KALYANI FORGE LIMITED
40th Annual Report 2018-19

40th Annual General Meeting

Message from the Chairperson & Managing Director

Dear Shareholders,

I have great pleasure in extending you all, a warm welcome to the 40th Annual General Meeting of your company.

We are pleased to present to you our Annual Report for FY 2018-19. This year marks a significant landmark for our stakeholders, who have shared this journey with us and contributed to our success.

The Annual Report, for the year ended 31 March, 2019 has been in your hands for some time. With your permission, I shall take them as read.

Performance:

The year gone by was a turbulent year for overall global economies, including some geopolitical uncertainties, global trade war, slow-down in automobile industry, rising raw material prices which has to the large extent affected the across industrial growth. In the challenging global and domestic environment, your company has not made additional capital expenditure during the year and dedicatedly focused upon reduction of debts, efficient usage of available working capital, controlling of interest costs, strengthening internal control systems, and improvement in productivity with this your Company has reported about 07% YoY growth in the total revenue and 05% in the PBT this year.

It gives us an immense pleasure in informing you that, during the year your Company has achieved many milestones in terms of improvements in internal strengths like:

- a) Long term rating of Crisil BBB/Stable to Crisil BBB+/Positive as assigned by Crisil Limited.
- b) Successfully completed the Certification of IATF 16949:2016 certifying Company's Quality Management Systems.
- c) Successfully went through Environment and Occupational Health and Safety Management System Audit and obtained recommended certification of ISO 14001:2015 & 45001:2018) from IRQS.

Dividend:

The Company has always made efforts to increase value to its shareholders and reward them whenever possible, with these positive notes your board has recommended a dividend of Rs. 04.00 (40%) on a face value of Rs. 10 each. This is compared to a dividend of Rs. 3.50 per equity share (35%) declared in the previous financial year.

Outlook:

It is expected that the automotive industry demand may remain subdued during most part of the FY 19-20, and hence, considering this year as a year of consolidation, your Company will continue its momentum to reduce debt and control upon interest cost. Further, the Company is looking forward to positive change in productivity improvement.

Of Course, there is an ample scope for improvements particularly in the area of costs, productivity improvement, and reduction of rejections. For the past periods, we have successfully approached customers for cost reimbursement, cost escalations for the future supplies.

We keep receiving suggestions from our valued shareholders which proved very helpful in company's working. I thank our employees and all stakeholders, customers, suppliers, bankers, financial institutions and consultants and our Internal Auditors, Cost Auditors and Statutory Auditors for their support throughout the year.

I thank you all for your time for this General Meeting. It is very encouraging for us.

With best wishes,

Rohini G. Kalyani
Chairperson & Managing Director

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The industrial growth in India did not attain the expected growth rate. The auto industry did not fare as much as expected and the auto component industry suffered more heavily when the giants OEMs recorded significant reduction in their scales of production which in turn reduced our sales schedules.

The company took cautious approach this year. The huge CAPEX that was common feature in recent past was not repeated in this year and management was very rigid in approving the CAPEX except some automation and R&D requirements of CAPEX.

Economic Scenario and industrial Structure:

With the GST in place the commercial world has become more transparent. The assessment procedure would become very simple and objective, as all the efforts we had to take at the assessment stage get addressed in day to day of recording of transactions. This has given a well-informed assurance of its income to the government. The foreign direct investment has risen to very high levels and the future expectation is that it would increase further. The US-China trade war initially would help Indian industry to benefit. It is a general view that India is among few economies that stand to benefit from the trade tensions between the two giants. This will be mainly in the form of increase in exports of Indian manufactures. Many companies have taken steps to shift their base to India. With the election results there is huge sense of stability in the minds of industrial world and this would further encourage many industrial units to shift to India. This will result in tremendous growth of Indian industry as a whole.

In the auto industry in particular, the emergence of electric vehicles and the Euro VI standards would require some additional steps and may affect some units adversely while those who would be able to quick enough in adaptation would benefit a lot. Our company has already taken necessary action in this regard and has already got some orders for products complying with the Euro VI standards.

