Citi sees rebound in rupee as RBI slows dollar purchase

THE RUPEE IS SET to bounce back from near an all-time low as the RBI slows its dollar purchases, according to Citigroup, reports Bloomberg. The currency may recover to as strong as 80 per dollar as easing crude prices and rising services exports help narrow the CAD. Almost 11 months of import cover is likely to be prime reason behind the RBI

slowing the pace of accumulation. Rupee fell 4 paise to close at 82.64 against dollar on Monday; it has weakened 0.9% so far this month. That puts the currency less than 1% away from its all-time low of 83.2912 set in October. The central bank boosted its foreign-exchange stockpile to \$600 billion by the middle of May.

DBS Bank to enhance SME focus

Asia connectivity and hunger to grow big positives for Singapore-based bank

AJAY RAMANATHAN Mumbai, May 29

DBS BANK INDIA is looking to increase its small and medium-sized enterprises (SME) mix to 30% of the overall loan portfolio in the next five years, from 10% currently, said the lender's executive director, Sudarshan Chari.

"SME is a focus area. It is one of the key pillars of growth in the background of the wholly owned subsidiary set up," he said.

The bank aims to grow its

SME book at a compound annual growth rate of over 35% in next three-to-four years.

In recent years, the bank has launched various products for SMEs like bank statementbased digital loans, GST-based SME loans and alternate lending through trade.

On the liability front, the bank is leveraging on its branches, relationship managers and partnerships to

acquire more customers. Currently, it has a network of

around 530 branches across 350 locations. Out of these, 300 branches are strategically located in 100 SME hubs and clusters. "We have access to markets,

a strategy, product offerings which we have put in place over the last four years, we have digital loans and partnerships on the ground. Both our liabilities strategy and asset strategy

would play out through our network and partner support," Chari said.

While various Indian banks and non-bank lenders have been vying for a bigger chunk of the SME pie, Chari believes that "Asia connectivity" and "hunger to grow" sets the Singapore-based bank apart.

However, the impact of higher interest rates on SMEs is a key monitorable.

"The spike in interest rates will impact the bottom line of SMEs. Working capital cycles have also got a bit stretched after Covid. The cost of borrowing has also gone up. Those will have an impact on the bottom line," he said.

"The price transfer that SME manages always happens with a bit of a lag. This means that

there will be a short-term impact to the profitability. But on a long-term basis, they will all correct and move on. Overall, of the performance of SMEs."

I do not see a challenge in terms DBS Bank provides a grant of up to 250,000 Singapore dollars or ₹1.5 crore for social enterprises and SMEs that are developing innovative solu-

tions to address key social and

environmental issues.

"We did a survey last year and we figured out that the awareness among SMEs with regard to sustainable practices is quite high. The only challenge that SMEs face is that they would have to do some financial investments. Technological ability and financial ability are the two stumbling blocks," he said.

Oil dips as rate hike bets offset US debt deal

ARATHY SOMASEKHAR Houston, May 29

OIL PRICES SLIPPED on Monday, as worries over further interest rate hikes that could curb energy demand trumped a tentative US debt ceiling deal that would avert a default by the world's top oil consumer.

Brent crude futures slipped 23 cents, or 0.3%, to \$76.72 a barrel by 1640 GMT, while US West Texas Intermediate crude was flat at \$72.67 a barrel.

Trade remained subdued on Monday because of public holidays in the US and UK.

"The euphoria of the debt deal is wearing off as concern mounts for another rate hike by the Fed in June," brokerage
