4. The Shareholders can join the AGM through VC/ OAVM mode atleast 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 shareholders on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Corporate Social Responsibility (CSR) Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
5. The notice of Annual General Meeting will be sent to the members, whose names appear in the register of members / depositories as at closing hours of business, on 15th July, 2022.
6. The attendance of the Shareholders attending the AGM through VC/ OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.

7. Members can raise questions during the meeting or in advance at secretary@centuryextrusions.com. The members are requested to write to the Company atleast 3 days before the AGM through E-mail to secretary@centuryextrusions.com for proper response in the AGM. However, it is requested to raise the queries precisely and in short at the time of meeting to enable to answer the same.
8. Pursuant to Section 113 of the Companies Act, 2013 the corporate members are requested to send a duly certified copy of the Board Resolution authorizing their representative to attend and vote at the Annual General Meeting, to the Company/RTA at secretary@centuryextrusions.com/ rta@cbmsl.com before e-voting/attending Annual General Meeting,
9. In case of joint holders attending the Meeting, only such joint holder who is higher in the order of names will be entitled to vote.
10. Shareholders can also cast their vote using CDSL's mobile app m-Voting available for android based mobiles. The m-Voting app can be downloaded from Google Play Store. iPhone and Windows phone users can download the app from the App Store and the Windows Phone Store respectively. Please follow the instructions as prompted by the mobile app while voting on your mobile.
11. The profile of the Directors seeking appointment/reappointment, as required in terms of applicable Regulations of Securities & Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 is annexed hereto and forms part of this Notice.
12. In view of the COVID-19 pandemic, resultant difficulties involved in dispatching of physical copies of the Annual Report and in line with the said Circulars issued by the MCA and said SEBI Circular, the Annual Report including Notice of the 34th AGM of the Company inter alia indicating the process and manner of e-voting is being sent only by E-mail, to all the Shareholders whose E-mail IDs are registered with the Company/ Depository Participant(s) for communication purposes to the Shareholders and to all other persons so entitled.

16. Those Shareholders, who will be present at the AGM through VC/ OAVM facility and who would not have cast their vote by remote e-voting prior to the AGM and are otherwise not barred from doing so, shall be eligible to vote through e-voting system at the AGM.
17. The Company has appointed Mrs. Ekta Chhaparia (FCA Membership No. 301367), partner of E Chhaparia & Associates, Practicing Chartered Accountants, as the Scrutinizer to scrutinize the remote e-voting and the e-voting at the AGM in a fair and transparent manner, whose e-mail address is echhaparia.associates@gmail.com
18. Institutional Members / Bodies Corporate (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution / Authority letter etc. together with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote through e-mail, at echhaparia.associates@gmail.com with a copy mark to helpdesk.evoting@cdslindia.com on or before **11th August, 2022** till 5.00 P.M. without which the vote shall not be treated as valid.
19. Shareholders holding shares in identical order of names in more than one folio, are requested to write to the Company or to the office of the Registrar & Share Transfer Agent, M/s C. B. Management Services Pvt. Ltd, P-22, Bondel Road, Kolkata-700019, enclosing their share certificate to enable the Company to consolidate their holdings in one single folio.
20. Members holding shares in physical form are requested to notify immediately any change in their address/mandate/bank details to the Company or to the office of the Registrar & Share Transfer Agent, M/s C. B. Management Services Pvt. Ltd, quoting their folio number. The Members updation form forms a part of the Annual Report and is available on the website of the Company.
21. Pursuant to the provisions of the Companies Act, 2013, dividend for the year ended 31 March, 2022 if any and thereafter, which remains unpaid or unclaimed for a period of seven years will be transferred to the Investor Education and Protection Fund (IEPF) of the Central Government.
22. Pursuant to the provisions of Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("The Rules") notified by the Ministry of Corporate Affairs, effective from 7 September, 2016, all shares in respect of which dividend has not been paid or claimed by the shareholders for seven consecutive years or more would be transferred to the Investor Education and Protection Fund (IEPF) Suspense Account. The Company has no such shares on which dividend has not been claimed or paid for a consecutive period of seven years.
23. The Register of Directors' and Key Managerial Personnel and their shareholding maintained as per Section 189 of the Companies Act, 2013 and all other documents referred to in the notice will be available for inspection in electronic mode.

Members can inspect the same by sending an e-mail to secretary@centuryextrusions.com.

24. Subject to casting of requisite number of votes in favour of the resolution(s), the resolution(s) shall be deemed to be passed on the date of Annual General Meeting of the Company.
25. **THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM/EGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:**
 - (i) The voting period begins on **09th August, 2022** at 9:00 A.M. (IST) and ends on **11th August, 2022**, at 5:00 P.M. (IST) During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) i.e. **05th August, 2022** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting, thereafter
 - (ii) Shareholders who have already voted prior to the meeting date would not be entitled for e-voting at the Annual General Meeting.
 - (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

(ANNEXURE '1' TO THE BOARD'S REPORT)
MANAGEMENT DISCUSSION AND ANALYSIS REPORT
Global economic overview:

The post-Covid-19 pandemic recovery is being hit by a potentially huge global supply shock that will reduce growth and push up inflation.

