Alok Goel
Company Secretary

CORONAVIRUS IMPACT

SE Asia sees heaviest losses in sell-off

ABHISHEK VISHNOI, MICHELLE JAMRISKO & IAN SAYSON Singapore/Manila, February 28

THE S&P 500 Index may have witnessed its quickest correction ever, but one of the biggest stock-market victims of the coronavirus epidemic has been Southeast Asia.

The tumble this week has pushed equity benchmarks in Thailand, Indonesia and the Philippines to rank among the world's 10 worst-performing markets this year. Pacific selling has taken the MSCI Asian Index more than 17% below high reached in July.

The region's heavy reliance on China for trade and tourism means the disruptions caused by the virus are a double-edged sword. While most cases appear to be in Italy, Iran and Kuwait, Nigeria confirmed the first reported infection in Sub-Saharan Africa, a day after Brazil had the first in Latin America.

a global pandemic," said Alan Lichner, a regional fund manager at Sun Life Asset Management in Hong Kong. Southeast Asia equities are getting hurt more than other regions because of the closed capital accounts, he added. The virus epidemic is growing at a rapid pace in countries outside of China. The number of confirmed infections has exceeded 2,300 in South Korea while more cases appear in Italy, Iran and Kuwait. Nigeria confirmed the first reported infection in Sub-Saharan Africa, a day after Brazil had the first in Latin America. The benchmark stock gauges of Malaysia and Thailand entered bear markets this week, while those of Indonesia and the Philippines are down 19% from previous highs. Singapore's index has lost 17% since its May 2018 peak, and Vietnam's is still down 27% from its high two years ago. Thailand is among those that have plunged in Chinese evictions, while Singapore has warned it is bracing for a 25% to 30% decline in arrivals this year. The countries are facing downward pressure for economic forecasts, leading policy makers to announce measures. Indonesia announced \$742 million of fiscal incentives this week for its tourism, airline and outsourcing sectors by the virus. —BLOOMBERG

Sebi slaps ₹17-lakh fine on Motilal Oswal for not segregating clients' funds

FE BUREAU Mumbai, February 28

THE SECURITIES AND Exchange Board of India (Sebi) on Friday imposed a penalty of ₹17 lakh on Motilal Oswal Financial Services (MOFS) for failing to maintain segregation of client's funds and misuse of client funds, violating its circular dated November 18, 1993.

The Sebi circular of 1993 says, "It shall be compulsory for all member brokers to keep the money of the clients in a separate account and their own money in a separate account. No payment or transaction in which the member is taking a position as a principal will be allowed to be made from the client's account."

Sebi said that in the showcase notice (SCN) it was alleged that on 13 days out of 20 sample days (approximately 55% of the total selected sample days), the noticee (MOFS) had 'misutilised' the fund of credit balance clients lying with MOFS. The value of misutilised credit balance clients' fund ranged from ₹5.01 crore to ₹16.96 crore (64% approximately) for the samples.

"On the basis of above mentioned, inspection alleged that there were transactions where MOFS had indulged into intermingling/misuse of clients' funds," Sebi said in the notice. The period of inspection was from April 1, 2012 to March 31, 2014.

MOFS had replied to the SCN dated on October 3, 2019, stating that in the present case, it was alleged that as to how and which part of the 1993 circular was violated by MOFS. In its reply, MOFS had stated that the purpose of the account (the purpose) is to hold the money of the clients. The purpose of the account is to hold the money of the clients. The purpose of the account is to hold the money of the clients.

There has not been even a single incidence of client's complaint against it (order) of limits of fund & securities withdrawal. Had it resorted to use one client's money for other, then at least on few days, clients with credit balance would have not been allowed to take position as the same would have been already consumed by other clients, as wrongly alleged. The fact is that there has never been any single instance where clients with credit balance have been restricted in using their balance," said MOFS in its reply to Sebi which was part of the order.

Poonawalla Finance, Capital Float announce tie-up to lend businesses using digital tools

NON-BANK LENDERS POONAWALLA Finance and Capital Float on Friday announced a tie-up to lend businesses and consumers using digital tools.

The two entities are targeting to disburse over ₹ 500 crore under the tie-up in the next 12 months, an official statement said. —PTI

Axis Bank puts ₹121-cr exposure to Hindustan National Glass on sale

SHRITAMA BOSE Mumbai, February 28

AXIS BANK ON Friday sought buyers for its ₹121-cr exposure to Kolkata-based Hindustan National Glass Industries (HNGI) in the United States.

The loan will be sold through a competitive bidding process under the Swiss challenge method, the lender said in a public notice. Over the last few months, banks have taken to reducing their loans on their balance sheet by offering loans to companies (MNCs) as an exit route. In this case, HNGI has been asked to bid for the loan. As per the HNGI bid, National Glass has filed an insolvency petition against HNGI in the United States. The National Company Law Tribunal (NCLT) in Kolkata has granted the company's plea to file a winding-up petition against HNGI. The company has filed a winding-up petition against HNGI in the United States. The company has filed a winding-up petition against HNGI in the United States.

for banks in the absence of a well-defined framework. The banking system has been waiting for the central bank to come up with a resolution framework for assets under ₹1,500 crore. Earlier, expected to be issued in the current quarter, the framework is now expected to be a de jure publication in FY21.
