9. **Unclaimed Dividends:**
 - (a) **Transfer to the Investor Education and Protection Fund:**

Members are hereby informed that the Company is required to transfer dividends which have remained unpaid/unclaimed for a period of seven years from the date on which dividend has become due for payment to the

Investor Education and Protection Fund (IEPF) established by the Government. Accordingly, during the year, unclaimed dividends amounting ₹ 1,64,714/- pertaining to the financial year 2012-2013 has been transferred to IEPF on 29th September, 2020.

Members are requested to note that no claim shall lie against the Company in respect of any amount of dividend remaining unclaimed/unpaid for a period of seven years from the dates they became first due for payment. Any Member, who has not claimed the dividend in respect of the financial year ended 31st March, 2014 and onwards is requested to approach the Company/Share Transfer Agent (STA) of the Company for claiming the same as early as possible but not later than 11th September, 2021.

(b) Details of Unclaimed Dividends on Website:

In order to help Members to ascertain the status of Unclaimed Dividends, the Company has uploaded the information in respect of Unclaimed Dividends for the financial year ended 31st March, 2014 and subsequent years on the website of Investor Education and Protection Fund, www.iepf.gov.in and under "Investor Relations" section on the website of the Company, www.simplex-group.com.

(c) Transfer of "Underlying Share" into IEPF:

In terms of Section 125(6) of the Act read with IEPF Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Company is required to transfer the shares in respect of which dividends have remained unclaimed for a period of seven consecutive years to the IEPF Suspense Account established by the Central Government. As required under the said Rules, the Company has published a Notice in the newspapers inviting the Members attention to the aforesaid Rules. The Company has also sent individual communication to the concerned Members whose shares are liable to be transferred to IEPF Suspense Account, pursuant to the said Rules.

The Company has also uploaded full details of such shares due for transfer as well as unclaimed dividends under "Investor Relations" section on the website of the Company.

10. Nomination Facility:

As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. The said form can be downloaded from the Company's website [http://www.simplex-group.com / upload_pdf / 2050 Nomination%20Form.pdf](http://www.simplex-group.com/upload_pdf/2050Nomination%20Form.pdf) Members are requested to submit the said details to their DP in case the shares are held by them in electronic form or to STA in case the shares are held in physical form.

The format of the Register of Members prescribed by the Ministry of Corporate Affairs under the Act, requires the Company/Share Transfer Agent (STA) to record additional details of Members, including their PAN details, email address, bank details for payment of dividend, etc. A form for capturing the additional details is appended at the end of this Annual Report. Members holding shares in physical form are requested to submit the filled in form to the Company or its STA. Members holding shares in electronic form are requested to submit the details to their respective Depository Participants.

12. To support the "Green Initiative", Members who have not registered their email addresses are requested to register the same with the Company's STA /their Depository Participants, in respect of shares held in physical/electronic mode respectively.

13. As per Regulation 40 of SEBI Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from, 1st April, 2019, except in case of request received for transmission or transposition and relodged transfers of securities. Further, SEBI vide its circular no. SEBI/HO/MIRSD/RTAMB/CIR/P/2020/236 dated December 2, 2020 had fixed 31st March, 2021 as the cut-off date for relodgement of transfer deeds and the shares which are re-lodged for transfer shall be issued only in demat mode. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's Registrar and Share Transfer Agent, Freedom Registry Limited for assistance in this regard.

14. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/ mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DPs in case the shares are held by them in electronic form or to Company's STA in case the shares are held by them in physical form.

15. Voting through Electronic means

I In compliance with provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and the Listing Regulations, as amended from time to time the Company is pleased to provide the Members facility of 'remote e-voting' (e-voting from a place other than venue of the AGM) to exercise their right to vote at the AGM. The business may be transacted through e-voting Services provided by National Securities Depository Limited (NSDL).

The facility for voting, through electronic voting system shall also be made available during the AGM. The Members attending the meeting, through VC/OAVM facility and who have not already cast their vote through remote e-voting shall be eligible to vote through e-voting system in the AGM. The Members who have already cast their vote through remote e-voting may attend the meeting but shall not be entitled to cast their vote again at the AGM.

The instructions for Members voting electronically are as under:

(i) The voting period begins on Sunday, 1st August, 2021 (9.00 A.M.) and ends on Tuesday, 3rd August, 2021 (5.00 P.M.). During this period, Members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) i.e. Wednesday, the 28th July, 2021 may cast their vote electronically. The e-voting module shall be disabled by NSDL for voting thereafter.

(ii) Any person, holding shares in physical form and non-individual shareholders, who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holding shares as of the cut-off date, may obtain the login ID and password by sending a request at evoting@nsdl.co.in. However, if he/she is already registered with NSDL for remote e-voting then he/she can use his/her existing User ID and password for casting the vote. If you forgot your password, you can reset your password by using "Forgot User Details/Password" or "Physical User Reset Password" option available on www.evoting.nsdl.com or call on toll free no. 1800 1020 990 and 1800 22 44 30 . SIMPLEX REALTY LIMITED

EXPLANATORY STATEMENT

As required by Section 102 of the Companies Act, 2013 (the Act), the following Explanatory Statement sets out all material facts relating to the business mentioned under **Item numbers 3, 4 and 5** of the accompanying Notice dated 30th June, 2021.

Item No.3

The Members of the Company at the 104th Annual General Meeting held on 8th August, 2017 approved the appointment of Shri Sabhapati G. Shukla as an Independent Director of the Company for a period of 5 (five) consecutive years with effect from 21st October, 2016. Shri Sabhapati G. Shukla will be completing his first term on 20th October, 2021.

The Board of Directors at the meeting held on 31st May, 2021, and pursuant to the recommendation of the Nomination and Remuneration Committee and based on his skills, rich experience, knowledge, contributions, continued valuable guidance to the management made by him during his tenure and outcome of performance evaluation of the Independent Directors, has recommended for approval of Members, the re-appointment of Shri Sabhapati G. Shukla as an Independent Director of the Company, for a second term of 5 (five) consecutive years with effect from 21st October, 2021 upto 20th October, 2026, shall not be liable to retire by rotation.

As per Section 149(10) of the Act, an Independent Director shall hold office for a term of upto 5 (five) consecutive years on the board of a company, but shall be eligible for re-appointment on passing a special resolution by the company for another term of upto 5 (five) consecutive years on the board of a company.

Shri Sabhapati G. Shukla, aged 70 years, is a science and a law graduate, and also a post graduate diploma in Hospital and Health Care Management.

He has vast experience in the field of General Administration and Management. He currently serves as an Independent Director on the Board of Simplex Mills Company Limited. He is also a Chairman of Audit Committee, Nomination and Remuneration Committee and Stakeholder Relationship Committee of Simplex Mills Company Limited.

Shri Sabhapati G. Shukla holds 135 Equity Shares in the Company. During the year under review, he has attended all four meetings of the Board. Further, he is not related to any Directors or Key Managerial Personnel of the Company.

Shri Sabhapati G. Shukla is not disqualified from being appointed as Director in terms of Section 164 of the Act and has given his consent to act as Director and a declaration to that he meets the criteria of independence as prescribed both under Section 149(6) of the Act and Regulation 16 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Company has received notice in writing from a Member under Section 160(1) of the Act proposing the candidature of Shri Sabhapati G. Shukla for the office of Independent Director of the Company.

In the opinion of the Board, Shri Sabhapati G. Shukla fulfill the conditions for re-appointment as Independent Director as specified in the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Shri Sabhapati G. Shukla is independent of the management.