The war in Ukraine has triggered a costly humanitarian crisis that demands a peaceful resolution. Economic damage from the conflict will contribute to a significant slowdown in global growth in 2022. A severe double-digit drop in GDP for Ukraine and a large contraction in Russia are more than likely, along with worldwide spill overs through commodity markets, trade, and financial channels. Even as the war reduces growth, it will add to inflation. Fuel and food prices have increased rapidly, with vulnerable populations—particularly in low-income countries – most affected. Elevated inflation will complicate the trade-offs central banks face between containing price pressures and safeguarding growth. Interest rates are expected to rise as central banks tighten policy, exerting pressure on emerging market and developing economies. Moreover, many countries have limited fiscal policy space to cushion the impact of the war on their economies. The invasion has contributed to economic fragmentation as a significant number of countries sever commercial ties with Russia and risks derailing the post-pandemic recovery. It also threatens the rules-based frameworks that have facilitated greater global economic integration and helped lift millions out of poverty. In addition, the conflict adds to the economic strains wrought by the pandemic.

Although many parts of the world appear to be moving past the acute phase of the COVID-19 crisis, deaths remain high, especially among the unvaccinated. Moreover, recent lockdowns in key manufacturing and trade hubs in China will likely compound supply disruptions elsewhere.

Global growth is projected to slow from an estimated 6.1 percent in 2021 to 3.6 percent in 2022 and 2023. This is 0.8 and 0.2 percentage points lower for 2022 and 2023 than in the January World Economic Outlook Update. Beyond 2023, global growth is forecast to decline to about 3.3 percent over the medium term. Crucially, this forecast assumes that the conflict remains confined to Ukraine, further sanctions on Russia exempt the energy sector (although the impact of European countries' decisions to wean themselves off Russian energy and embargoes announced through March 31, 2022, are factored into the baseline), and the pandemic's health and economic impacts abate over the course of 2022. With a few exceptions, employment and output will typically remain below pre-pandemic trends through 2026. Scarring effects are expected to be much larger in emerging market and developing economies than in advanced economies—reflecting more limited policy support and generally slower vaccination—with output expected to remain below the pre-pandemic trend throughout the forecast horizon. Unusually high uncertainty surrounds this forecast, and downside risks to the global outlook dominate—including from a possible worsening of the war, escalation of sanctions on Russia, a sharper-than-anticipated deceleration in China as a strict zero-COVID strategy is tested by Omicron, and a renewed flare-up of the pandemic should a new, more virulent virus strain emerge. Moreover, the war in Ukraine has increased the probability of wider social tensions because of higher food and energy prices, which would further weigh on the outlook.

Global Aluminium Market Outlook:
ALUMINUM MARKET - GROWTH, TRENDS, COVID-19 IMPACT, AND FORECASTS (2022 - 2027)

The Aluminium Market is Segmented by Processing Type (Castings, Extrusions, Forgings, Rods and Bars, Sheets and Plates, and Other Processing Types (including Pigments and Powders)), End-user Industry (Automotive, Aerospace and Defence, Building and Construction, Electrical and Electronics, Packaging, Industrial, and Other End-user Industries), and Geography (Asia-Pacific, North America, Europe, South America, and Middle-East and Africa).

Market Overview

The aluminum market was evaluated at USD 112 billion in 2021 and is projected to register a CAGR of over 6% during the forecast period 2022-2027.

Over the medium term, the major factor expected to drive the market studied includes increasing construction activities in the Asia-Pacific region.

On the flip side, the slowdown in the global automotive industry is expected to hinder the growth of the market in the forecast period 2022-2027.

The Asia-Pacific region represents the largest market, and it is also expected to be the fastest-growing market over the forecast period due to increasing consumption from countries such as China, India, and Japan.

Key Market Trends

Increasing Demand from the Building and Construction Industry;

In the building and construction industry, aluminium is the second most widely used metal. It is extensively used in windows, curtain walls, roofing and cladding, solar shading, solar panels, railings, shelves, and other temporary structures.

Increasing construction activity worldwide is one of the key factors driving the market studied in recent times.

The Asia-Pacific construction sector is the largest globally, and it is growing at a healthy rate, owing to increases in the population, middle-class incomes, and urbanization. This has accelerated the demand for hotels, shopping malls, high-rise buildings, arenas, and stadiums (both outdoor and indoor), in turn boosting the construction industry and driving the demand for aluminium in the region.

In addition to this, Asia-Pacific has the largest low-cost housing construction segment, led by China, India, and various Southeast Asian countries.

In North America, the US is the largest market for residential construction and is one of the major growth markets in the world.

Almost 80% of individuals prefer single-family housing as an end goal, and almost 70% of people are executing this goal, thus, resulting in an increase in the number of houses being constructed every year.

Overall, the recovering construction activities worldwide are expected to drive the demand for aluminium from the building and construction industry during the forecast period.

