VALUATION APPROACH & METHODOLOGY

Basis and Premise of Valuation:

Valuation of the equity shares of the Companies as on the Valuation Date is carried out in accordance with ICAI Valuation Standards ('ICAI VS'), considering 'relative value' base and 'going concern' premise. Valuation base means the indication of the type of value being used in an engagement. Any change in the Valuation base, or the Valuation premise could have a significant impact on the Valuation outcome of the Companies.

Basis of Valuation

It means the indication of the type of value being used in an engagement. Fair Value as per ICAI VS is defined as under:

'Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the valuation date.'

Premise of Value:

Premise of Value refers to the conditions and circumstances how an asset is deployed. Valuation of the Companies is carried out on a Going Concern Value premise which is defined under ICAI VS as under:

'Going concern value is the value of a business enterprise that is expected to continue to operate in the future. The intangible elements of going concern value result from factors such as having a trained work force, an operational plant, the necessary licenses, systems, and procedures in place, etc.'

It is pertinent to note that the valuation of any business/company or its assets is inherently imprecise and is subject to various uncertainties and contingencies, all of which are difficult to predict and are beyond our control. In performing our analysis, we made numerous assumptions considering inter-alia general business and economic conditions, many of which are beyond the control of the company. In addition, this valuation will fluctuate with changes in prevailing market conditions, and prospects, financial and otherwise, of the business, and other factors which generally influence the valuation of the company, its business and assets.

The application of any particular method of valuation depends on the purpose for which the valuation is done. Although, different values may exist for different purpose, it cannot be too strongly emphasized that a valuer can only arrive at one value for one purpose. Our choice of methodology of valuation has been arrived at using usual and conventional methodologies adopted for transactions of similar nature and our reasonable judgment, in an independent and bona fide manner based on our previous experience of assignments of a similar nature.

Commonly accepted approach/ methods for determining the value of the equity shares of a company/ business, include:

- Market Approach
 - a. Market Price method
 - b. Comparable Companies Market Multiple method
- Income Approach – Discounted Cash Flow method

- Asset Approach – Net Asset Value Method

For the Proposed Amalgamation, we have considered the following commonly used and accepted methods for determining the value of the equity shares of the Companies for the purpose of recommending the fair share exchange ratio, to the extent relevant and applicable:

Market Approach

Market approach is a valuation approach that uses prices and other relevant information generated by market transactions involving identical or comparable (i.e., similar) assets, liabilities or a group of assets and liabilities, such as a business.

Market Price Method

The market price of an equity share as quoted on a stock exchange is normally considered as the value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares. But there could be situations where the value of the shares as quoted on the stock market would not be regarded as a proper index of the fair value of the share especially where the market values are fluctuating in a volatile capital market. Further, in the case of an amalgamation, where there is a question of evaluating the shares of one company against those of another, the volume of transaction and the number of shares available for trading on the stock exchange over a reasonable period would have to be of a comparable standard.

In the present case, equity shares of AWL are listed on NSE as well as BSE while equity shares of ADFL are listed on BSE only. Equity shares of AWL and ADFL are widely held, regularly and frequently traded with reasonable volumes on NSE and BSE respectively. We have therefore used the market price approach to value the equity shares of ADFL and AWL. We have considered higher of 10 trading days' or 90 trading days' volume weighted average price prior to report date to arrive at the market price of the respective Companies.

Comparable Companies Multiple (CCM) Method

Under this method, the value of the shares / business of a company is estimated by applying the derived market multiple based on market quotations of comparable public / listed companies, in an active market, possessing attributes similar to the business of such company - to the relevant financial parameter of the company / business (based on past and / or projected working results) after making adjustments to the derived multiples on account of dissimilarities with the comparable companies and the strengths, weaknesses and other factors peculiar to the company being valued. These valuations are based on the principle that such market valuations, taking place between informed buyers and informed sellers, incorporate all factors relevant to valuation. Relevant multiples need to be chosen carefully and adjusted for differences between the circumstances.

Based on our analysis and discussion with the Management, we understand that there are no listed companies that can be considered as a company comparable to the Companies having regard to the size, business profile and financial performance, we have therefore not used CCM Method to value the equity shares of respective Companies.

Comparable Transaction Multiple (CTM) Method

Under Comparable Transaction Method, the value of shares/ business of a company is determined based on market multiples of publicly disclosed transactions in the similar space as that of the subject company. Multiples are generally based on data from recent transactions in a comparable sector, but with appropriate adjustment after consideration has been given to the specific characteristics of the business being valued.

Based on our market analysis and discussion with the Management, we understand that there are no recent comparable transactions, data of which is available in public domain, involving companies of similar nature and having a similar operating/ financial metrics as that of ADFL and AWL, we have therefore not used CTM method to value the equity shares of these Companies.

Income Approach - Discounted Cash Flow ('DCF')

Income approach is a valuation approach that converts maintainable or future amounts (e.g., cash flows or income and expenses) to a single current (i.e., discounted or capitalized) amount.

Under the DCF method the projected free cash flows to the firm are discounted at the weighted average cost of capital. This method is used to determine the present value of a business on a going concern assumption and recognizes the time value of money by discounting the free cash flows for the explicit forecast period and the perpetuity value at an appropriate discount factor. The terminal value represents the total value of the available cash flow for all periods subsequent to the horizon period. The terminal value of the business at the end of the horizon period is estimated, discounted to its present value equivalent, and added to the present value of the available cash flow to estimate the value of the business.

Such DCF analysis involves determining the following:

- Estimating future free cash flows: Free cash flows are the cash flows expected to be generated by the company/ asset that are available to the providers of the company's capital - both debt and equity.
- Appropriate discount rate to be applied to cash flows i.e., the cost of capital: This discount rate, which is applied to the free cash flows, should reflect the opportunity cost to all the capital providers (namely shareholders and creditors), weighted by their relative contribution to the total capital of the company. The opportunity cost to the capital provider equals the rate of return the capital provider expects to earn on other investments of equivalent risk.