Opportunities & Threats:

As mentioned above the electric vehicles and the Euro VI standards have necessitated the changes in products and the product processes. This would also require additional CAPEX. A lot of R&D efforts would be needed. The company applied for the DSIR's recognition as an "in house research unit" and has become eligible for benefits of sec 35 (2AB) of Income Tax Act 1961, in the form of weighted deduction in Tax computation. Our R&D infrastructure is already in place.

The concern we have is the tremendous cost escalations and reluctance of the OEMs and tier1 suppliers to accede to it. This involves a lot of efforts to convince them. It results into serious liquidity crunch and increased financial costs, further resenting into shrunk margins.

The company is majorly in auto and auto ancillary industry and the above hurdles have created necessity for diversification into other industries. Thanks to government of India's make in India drive, which also covered the defence sector having huge potential for forging products. We have already engaged ourselves to cater to the defense and in current year we expect a significant part of one sales or sales to defense establishments.

Outlook:

With many units shifting their base to India, the Euro VI norms, the make in India drive of the government and re-election of stable Central government have created a very positive outlook for the coming year. The defense sector would open another dimension for the forging industry. After increase in steel prices a no's of times recent past they are likely to decrease in current year. They are adopting the Ring Rolling Technology and expect a lot of new business where this technology can be used. To comply with environmental norms of light weighting components we have undertaken the research and development activities in the newly recognized R & D unit. In the years to come the commercial vehicles and construction equipment industries are expected to grow rapidly due to existing government policies. We have already received improved order from JCB. So far, they are only supplying "as forged" connecting rods, but in the periods to come we would supply the machined connecting rods for two wheelers.

**Risks and Concerns:**

The customers for some reduction in costs tend to switch over to a new supplier by making some allegations of quality concerns etc. This results in a very significant loss in the form of the machine line becoming idle, leaving a number of unpaid invoices and idle raw material. The legal course results in recovery of the dues but it takes considerable time. We are now insisting on agreement involving commitment of minimum schedules for certain number of years, so as to avoid untimely obsolescence of the machining lines.

Financial and Operational Performance:

Though the company recorded highest top line in this year, the increase is not as much as we had expected. There are inflationary components in the increase. Raw material price increase has also increased the sales value without any addition to the margins. Suppliers need quick payment while customers dictate payment terms. The increased costs not accepted/reimbursed by customers have resulted in same level of bottom-line even though the top line has grown by about 20 crores. The manpower costs, the power and fuel costs, the freight costs have all increased significantly without being compensated by customers. However we have already approached the customers with the rationale for our demand for approving cost escalations, which would be recognized once the formal approvals are obtained. We have already started receiving such approvals in the current year 2019-20 for the past periods as well as price revisions for the future periods. In some cases we have received partial amounts in the form of compromise after a lot of struggle.

Industrial Relations:

We could make 5 year agreements with the workers in two of the plants while the third plant agreement is in final stages, also for 5 years. We noted the productivity increase in these plants.

Cautionary Statements:

Statements in the management discussions and analysis section describing company's projections, estimations, expectations and predictions may be 'forward looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from the expressed or implied ones. Important factors that would make the difference in the company's operations include demand supply conditions raw material and other cost escalations, changes in government regulations and tax regimes, competition, economic developments within and outside the country etc.

(c) Research & Development (R&D):

We have a dedicated in-house R&D facility equipped with Design Centre, Proto Development Centre, Testing and Validation area for Development of New and Innovative Products.

The main objective of our R&D is to develop Forged, Machined and Assembled products by adopting the Latest Technology also with minimization of environmental pollution & wastages & our R&D facility is backed by highly experienced and technically qualified team.

With the new make in India policy, the R&D has become very much essential as newer and newer products may get added with challenge of cost competitiveness. R&D helps try new ways and means to produce the part with same features but at reduced costs keeping the environmental factor at the top.

I) Specific Areas of Research & Development-

Development of new products both in the area of forging as well as Machined components for Domestic & Export sales:

- 1) During the year 2018-19, Company made significant achievements in the area of product Development. The Company developed variety of products as per the specific requirements of the customers such as Machined Tripods, Machined Outer races, Machined Arm Front Suspension LH and RH, Inner and Outer Chain Links, Fracture Connecting Rod Assembly, Machined Nozzle Rings, Forged stub axles etc.