Indian Aluminium & Aluminium Extrusion Market Outlook :

The India aluminium extrusion market size was valued at \$1.3 billion in 2019, and is projected to reach \$2.5 billion by 2027, growing at a CAGR of 8.3% from 2020 to 2027.

Increase in demand for lightweight materials in various end-user industries is the major growth driver of the aluminium extrusion market in India. However, high capital cost and slow productivity of aluminium extrusion restricts the market growth.

Based on product, anodised extrusion is expected to witness highest India aluminium extrusion market growth. This is attributed to high chemical resistance of anodized extrusion, which are becoming increasingly important for industrial applications. Due to the thick layer of aluminium oxide, it is highly resistant to corrosion.

India has 400 die casting companies, making it one of the major suppliers of die cast parts in global market. Of these, over 25 units produce around 12000 tonnes of die cast parts per year. Aided by the 1.3 million tons of aluminium production, the Indian industry consumes over 0.28 million tons of die-castings. In general, the die casting market is highly correlative to automobile industry. Availability of skilled, cheaper labour force and the government incentives for small and medium scale industries, stringent emission norms, and favourable domestic environment for automobile industry is expected to drive die casting market in India.

OPPORTUNITIES AND THREATS

We are constantly on the lookout for opportunities that knock on our doors, while keeping tab on the likely threats to our business.

Opportunities-

Low penetration of motor vehicles in developing economies and growing industrialization in emerging economies provide wider opportunities for the growth of the Aluminium sector.

Threats-

Competition from low cost manufacturers is likely to continue.

COMPANY OVERVIEW AND GROWTH STRATEGY

Improved service, prompt response and wider reach to dealers, distributors and the satisfaction of customers have been our continued endeavour for business development.

Success Drivers

Our Legacy: With an experience spanning a rich 34 years, our Company enjoys a number of first mover advantages comprising a comprehensive understanding of the aluminium and aluminium extrusions market, reputed brand and a strong customer base.

Integration: We possess in-house facilities for –

- Melting, casting and homogenization of billets,
- Extrusions manufacturing with three press lines
- Die manufacturing,
- Manufacturing various value added products of extrusions for engineering applications, and
- Manufacturing Power Transmission & Distribution Hardware

With 3 extrusion press lines, the Company has a capacity to produce 15000MT of Aluminium Extrusions, which as per the information available with the Company.

Die Library: The Company possesses an inventory of more than 5000 dies to manufacture over 3500 profiles. The Company maintains back-up dies for meeting the requirements of fast moving profiles.

Availability of raw material: The Company accesses raw material (aluminium ingots and billets) from two renowned and proximate primary metal manufacturers- Vedanta Aluminium, and NALCO, The Company is one of India's largest institutional aluminium ingots/billets consumers with corresponding purchase economies.

Quality assurance: The Company's manufacturing facility is accredited with the prestigious **ISO-9001:2015** certification endorsing its strong quality systems. Our Company continues to emphasize on maintaining the utmost quality and safety standards in its factory. Our Company is **AS9100D** (technically equivalent to EN 9100:2018 and JISQ9100:2016) also **ISO 14001:2015** and **ISO 45001:2018** certified.

The Company supplies extrusions as per tolerances laid down by the Bureau of Indian Standards in accordance with BIS: 2673-1979, BIS: 3965-1981 and BIS: 6477-1983, and with even stringent tolerances as per customer needs based on mutual agreement.

The sharp focus on Quality in all its initiatives has enabled our Company to launch some specific value-added services

Product applications: We manufacture extruded products for varied applications, viz.:

- Profiles for Architectural Applications such as Building Systems, Structural Glazing, Curtain Walls, Aluminium Rolling Shutters, Windows, Doors, Partitions, False Ceilings, Tower Bolts, Hand Rails, Door Handles, Hinges, Drapery Rods, Modular Furniture, etc.
- Profiles for Aluminium Form work
- Profiles for Road Transport Sections
- Profiles for Rail Coach Windows & Doors
- Profiles for manufacture of Automobile Components
- Profiles for Heat Transfer in Electronics & Electrical Gadgets
- Profiles for Electrical applications such as Tubes and Flats for Bus Bars, Transmission Line Hardware such as P.G. Clamps, H-Connectors, Repair Sleeves, Lugs, Solar Panels etc.
- Profiles for Engineering Applications such as Motor Housings, Gear Pump Casings, Ferrules, A.C.Louvres, Machinery Parts, Elevators, Pneumatic Actuators, Pneumatic Cylinders, Valve Bodies, etc.
- Profiles for various Defence Applications and many more.

The Company also has necessary set up to supply extruded & cold drawn round bars and hexagonal bars in straight lengths for various engineering applications. It also has a set up to supply extruded & cold drawn rods/wires in coil form to be used as armour rods, lamp pin stock, metallizing wire, rivet stock, welding filler wire (MIG & TIG), etc.

Customer profile: The Company possesses a portfolio of over 500 reputed customers. The Company has retained most of the customers over a period of 32 years.

Our Company has an installed capacity to produce 15000 MT of extrusions per annum. As against this, our production for the financial year **2021-22 was 10990 MT**. We have a significant spare capacity to increase production and sales volume.