Under the DCF method the projected free cash flows to the firm for the horizon period are discounted at the weighted average cost of capital. Terminal value of the business at the end of the horizon period is estimated based on an appropriate perpetual growth rate considering inter-alia long-term inflation and other business-related factors. The sum of the discounted value of such free cash flows for the horizon period and terminal value is the enterprise value. Adjustments for debt and debt-like items, cash and cash equivalents, post balance sheet events and contingent liability (if any) adjusted for probability of devolvement is considered to determine the equity value.

AWL and ADFL both are listed companies and since the information related to future financial projections of the Company are price sensitive in nature, we therefore have not used DCF method to determine the value of the equity shares of AWL and ADFL.

Asset Approach

The asset-based valuation technique is based on the value of the underlying net assets of the business, either on a book value basis or realizable value basis or replacement cost basis. A net asset methodology is most applicable for businesses where the value lies in its underlying assets and not in the ongoing operations of the business.

Valuation of AWL and ADFL is carried out on a 'going concern' premise. The historical net asset value of the business may not be representative of their earning potential. Further, self-generated key intangibles such as technology, customer relationship, brand/ trademark, distribution network may not be reflected in their historical net asset value. The Companies are profitable and is expected to continue to generate profits. Since NAV does not value the profit generating ability of the Companies, Asset Approach has not been adopted for the valuation of the Companies.

RECOMMENDATION OF FAIR SHARE EXCHANGE RATIO FOR THE PROPOSED AMALGAMATION

2. In our opinion and to the best of our information and according to the explanations given to us, the Statement:
 - (i) presents financial results in accordance with the requirements of Regulation 33 of the Listing Regulations, and

Responsibilities of Management and Those Charged with Governance for the Statement

4. This Statement has been prepared on the basis of the annual financial statements and has been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the preparation and presentation of the Statement that gives a true and fair view of the net profit and other comprehensive income and other financial information of the Company in accordance with the Ind AS specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that gives a true and fair view and is free from material misstatement, whether due to fraud or error.
5. In preparing the Statement, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
6. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Statement

7. Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing, specified under section 143(10) of the Act, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Statement.
8. As part of an audit in accordance with the Standards on Auditing, specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Ador Welding Limited

Independent Auditor's Report on Annual Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has in place an adequate internal financial control with reference to financial statements and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
 - Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure, and content of the Statement, including the disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.
9. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
10. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

11. The Statement includes the financial results for the quarter ended 31 March 2023, being the balancing figures between the audited figures in respect of the full financial year and the published unaudited year-to-date figures up to the third quarter of the current financial year, which were subject to limited review by us.

Independent Auditor's Report on Annual Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

12. The comparative financial information presented in the accompanying financial results includes the financial information of erstwhile wholly owned subsidiary, Ador Welding Academy Private Limited ('the transferor company') which has been merged with the Company as explained in Note 4 to the accompanying financial results. INDEPENDENT AUDITOR'S REPORT

To

The Board of Directors of Ador Fontech Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Annual Financial Results of Ador Fontech Limited (the Company) for the quarter and year ended March 31, 2023, attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (“Listing Regulations”).

In our opinion and to the best of our information and according to the explanations given to us, these Standalone Financial Results:

- i. are presented in accordance with the requirements of Regulation 33 of the Listing Regulations in this regard; and
- ii. give a true and fair view in conformity with the applicable Indian Accounting Standards prescribed under Section 133 of Companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India, of the standalone net profit after tax and other comprehensive income and other financial information for the quarter and year ended March 31, 2023.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013 (the Act). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial results under the provisions of the Companies Act, 2013 (the Act) and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Standalone Financial Results

The Company's Board of Directors are responsible for the preparation of these financial results that give a true and fair view of the net profit/loss and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, 'Interim Financial Reporting' prescribed under Section 133 of the Act read with relevant rules issued there under and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial results, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Standalone Financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing as specified under Section 143(10) of the Act, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Results, including the disclosures and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Our objectives are to obtain reasonable assurance about whether the consolidated financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial results.

As part of an audit in accordance with Standards of Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the

ability of the Group and its associates and jointly controlled entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the consolidated financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Group and its associates and jointly controlled entities to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Results, including the disclosures and whether the consolidated financial results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial results/financial information of the entities within the Group and its associates and jointly controlled entities to express an opinion on the Consolidated Financial Results. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial results of which we are the independent Auditors. For the other entities included in the consolidated Financial Results, which have been audited by other Auditors, such other Auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial results of which we are the independent Auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the Listing Regulations, as amended, to the extent applicable.

Other Matters

The consolidated Financial Results include the Audited Financial Results of Ador Fontech Limited and its subsidiary, 3D Future Technologies Private Limited whose Financial information reflects total assets of Rs.1,197 lakhs as at March 31, 2023, total revenue of Rs. 665 lakhs and total net loss after tax of Rs. 546 lakhs for the year ended March 31, 2023, as considered in the consolidated Financial Results, which have been audited by their respective independent Auditors. The independent Auditors' reports on financial statements of these entities have been furnished to us and our opinion on the consolidated Financial Results, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the report of such Auditors and the procedures performed by us are as stated in paragraph above.

Our opinion on the Consolidated Financial Results is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other Auditors and the Financial Results/financial information certified by the Board of Directors.

The Financial Results include the results for the quarter ended March 31, 2023 being the balancing figure between the audited figures in respect of the full financial year and the published audited year to date figures up to the third quarter of the current financial year.