- 2) Introduced and established Induction Hardening technology for Inner and outer Hubs.
- 3) Die Locks introduced for Warm and hot forging components to reduce die setup time and to improve forging quality.
- 4) Introduced W303 Die material for Male & Female Tripot Dies to improve die life – by VAVE Approach.
- 5) On the above said research and development activities, the company has spent Rs 271.82/- lakhs during the year.

II) Future Plan of Action:

- 1) Introduce Spline Rolling technology for Outer Races.
- 2) Introduction of Water base lubrication for Tulips (Warm Forging parts) to maintain cleaner environment.
- 3) Bell Forging with Internal negative tracks (New Technology).
- 4) VMC – 5 Axis for Warm & Cold forging parts Die manufacturing.
- 5) Fully Automation for Connecting Rod Machining and Assembly to improve Quality and Productivity.
- 6) Research & Development in Single Minute Exchange of Dies (SMED) project.
- 7) Focused development of variety of warm and cold forging and machined premium components.
- 8) Planning to commence activities in bigger size forgings.
- 9) W360 Die Material Selection for Increasing the Life of small Con Rod Forging Dies – by VAVE Approach.
- 10) Research & Development on die weld over lays for increasing die life of complex profile parts.
- 11) Optimization of input material to improve maximum forging yield ratio.
- 12) The company has budgeted Rs. 350/- lakhs for the above activities during the next financial year.

(d) Foreign exchange earnings and Outgo:

During the year, the total foreign exchange used was Rs. 5,00,84,093/- and the total foreign exchange earned was Rs. 34,45,15,521/- .

(e) Technology Absorption, Adaptation and Innovation:

Through In-house Research and Development activities Company has developed Outer race forgings for driveline assemblies with internal tracks by warm and cold forging method. With the help of fracture split technology, the Company is now moving towards adoption of technology for critical automotive connecting rods for the overseas markets.

Highlights of Risk Management Policy

With the past experience and to ensure sustainable business growth with stability, the Company proposes to promote and implement a Risk Management policy, a pro-active approach in reporting, evaluating and resolving risks associated with the business.

The specific objectives of the Risk Management Policy shall be:

1. To ensure that all the current and future material risk exposures of the Company to be identified, assessed, quantified, appropriately mitigated, minimized and managed i.e. to ensure adequate systems for risk management.
2. To establish a framework for the company's risk management process and to ensure its implementation.
3. To enable compliance with appropriate regulations, wherever applicable, through the adoption of best practices.
4. To assure business growth with financial stability.

The Company recognizes that risk is an integral and unavoidable component of business and further wishes to manage the risk in a proactive and effective manner. The Company further believes that the Risk cannot be eliminated, but can try to eliminate the same using the following:

1. Transfer to another party, who is willing to take risk, say by buying an insurance policy or entering into a forward contract;
2. Reduced, by having good internal controls;
3. Avoided, by not entering into risky businesses;
4. Retained, to either avoid the cost of trying to reduce risk or in anticipation of higher profits by taking on more risk, and;
5. Shared, by following a middle path between retaining and transferring risk.
6. Ensure customer continuity by way of Quality satisfaction, Quantity requirements and meeting with other business compliances.
7. Contingency Plans, in case of discontinuation of customer.

Risk Management Framework

Activities at all levels of the organization, viz., Enterprise level; Division level; Business Unit level shall be considered in the risk management framework. Since these components are interrelated and drive the Enterprise Wide Risk Management, the company initially shall focus on three key elements, viz.,

- (1) Risk Assessment
- (2) Risk Management
- (3) Risk Monitoring

Risks are to be analyzed, considering likelihood and impact, as a basis for determining how they should be managed. Risk Assessment shall consist of a detailed study of threats and vulnerability and resultant exposure to various risks.

Risk Management and Risk Monitoring

In the management of Risk the probability of risk assumption is estimated with available data and information and appropriate risk treatments worked out in the following areas:

1. Economic Environment and Market conditions
2. Fluctuations in Foreign Exchange
3. Political Environment
4. Competition
5. Revenue Concentration

6. Inflation and Cost Structure
7. Technological Obsolescence
8. Financial Reporting Risks
9. Legal Risk
10. Compliance with Local Laws
11. Quality and Project Management
12. Environmental Risk Management

Risks specific to the Company and the mitigation measure to be adopted:

- (a) Business dynamics & Operations Risks Risk mitigation measures:

The Company functions under a well-defined organization structure.

