This standard requires that we plan and perform the review to obtain moderate assurance as to whether financial results are free of material misstatements. A review Consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to

obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly we do not express an audit Opinion.