As per Regulation 17(1A) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, with effect from April 1, 2019, no listed company shall appoint or continue the directorship of a non-executive director who has attained the age of 75 years, unless a special resolution is passed to that effect and justification thereof is indicated in the explanatory statement annexed to the notice for such appointment. Considering that during the course of term of appointment of Shri Sabhapati G. Shukla as an Independent Director, he will be attaining the age of 75 years, it is necessary to approve continuation of his directorship on the Board of Directors of the Company by way of a special resolution.

A copy of the draft letter for re-appointment of Shri Sabhapati G. Shukla setting out the terms and conditions of re-appointment is available for inspection without any fee by the members by sending a request through email at company-secretary@simplex-group.com during working days, upto and including the date of the AGM.

The Board considers that his continued association would be of immense benefit to the Company as it has been beneficial in the past and it is desirable to continue to avail his services. Accordingly, consent of the Members is sought for passing special resolution as set out in this Item of the Notice for re-appointment of Shri Sabhapati G. Shukla as an Independent Director of the Company.

Except Shri Sabhapati G. Shukla, being an appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item number 3 except to the extent of their shareholding, if any, in the Company.

The Explanatory Statement together with the accompanying Notice may also be regarded as disclosure under Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard-2 issued by the Institute of Company Secretaries of India.

The Board recommends the Resolution at item No. 3 of the Notice for your approval.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. OVERVIEW OF THE ECONOMY

Ever since the first outbreak of corona virus (covid-19) in Wuhan, China, the world has changed in more ways than one and it has impacted every nation. The spread of virus and subsequent containment measures disrupted economic activity across the country in the Q1 of FY 2021 and GDP contracted by record 24%. Most of advanced economies and some emerging economies are witnessing a strong recovery, while the rest of the world, including India, has fallen behind. The economy of India has suffered due to the second wave of Covid-19, but the impact is unlikely to be as devastating as last year. An unprecedented rise in Covid-19 cases is likely to slow down the India's economic recovery.

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

In an attempt to revive the economy and mitigate impact of the economy fallout, in May 2020 the government announced financial stimulus packages worth INR 20 lakh crore, to support stressed sectors such manufacturing, real estate, construction and MSME. India recorded the real GDP growth of 0.4% in the third quarter of Financial Year 2021. The Indian economy is now estimated to have contracted by more than 7% in FY 2021, according to National Statistics Office. As per the economic survey 2020-2021, India's real GDP growth for Financial Year 2022 is projected at 11%. The economy is expected to rebound strongly in FY 2022, with the IMF projecting real GDP growth of 11.5%, JP Morgan and Barclays paring it down to 9% and 9.2% respectively. The Government has projected a fiscal deficit for FY 2021 of 9.5% of GDP and target for FY 2022 is projected to be 6.8% of GDP. India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in its consumer behavior and expenditure pattern. The world economy is expected to surge in 2021 and global GDP projected to rebound to 5.5% in 2021 from a contraction of 3.5% in 2020. India and China are expected to lead global recovery.

Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the Government has also come up with Digital India initiative, which focuses on three core components: creation of digital infrastructure, delivering services digitally and to increase the digital literacy. The Government has selected 13 sectors like electronics, electricals, mobile phone, automobiles, textiles etc for production linked incentive (PLI) Schemes, The Scheme will provide incentives linked with production to the manufacturers.

2. INDUSTRY STRUCTURE AND DEVELOPMENTS

Real estate was effected by the COVID-19 pandemic in a negative way. Demand in industrial & warehousing and data centres was increased during pandemic while office, retail and hospitality suffered a lot.

Real estate sector is one of the most globally recognized sectors. The real estate market in India is the second highest employment generator after agriculture. The sector contributes about 6-7% of the economy and is interlinked as many as 250 allied sectors. By 2025 the sector is expected to contribute around 13% of the India's economy. A major wealth creator and one of the largest employment generating sectors, it has undoubtedly feared unwanted consequences at the onset of the pandemic last year, but predicting the challenges early and injecting quick reforms – which included financial assistance including loan moratoriums, stamp duty cuts and tax reliefs through conducive government policies and comprehensive and well-calibrated strategies — helped the sector crawled back to recovery by the end of year 2020. Housing sector is expected to remain at the top of government agenda by enabling mortgage environment, catalyzing construction of affordable housing projects etc. Market fundamentals are still strong with investors continuously looking for higher income yielding assets.

Real estate sector in India is expected to reach a market size of US\$ 1 trillion by 2030 from around US\$ 120 billion in 2017 and contribute 13% to the country's GDP by 2025. Indian real estate attracted US\$ 5 billion institutional investments in 2020, equivalent to 93% of transactions recorded in the previous year.

Today, undoubtedly the second wave of coronavirus has imbued uncertainty in the sector resulting in a temporary pause, but developers are now better prepared and well-versed with the know-hows of a pandemic. The Indian real estate sector is now a buyer's market and the ongoing inoculation program is boosting the confidence of homebuyers. It is most likely that the sector will resume its growth from second quarter of FY 2021-22. We will see a steady flow of investments that will ensure growth opportunities with higher returns. The halt will be short-term and cheers and confidence in the market will return as soon as we successfully bend the Covid curve.

Foreseeing the perils of the pandemic early, the governments made quick and important decisions and announced relief measures. The Prime Minister boosted the morale of the stakeholders by launching the Aatmanirbhar Bharat campaign, which was strengthened by RBI's announcement of loan moratoriums. Stamp duty cuts, reduction in interest rates on home loan largely aided the developers during the volatile times. Strategies were re-envisioned quickly by adapting digitization and reaping benefits from emerging concepts like work-from-home model, remote offices, second homes, big spaces, etc. Ease in investment opportunities through flexibility in REITs and tax reliefs boosted market sentiments and today, the sector is on its road to recovery with home buyers and investors returning to the market.

Residential real estate

The residential real estate market had been passing through turbulent waters in recent years. The pandemic has been another blow to the residential market in Q1 and Q2 of FY 2021. There was no demand in Q1 of FY 2021 due to lock down and further demand was plummeted in Q2 2021, with prospective buyers postponing their purchase decisions due to job security and fall in income levels. However, while overall volumes were significantly low initially, a majority of the markets showed signs of recovery in Q3 of FY 2021 on the

back of the pent-up demand built during the lockdown months and to avail the benefits in the form of lower stamp duty, lowest home loan interest rates and other offers given by developers/builders. The residential sector is expected to grow significantly, with the central government aiming to build 20 million affordable houses in urban areas across the country by 2022, under the ambitious Pradhan Mantri Awas Yojana (PMAY) scheme of the Union Ministry of Housing and Urban Affairs. Expected growth in the number of housing units in urban areas will increase the demand for commercial and retail office space. The current shortage of housing in urban areas is estimated to be of 10 million units. An additional 25 million units of affordable housing are required by 2030 to meet the growth in the country's urban population.

The Government has been pushing for the affordable housing segment (less than 45 lacs). As a result of this during the year around 50% of the total residential sales accounts from this segment. Many new developers have entered in this segment. Affordable housing became popular for new launches and around 40% of new launches in top 7 cities was in affordable segment.

Commercial real estate

India has emerged as preferred outsourcing destination for setting up global in house and research and development centres by top most global firms. The office market in India reached at its peak in 2019 and the market was expected to continue and achieve new peak in 2020. However, the COVID-19 pandemic brought unprecedented challenges for office space sector in Q1 of FY 21. Companies were forced to adopt work from home model and many companies postponed their decisions related to buying office spaces. After unlock process started office market witnessed some sign of recovery. Strong market fundamentals in the form of sustained IT sector growth, increasing demand from sectors such as e-commerce, healthcare, FMCG and the growing presence of institutional investors will continue to drive the office market in the upcoming years. Many companies might consider to have hybrid work style combining work from home with office.