Flow of information is well defined to avoid any conflict or communication gap between two or more Departments.

Second level positions are created in each Department to continue the work without any interruption in case of non-availability of functional heads.

Proper policies are followed in relation to maintenance of inventories of raw materials, consumables, key spares and tools to ensure their availability for planned production programmes.

Effective steps are being taken to reduce cost of production on a continuing basis taking various changing scenarios in the market.

Customer Satisfaction in respect of Quality, Quantity and other business compliances. Long term customer relationship to be maintained.

New business avenues to be found and contingency plan in case of discontinuation of Customer to be prepared.

- (b) Liquidity Risks

Risk Mitigation Measures:

Proper financial planning is put in place with detailed Annual Business Plans discussed at appropriate levels within the organization.

Annual and quarterly budgets are prepared and put up to management for detailed discussion and an analysis of the nature and quality of the assumptions, parameters etc.

These budgets with Variance Analysis are prepared to have better financial planning and study of factors giving rise to variances.

Daily and monthly cash flows are prepared, followed and monitored at senior levels to prevent undue loss of interest and utilise cash in an effective manner.

Cash management services are availed from Bank to avoid any loss of interest on collections.

Exposures to Foreign Exchange transactions are supported by LCs and Bank guarantees and steps to protect undue fluctuations in rates etc.

- (c) Credit Risks:

Risk Mitigation Measures:

Systems put in place for assessment of creditworthiness of dealers/customers.

Provision for bad and doubtful debts made to arrive at correct financial position of the Company. Appropriate recovery management and follow up.

- (d) Market Risks / Industry Risks:

Risk Mitigation Measures:

Raw materials are procured from different sources at competitive prices.

Alternative sources are developed for uninterrupted supply of raw materials.

Demand and supply are external factors on which company has no control, but however the Company plans its production and sales from the experience gained in the past and an on-going study and appraisal of the market dynamics, movement by competition, economic policies and growth patterns of different segments of users of company's products.

The Company takes specific steps to reduce the gap between demand and supply by expanding its customer base, improvement in its product profile, delivery mechanisms, technical inputs and advice on various aspects of, enhancement of capacity utilization in customer-plants etc.

Proper inventory control systems have been put in place. Responsibility Structure

The Head of Operations (COO) shall be the Risk Management Head.

The COO shall be responsible for the implementation, identification and control measures for the risk at ground level.

Head- Marketing/ Business shall be responsible for creation, maintenance and compilation of all data including documents relating to the Risk Management and control measures of Risks.

Example: Documents relating to Insurance requirements, EPCG licenses, etc. till the conclusion of the necessary task/ project.

Head- Marketing/ Business shall review the same on regular interval due to close relations with Customers and shall ultimately report the same to the Compliance Officer for necessary reporting to the Stake Holders.

All the other departments and individual sections shall co-operate in setting these strategies (implementation and review).

All the other decisions involving significant risk associated with the business shall be reported to Board or the Audit Committee, where appropriate, for consideration and approval.

Reporting Significant Risk

The Head of the Department and Head of Operations (COO) shall determine the intensity of risks. The risks which are of higher impact shall be highlighted to the Management for further review.

Audit

The Finance Head or the Executive Director will make arrangements to audit the risk process for each Department as part of a regular cycle of audits and will report explicitly on the risk management processes to the Board.

Necessity of the Risk Management policy:

The Company is passing through many unidentified risks, which have adversely impacted the Company's performance. The Company still continues to be exposed to these unidentified risks which shall have an adverse impact on the Company's business in near future. Quantification of the impact of these risks is not possible at this stage. These unidentified risks are because of the failure to identify and control at the operational/ground level. The Company is facing problems relating to failure of Quality and Delivery compliances with customers on day to day basis.

Some of the examples of the discontinuation of customers due to the above referred problems, which had and still continue to have major impact on the business, are VCST, Volvo, Honeywell, Caterpillar, Hero Honda, etc.

