FS (as stated in the above note no. 34.21) and one operational creditor have filed applications under section 6 and section 7 of the Insolvency and Bankruptcy Code, 2016 before the Hon'ble National

Company Law Tribunal (NCLT), Hyderabad. The applications filed before the Hon'ble NCLT are not admitted till the date of approving the financial statements. The company has proposed the Debt Restructuring Scheme with the lenders and the management is expecting a positive outcome in this regard. Besides this, the management of the company is in the process of appropriately dealing with the notices received from various lenders, petitions filed before the DRT and applications filed before the Hon'ble NCLT. The management is very confident to resolve all these issue at the earliest in the best interest of the company's affairs, business operations and lenders business interest.

34.25 During the current financial year 2021-22, the group has incurred loss of ₹ 95,821.47 Lakhs for the detailed reasons stated in the note no. 34.24 and there has been substantial erosion in the net worth of the group on account of huge losses incurred during the current financial year. As at 31st March 2022, the company has defaulted in repayment of outstanding loans including recalled loans and other credit facilities, devolvement of non-fund-based facilities of ₹ 2,72,438 Lakhs. The lenders have classified all these loans and financial facilities including other credit facilities as NPA and have issued various notices for recovery of their dues. As at 31st March, 2022, the current liabilities exceed the current assets by ₹ 87,618.99 Lakhs, majorly due to re-classification of the non-current loans as current borrowings / loans. The financial statements have been prepared on a Going-Concern basis as the promoters of the holding company have guaranteed their continuous financial and other support to the company and are in the process of infusing the funds in to the company. Further, the company has appointed a leading consultant as Corporate Debt Advisors for Debt Restructuring proposal/ amicable debt settlement proposal in the best interest of the company and the lenders. The management of the company is very confident of reviving the company from current financial crises and resolving the debt default issues at the earliest. Hence, the financial statements for the year ended 31st March, 2022 are prepared on a Going Concern basis.

34.26 During the current financial year, the National highways Authority of India (NHAI) has unilaterally

and arbitrarily invoked the bank guarantees given in favour of it in respect of mobilization advances given by NHAI for the Varanasi Road project. The bank guarantee is invoked on the ground that the said road project work is being executed on slow pace despite the fact that NHAI had failed to handover the land within time for execution of the road work. The NHAI has also charged huge interest on the mobilization advance which is contested by the company. In the similar manner, Ministry of Road Transport & Highways (MORTH) has charged interest on mobilization advance which was contested by the company. In order to follow prudence concept of accounting, the said interest amounts were otherwise recoverable from the NHAI & MORTH has been charged to the profit & loss account as exceptional item in the current financial year. The management of the company, based on the opinion given by the legal department, is of the view that it has very strong claim in respect of the aforesaid amount against the NHAI & MORTH as there was a considerable delay in handover of the land required for execution of the said road projects.

- 34.27 During the year, the company has assigned some of its contract works on back-to-back basis to sub-contractors / other contractors as the company is unable to achieve the work progress targets due to working capital issue and non-availability of funds for the detailed reasons stated in note no. 35.26. The assignment of these contract works to sub-contractors / other contractors is done in the best interest of the company in order to avoid huge termination penalties and other hindered consequences. Due to assignment of contract works to sub-contractors / other contractors, the company could not raise bill for contract work executed till the date of assignment which has resulted in reduction of contract revenue and thereby caused huge losses for the year.
- 34.28 The Cabinet Committee on Economic Affairs (CCEA) vide its "measure to revive construction sector – reg" had approved partial (75%) interim payment of challenged arbitral awards by the Government entities to contractors/ concessionaires against a bank guarantee. Pursuant to such measures announced, the company had received a sum of ₹ 21,044.83 lakhs as partial (75%) interim payment towards an arbitration amount and the amount so received during the previous financial year has been reduced from the outstanding claims receivables disclosed in other current assets.
- 34.29 During the preceding financial years, the Subsidiary Company had made an investment/ advance / share application money to Jinbhuvish Power Generation Private Limited ("JPGPL") which had planned to set up a coal-based power plant in Maharashtra and as at 31st March, 2022 the total amount infused in the form of investment/ advance/share application money is ₹ 5,544.455 Lakhs. The Subsidiary Company had decided to exit from the said power project and in this regard entered into an Exit Agreement on 25th May, 2013, which was subsequently amended by various letter agreements and as per the latest agreement the company shall exit from the said power project by 31st October, 2021. Though there has been a significant delay in exiting from the above company, the management is confident to recover the entire investment made by it including share application money and advances given to, as the said JPGPL is having significant land bank acquired for power plant and has coal linkage / allotment which will generate enough cash flows upon monetization and hence, no provision is required to be made in the carrying value of the investment. However, as a matter of prudence and in compliance with the Ind AS requirement, entire amount of Share Application Money given pending for allotment and advance for purchase of Equity Shares has been provided as provision for credit loss and provision for credit impaired advances in the financial statements. Further, the company has provided Bank Guarantee in favour of Western Coalfields Limited ("WCL") on behalf of JPGPL towards coal linkage / allotment to the proposed power plant. WCL has encashed the bank guarantee on 05.04.2022 for ₹ 2,421 Lakhs which in the opinion of the management of the Subsidiary company is completely illegal and grossly incorrect. The Subsidiary company is in the process of taking proper legal recourse against the purported and unusual act of the said WCL. In the view of the management that the invocation of encashment of bank guarantee will get revoked / reimbursed and hence, no provision has been made in the financial statements/results for the year ended 31st March, 2022. However, the same shall be recognised in the subsequent financial year based on the result of the legal recourse / remedy proposed to be initiated against the said WCL.