Retail space

The COVID-19 pandemic is a hard hit on retail space and it has been among the worst hit sectors

due to pandemic. The retail sector was already reeling under the contrast of vacant space at a few unsuccessful malls and no or low occupancy in successful malls and tepid consumer demand resulting into dropping sales for the retailers and the COVID-19 pandemic has accelerated this trend. Online shopping has been in trend for some time and now during this pandemic it has become one of the best option for any kind of shopping. COVID-19 continues to pose significant impact on retail real estate. With almost zero sales amidst lockdown in Q1 of FY 2021 and thereafter also, retailers have closed their stores as a result of this average monthly rentals across major retail markets saw corrections. Even wherever malls have been allowed to reopen, many customers are not returning to retail malls partly due to ongoing fears about the risk in social interactions, but also now increasing preferences for online shopping. Amidst the COVID-19 pandemic, leasing activities in retail might be slow down significantly considering the business will remain muted for the next few months following decline in footfall.

3. OPPORTUNITIES

The pandemic has reiterated the importance of owning a home. The residential real estate has seen growth recovery in demand with buyer's preference moving largely to affordable and bigger size of apartments. Home buyers are also looking at moving towards peripheral locations, this will create new opportunities to consider development in peripheral areas of the cities. The Government of India along with the governments of respective States has taken several initiatives to encourage development in the sector. The Smart City Project, with a plan to build 100 smart cities, is a prime opportunity for real estate companies. Below are some of the other major Government initiatives:

- Under Union Budget 2021-22, additional tax deduction up to ₹ 1.5 lakh for first time home buyers on interest on home loan, and tax holiday for affordable housing projects have been extended to 31st March 2022. Amid the lower home loan interest rate, this will certainly boost demand for affordable housing and new launches in this segment.
- In July 2020, the union cabinet had approved Affordable rental housing complex scheme (ARCHs) which would be launched through public private partnership (PPP) model. This

will open up a new area for development and one step towards achieving housing for all.

The lowest interest rate and easy liquidity regime to continue to lead to a positive push to the vision of 'Housing-For-All' in the year ahead.

4. THREATS

- The Indian real estate sector is still highly unorganized with lots of middle men and depressed demand, together with increased construction costs - both material and labour which has been putting pressure on the cost of projects and profit margins.
- Non-availability of land within city limits along with rising land and construction costs, making affordable housing projects unviable.
- The lengthy and complex approval process leads to a high gestation period which eventually results in project cost escalation by 20-30 percent.
- Finance plays an imperative role in the construction industry, liquidity crisis or any adverse move by the banking sector towards the lending policy on the real estate loans may adversely impact the execution of the projects and increase the cost of borrowing.
- The delay in approvals of project and amendments in the various Rules and Regulations can adversely impact new launches and increase in the cost of the projects. Retrospective applicability of policy changes may impact profitability.
- Acute shortage of skilled workforce at all levels.

5. ON GOING PROJECT

The Company is developing a project consisting of villas at Nachinolla, Goa. We have obtained completion certificate from the concerned authorities for the villas. Interior work for villas is going on but due to COVID-19 pandemic, work has been slow and we are expecting these villas to be ready for sale during the current year.

The Company continues to focus on consolidation of its operations, rationalization of business and exploring the opportunities in the development and redevelopment of residential projects.

6. OUTLOOK

Positive sentiment visible across the economy and GDP is showing signs of recovery. The central or state government/s have been rolling out a number of measures to revive and push the sector and economy at large. The industry is bullish for growth ahead and optimistic of an unprecedented recovery with demand gaining pace from first time home buyers as well as those looking to upgrade their property or scouting for second home. The residential real estate saw upsurge in demand for housing in Q3 and Q4 of FY 2021. Affordable housing to lead the way to recovery as the market for affordable housing is robust and there will be better demand and early recovery as against high ticket size houses. Going forward millennial will lead the demand in housing and NRI will also be looking to invest back home, as uncertainties fueled by the pandemic across the world has motivated the NRI to own a home in India as well. For commercial units the demand would continue to remain subdued during FY 22 with emergence of work from home and shared workspace concept. A report by ICICI Securities predicts that the recovery of the commercial office spaces market will be delayed to September 2021 (earlier prediction was July 2021). The current trend of office occupiers downsizing and delaying the expansion as well as new leasing decisions is expected to continue in the near term.

7. RISKS AND CONCERNS

The Company's ability to foresee and manage business risks is crucial in achieving favorable results. While management is positive about the Company's long term outlook, we are subject to few risks and uncertainties as given below

Market price fluctuation

The performance of your company may be affected by the sales at a price which are driven by prevailing market conditions, the nature and location of the projects.

Price risk of the input material

The primary building materials like steel and cement are subject to price volatility due to general economic conditions, competition, production levels, transportation costs and domestic and import duties and any adverse impact of rise in input cost will have impact on the profitability of the Company.

Development & regulatory risk

Development depends on several factors which include receipt of required approvals, weather conditions, labour availability, material shortages etc. and any of these factor may have an adverse impact on execution.

Economic risk

Any adverse change in any macroeconomic variables like GDP growth, interest rates, inflation, changes in tax, trade, fiscal and monetary policies etc. may adversely impact the Company's business, profitability and financial condition.

Health and safety risks

Real estate Companies constantly face the risk of injury or illness to the Company's or third parties' construction workers.

8. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has proper and adequate system of internal control procedure commensurate with its size and nature of the business so as to ensure that all assets are safeguarded from loss, damage or disposition and ensure that all transactions are authorized, recorded and reported correctly and adequately. All operations parameters are periodically monitored and strengthened. The Company continuously upgrades these systems in line with best accounting practices. The internal control system is further supplemented by a programme of internal audit conducted by an independent firm of Chartered Accountants. The Audit Committee of the Board of Directors reviews the effectiveness of internal controls and suggests improvements for strengthening them whenever required.

9. FINANCIAL AND OPERATING PERFORMANCE

The total income of the Company for the current year is ₹ 9,24,15,433/- as against ₹ 13,82,74,206/- during the previous year. The Company has made a net profit of ₹ 46,50,333/- during the current year as against the net profit of ₹ 5,36,698/- in the previous year. The EPS for the current year is ₹ 1.55 as against ₹ 0.18 in the previous year.

10. KEY FINANCIAL RATIOS

The Key Financial Ratios for the financial year 31st March, 2021 are as under:

Particulars	2020-2021	2019-2020
Inventory Turnover	0.13	0.23
Interest Coverage Ratio	2.98	2.67
Current Ratio	31.22	31.02
Debt Equity Ratio	0.01	0.02
EBIDTA Margin (%)	8	8
Net Profit/(Loss) Margin (%)	5.03	0.39
Return on Net worth	0.42	0.05

During the FY 2020-21, there was lower sales compared to the previous year which has reduced inventory turnover ratio. In the FY 2020-21, the company made profit on sale of fixed assets and higher profit on sale of investments which has major impact on net profit margin and return on net worth. Interest coverage ratio has improved due to lower interest cost during the year. Debt equity ratio has improved due to partial prepayment of loan during the year.

11. HUMAN RESOURCES

Employees are the key to achieve the Company's objectives and strategies. The Company provides to the employees a fair equitable work environment and support from their peers with a view to develop their capabilities leaving them with the freedom to act and to take responsibilities for the tasks assigned. The Company strongly believes that its team of capable and committed manpower, which is its core strength, is the key factor behind its achievements, success and future growth.

We are continuously working to create and nurture an organization that is highly motivated, result oriented and adaptable to the changing business environment.

The industrial relations remained cordial during the year.

12. CAUTIONARY STATEMENT

The statements in this report on "Management Discussion and Analysis", describing the Company's objectives, estimations, expectations or projections, outlook etc., may constitute forward looking statements within the meaning of the applicable Rules, Laws and Regulations. Actual results may vary from such expectations, projections etc., whether express or implied. These statements are based on certain assumptions and expectations of future events over which the Company has no direct control.