While scrutiny of these failures, the Company has realized that these problems are not due to past legacies. These problems have currently arisen at ground level and intensified in the last 2-3 years' time

Note: INADEQUACY of PROFITS for Managerial Remuneration

As per Section 197 of the Companies Act, 2013 the total managerial Remuneration payable by a Public company to its Directors including Managing Director and whole time director in respect of any Financial Year shall not exceed 11% of the Net Profits of that Company for that Financial Year computed in the manner laid down in section 198 except that the Remuneration of the Directors shall not be deducted from the gross profits:

Provided that the company in general meeting may with the approval of Central Govt. authorize the payment of remuneration exceeding above subject to the provisions of Schedule V.

Subject to the provisions of Schedule V, if in any Financial Year, a company has no profits or its profits are inadequate, the company shall not pay its directors, including any Managing Director or whole time Director by way of Remuneration any sum exclusive of fees payable to directors except as per Schedule V or if not as per the approval of Central Govt.

The fact of inadequacy of profit shall be realized by the company only after having arrived at the profit as per section 198 of the Companies Act, 2013 that would not be sufficient to pay Managerial Remuneration as per the agreed terms and conditions contracted with those managerial personnel.

In case of Company Net profit as per section 198 of the Companies Act, 2013 for the Financial Year 2018-19 is not sufficient to pay remuneration to Managing Director and Executive Director as per the terms of contract of Remuneration. Hence the Profits for the Financial Year 2018-19 are inadequate and hence Company has taken recourse to Schedule V of the Companies Act, 2013.

INDEPENDENT AUDITOR'S REPORT

To the Members of Kalyani Forge Limited

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **Kalyani Forge Limited** ('the Company'), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (Including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, are of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the following matter to be the key audit matter to be communicated in our Report.

Key Audit Matter	Auditor's Response
Company has reversed the provision on account of doubtful debts made earlier amounting Rs. 257 Lakhs as no longer required.	We have gone through the order of the Court in favour of the Company, given in respect of a litigation with a party for recovery of overdue amount. We have also seen the Lawyer's opinion about likely recovery of this amount in case of further appeals. Based on these, the reversal of the provision is considered appropriate.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these financial statements that give a true and fair view of the

financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) specified under Section 133 of the Act read with the rules made thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Government of India – Ministry of Corporate Affairs, in terms of sub-section (11) of section 143 of the Act, we enclose in the annexure 'A', a statement on the matters specified in paragraphs 3 and 4 of the said Order.

**ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT
of even date on the Financial Statements of Kalyani Forge Limited.**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Kalyani Forge Limited** ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company needs to strengthen the controls in the areas of third party confirmations and reconciliations for effective internal controls, except for this, the Company in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE TO AND FORMING PART OF THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31st MARCH, 2019

NOTE NO. 32

1. Statement on Significant Accounting Policies

1.1 Basis of Preparation of Financial Statements:

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.2 Use of Estimates

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses and disclosure of contingent assets and liabilities. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results may differ from the estimates and assumptions used in preparing the accompanying financial statements. Any revisions to accounting estimates are recognized prospectively in future periods. Key sources of estimation of uncertainty at the date of the financial statements which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, provisions and contingent liabilities.

1.3 Property, plant and equipment and depreciation:

A) Since there is no change in the functional currency, the company has elected to continue with the carrying value for all of its property, plant and equipment as recognized in its Indian GAAP financial statements as deemed cost at the transition date viz. April 1, 2016. Property, plant and equipment are stated at their cost of acquisitions including incidental expenses related to acquisition and installation of the concerned assets (including cost of specific borrowings). The Property, plant and equipment manufactured internally by the Company are stated at manufacturing cost. Property, plant and equipment are shown net of accumulated depreciation, except free hold land, which is at cost.

B) Expenditure on New Projects and Expenditure during the construction etc:-

In case of new projects and in case of substantial modernization or expansion at the existing units of the company, expenditure incurred including interest on borrowings and financing cost of specific loan, prior to the commencement of commercial production is being capitalized to the cost of asset. Trial run expenditure is also capitalized.

