The anti-touting team of the Rajkot Division of Western Railway (WR) apprehended six accused and busted an interstate gang involved in ticket touting, development and sale of illegal software and use of fake user IDs of IRCTC for booking tickets illegally.

The WR Railway Protection Force (RPF) seized 1,42,140 tickets valued at Rs 28.57,10,555 from the six accused. Of these, over 1,67,000 tickets are live (unused). These tickets have been blocked and the amount has been forfeited by the railways.

were also collected as incriminating evidence from Giri.

"The team also received conclusive information about software admin Abhishek Sharma from Vapi and nabbed him. He voluntarily confessed to being an integral part of the tout syndicate and indulging in the business of selling illegal software through Telegram," an RPF official said, adding that another gang member, Aman Kumar Sharma was arrested from Mumbai on August 6 and confessed to selling personal user IDs on telegram. After 20 yrs, customs officer acquitted in excess assets case

IO clubbed wife's income to show huge figure, says court

BHAVNA UCHIL Mumbai

A 71-year-old retired customs officer who was booked two decades ago in 2002 in a disproportionate assets case was on Thursday acquitted by a special court which held that his excess income was only to the extent of Rs 1 lakh which amounted to only 10 per cent of his income. The court also noted that the investigating officer had clubbed the officer's wife's income to show his disproportionate assets as a huge figure.

The Central Bureau of Investigation's (CBI) Anti-Corruption Bureau (ACB) had booked PN Muralidharan Pillai, who served as preventive officer, customs department, under provisions of the Prevention of Corruption Act (PCA). Pillai was on deputa-

that had been recovered from Pillai's home, along with Rs 4 lakh in cash.

The court noted in its judgment that Rs 4 lakh is duly accounted for in income tax returns of Pillai's wife who has an independent business as well as income from agricul-

tural land in her home state and income from rental property. The amount was paid by a prospective buyer for her flat in Boisar as earnest money. The court held that the amount thus has to be considered as the wife's income. It held upon calculations that Pillai was found in excess of only Rs 1.05 lakh.

The court said the sanctioning authority that had granted the sanction to prosecute the accused, a public servant, had been kept in the dark about an order for the Enforcement Directorate dropping charges against Pillai, which came seven months prior to seeking sanction. It said the officer has "selectively withheld" and "wilfully avoided" to consider the amounts (of wife's income). It held that no disproportionate assets were found as alleged by the prosecution.

The Central Bureau of Investigation (CBI) has registered a case of disproportionate assets against a former member of the Central Administrative Tribunal (CAT) and Securities Appellate Tribunal (SAT), and his wife.

According to the FIR filed by the CBI on Monday (August 29), a preliminary enquiry was registered on June 30, 2019, against the then member of CAT and subsequently a member of SAT, on the allegations that while functioning as a member of SAT at Mumbai during 2013-18 he had acquired immovable assets in his name and in the name of his wife which are disproportionate to their known sources of income.

"The enquiry has revealed

proportionate to his known sources of income. The enquiry further revealed that on December 07, 2006, he had joined CAT in Mumbai and relinquished the charge on December 06, 2011, after completing a tenure of five years,"

He was again appointed for the second term as CAT member (judicial) on December 30, 2011, whereby he remained posted at the Mumbai Bench, Ahmedabad Bench and the Principal Bench (New Delhi). He relinquished charge of the office of Principal Bench on February 19, 2013. Subsequently, agency officials claimed he was appointed as SAT member and assumed charge between February 20, 2013, and February 19, 2018.

Mira-Bhayandar sweet shops flout FDA advisory

SURESH GOLANI / Mira-Bhayandar

Several sweetmeat shops in Mira Road and Bhayandar are brazenly flouting the advisories issued by the Food and Drugs Administration (FDA) authorities, including the display of 'use by date' information for loose sweets kept in trays and containers.

In the wake of the festive season, the FDA had recently issued a list of directions to sweetmeat makers and shopkeepers which includes preparing sweets in hygienic conditions, use of drinking water, use by date to be mentioned while displaying sweets on counters for sale, temperature checks and medical tests of workers to ensure that they are free from any infections and

skin diseases. "Apart from issuing the advisory we have been taking awareness sessions and food safety training and certification (FOS-TAC) training for manufacturers and sweet shop owners to ensure due diligence is taken while preparing, storage, distribution and over-the-counter sale of eatables. Surveillance has also been intensified," assistant FDA commissioner (Thane) Digamber Bhogawde said.

He added that while sample testing is a regular process, two shops in Mira Road were slapped with a fine of Rs 50,000 and Rs 25,000, respectively, for not displaying the use-by-date board. "People can call us on our toll-free number - 1800 222 365 - to register complaints," he said.

Youth poses as girl online to get nude pics of minor, held

SURESH GOLANI / Mira-Bhayandar

A 21-year-old landed in the custody of the cybercrime unit attached to the Mira Bhayandar-Vasai Virar (MBVV) police on alleged charges of posing as a female on a well-known social networking application to lure a minor school girl into sending her obscene pictures and videos. The accused is a college dropout and works as a delivery boy with a merchandise aggregator in Kashmiria.

The action followed in response to a complaint registered by the girl's father on August 27, stating that his minor daughter was being threatened and blackmailed by the accused. A team led by police inspector Sujitkumar Gunjkar and sub-inspector

Prasad Shenolkar under the guidance of DCP Vijaykant Sagar, apprehended the accused from Mira Road on the virtue of technical surveillance within 48 hours.

The accused had created fake accounts and represented himself as a girl to lure minors into sending him their obscene videos and photos which were later used as a tool to blackmail them into sending more such content. The police also recovered his smartphone containing the objectionable content which proved his misdemeanour.

The cybercrime unit has handed over the case and the accused - booked under relevant IPC, IT Act and stringent POC-SO sections - to the Kashmiria police for further investigations.
