## Media Release

# Adani Transmission receives Letter of Intent for Transmission Project in the State of Maharashtra on Tariff Based Competitive Bidding (TBCB) Model

**Ahmedabad, December 14, 2019:** Adani Transmission Ltd (ATL), the largest private sector power transmission company operating in India, has received the Letter of Intent (LOI) from Maharashtra State Electricity Transmission Company Limited (MSETCL) to build, own, operate and maintain a transmission project in the state of Maharashtra for a period of 35 years. This will be first ever 400 kV substation facility in the city of Mumbai.

The project "Kharghar Vikhroli Transmission Private Limited" comprises of approximately 34 km of 400 kV and 220 kV transmission lines along with 400kV GIS Substation at Vikhroli in Mumbai. This project is critical to the city of Mumbai as the existing capacity of transmission corridor is not sufficient to carry further power into the city. This project would enable additional power to be brought into Mumbai and would thus help in meeting the future demand of the city. The project has been awarded to Adani Transmission through Tariff Based Competitive Bidding Process.

This win in the state of Maharashtra will not only help the Company re-inforce its position as the largest private sector transmission company operating in India but also allow additional source of power and bring down the cost of power for the citizens of Mumbai.

## About Adani Transmission

Adani Transmission Limited is the transmission and distribution business arm of the Adani Group, one of India's largest business conglomerates. ATL is the country's largest private transmission company with a cumulative transmission network of around 14,738 ckt. km., out of which 11,477 ckt. km. is operational and 3,261 ckt. km. is at various stages of construction. With India's energy requirement set to quadruple in coming years, ATL is fully geared to create a strong and reliable power transmission network and work actively towards achieving 'Power for All' by 2022.