SIMPLEX REALTY LIMITED

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either

intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a

material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Company and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 36 to the financial statements
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

The Annexure referred to in our report to the members of Simplex Realty Limited ('the Company') for the year ended on 31st March, 2021. We report that:

- i) a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- b) The Management of the Company has physically verified the fixed assets in accordance with its policy of physical verification at reasonable intervals. The discrepancies, if any noticed during such verification have been suitably adjusted in the books of account. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- ii) a) According to the information and explanations given to us, the management has conducted physical verification of the inventories at reasonable intervals.
- b) In our opinion and according to the information and explanations given to us, the procedures followed by the management for physical verification of inventory are reasonable and adequate in relation to the size of the Company and the nature of the business.
- c) No material discrepancies have been noticed on physical verification of the stocks as compared to book records in so far as it appears from our examination of the books.
- iii) According to the information and explanations given to us and on the basis of our examination of books of account, the Company has not granted unsecured loan to company covered under section 189 of the Companies Act, 2013. Accordingly, paragraph 3(iii) of the Order is not applicable.
- iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, with respect to the loans and investments made; the Company has not given any guarantee or security.
- v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public.
- vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Accounting Records) Rules, 2011 prescribed by the Central Government under Section 148(1) of the Act, and are of the opinion that prima facie the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii) a) According to the records of the Company, undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues have been regularly deposited with the appropriate authorities. SIMPLEX REALTY LIMITED

ANNEXURE – ‘B’ TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF SIMPLEX REALTY LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (‘the Act’)

We have audited the internal financial controls over financial reporting of Simplex Realty Limited (‘the Company’) as of 31st March, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the ‘Guidance Note’) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

CORPORATE INFORMATION

Simplex Realty Limited (“the Company”) is a public limited company, incorporated and domiciled in India having its registered office at 30, Keshavrao Khadye Marg, Sant Gadge Maharaj Chowk, Mumbai – 400 011, Maharashtra, India. The equity shares of the Company are listed on BSE Limited. The Company is in real estate development. The Company develops residential as well as commercial properties.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(i) Basis of preparation:

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (“the Act”) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act. The financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities, which are measured at fair value.

(ii) Current and non-current classification:

The normal operating cycle in respect of operation relating to under construction real estate project depend on signing of agreement, size of the project, type of development, project complexities, approvals needed and realization of project into cash and cash equivalent. Accordingly, project related assets and liabilities have been classified into current and non-current based on operating cycle of the respective project. All other assets and liabilities have been classified into current and non-current based on a period of twelve months.

(iii) Fair value measurement:

The Company’s accounting policies and disclosures require the measurement of fair values for certain financial assets and liabilities.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1- Quoted prices (unadjusted) in active market for identical assets or liabilities.
- Level 2- Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3-Inputs based on unobservable market data.

(iv) Revenue Recognition:

Ind AS 115 - Revenue from Contracts with Customers, is mandatory for reporting periods beginning on or after 1st April, 2018. Under Ind AS-115, revenue is recognized when or as it satisfies each performance obligation by transferring a promised good or service to a customer. A good or service is considered to be transferred when the customer obtains control. Under Ind AS-115, transfer of control of a good or service over time rather than at a point in time is considered when one of the following criteria are met:

- The Customer simultaneously receives and consumes the benefits provided by the entity’s performance as the entity performs.
- The entity’s performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The entity’s performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

If it is not possible to demonstrate that the performance obligation is satisfied over time, the revenue cannot be recognized over time (means revenue is to be recognized following Completed Control Method, instead of Percentage of Completion Method (POCM)).

Costs incurred is being used to measure progress towards completion as there is a direct relationship between input and productivity. Determination of revenue under percentage of completion method necessarily involves making estimates, some of which are of technical nature, concerning where relevant, the percentage of completion, cost to completion, the expected revenue from the project or activity and the foreseeable losses to completion. The effect of changes, if any, to estimates is recognized in the financial statements for the period in which such changes are determined.

Revenue in excess of invoicing are classified as contract assets (which is referred as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which is referred as unearned/deferred income).

Rental income from operating leases is recognized on a straight line basis over the lease term.

The Company receives maintenance amount from the customers and utilize the same towards the maintenance of the respective projects. The balance amount of maintenance expenses to be incurred is reflected as liability under the head other current liabilities.

Interest income is recognized on accrual basis at effective interest rate.

Dividend income is accounted when right to receive is established.

(v) **Property, Plant and Equipment:**

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment, if any. The cost of property, plant and equipment includes purchase price, including freight, duties, taxes and expenses incidental to acquisition and installation. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Property, plant and equipment are derecognized from financial statements, either on disposal or when no economic benefits are expected from its use or disposal. The gain or losses arising from disposal of property, plant and equipment are recognized in the Statement of Profit and Loss in the year of occurrence.

Subsequent expenditures

Subsequent expenditures related to an item of property, plant and equipment are added to its carrying value only when it is probable that the future economic benefits from the asset will flow to the Company and cost can be reliably measured. All other repair and maintenance costs are recognized in the Statement of Profit and Loss during the year in which they are incurred.

Depreciation

Depreciation is provided on all property, plant and equipment (excluding furniture and office equipments) on straight-line method and on furniture and office equipments on the written down value method on pro-rata basis over the useful lives of the assets as prescribed in the Schedule II to the Companies Act, 2013.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Assets class	Useful life
Buildings	60 years
Furniture and fixtures	5-10 years
Office equipments	5 years
Vehicles	8 years
Electrical installations	10 years
Computers	3 years

(vi) Impairment of Non-Financial Assets:

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or cash generating unit's (CGU) fair value less costs of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. If such recoverable amount of the asset or cash generating unit is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the Balance Sheet date, there is any indication that any impairment loss recognized for an asset in prior years may no longer exist or may have decreased, the recoverable amount is reassessed and such reversal of impairment loss is recognized in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss.

(vii) Leases:

Leases in which the Company does not transfer substantially all the risk and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight line basis over the terms of the relevant lease unless the payments are structured to increase in line with general inflation to compensate expected inflationary cost increase.

Lease deposits received are financial instruments (financial liability) and need to be measured at fair value on initial recognition. The difference between the fair value and the nominal value of deposits is considered as deferred rental income and recognized over the lease term on a straight line basis. Unwinding of discount is treated as interest expense for deposit received and is accrued as per the effective interest rate method.

(viii) Investments in Associates:

Investments in equity shares and preference shares of Associates are recorded at cost and reviewed for impairment at each reporting date and if any impairment is required, the same is recognized in the Statement of Profit and Loss.

(ix) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial Assets

Initial recognition and measurement

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Subsequent measurement

For the purpose of subsequent measurement, the financial assets are classified as under:

i) Financial assets at amortised cost

A financial asset is measured at the amortised cost, if both of the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. Interest income from these financial assets is included in other income using the EIR in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

ii) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are classified as FVTOCI, if both of the following criteria are met:

- These assets are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Fair value movements are recognised in the other comprehensive income (OCI), except for the recognition of impairment gains or losses, interest income and foreign exchange gains or losses which are recognised in the statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognized in OCI is reclassified from equity to other income in the Statement of Profit and Loss.

iii) Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss including interest income and dividend income if any, recognised as other income in the Statement of Profit and Loss.

iv) Equity instruments :

All equity instruments other than investments in associates are measured at fair value. Equity instruments which are for trading are classified as FVTPL. All other equity instruments are measured at fair value through other comprehensive income (FVTOCI). The classification is made on initial recognition and is irrevocable.

