SANSERA ENGINEERING LIMITED

SANSERA ENGINEERING LIMITED

Sansera's ESG World for a Sustainable Future

Wednesday, November 29, 2023, Bengaluru – Sansera Engineering Limited, known for developing complex and critical precision engineered components for the automotive and non-automotive sectors over multiple decades, is proud to announce its commitment to Environmental, Social, and Governance (ESG) principles.

In today's world, ESG has become a central theme globally for businesses, investors, and stakeholders. It encompasses a wide range of practices that address critical global challenges, from reducing environmental impact and fostering social responsibility to ensure good governance practices. Recognizing the importance of these factors in shaping the future of our industry and the world at large, Sansera is taking significant steps towards incorporating ESG considerations into its core operations to ensure a sustainable and ethical future. Our ESG initiatives are multi-faceted and span over multiple dimensions. We believe that by prioritizing ESG considerations, we can drive innovation, foster trust, and create long-term value for all our stakeholders.

- 1. Environmental Responsibility:** We are committed to reducing our carbon footprint and mitigating environmental impacts by investing in sustainable technologies, improved manufacturing processes, reducing emissions, conserving resources, minimizing energy consumption, using renewable energy, reducing waste, and improving the overall eco-friendliness of our operations to ensure our operations have a minimal impact on the planet.
- 2. Social Engagement:** We believe in our social responsibility, both within and outside our organization. Our responsibility extends beyond our products and services to our people and the communities where we operate. We are committed to creating an inclusive and diverse workplace, actively engaging in social initiatives that empower our employees and supporting the well-being of the communities where we operate.
- 3. Governance Excellence:** Transparency, integrity, and accountability are the cornerstones of our governance practices. We constantly review and improve our corporate governance to ensure that it aligns with the highest ethical standards and legal requirements. We have an ESG policy and governance mechanism around to ensure that we are on track with respect to our ESG goals and commitments.

Sansera understands that embracing ESG principles is not just a moral obligation and duty but also our privilege to make a positive impact on the world we live in. By integrating ESG considerations into our business, we are better positioned to attract responsible investors, foster long-term growth, and meet the evolving expectations of our customers, employees, and partners. We will continue to work diligently to meet the ESG goals, to hold ourselves accountable, and to report our progress openly and transparently.

For more information about Sansera and its ESG world, please visit our website www.sansera.in or click the link: <https://sansera.in/esg-profile>

Commenting on ESG, Mr. B R Preetham, Executive Director & CEO, Sansera Engineering Limited said, "I am deeply proud to state that our Plant 11, Bidadi, Bangalore was awarded with a prestigious Platinum Certification by the Indian Green Building Council (IGBC) way back in 2020, nominated as one of the three nominee globally by our customer Daimler for environment sustainability in 2021 and recognized as Ecovadis Silver Medal 2023 for Sustainability rating. We are pledged to our journey toward embracing Environmental, Social, and Governance (ESG) principles. ESG is not just a buzzword; it's a fundamental compass guiding our business's purpose and direction. We recognize that our success is linked with our responsibility towards our planet, our people, and our governance practices."

About Sansera Engineering Limited

Sansera Engineering Limited was incorporated in 1981. Sansera is an engineering-led integrated manufacturer of complex and critical precision engineered components across automotive and non-automotive sectors. Within the automotive sector, we manufacture and supply a wide range of precision forged and machined components and assemblies, such as connecting rod, rocker arm, crankshaft, gear shifter fork, stem comp, and aluminum forged parts, which are critical for engine, transmission, suspension, braking, chassis and other systems for the 2-wheeler, passenger vehicle and commercial vehicle verticals. Within the non-automotive sector, the Company manufactures and supplies a wide range of precision components for the aerospace, off-road, agriculture and other segments, including engineering and capital goods.