Our Company is planning to minimise the gap of installed capacity and actual production during the financial year 2022-23.

The segment-wise expected demand growth is given hereafter:

1. **Power Sector** – Power and infrastructure sectors in India are witnessing and would continue to witness strong growth in the coming years with the boost from policy measures and budgetary allocations. Our country faces continuing power shortage. More investments to plug the gap means more aluminium extrusions.
2. **Engineering Applications**- Aluminium Extrusions are increasingly being used to manufacture forged and forged & machined components for use as parts of machinery, fasteners, rivets, wire rope ferrules, motor housings for domestic pumps, hydraulic gear pump casings, heat sinks, ladders, elevators, etc.
3. **The Sustained Agriculture Emphasis in our Country** – More investments in irrigation mean more aluminium extrusions.
4. **Solar Energy Industry** is an emerging opportunity, which implies significant consumption opportunities for aluminium extrusions from solar panels over the years to come.
5. **Indian Defence Sector**: Aluminium extrusions are consumed in a wide range of applications in this sector, comprising tail-end fuse connectors for detonator shells and grenades, frame-work for tents and as a roll-over ‘mattress’ for tanks to navigate difficult terrains. Given the significant supply deficits, high growth potential and conducive government policies, a large opportunity.

Power T & D Hardware

India today stands at the threshold of being an economic superpower. Power is one of the key requirements to support and sustain our economic growth. Power is a key ingredient in driving growth in manufacturing & services. Aluminium finds growing use in this space as it is directly used in the overhead transmission and distribution lines.

Power Transmission and Distribution Hardware Fittings are required for use on Overhead Transmission and Distribution Lines for connecting Insulators with Tower/Pole Cross Arms and Insulators with conductors.

The Company has manufacturing facilities for casting of Aluminium Alloys, manufacturing of Extruded products in Aluminium & its Alloys, Wire Drawing, Helical Products, Fabrication of Ferrous & Non-Ferrous Components, Argon Welding, Electric Arc Welding, Machining, Bundle Spacer Assembly, Vibration Damper Assembly, Conductor Accessories, Clamp Connectors for Hardware Assembly, and manufacturing of Tools, Dies & Moulds. Aluminium is also used in insulated and underground cables laid in large populated urban areas and in reserved forests (to avoid deforestation), Round Tubes are used for corona control rings, grading rings, mid-span compression joints, dead-end clamps and jointing sleeves, among others, signifying huge opportunities for extrusions in the power sector.

The Company has successfully registered itself as a supplier of its products with a number of State Electricity Boards during the year and the process is continuing. The process will get further momentum as company achieves requirements of minimum years of supply track record and experience, with each passing year. The Company has received substantial orders from the said State Electricity Boards, Transmission and Distribution Line State based utilities and Erection Contractors.

FINANCIAL PERFORMANCE

The Company reported a sales turnover in the financial year 2021-22 of ₹ 32,246 lacs as against ₹ 18,733 lacs in the previous financial year, recording Increase of about 72.13% in the sales turnover of the Company.

The Profit after Tax (PAT) for the financial year 2021-22 is ₹ 617 lacs as against profit of ₹ 218 lacs reflecting of about 183.02% Increase in the financial performance of the Company.

The Increase in turnover as well as consequently, increase in Profit after Tax (PAT) in comparison to the previous financial year to this financial year due to the bounce back of economic activities after various waves of COVID-19 pandemic.

RISKS AND AREAS OF CONCERN

The Company’s capability to assess and manage business risks is crucial in achieving targets. In the current economic scenario, the Company perceives the following risks and concerns.

- a) **Market Competition**: The Company is operating in a highly competitive market as market dynamics are forever changing with entry of new players in the field of extrusion manufacturing. New players are targeting resellers consequently

old players who were earlier in reseller markets are turning towards end users creating competition for the Company. With free market economy now prevailing in India, high quality imported extrusions are freely available in the local market. Hence unless Indian Extrusion Industry, particularly in the unorganized sector undertakes technological up-gradation in the foreseeable future, over next five years, this sector may be wiped out of the market by availability of cheaper and superior quality imported products.

- b) **Delay in clearances/approval by Govt. agencies:** There are delays in obtaining lease renewals for land mortgaged with financial institutions and banks. This adversely affects the financial facilities obtained from the Banks.
- c) **Competition from local manufacturers:** Some of the customers prefer local suppliers for faster deliveries. Further to compete with local suppliers, we have to sacrifice our margin to neutralize the effect of higher Freight and Goods and Services Tax. We are located in a comparatively under-developed part of the country and the demand in this part is not good enough to account for our capacity. We have to sell a substantial quantity (over 70%) in other parts of India where our realization is lower compared to local supplies due to impact of the high freight and Goods and Services Tax.
- d) **Retention of experienced manpower:** Company faces a challenge in retaining the trained work force. The Company has created employee friendly policies and a conducive environment for work life balance.
- e) **Price Inflation Risk:** Fluctuating raw material prices have been witnessed too often over the past few years. Continuous monitoring of aluminium metal inventory in order to get maximum benefit or alternatively to minimize loss by keeping ideal inventory levels in each circumstance is a major challenge, and this is regularly monitored at the highest level in the Company.