Where the Company's management has elected to present fair value gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in the Statement of Profit and Loss when the Company's right to receive payments is established.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Impairment of financial assets

The Company applies 'simplified approach' for recognition of impairment loss on financial assets for loans, deposits and trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

De-recognition

A financial asset is derecognized when:

- the rights to receive cash flows from the assets have expired, or
- the Company has transferred substantially all the risk and rewards of the asset, or
- the Company has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction cost.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. For trade and other payables maturing within operating cycle, the carrying amounts approximate the fair value due to short maturity of these instruments.

Loans and borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using Effective Interest Rate (EIR) method. Gain and losses are recognized in the Statement of Profit and Loss when the liabilities are derecognized.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction costs. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

Derecognition

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reflected in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(x) Inventories:

Construction work-in-progress are valued at cost which includes cost of land, premium for development rights, construction cost, allocated interest and expenses incidental to the project undertaken by the Company. Inventory of completed flats/units is valued at lower of cost or net realisable value.

SIMPLEX REALTY LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

(xi) Taxes:

The tax expense comprises current and deferred tax. Tax is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity or in OCI.

i. Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantially enacted at the reporting date.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

ii. Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities for financial reporting purpose and the amount used for taxation purposes.

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax asset is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

(xii) Employee benefits:

Short term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

Defined contribution plans

The Company's contribution to Provident Fund, Pension, Superannuation Fund and Employees State Insurance Fund are considered as defined contribution plans, as the Company does not carry any further obligations apart from the contribution made to the respective fund/scheme and are charged as an expense based on the amount of contribution required to be made.

Defined benefit plans

The liability recognized in the balance sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefits obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gain and losses arising from experience adjustments, changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (OCI). They are included in

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

retained earnings in the Statement of Change in Equity and in the Balance Sheet.

Compensated absences

The liabilities for accumulated leave are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of reporting period using the projected unit credit method. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

(xiii) Borrowing Costs:

Borrowing costs attributable to the acquisition or construction of qualifying assets are Capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use.

Interest and other costs incurred in connection with borrowing of funds, which are incurred for the development of long term projects, are transferred to construction work-in- progress, as part of the cost of the project upto the time all the activities necessary to prepare these projects for its intended use or sale are complete.

All other borrowing costs are recognized as expense in the period in which these are incurred.

(xiv) Cash and Cash Equivalents:

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand, demand deposit and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(xv) Provisions and Contingent Liabilities:

The Company recognizes a provision when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

(xvi) Earnings Per Share:

Basic earnings per share is calculated by dividing the profit / (loss) for the year attributable to the equity shareholders by weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xvii) Dividend:

Dividend to the equity shareholders is recognized as a liability in the Company's financial statements in the period in which the dividend is approved by the shareholders.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1 (a) USE OF ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income, expenses and disclosures of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and underlying assumptions are reviewed at each reporting date. Any revision to accounting estimates and assumptions are recognised prospectively i.e. recognised in the period in which the estimate is revised and future periods affected.

i. Evaluation of percentage completion

Determination of revenues under the percentage of completion method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentage of completion, cost to completion, the expected revenue from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the financial statements for the period in which such changes are determined.

ii. Recognition and measurement of defined benefit obligations

The cost of defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuations using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increase and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iii. Fair value measurement of financial instruments

When the fair values of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from the observable market, where possible, but where this is not feasible, a review of judgement is required in establishing fair values. Changes in assumptions relating to these assumptions could affect the fair value of financial instruments.

iv. Deferred taxes

Deferred tax is recorded on temporary differences between tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profit during the periods in which those temporary differences and the tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward periods are reduced.

Estimation of uncertainties relating to the global health pandemic from COVID-19

The Company, as at the date approval of these financial statements has considered internal and external sources of information, in assessing the possible effects that may result from the global health pandemic relating to Covid-19 on the carrying amounts of loans, investments, receivables, inventories and other assets. As on the date of approval of these financial statements, the Company has concluded that the impact of Covid-19 pandemic is not material based on these estimates and expects to recover the carrying amount of these assets. The impact of Covid-19 pandemic on the Company's Financial Statements may differ from that estimated as at the date of approval of these financial statements.

Income tax expense recognised in the statement of profit and loss	(5,69,221)	54,49,971

The tax rate used for the above reconciliations is the corporate tax rate of 25.168% for the year 2020-21 and 2019-20 payable by the Company.

In assessing the realizability of deferred tax assets, the Company considers the extent to which it is probable that the deferred tax asset will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the period in which those temporary differences and tax loss carry-forwards become deductible. The Company considers the expected reversal of deferred tax liabilities, projected future taxable income in making this assessment.

Based on this, the Company believes that it is probable that the Company will realize the benefits of these deductible differences. The amount of deferred tax asset considered realizable, however, could be reduced in the near term if the estimates of future taxable income during the carry-forward period are reduced.

As at 31st March, 2021, the Company has recognized deferred tax asset of ₹ 4,00,52,430/- (as at 31st March, 2020 ₹ 4,00,52,430/-) on unused tax losses. Such tax losses include major items which are not expected to recur in future. Based on realistic estimates of future earnings, there is reasonable certainty that the Company will generate sufficient taxable income to utilise such tax losses.

The above sensitivity analysis are based on change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefits obligation to significant actuarial assumptions, the same method (present value of defined benefits obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The estimates of future salary increases, considered in actuarial valuation, taking account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

b) Fair value hierarchy and method of valuation

The following table shows fair value hierarchy of financial assets measured at fair value on a recurring basis. Except for these financial instruments, the Company considers that the carrying value amount recognised in the financial statements approximate their fair value largely due to the short term maturities of these instruments.

(In ₹)

Financial assets	31.03.2021			31.03.2020		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Measured at Amortised Cost						
Investments in bonds/debentures	-	1,57,62,510	-	-	-	-
Measured at FVTOCI						
Investments in equity instruments	96,29,618	-	-	1,04,47,472	-	-
Investments in preference shares	-	1,95,34,000	-	-	2,00,00,000	-
Investments in bonds/debentures	-	16,87,19,500	-	-	12,92,30,000	-
Measured at FVTPL						
Investments in mutual funds	-	56,48,409	-	-	8,00,67,761	-
Investments in alternate investment funds	-	1,38,41,265	-	-	1,31,59,860	-

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities. This includes listed equity instruments that have quoted price. The fair value of equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

The fair value of financial instruments that are not traded in active market is determined using market approach and valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

The fair value of investments in bonds, debentures and mutual funds is measured at quoted price, dealer quotes or NAV.

c) Risk management framework

The Company's principal financial liabilities includes borrowings, trade and other payables. The Company's principal financial assets includes loans, trade receivables, investments (equity shares/bonds/debentures/mutual funds), cash and cash equivalents and others. The Company is exposed to credit risk, liquidity risk and market risk. The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

d) Financial Risk Management

The Company has exposure to the following risks arising from financial instruments:

- i) Credit Risk
- ii) Liquidity Risk
- iii) Market Risk

i) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, investments in inter corporate deposits, bonds or debentures.

The carrying amount of following financial assets represents the maximum credit exposure:

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However credit risk with regards to trade receivables is almost negligible in case of its residential, commercial sale and lease rental as the same is due to the fact that in case of its residential and commercial sale business, it does not handover possession till entire outstanding is received. Similarly, in case of lease rental business, the Company keeps 3 to 6 months rental amount as deposit from the occupants.

No impairment is observed on the carrying value of trade receivables.

