CFO Tech Outlook Recognizes Emagia As “The Top 10 Account Receivable Solution Providers 2020”

Leader in Accounts Receivable Automation SaaS Solution

January 11, 2021 — Santa Clara, Calif -- [Emagia](#), the market leader in digital order-to-cash SaaS solutions, announced today that [CFO Tech Outlook](#), a leading technology magazine has recognized Emagia as one of the “Top 10 Accounts Receivable Solution Providers 2020”. CFO Tech Outlook brings best-in-class coverage of technology innovations and trends to thousands of qualified finance executives in the U.S.

Selected by a distinguished panel, consisting of CXOs, VCs, industry analysts, Emagia was narrowed down among many other solution providers to the final Top 10 providers that exhibit competence.

“We are honored and humbled by this recognition. COVID-19 has accelerated the need for digital transformation of accounts receivables and payments in most finance organizations. Our AI-powered [accounts receivables automation](#) solution delivers the track record of innovation and experience needed for enterprise scale global SaaS deployments.” Veena Gundavelli, Founder and CEO of Emagia said. “We are excited to be working with many visionary global finance leaders who are reimagining their AR processes with digital assistants, touchless processes and frictionless payments to create huge competitive advantage for their businesses in the digital age .”

Emagia’s innovative digital solutions bring together 3A’s -automation, analytics and AI to the end-to-end accounts receivable process. Emagia digital order-to-cash automation platform enables digital credit, digital order release, digital invoicing and payments, digital collections, digital disputes resolution and digital cash application. Global at core, Emagia solution is built for global operations and shared services with multi-language and multi-currency capabilities..

Emagia receivables automation platform has pre-built integrations with leading ERP systems such as SAP, Oracle, Netsuite and others, leading banks, lockboxes, major credit reporting agencies, major payment gateways and other systems needed for accounts receivables operations. Emagia receivables analytics suite delivers advanced insights giving predictive, prescriptive and descriptive information on all aspects of order-to-cash process.

Emagia's [Gia](#), a digital cognitive assistant is purpose built to assist global finance executives, order-to-cash shared services staff and accounts receivables operations teams. Equipped with specific skills in credit, collections and finance, Gia has smart conversational capabilities to communicate with and provide support to customers, sales, operations and treasury teams. Gia has smart reading, vision and OCR capabilities needed to extract information from invoices, remittances, bank statements and many other documents bringing significant efficiency in AR operations. Gia delivers next-generation digital transformation to scale operations in global finance, order-to-cash operations with human and digital hybrid teams to boost operations efficiency to whole new levels.