RISK MANAGEMENT

Your Company has a system based approach to business risk management. Backed by a strong internal control system, the current risk management framework consists of the following elements:

A strong and independent Internal Audit Function carries out risk focused audits enabling identification of areas where risk management processes may need to be improved. The Audit Committee of the Board reviews Internal Audit findings and provides strategic guidance on internal controls. The Audit Committee closely monitors the internal control environment within the Company and ensures that Internal Audit recommendations are effectively implemented.

The Senior Management of the Company periodically reviews the risk management framework to effectively address the emerging challenges in a dynamic business environment.

The Company strives to identify opportunities that enhance Organizational values while managing & mitigating risks that can adversely impact its future performance.

SEGMENT-WISE / PRODUCT-WISE PERFORMANCE

The Company has two business segments i.e. manufacturing of Aluminum Extruded Products and manufacturing of Power Transmission and Distribution Line Hardware. However, the Company does not fall under any of the criteria laid down under AS-17 and hence Segment Reporting is not applicable.

INTERNAL CONTROL SYSTEM

The internal control systems and procedure are continuously monitored to enhance its effectiveness and to be commensurate with the scale and nature of its operations. M/s Agarwal Tandon & Co., Chartered Accountants, Room No. 7, 1st Floor, 59 Bentineck Street Kolkata-700069 were as the Company's internal auditors, directly reporting to the Audit Committee. During the year the Audit Committee of the Board regularly met to discharge its functions. The Audit Committee reviews compliance to the Revenue Recognition of the Company. Internal audit activities are undertaken as per the Annual Audit Plan as approved by the Audit Committee and the committee reviews compliance with the plan.

The Audit Committee regularly meets with the statutory auditors to review their observations on the financial reports.

ANNEXURE '5' TO THE BOARD'S REPORT**SECRETARIAL AUDIT REPORT****FORM NO. MR - 3****For the Financial Year ended March 31, 2022**

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Century Extrusions Limited
113, Park Street N Block, 2nd Floor
Kolkata-700016
West Bengal

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. Century Extrusions Limited (CIN: L27203WB1988PLC043705)** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on **March 31, 2022** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I further report that compliance with applicable laws is the responsibility of the company and our report constitutes an independent opinion. Our report is neither an assurance for future viability of the company nor a confirmation of efficient management by the company.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made hereunder;

 - (d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009, to the extent as applicable.
 - (e) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014. (During the Audit Period there were no such events/instances which attract the applicability of the Regulations.)
 - (f) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008. (During the Audit Period there were no such events/instances which attract the applicability of the Regulations.)

- (g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (During the Audit Period there were no such events/instances which attract the applicability of the Regulations.)And
 - (i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998. (During the Audit Period there were no such events/instances which attract the applicability of the Regulations.)
- (vi) I have also examined the secretarial compliance on test check basis of the books, papers, forms and returns, if any, filed and other records maintained by M/s. Century Extrusions Limited for the financial year ended on 31st March, 2022, according to the provisions of the following laws specifically applicable to the company and as represented to us during our audit, as also referred in above paragraphs of this report;
- (a) The Water (Prevention and Control of Pollution) Act, 1974.
 - (b) The Air (Prevention and Control of Pollution) Act, 1981.
 - (c) The Environment (Protection) Act, 1986.

I have also examined compliance with the applicable clauses of the following:

- (vii) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (viii) The Standard Listing Agreements entered into by the Company with National Stock Exchange of India Limited (NSE) and The Bombay Stock Exchange Limited (BSE).

That on the basis of the audit as referred above, to the best of my knowledge, understanding and belief, I am of the view that during the period under review, the company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above.

I further report that

- a) The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and Women Directors. The changes in the composition of the Board of Directors that took place during the period under review if any were carried out in compliance with the provisions of the Act.
- b) Adequate notice is given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- c) Majority decisions at Board Meetings and Committees thereof were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or the Committee as the case may be.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the Audit Period the Company had not gone through any specific events having a major bearing on the Company's affairs in pursuance to the above referred laws, rules, regulations, guidelines, standards, etc.

This report is to be read with our letter of even date which is annexed as **Annexure A** and forms as an integral part of this report.