Other financial assets

Credit risk from balances with banks, loans and investments is managed by Company's finance department. Investments of surplus funds are primarily made in fixed deposits, with banks and companies; bonds or debentures of investment grade issued by government institutions, public sector undertakings, corporates. These counter parties are shortlisted and exposure limits determined on the basis of their credit rating, financial statements and other relevant informations. As these counter parties are government institutions, public sector undertaking and corporates with investment grade credit ratings, the counter party risk attached to such assets is considered to be insignificant. Impairment in the value of investments in associates is recognised, if required, as on the reporting date.

ii) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach in managing liquidity is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed condition, without incurring unacceptable losses or risking damage to the Company's reputation.

The Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of surplus funds and inter-corporate loans.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date.

SIMPLEX REALTY LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

iii) Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and commodity prices which will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market exposures within acceptable parameters, while optimising the return. The Company's investments are held in bonds/debentures, fixed deposits and debt mutual funds. Investments in bonds/debenture are measured either fair value through other comprehensive income or fair valued through profit or loss to recognise market volatility, which is not considered to be significant. Fixed deposits are held with highly rated banks and companies and are not subject to interest rate volatility.

The Company invests in mutual funds. Mutual fund investments are susceptible to market price risks that arise mainly from change in interest rate which may impact the return and value of such investments.

Currency risk

Currency risk is not material, as the Company's primary business activities are within India and does not have any exposure in foreign currency.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The management is responsible for the monitoring of the Company's interest rate position. The exposure of the Company's borrowing to the interest rate risk at the end of the reporting period is as follows:

(In ₹)

Particulars	As at 31st March, 2021	As at 31st March, 2020
Floating rate borrowing	1,15,22,920	2,04,44,078
	1,15,22,920	2,04,44,078

The sensitivity analysis below have been determined based on the exposure to interest rate for liabilities at the end of the reporting period. The analysis is prepared assuming the amount of the liabilities outstanding at the end of the reporting period was outstanding for the whole year. The amount indicated below may have an impact on reported profit / (loss) for the year.

A reasonable possible change of 100 basis points in interest rate would have resulted in variation in the interest expenses for the Company by the amounts as follows:

(In ₹)

Particulars	2020-21	2019-20
Interest rate - Increase by 100 basis points	1,15,229	2,04,441
Interest rate - Decrease by 100 basis points	(1,15,229)	(2,04,441)

Commodity price risk

The Company's activities are exposed to steel and cement price risks and therefore its overall risk management program focuses on the volatile nature of the steel and cement market, thus seeking to minimize potential adverse effects on the Company's financial performance on account of such volatility.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

32. CAPITAL MANAGEMENT

The Company manages its capital to ensure that it will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The capital structure of the Company consists of net debt and the total equity of the Company. For this purpose, net debt is defined as total borrowings less cash and cash equivalents.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirements are met through short-term/long-term borrowings. The Company monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

The Company's net debt to equity ratio is as follows:

(In ₹)

	As at 31st March, 2021	As at 31st March, 2020
Borrowings	1,15,22,920	2,04,44,078
Less: Cash and cash equivalents	(24,88,601)	(21,74,653)
Net Debt	90,34,319	1,82,69,425
Total equity	1,11,60,88,531	1,10,15,72,769
Debt/Equity ratio	0.01	0.02

33. EARNINGS PER SHARE – EPS is calculated by dividing the profit / (loss) attributable to the equity shareholders by weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares, except when the results would be anti-dilutive.

Particulars	2020-21	2019-20
1. Profit after tax – ₹	46,50,333	5,36,698
2. Weighted average number of shares outstanding during the year	29,91,382	29,91,382
3. Face value of shares – ₹	10/-	10/-
4. Basic / Diluted EPS - ₹	1.55	0.18

34. LEASES

The Company's significant leasing arrangements are in respect of operating leases for Commercial and Residential premises. Lease income from operating leases is recognised on a straight-line basis over the period of lease. The particulars of the premises given under operating leases are as under:

(In ₹)

INDEPENDENT AUDITORS' REPORT

To The Members of Simplex Realty Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Simplex Realty Limited ('the Company') and its associates (collectively referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31st March, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India,

- a) in the case of the Consolidated Balance Sheet, of the consolidated state of affairs of the Group as at 31st March, 2021;
- b) in the case of the Consolidated Statement of Profit and Loss, of the consolidated profit for the year ended on that date; and
- c) in the case of the Consolidated Statement of Changes in Equity, of the changes in equity for the year ended on that date; and
- d) in the case of the Consolidated Cash Flow Statement, of the consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013('the Act'). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 38 to the Consolidated Financial statements which, indicates that the two associates which have been audited by another auditor has accumulated losses and its net worth has been fully eroded. This situation, along with other matters indicates the existence of an uncertainty that may cast doubt about the two associate's ability to continue as a going concern. However, the financial statements of both the associates have been prepared on a going concern basis for the reason stated in the said note.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion there on, and we do not provide a separate opinion on these matters.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends

SIMPLEX REALTY LIMITED

to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of

accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The consolidated financial statements include the Group's share of net profit of ₹ 8,83,087/- out of the total comprehensive income of ₹ 1,53,98,849/- for the year ended 31st March, 2021, as considered in the

consolidated financial statements, in respect of associates which are Simplex Mills Company Limited and Simplex Papers Limited, whose financial statements have not been audited by us. The financial statements of Simplex Mills Company Limited and Simplex Papers Limited have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these associates, and our report in terms of sub-section (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid associates, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2021 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its associate companies incorporated in India, none of the directors of the Group companies, is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – (refer note no. 40 of the consolidated financial statement),
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. The amounts which were required to be transferred to Investor Education and Protection Fund by the Group have been transferred on due date.

SIMPLEX REALTY LIMITED

Annexure - Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated financial statements of Simplex Realty Limited ("the Company") as of and for the year ended 31st March, 2021, we have audited the internal financial controls over financial reporting the Group for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Management of the Company and its Associates are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors in terms of their reports referred to in the Other Matters paragraph is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these consolidated financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of information and according to the explanations given to us and based on the consideration of reports of other auditors, as referred to in Other Matters paragraph, the Group has, in all material respects, an adequate internal financial controls system over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

CORPORATE INFORMATION

Simplex Realty Limited (“the Company”) is a public limited company, incorporated and domiciled in India having its registered office at 30, Keshavrao Khadye Marg, Sant Gadge Maharaj Chowk, Mumbai – 400 011, Maharashtra, India. The equity shares of the Company are listed on BSE Limited. The Company is in real estate development. The Company develops residential as well as commercial properties.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(i) Basis of preparation:

The consolidated financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (“the Act”) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act. The consolidated financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities, which are measured at fair value.

(ii) Principles of consolidation:

- **Associates**

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control over those policies. Investments in associates are accounted for using the equity method of accounting whereby the investment is initially recorded at cost.

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the Company’s share of post-acquisition profits or losses of the investee in the Consolidated Statement of Profit and Loss, and the Company’s share of other comprehensive income or expense of the investee in other comprehensive income or expense.

Unrealised gains or losses on transactions between the Company and its associates are eliminated to the extent of the Company’s interest in these entities. When the Company’s share of losses exceeds its interest in associates, the carrying amount of that interest (including any long term investments) is reduced to zero and the recognition of further losses is discontinued. Additional losses are recognized only to the extent that the Company has incurred legal or constructive obligations or made payments on behalf of the associate. If the associate subsequently reports profits, the Company resumes recognizing its share of those profits/loss only after its share of the profits equals the share of losses not recognized.

After application of the equity method, the Company determines whether it is necessary to recognize an impairment loss on its investment in associate. The Company determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If there is such evidence, the Company calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognizes the loss as ‘Share of profit/loss of an associate’ in the Consolidated Statement of Profit and Loss.

(iii) Current and non-current classification:

The normal operating cycle in respect of operation relating to under construction real estate project depend on signing of agreement, size of the project, type of development, project complexities, approvals needed and realization of project into cash and cash equivalent. Accordingly, project related assets and liabilities have been classified into current and non-current based on operating cycle of the respective project. All other assets and liabilities have been classified into current and non-current based on a period of twelve months.