C) Intangible assets are measured on initial recognition at cost. Expenditure incurred in development phase, where it is reasonably certain that outcome of development will be commercially exploited to yield future economic benefit to the company is considered as an intangible asset. Such developmental expenditure is capitalized at cost including share of allocable expenses.

D) Depreciation / Amortization on Assets (other than Freehold Land) :

Pursuant to enactment of the companies act 2013 (the 'Act'), the company has revised useful life of its Property, plant and equipment as per provision of schedule II of the said act. Accordingly the company provides depreciation on all its assets on the "Straight Line Method" in accordance with the said act.

Cost of Power line is being amortized over a period of seven years when put to use.

Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its intended use.

1.4 Inventories:

Stores and spares, raw materials and components are valued at cost or net realizable value whichever is lower, Cost of Inventories has been computed to include all cost of purchases, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

Cost of Raw materials, Stores, Spares etc. are ascertained on weighted moving average basis.

Work-in-process, Dies under fabrication and Finished Goods are valued at the lower of cost or realizable value.

Scrap and Non-moving semi-finished goods, slow-moving and obsolete items, are valued at the lower of cost or estimated realizable value.

Stock of Trial Product is valued at cost.

Dies are valued at cost.

Die Block and Die Steel are valued at material cost.

Goods in transit are stated at actual cost up to the date of Balance Sheet.

Shares, Units of Mutual Funds shown as stock in trade are valued at cost or market value whichever is lower.

Management reviews the inventory age listing on a periodic basis. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

1.5 Research and Development Expenditure:

1. Capital Expenditure is included in Fixed Assets & Capital Work in Progress and depreciation is provided at the respective applicable rates.
2. Revenue expenditure incurred on R&D has been included in the respective account heads in the statement of accounts.

1.6 Share Issue expenses are written off over a period of ten years.

1.7 Post employment and other employee benefits:

Short terms employee benefits.

All employee benefits payable within 12 months of rendering the service are classified as short term benefits. Such benefits include salary, wages, bonus, short term compensated absences, awards,

ex-gratia, performance pay etc and the same are recognized in the period in which the employee renders the related service. The liabilities are presented under current provisions in the Balance sheet.

Provident Fund -

Benefits in the form of Provident Fund and Pension Scheme whether in pursuance of law or otherwise which are defined contributions is accounted on accrual basis and charged to profit and loss account of the year.

Gratuity -

The employees' gratuity fund scheme is Company's defined benefit plan. Payment for present liability of future payment of gratuity is being made to the approved gratuity funds under cash accumulation policy of the Life Insurance Corporation of India. The Employees' gratuity, a defined benefit plan, is determined based on the actuarial valuation using the Projected Unit Credit Method as at the date of the Balance Sheet and shortfall in the fair value of the Planned Asset is recognized as obligation. For post-retirement benefit plans, the amended standard removes the option to recognize Actuarial (gains)/ losses entirely through the Statement of Profit & Loss. Now as per Ind AS 19, all Actuarial (gains)/ losses will be termed as remeasurements and will be immediately recognized in Other Comprehensive Income on the face of Statement of Profit & Loss.

Privilege Leave Benefits-

Privilege leave benefits or compensated absences are considered as long term unfunded benefit and is recognized on the basis of an actuarial valuation using the Projected Unit Credit Method determined by an appointed Actuary.

Termination Benefits-

Termination benefits such as compensation under voluntary retirement scheme are recognized as liability in the year of termination.

1.8 Foreign Currency Transactions

Initial recognition –

The company's financial statements are presented in INR, which is also its functional currency. Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the date of transaction.

Conversion –

Monetary Assets and Liabilities, designated in foreign currencies are revalored at the rate prevailing on the date of Balance Sheet or forward contract rate or other appropriate contracted rate. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

Exchange Differences: -

Exchange difference arising on the settlement and conversion on foreign currency transactions are recognized as income or as expenses in the year in which they arise. Except, option of capitalizing of eligible exchange difference on foreign currency loans utilized for acquisition of assets is availed as per Ministry of Corporate Affairs Notification dated 31 March 2009, as amended vide G.S.R. 378(E) dated 11 May 2011 and extension thereof.

1.9 Investments:

Investments which are readily realizable and are intended to be held for not more than one year from the date on which investments are made are classified as current investments. Such investments are stated at cost, adjusted for diminution in their value.

