New Delhi: The Centre on Monday said it has approved the bid of Tata Steel Long Products to purchase Neelachal Ispat Nigam (NINL) for ₹12,100 crore. Apart from Tata Steel, consortium of Jindal Steel & Power and Nalwa Steel and Power and JSW Steel also bid for the company.

"Government approves strategic buyer for Neelachal Ispat Nigam located in Odisha. The highest bid of ₹12,100 crore by M/s Tata Steel Long Products is accepted," DIPAM secretary Tuhin Kanta Pandey tweeted. The amount will go towards settling liabilities of the company in the order provided in the Waterfall Agreement.

The company has debt and liabilities exceeding ₹6,500 crore as on March 31, 2021, including overdue of promo-

Other bidders include JSPL, NSPL and JSW Steel Ltd

NINL debt and liabilities ₹6,500 crore as on 31.3.2021

NINL has negative net worth of ₹3,487 crore

NINL accumulated losses is ₹4,228 crore on March 31, 2021

Post-sale consideration will go towards settling of the liabilities

oters of ₹4,116 crore, banks ₹1,741 crore and to other creditors and employees.

The finance ministry added that the company has negative net worth of ₹3,487 crore and accumulated losses of ₹4,228 crore as of March 31, 2021. In a statement issued on Monday, the ministry said the bid for NINL was approved by Alternative Mechanism, comprising Nitin Gadkari, Nirmala Sitharaman and Piyush Goel.

NINL is a joint venture of four Central public sector enterprises — MMTC, NMDCL, BHEL, MECON — and two Odisha government PSUs —

OMC and IPICOL.

The company has an integrated steel plant with a capacity of 1.1 MT at Kalinganagar, Odisha. The company has been running in huge losses and the plant has been closed since March 30, 2020. The expressions of interest (EOI) were invited on January 25, 2021 and final three bids were received by December 23.

The ministry said the employees of NINL will continue with the company in terms of the share purchase agreement (SPA), which binds the buyer to have a lock-in period of one year.

NINL Deal Expensive, but Augurs Well for Tata Steel, Say Analysts

Mumbai: Tata Steel Long Products has won the bid to acquire Neelachal Ispat Nigam (NINL) for around ₹12,100 crore at a time when the steel sector is going through an upturn.

NINL's capacity of 1.1 million tonnes can be increased up to 3.5 million tonnes, industry experts said. Also, its plant is close to Tata Steel's facilities.

"The existing land can be expanded up to 3-3.5 million tonnes. However, a lot of work is needed in terms of modernisation," said a top executive from a steelmaker that also participated in the bidding for the state-run company.

According to several analysts ET spoke to, the deal looked expensive. "We totally agree that the asset is a great addition to Tata Steel; however, this is a very aggressive bid

and quite expensive for one million tonnes," said an analyst, requesting anonymity.

An executive at a rival steelmaker said they had estimated the price to be around \$1 billion (about ₹7,500 crore).

"The asset is very attractive and sits well for Tata Steel. We know Tata Steel will be bidding aggressively for this," this executive said.

Analysts said advantages of the asset, such as its proximity to Tata Steel's existing Kalinganagar infrastructure and the scope to expand its plant and mines, would have led Tata to make the aggressive bid.

"While NINL as an asset needs improvement, the iron ore as-

sets are attractive given the high premiums at which iron ore assets are sold today," said an analyst. The upturn in the steel industry also augurs well for such acquisition, he added.

India's benchmark HRC (hot-rolled coil) steel prices recorded an all-time high at ₹70,875 a tonne in November last year. India Ratings expects long products demand growth to be sharp, supported by a demand push from government-led infrastructure investments in affordable housing, railways, rural electrification and road networks.

"The plant has been closed since March 2020. It has accumulated losses of ₹4,228 crore as on March 31, 2021."