(iv) Fair value measurement:

The Company’s accounting policies and disclosures require the measurement of fair values for certain financial assets and liabilities.

SIMPLEX REALTY LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1- Quoted prices (unadjusted) in active market for identical assets or liabilities.
- Level 2- Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3-Inputs based on unobservable market data.

(v) Revenue Recognition:

Ind AS-115 Revenue from Contracts with Customers is mandatory for reporting periods beginning on or after April 1, 2018. Under Ind AS-115 revenue is recognized when or as it satisfies each performance obligation by transferring a promised good or service to a customer. A good or service is considered to be transferred when the customer obtains control. Under Ind AS-115 transfer of control of a good or service over time rather than at a point in time is considered when one of the following criteria are met:

- The Customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs.
- The entity's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

If it is not possible to demonstrate that the performance obligation is satisfied over time, the revenue cannot be recognized over time (means revenue is to be recognized following Completed Control Method, instead of Percentage of Completion Method (POCM)).

Costs incurred is being used to measure progress towards completion as there is a direct relationship between input and productivity. Determination of revenue under percentage of completion method necessarily involves making estimates, some of which are of technical nature, concerning where relevant, the percentage of completion, cost to completion, the expected revenue from the project or activity and the foreseeable losses to completion. The effect of changes, if any, to estimates is recognized in the financial statements for the period in which such changes are determined.

Revenue in excess of invoicing are classified as contract assets (which is referred as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which is referred as unearned/deferred income).

Rental income from operating leases is recognized on a straight line basis over the lease term.

The Company receives maintenance amount from the customers and utilize the same towards the maintenance of the respective projects. The balance amount of maintenance expenses to be incurred is reflected as liability under the head other current liabilities.

Interest income is recognized on accrual basis at effective interest rate.

Dividend income is accounted when right to receive is established.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

(vi) Property, Plant and Equipment:

Recognition and measurement:

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment, if any. The cost of property, plant and equipment includes purchase price, including freight, duties, taxes and expenses incidental to acquisition and installation. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Property, plant and equipment are derecognized from consolidated financial statements, either on disposal or when no economic benefits are expected from its use or disposal. The gain or losses arising from disposal of property, plant and equipment are recognized in the Consolidated Statement of Profit and Loss in the year of occurrence.

Subsequent expenditures:

Subsequent expenditures related to an item of property, plant and equipment are added to its carrying value only when it is probable that the future economic benefits from the asset will flow to the Company and cost can be reliably measured. All other repair and maintenance costs are recognized in the Consolidated Statement of Profit and Loss during the year in which they are incurred.

Depreciation:

Depreciation is provided on all property, plant and equipment (excluding furniture and office equipments) on straight-line method and on furniture and office equipments on the written down value method on pro-rata basis over the useful lives of the assets as prescribed in the Schedule II to the Companies Act, 2013.

Assets class	Useful life
Buildings	60 years
Furniture and fixtures	5-10 years
Office equipments	5-10 years
Vehicles	8 years
Electrical installation	10 years
Computers	3 years

(vii) Impairment of Non-Financial Assets:

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or cash generating unit's (CGU) fair value less costs of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. If such recoverable amount of the asset or cash generating unit is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Consolidated Statement of Profit and Loss. If at the Balance Sheet date, there is any indication that any impairment loss recognized for an asset in prior years may no longer exist or may have decreased, the recoverable amount is reassessed and such reversal of impairment loss is recognized in the Consolidated Statement of Profit and Loss, to the extent the amount was previously charged to the Consolidated Statement of Profit and Loss.

(viii) Leases:

Leases in which the Company does not transfer substantially all the risk and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight line basis over the terms of the relevant lease unless the payments are structured to increase in line with general inflation to compensate expected inflationary cost increase.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Lease deposits received are financial instruments (financial liability) and need to be measured at fair value on initial recognition. The difference between the fair value and the nominal value of deposits is considered as deferred rental income and recognized over the lease term on a straight line basis. Unwinding of discount is treated as interest expense for deposit received and is accrued as per the effective interest rate method.

(ix) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial Assets

Initial recognition and measurement

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Subsequent measurement

For the purpose of subsequent measurement, the financial assets are classified as under:

i) Financial assets at amortised cost

A financial asset is measured at the amortised cost, if both of the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. Interest income from these financial assets is included in other income using the EIR in the Consolidated Statement of Profit and Loss. The losses arising from impairment are recognized in the Consolidated Statement of Profit and Loss.

ii) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are classified as FVTOCI, if both of the following criteria are met:

- These assets are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Fair value movements are recognised in the other comprehensive income (OCI), except for the recognition of impairment gains or losses, interest income and foreign exchange gains or losses which are recognised in the Consolidated Statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognized in OCI is reclassified from equity to other income in the Consolidated Statement of Profit and Loss.

iii) Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

profit or loss including interest income and dividend income if any, recognised as other income in the Consolidated Statement of Profit and Loss.

iv) Equity instruments:

All equity instruments other than investments in associates are measured at fair value. Equity instruments which are for trading are classified as FVTPL. All other equity instruments are measured at fair value through other comprehensive income (FVTOCI). The classification is made on initial recognition and is irrevocable.

Where the Company's management has elected to present fair value gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in the Consolidated Statement of Profit and Loss when the Company's right to receive payments is established.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Consolidated Statement of Profit and Loss.

Impairment of financial assets

The Company applies 'simplified approach' for recognition of impairment loss on financial assets for loans, deposits and trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

De-recognition

A financial asset is derecognized when:

- the rights to receive cash flows from the assets have expired, or
- the Company has transferred substantially all the risk and rewards of the asset, or
- the Company has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction cost.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. For trade and other payables maturing within operating cycle, the carrying amounts approximate the fair value due to short maturity of these instruments.

Loans and borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using Effective Interest Rate (EIR) method. Gain and losses are recognized in the Consolidated Statement of Profit and Loss when the liabilities are derecognized.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction costs. The EIR amortization is included as finance costs in the Consolidated Statement of Profit and Loss.

SIMPLEX REALTY LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

- **Derecognition**

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Consolidated Statement of Profit and Loss.

- **Offsetting financial instruments**

Financial assets and financial liabilities are offset and the net amount is reflected in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(x) Inventories:

Construction work-in-progress are valued at cost which includes cost of land, premium for development rights, construction cost, allocated interest and expenses incidental to the project undertaken by the Company. Inventory of completed flats/units is valued at lower of cost or net realisable value.

(xi) Taxes:

The tax expense comprises current and deferred tax. Tax is recognized in the Consolidated Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity or in OCI.

i. Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantially enacted at the reporting date.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

ii. Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities for financial reporting purpose and the amount used for taxation purposes.

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax asset is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

(xii) Employee benefits:

Short term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

Defined contribution plans

The Company's contribution to Provident Fund, Pension, Superannuation and Employees State Insurance Contribution are considered as defined contribution plans, as the Company does not carry any further obligations apart from the contribution made to the respective fund/scheme and are charged as an expense based on the amount of contribution required to be made.

Defined benefit plans

The liability recognized in the balance sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefits obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefit expense in the Consolidated Statement of Profit and Loss.

Remeasurement gain and losses arising from experience adjustments, changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (OCI). They are included in retained earnings in the statement of change in equity and in the balance sheet.

Compensated absences

The liabilities for accumulated leave are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of reporting period using the projected unit credit method. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

(xiii) Borrowing Costs:

Borrowing costs attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use.

Interest and other costs incurred in connection with borrowing of funds, which are incurred for the development of long term projects, are transferred to construction work-in- progress, as part of the cost of the project upto the time all the activities necessary to prepare these projects for its intended use or sale are complete.