INDEPENDENT AUDITOR'S REPORT

To The Members of
CENTURY EXTRUSIONS LIMITED,
Report on the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **CENTURY EXTRUSIONS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
<p>Revenue Recognition</p> <p>Revenue from the sale of goods (here in after referred to as "Revenue") is recognised when the Company performs its obligation to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such recognition in case of sale of goods is when the control over the same is transferred to the customer, which is mainly upon delivery.</p> <p>The timing of revenue recognition is relevant to the reported performance of the Company. The management considers revenue as a key measure for evaluation of performance. There is a risk of revenue being recorded before control is transferred.</p> <p>Refer Note 1 to the Standalone Financial Statements - Significant Accounting Policies</p>	<p>Principal Audit Procedures</p> <p>Our audit approach was a combination of test of internal controls and substantive procedures including:</p> <ul style="list-style-type: none"> - Assessing the appropriateness of the Company's revenue recognition accounting policies in line with Ind AS 115 ("Revenue from Contracts with Customers") and testing thereof. - Evaluating the integrity of the general information and technology control environment and testing the operating effectiveness of key IT application controls. - Evaluating the design and implementation of Company's controls in respect of revenue recognition. - Testing the effectiveness of such controls over revenue cut off at year-end. - Testing the supporting documentation for sales transactions recorded during the period closer to the year end and subsequent to the year end.

Key Audit Matter	How our audit addressed the key audit matter
<p>Assessment of litigations and related disclosure of contingent liabilities</p> <p>As at March 31, 2022, the Company has exposures towards litigations relating to various matters. Significant management judgment is required to assess such matters to determine the probability of occurrence of material outflow of economic resources and whether a provision should be recognised, or a disclosure should be made. The management judgment is also supported with legal advice in certain cases as considered appropriate.</p> <p>As the ultimate outcome of the matters are uncertain and the positions taken by the management are based on the application of their best judgment, related legal advice including those relating to interpretation of laws/regulations, it is considered to be a Key Audit Matter.</p> <p>Refer Note 33 to the Standalone Financial Statements –Commitments and Contingent Liabilities</p>	<p>- Performing analytical procedures on current year revenue based on monthly trends and where appropriate, conducting further enquiries and testing.</p> <p>Principal Audit Procedures</p> <p>Our audit approach was a combination of test of internal controls and substantive procedures including:</p> <ul style="list-style-type: none"> - Understanding, assessing and testing the design and operating effectiveness of key controls surrounding assessment of litigations relating to the relevant laws and regulations; - Discussing with management the recent developments and the status of the material litigations which were reviewed and noted by the audit committee; - Performing our assessment on a test basis on the underlying calculations supporting the contingent liabilities/other significant litigations made in the Standalone Financial Statements; - Using auditor’s experts to gain an understanding and to evaluate the disputed tax matters; - Considering external legal opinions, where relevant, obtained by management; - Analysing the response obtained from Company’s external legal counsel to understand the interpretation of laws/regulations considered by the management in their assessment relating to a material litigation; - Evaluating the management’s assessments by understanding precedents set in similar cases and assessed the reliability of the management’s past estimates/judgments; - Assessing the adequacy of the Company’s disclosures. <p>Based on the above work performed, management’s assessment in respect of litigations and related disclosures relating to contingent liabilities/other significant litigations in the Standalone Financial Statements are considered to be reasonable.</p>

Other Information

The Company’s Board of Directors is responsible for the Other Information. The other information comprises the information included in the Board’s Report, Corporate Governance and Shareholders Information but does not include in the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusions thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to be report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance

with the accounting principles generally accepted in India, including the India Accounting Standard (Ind AS) specified under section 133 of the Act read with relevant Rules issued there under. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order 2020 ("the Order"), issued by the Central Government of India in terms of Section 143) of the Act, we give in the Annexure "A" the matters specified in paragraph 3 and 4 of the Order, to the extent applicable to the Company.

ANNEXURE “B” TO THE AUDITORS’ REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **CENTURY EXTRUSIONS LIMITED (“the Company”)**, as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to

the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

The Company Information

Century Extrusions Limited ('the Company') is one of India's large pure play aluminium extrusion manufacturer. The Company enjoys a number of first mover advantages comprising a comprehensive understanding of the aluminium and aluminium extrusions market, reputed brand, low historical asset cost and a strong customer base, among others. The Company possesses in-house facilities for die manufacturing, melting and casting of billets and the extrusions manufacturing facility with three press lines. The Company manufactures extrusions for varied applications (architectural, hardware, road transport - vehicles, railways, electrical and electronic applications, engineering applications, automotive sector, consumer durables, Defence applications and irrigation, among others).

The company is a public limited company incorporated and domiciled in India and has its registered office at Kolkata (West Bengal) with regional marketing offices in Bangalore, Chennai, Coimbatore, Delhi, Hyderabad, Kanpur, Kolkata & Mumbai. The Company's production facility is located at Kharagpur (West Bengal) in eastern part of India, close to leading primary aluminium manufacturers in India. Its shares are listed on National Stock Exchange & Bombay Stock Exchange.

The financial statements for the year ended March 31, 2022 were approved by the Board of Directors and authorised for issue on 23rd May 2022.