34.30 During the preceding financial years, the step down subsidiary company had given Contract Advance of ₹ 2155.05 Lakhs to Indira Energy Holdings Private Limited (the Contractor) towards execution of road and site development works at proposed Thermal Power Project site. As the step down subsidiary company had not handover the complete land as required for the development of the project due to various reasons, pending coal allotment and pending financial closure, etc., the contractor has not commenced the road and site development works at the instructions of the step down subsidiary company and the recovery of the advance given to the contractor is pending as at the balance sheet date. The management of the step down subsidiary company considering the nature of advances and the long pending recovery of the same, has provided an amount of Rs.1083.61 Lakhs as Expected Credit Loss (ECL) during the previous year and is in the process of estimating if any further ECL/provision is to be made regarding the said Contract Advance. However, the management is confident of recovering the entire advance given to the contractor based on value the monetary assets available with the contractor.

34.31 During the previous financial years, the subsidiary company (i.e., GEVPL) had entered into Master Shareholders agreement with Sembcorp Utilities PTE Ltd (SUPL), Sembcorp Energy India Limited (formerly Thermal Power Corporation India Limited) (SEIL) and Sembcorp Gayatri Power Limited (SGPL). Pursuant to this agreement, the subsidiary company has an option to exercise the call option of purchasing 5.88% of shareholding of SEIL i.e, 30,33,30,925 shares. Further during the previous years, pursuant to the Share Purchase Agreement entered by the Company with the Sembcorp Utilities Pte. Ltd., the subsidiary company had sold its entire investment in SEIL. However pursuant to the Share Purchase Agreement, the Company is entitled for earnout on the call option shares and the same shall be payable by the purchaser only upon the occurrence of a Liquidity Event which is no later

than 25th May, 2022.

34.32 The balances in deposit accounts and margin money deposits held with the banks were adjusted by the Banks/Lenders against outstanding due to them pursuant to default in repayment of debt/ payment of interest on borrowings.

34.33 During the previous years, pursuant to various agreements entered between the subsidiary company, Sembcorp Gayatri Power Ltd (SGPL), Sembcorp utilities Pte. Ltd (SUL), Sembcorp Energy India Ltd (SEIL) and NCC Infra Holding Ltd (NCCIHL) (associate company) for the reorganization of SembCorp group's power portfolio in India to consolidate its beneficial holdings in SGPL, the subsidiary company had sold its partial investment in NCCIHL to NCC Limited. Further, pursuant to the agreement, the subsidiary company had agreed to sell its remaining shares held in NCCIHL to NCC Limited on a mutually agreed price on receipt of "subsequent tranche letter" from NCC Limited. The subsidiary company is yet to receive the letter to sale the investment as at 31st March, 2022 and hence, the effect of transfer of shares will be recognized on transfer of shares. Further, the subsidiary company has invested in Equity Shares of ₹ 28,969.35 Lakhs in the associate company during the previous years and as per the audited financial statements of the associate company, it has been incurring losses during the past few years and accumulated losses have affected the net-worth of NCCIHL. The subsidiary company has conducted the Risk Assessment of its assets including its investment in NCCIHL. In accordance with the same, the management of the subsidiary company is of the opinion that no provision is required to be made for the diminution in the carrying value of the equity investments made by the subsidiary company for the year ended 31st March, 2022.

34.34 Previous year figures are regrouped / reclassified to match with the current year presentation.

34.35 All amounts are rounded off to the nearest Thousands.
