# FDI equity inflows up 21% to \$35.3 bn in April-Oct: DPIIT

PRESS TRUST OF INDIA  
New Delhi, December 31

**FOREIGN DIRECT INVESTMENT (FDI) equity inflows into India grew 21% to \$35.33 billion during April-October period of the current financial year, according to an official data.**

maximum foreign inflows included computer software and hardware, services, trading, chemicals and automobile.

The country attracts maximum funds from Singapore, the US, Mauritius, the Netherlands, the UK, France and Japan.

In the last year only, the government has eased FDI policy in several sectors including insurance intermediaries and defence.

"26 FDI applications marked to DPIIT have been disposed of in 2020," it added.

The department also said total 84 plots admeasuring

nearly 554.73 acres have been allotted to companies with investment to the tune of over ₹16,100 crore including investors like HYOSUNG (South Korea), NLMK (Russia), HAIER (China), TATA Chemicals and AMUL so far.

Nine companies have also started their commercial production, DPIIT said. It added that Project Development Cells (PDCs) have now been established in 29 ministries/departments of the government, headed by respective Joint Secretary-level nodal officers.

"All PDCs have assumed a smooth functioning, executing clearly defined investor engagement strategies, which includes identification of prospective investors; multi-level engagements with investors that have shown interest; active engagement with a wide range of stakeholders to resolve existing investors' issues; to develop new projects/proposals and to promote existing investment opportunities," it added.

Further, an Investment Clearance Cell (ICC) to provide facilitation and support to businesses through a one-stop digital platform the central Single Window System- is being set up and the platform is planned for launch with select states by April 15, 2021.

"This national portal will integrate the existing clearance systems of the various ministries/departments of Government of India and state governments without disruption to the existing IT portals of ministries," DPIIT said.

It added that DPIIT now aims to develop the first annual 'Industrial Park Rating System 2.0' that would widen its coverage and aim to bring in qualitative assessment further to the pilot phase.

Under this exercise, the assessment of industrial parks including private industrial parks with introduction of qualitative indicators for assessing these parks will be undertaken this year.

# Over 17k patents granted till Nov this fiscal: DPIIT

PRESS TRUST OF INDIA  
New Delhi, December 31

**INDIA GRANTED 17,148 patents till November 30 this fiscal out of 37,660 applications filed, according to the data of the Department for Promotion of Industry and Internal Trade (DPIIT).**

Infrastructure upgradation, manpower augmentation, regulatory reforms and IT enablement have resulted in speedy disposal of intellectual property application, DPIIT said.

According to the data, 1,35,289 trademark registrations have been given during April-November 2020-21. A total of 2,78,023 applications were filed. Similarly, 9,221 copyrights were granted out of 13,861 applications filed during the period.

"Electronic filing systems are in place for filing of applications for patents, trademarks,

**Till November this fiscal, nine patents were granted to start-ups out of 1,262 applications**

designs and geographical indications," the department said.

It added that the scheme for facilitating start-ups' intellectual property protection, launched for encouraging innovation and creativity of start-ups, has now been extended up to March 2023. Till November this fiscal, nine patents were granted to start-ups out of 1,262 applications. In 2019-20, 106 patents were granted. Further, the DPIIT said that quality control orders for 100 products like air conditioner, toys, footwear, and microwave oven, under BIS Act, 1986/2016 as well as 15 products under Indian Explosives Act, 1884 (gas cylinders, valves and regulators) have been issued.

**Helped by KG-D6, India's gas production crosses pre-Covid levels: India's natural gas production crossed pre-Covid levels this week, helped by KG-D6 field of Reliance Industries and its partner BP PLC starting production.** "Domestic gas production of India crosses pre-Covid level (77.8 million standard cubic meters per day on 01 March 2020) at 81.1 mmscmd on 27 December 2020," the Directorate General of Hydrocarbons (DGH) said. —PTI

## Rlys launch new IRCTC website for online booking

The Indian Railways (IR) has launched an upgraded e-ticketing website for online booking of tickets which simplifies train search and selection by putting the information on one page. The website, to be functional from 1 January 2020, will reduce the time used by the passengers and improve the rail travel experience. —FE BUREAU

# We will probably have a very happy new year: DCGI on Covid-19 vaccine

PRESS TRUST OF INDIA  
New Delhi, December 31

**INDIA IS LIKELY to have a Covid-19 vaccine in the New Year, Drug Controller General of India V G Somani hinted on Thursday.**

Speaking at a webinar organised by the Department of Biotechnology, Somani said the most important thing is that the industry and research organisations have stood the test of time.

He talked about the efforts made by the Department of

Biotechnology and said vaccine candidates have got funding. "...and probably we will have a very happy New Year with something in hand. That's what I can hint at," Somnai said.

An expert panel in the Central Drugs Standard Control Organisation (CDSCO) will meet on Friday, the first day of the year, to further deliberate on the matter to consider emergency use authorisation applications by Serum Institute of India (SII) for the Oxford Covid-19 vaccine and Bharat Biotech's 'Covaxin'.

# New Covid-19 strain: Total 25 people in India test positive

The Subject Expert Committee (SEC) on Covid-19 on Wednesday deliberated and analysed the additional data and information submitted by the SII and Bharat Biotech.

The SII, Bharat Biotech and Pfizer have applied to the DCGI seeking emergency use authorisation for their Covid-19 vaccine candidates and are awaiting approval.

**A TOTAL OF 25 people in the country have tested positive for the new UK variant genome of SARS-CoV-2 so far, the Union Health Ministry said on Thursday.** These 25 people include the 20 who were found positive with the mutated strain on Tuesday and Wednesday. —PTI

# Health ministry releases communication strategy to support vaccine rollout

The 88-page document details information to guide national, state and district level communication activities to enable information about Covid-19 vaccines and vaccination process reaches all people, across all states in the country. "The communication strat-

egy that supports the Covid-19 vaccines rollout in India seeks to disseminate timely, accurate and transparent information about the vaccine(s) to alleviate apprehensions about the vaccine, ensure its acceptance and encourage uptake," it said. —PTI