Note: 1 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Statement of Compliance

These Financial Statements comply in all material aspects with Indian Accounting Standards (IND AS) notified under section 133 of the Companies Act, 2013 (the Act) read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 & Companies (Indian Accounting Standards) Amendment Rules 2016.

b) Basis of Preparation

The Financial Statements of the Company have been prepared on historical cost convention under accrual method of accounting and as a going concern concept except for certain assets and liabilities which are measured at fair values as required by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as per the Company's normal operating cycle and the other criteria as set out in the Division II of Schedule III to the Companies Act, 2013 (as amended). The Company has ascertained its operating cycle as 12 months for the purpose of current and noncurrent classification of assets and liabilities.

c) Use of Estimates

In preparing the financial statements in conformity with Ind AS, management has made estimates, judgments and assumptions which affect the application of accounting policies and the reported amounts of assets and liabilities as at the date of financial statements and the reported amounts of revenues and expenses during the year. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting are recognized prospectively. Changes in estimates are reflected in the financial statements in the year in which changes are made and, if material, their effects are disclosed in the notes to financial statements.

Critical estimates and judgements

The areas involving critical estimates or judgements are as follows:

- Estimated useful life of intangible asset
Intangible asset comprises of computer software. The management estimates the useful life of the software to be 6 years based on the expected technical obsolescence of such assets. However, the actual useful life may be shorter or longer than 6 years, depending on technical innovations and competitor actions.
- Recognition of deferred tax assets for carried forward tax losses
The management has made estimates regarding the probability that the future taxable profits will be available against which deferred tax assets can be used.

- Impairment of trade receivables

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The management uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

d) Property, plant and equipment

Property, plant and equipment (PPE) are stated at cost less accumulated depreciation/amortization and impairment, if any. Cost comprises of purchase price and directly attributable cost of acquisition/ bringing the asset to its working condition for its intended use (net of credit availed, if any). Capital work in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.

Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight line method basis over the useful lives as prescribed under Schedule II to the Companies Act, 2013.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company.

Depreciation on additions is provided on a pro-rata basis from the date of installation or acquisition. Depreciation on deductions/disposals is provided on a pro-rata basis up to the date of deduction/disposal.

e) Intangible Assets

Intangible assets include Computer Software acquired separately and measured on initial recognition at cost. Directly attributable costs that are capitalized as a part of the software includes its purchase price. The useful life of the Computer Software has been assessed as finite by the management on the justification of technological obsolescence. The useful life of all the Software has been assumed six years. Annual maintenance charges and Renewal Fees are expensed in the period occurred.

Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

f) Impairment of Non-financial assets

The Company assesses at each reporting date whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called cash generating unit may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount.

g) Inventories

Inventories are valued at the lower of the cost and net realizable value (NRV). Cost of inventories is computed on first in, first out basis (FIFO) basis. Cost incurred in bringing each product to its present location and condition are accounted as follows:

- (a) Raw Materials:** Cost includes Cost of Purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

(b) **Finished Goods & WIP:** cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

(c) **Stores & Spares:** Cost is determined on FIFO basis.

NRV is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

h) **Borrowing costs**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale and borrowing costs are being incurred. All other borrowing costs are expensed in the year in which they occur. Qualifying assets are assets that necessarily take a substantial period to get ready for their intended use or sale.

i) **Provisions, Contingent liabilities and Contingent Assets**

Provisions are recognised when there is a present obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made. Provisions are not discounted to its present value and are determined based on the best estimate required to settle the obligation at each Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the best current estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

j) **Foreign currency transactions and translations**

Items included in the financial statements are measured using the currency of the primary economic environment in which the company operates (the functional currency). The company's financial statements are presented in Indian rupee (INR), which is also the company's presentation and financial currency. These financial statements are presented in Indian rupees.

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the balance sheet date. The gains or losses resulting from such translations are included in net profit in the statement of profit and loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cashflow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

Forward Exchange Contracts

The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of contract. Exchange differences on such contracts except the contracts which are long-term foreign currency monetary items, are recognised in the statement of profit and loss in the period in which the exchange rates change, any profit and loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

k) **Government Grant**

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached

conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

l) Revenue recognition

With effect from 1 April 2018, the Company has adopted IND AS 115 'Revenue from Contracts with Customers' which introduces a new five-step approach to measuring and recognising revenue from contracts with customers. Under IND AS 115, revenue is recognised on satisfaction of performance obligation at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The Company has elected to apply the Cumulative catch up method in adopting IND AS 115. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and can be reliably measured. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

A. Sale of Goods

Revenue is recognized on satisfaction of performance obligation at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring goods to a customer.

B. Interest Income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the management estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss.

m) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease term.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company's lease liabilities are included in Interest-bearing loans and borrowings

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of Land & building (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same.

n) Income Tax

The income tax expense or credit for the year is the tax payable on the current year's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities (including MAT) attributable to temporary differences and to unused tax losses.

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the year that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

o) Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

p) Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial Assets

Initial Recognition

All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- entity's business model for managing the financial assets and
- contractual cash flow characteristics of the financial asset.

Debt Instruments

Amortised Cost

A financial asset is subsequently measured at amortise cost, if the financial asset is held within a business model, whose objective is to hold the asset in order to collect contractual cash flow and the contractual term of financial asset give rise on specified date to cash flow that are solely payment of principal and interest on principal amount outstanding.