Long Term investments are valued at cost of acquisition less diminution in the value, if determined to be of permanent nature.

1.10 Revenue Recognition:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principle in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Revenue from the domestic sales is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Revenue from export sales are recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on the basis of dates of bill of lading. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Export incentives: Export incentives are accounted for on Export of goods if the entitlement can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

Dividend is recorded in the year in which right to receive payment is established. Interest income is recognized using the effective interest method.

1.11 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non cash nature and any deferral or accruals of past or future cash receipts or payments. The cash flows from regular operating, investing and financing activities of the Company are segregated.

1.12 Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with bank. Cash equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash which are subject to an insignificant risk of changes in value.

1.13 Borrowing Costs:

Borrowing Costs directly attributable to the acquisition, construction or production of qualifying assets are capitalized till the month in which the asset is ready to use, as part of the cost of that asset. Other borrowing costs are recognized as expenses in the period in which these are incurred.

1.14 Taxation:

Current tax is determined on the basis of taxable income computed in accordance with the provisions of the Income Tax Act, 1961.

Deferred Tax is recognized, subject to the consideration of prudence in respect of deferred tax asset, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Current and deferred taxes are recognized in statement of profit and loss, except when they relate to items that are recognized in Other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

1.15 Earnings per share:-

The basic & diluted earning per share is computed by dividing the net profit or loss attributable to equity shareholder for the period by the weighted average number of equity shares outstanding during the period.

1.16 Impairment of Assets:

The Management assesses for any impairment of assets or cash generating units, if indicators, external or internal, suggest possibilities of reduction in net realisable value of assets or value in use of cash generating units below their carrying costs. Impairments, if any, will be recognised in the Profit and Loss Account.

1.17 Provisions and contingent liabilities

Provisions are recognized when the company has a present legal or constructive obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. Provisions are determined based on the best estimate required to settle the obligation at the balance sheet date. Provisions are reviewed at each balance sheet date and adjusted to reflect current best estimates. The Company does not recognize a contingent liability but discloses its existence in the financial statements. A disclosure of contingent liability is made where there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources.

1.18 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognized as deferred income and is allocated to statement of profit and loss over the periods and in the proportions in which depreciation on those assets is charged.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

1.19 Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

1.20 Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

1.21 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Equity Investments

All equity investments in scope of Ind AS 109 are measured at amortised cost. For all equity instruments not held for trading, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis.

The classification is made on initial recognition and is irrevocable.

35 FINANCIAL RISK MANAGEMENT

35.1 Market risk

The Company's financial risk management is an integral part of how to plan and execute its business strategies. Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument.

35.2 Interest rate risk :

The company has investment in fixed deposits. However interest income from fixed deposits is a residuary income and not going to affect the significant cash flow of the company.

35.3 Foreign currency risk:

Company is exposed to foreign exchange risk through its sales and services to foreign countries, and purchases from overseas suppliers in various foreign currencies.

The following table analyzes foreign currency risk from financial instruments:

Particulars	As at 31st March 2019			As at 31st March 2018		
	USD	Euro	JPY	USD	Euro	JPY
Unhedged Trade receivables	12.01	5.03	-	10.75	5.30	-
Unhedged Trade Payables	0.62	2.81	435.84	-	0.02	47.18

Total	15.46	10.67	778.10	10.75	5.32	47.18

35.4 Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates.

Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

Financial Assets are considered to be of good quality and there is no significant increase in credit risk.

36 1. Ind AS 116 Leases:

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit & Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

- Full retrospective – Retrospectively to each prior period presented applying Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- Modified retrospective – Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or
- An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application. Certain practical expedients are available under both the methods.

On completion of evaluation of the effect of adoption of Ind AS 116, the Company is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of initial application (April 01, 2019). Accordingly, comparatives for the year ended March 31, 2019 will not be retrospectively adjusted. The Company has elected certain practical expedients on transition.

2. Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments

According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

3. Amendment to Ind AS 19 – Employee Benefits

In connection with accounting for plan amendments, curtailments and settlements, the amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

The Company is currently evaluating the effect of above amendments on the financials statements effective from 01st April, 2019.