Fair Value through Other Comprehensive Income

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

Fair Value through Profit or Loss

A financial asset is classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial Liabilities

Initial Recognition

Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

Derecognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the contractual rights to receive the cash flows from the asset.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

q) Fair value measurements

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ◆ In the principal market for the asset or liability.
- Or
- ◆ In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

r) Employee benefits

Defined contributions plan

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, employees provident fund, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution, in respect of certain employees, is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

Defined benefit plans

The Company's Liabilities on account of Gratuity and Earned Leave on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from Registered Actuary in accordance with the measurement procedure as per Indian Accounting Standard (Ind AS) -19., 'Employee Benefits'

The gratuity liability is covered through a policy taken by a trust established under the group gratuity scheme with Life Insurance Corporation of India (LIC). The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

The Defined Benefit Plan can be short term or Long terms which are defined below:

(i) **Short term Employee benefit**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefits obligations in the balance sheet.

(ii) **Long term Employee benefits**

Compensated absences which are not expected to occur within 12 months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

s) **Segment reporting**

An operating segment is a component of the Company that engages in business activities from which It may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments. The Company has two business segments i.e. manufacturing of Aluminium Extruded products and manufacturing of Transmission and Distribution Line as per the management. However, as per the Ind AS- 108 "Operating segments" specified under Section 133 of the Companies Act, 2013, there are no reportable operating or geographical segments applicable to the Company.

t) **Borrowings**

Borrowings are measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

u) **Earnings per share**

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

v) Derivatives and Hedge Accounting

Derivatives are initially recognised at fair value and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gains / losses is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of recognition in profit or loss / inclusion in the initial cost of non-financial asset depends on the nature of the hedging relationship and the nature of the hedged item.

The Company complies with the principles of hedge accounting where derivative contracts are designated as hedge instruments. At the inception of the hedge relationship, the Company documents the relationship between the hedge instrument and the hedged item, along with the risk management objectives and its strategy for undertaking hedge transaction, which can be a fair value hedge or a cash flow hedge.

a) Fair value hedges –

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in fair value of the hedged item attributable to the hedged risk are recognised in the Statement of Profit and Loss in the line item relating to the hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit or loss from that date.

b) Cash flow hedges –

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the other comprehensive income. The gains / losses relating to the ineffective portion is recognised in the Statement of Profit and Loss.

Amounts previously recognised and accumulated in other comprehensive income are reclassified to profit or loss when the hedged item affects the Statement of Profit and Loss. However, when the hedged item results in the recognition of a non-financial asset, such gains / losses are transferred from equity (but not as reclassification adjustment) and included in the initial measurement cost of the non-financial asset.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gains/losses recognised in other comprehensive income and accumulated in equity at that time remains in equity and is reclassified when the underlying transaction is ultimately recognised. When an underlying transaction is no longer expected to occur, the gains / losses accumulated in equity is recognised immediately in the Statement of Profit and Loss.

32. Significant Accounting Judgements, Estimates and Assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements : In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using other valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

(Amounts in ₹ Lacs)

The fair values for loans and security deposits were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowings rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

36. Financial Risk Management Objectives and Policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include trade and other receivables, and cash & cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. This financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(A) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risks. Financial instruments affected by market risk include loans and borrowings in foreign currencies.

a) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates. The Company is carrying its borrowings primarily at variable rate. The Company expects the variable rate to decline, accordingly the Company is currently carrying its loans at variable interest rates.

	31 March 2022	31 March 2021
Variable rate borrowings	4205	3877
Fixed rate borrowings	211	109

Interest Rate Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variable held constant, the Company's profit/(loss) before tax is affected through the impact on floating rate borrowings, as follows:

	Effect on Profit before tax	
	31 March 2022	31 March 2021
Increase by 100 basis points (31 March 2022: 100 bps)	(42)	(39)
Decrease by 100 basis points (31 March 2022: 100 bps)	42	39

b) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument leading to a financial loss. The Company is exposed to credit risk from its financing activities, including deposits with banks and financial institutions and other financial instruments.

(i) Trade Receivables

Customer credit risk is managed by each business location subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

(Amounts in ₹ Lacs)

and individual credit limits are defined in accordance with the assessment both in terms of number of days and amount. Any Credit risk is curtailed with arrangements with third parties .

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 10. The Company does not hold collateral as security.

(ii) Financial Instruments and Cash Deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investment of surplus funds are made only with approved counterparties . The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2022 and 31 March 2021 is the carrying amount as illustrated in Note 34.

(B) Liquidity Risk

Liquidity risk refer to the risk that the Company may not able to meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per the requirement. The Company has obtained adequate fund and non fund based working capital limits from its bankers. The Company maintains its surplus funds, if any, in deposits / balances which carry low market risk. The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments -

Note 43 : Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

(Amounts in ₹ Lacs)

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade payables, less cash and cash equivalents.

	31 March 2022	31 March 2021
Borrowings (Note - 14 and 17)	4416	3986
Trade Payables (Note-18)	2275	1446

Net Debt	6680	4574
Shareholder Fund	5924	5287
Net Debt to Equity Ratio	1.13	0.87

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2022 and preceding year.