All other borrowing costs are recognized as expense in the period in which these are incurred.

(xiv) Cash and Cash Equivalents:

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand, demand deposit and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

SIMPLEX REALTY LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

(xv) Provisions & Contingent Liabilities:

The Company recognizes a provision when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

(xvi) Earnings per share:

Basic earnings per share is calculated by dividing the net profit / (loss) for the year attributable to the equity shareholders by weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xvii) Dividend:

Dividend to the equity shareholders is recognized as a liability in the Company's consolidated financial statements in the period in which the dividend is approved by the shareholders.

1(a) USE OF ESTIMATES AND JUDGEMENTS

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income, expenses and disclosures of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and underlying assumptions are reviewed at each reporting date. Any revision to accounting estimates and assumptions are recognised prospectively i.e. recognised in the period in which the estimate is revised and future periods affected.

i. Evaluation of percentage completion

Determination of revenues under the percentage of completion method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentage of completion, cost to completion, the expected revenue from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the consolidated financial statements for the period in which such changes are determined

ii. Recognition and measurement of defined benefit obligations

The cost of defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuations using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increase and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

iii. Fair value measurement of financial instruments

When the fair values of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from the observable market, where possible, but where this is not feasible, a review of judgement is required in establishing fair values. Changes in assumptions relating to these assumptions could affect the fair value of financial instruments.

iv. Deferred taxes

Deferred tax is recorded on temporary differences between tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profit during the periods in which those temporary differences and the tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward periods are reduced.

Estimation of uncertainties relating to the global health pandemic from COVID-19

The Group, as at the date approval of these consolidated financial statements has considered internal and external sources of information, in assessing the possible effects that may result from the global health pandemic relating to Covid-19 on the carrying amounts of loans, investments, receivables, inventories and other assets. As on the date of approval of these consolidated financial statements, the group has concluded that the impact of Covid-19 pandemic is not material based on these estimates and expects to recover the carrying amount of these assets. The impact of Covid-19 pandemic on the Group's Consolidated Financial Statements may differ from that estimated as at the date of approval of these consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

d) The income tax expense for the year can be reconciled to the accounting profit / (loss) as follows:

	31.03.2021 ₹	31.03.2020 ₹
Profit before tax and share of profit/(loss) in associate	40,81,112	59,86,669

Adjustment due to changes in tax rates	-	44,15,522
	(5,70,975)	55,16,087
Adjustments recognised in the current year in relation to the current tax of earlier years	1,754	(66,116)
Income tax expense recognised in profit and loss	(5,69,221)	54,49,971

The tax rate used for the above reconciliations is the corporate tax rate of 25.168% for the year 2020-21 and 2019-20 payable by the Company.

In assessing the realizability of deferred tax assets, the Company considers the extent to which it is probable that the deferred tax asset will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the period in which those temporary differences and tax loss carry-forwards become deductible. The Company considers the expected reversal of deferred tax liabilities, projected future taxable income in making this assessment.

Based on this, the Company believes that it is probable that the Company will realize the benefits of these deductible differences. The amount of deferred tax asset considered realizable, however, could be reduced in the near term if the estimates of future taxable income during the carry forward period are reduced.

As at 31st March, 2021, the Company has recognized deferred tax asset of ₹ 4,00,52,430/- (as at 31st March, 2020 ₹ 4,00,52,430/-) on unused tax losses. Such tax losses include major items which are not expected to recur in future. Based on realistic estimates of future earnings there is reasonable certainty that the Company will generate sufficient taxable income to utilise such tax losses.

The above sensitivity analysis are based on change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefits obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The estimates of future salary increases, considered in actuarial valuation, taking account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

b) Fair value hierarchy and method of valuation

The following table shows fair value measurement hierarchy. Except for these financial instruments, the Company considers that the carrying value amount recognised in the financial statements approximate their fair value largely due to the short term maturities of these instruments.

(In ₹)

Financial assets	31.03.2021			31.03.2020		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3

Investments in mutual funds	-	56,48,409	-	-	8,00,67,761	-
Investments in alternate investment funds	-	1,38,41,265	-	-	1,31,59,860	-

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities. This includes listed equity instruments that have quoted price. The fair value of equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

The fair value of financial instruments that are not traded in active market is determined using market approach and valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

The fair value of investments in bonds, debentures and mutual funds is measured at quoted price, dealer quotes or NAV.

c) Risk management framework

The Company's principal financial liabilities includes borrowings, trade and other payables. The Company's principal financial assets includes loans, trade receivables, investments (equity shares/bonds/debentures/mutual funds), cash and cash equivalents and others. The Company is exposed to credit risk, liquidity risk and market risk. The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

d) Financial Risk Management

The Company has exposure to the following risks arising from financial instruments:

- i) Credit Risk
- ii) Liquidity Risk
- iii) Market Risk

i) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, investments in inter corporate deposits, bonds or debentures.

The carrying amount of following financial assets represents the maximum credit exposure:

SIMPLEX REALTY LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However credit risk with regards to trade receivables is almost negligible in case of its residential, commercial sale and lease rental as the same is due to the fact that in case of its residential and commercial sale business, it does not handover possession till entire outstanding is received. Similarly, in case of lease rental business, the Company keeps 3 to 6 months rental amount as deposit from the occupants.

No impairment is observed on the carrying value of trade receivables.

Other financial assets

Credit risk from balances with banks, loans and investments is managed by Company's finance department. Investments of surplus funds are primarily made in fixed deposits, with banks and companies; bonds or debentures of investment grade issued by government institutions, public sector undertakings, corporates. These counter parties are shortlisted and exposure limits determined on the basis of their credit rating, financial statements and other relevant informations. As these counter parties are government institutions, public sector undertaking and corporates with investment grade credit ratings, the counter party risk attached to such assets is considered to be insignificant. Impairment in the value of investments in associates is recognised, if required, as on the reporting date.

ii) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach in managing liquidity is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed condition, without incurring unacceptable losses or risking damage to the Company's reputation.

The Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of surplus funds and inter-corporate loans.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

iii) Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and commodity prices which will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market exposures within acceptable parameters, while optimising the return. The Company's investments are held in bonds/debentures, fixed deposits and debt mutual funds. Investments in bonds/debenture are measured either fair value through other comprehensive income or fair valued through profit or loss to recognise market volatility, which is not considered to be significant. Fixed deposits are held with highly rated banks and companies and are not subject to interest rate volatility.

The Company invests in mutual funds. Mutual fund investments are susceptible to market price risks that arise mainly from change in interest rate which may impact the return and value of such investments.

Currency risk

Currency risk is not material, as the Company's primary business activities are within India and does not have any exposure in foreign currency.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The management is responsible for the monitoring of the Company's interest rate position. The exposure of the Company's borrowing to the interest rate risk at the end of the reporting period is as follows:

(In ₹)

Particulars	As at 31st March, 2021	As at 31st March, 2020
Floating rate borrowing	1,15,22,920	2,04,44,078
	1,15,22,920	2,04,44,078

The sensitivity analysis below have been determined based on the exposure to interest rate for liabilities at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liabilities outstanding at the end of the reporting period was outstanding for the whole year. The amount indicated below may have an impact on reported profit / (loss) for the year.

A reasonable possible change of 100 basis points in interest rate would have resulted in variation in the interest expenses for the Company by the amounts as follows:

(In ₹)

Particulars	2020-21	2019-20
Interest rate - Increase by 100 basis points	1,15,229	2,04,441
Interest rate - Decrease by 100 basis points	(1,15,229)	(2,04,441)

Commodity price risk

The Company's activities are exposed to steel and cement price risks and therefore its overall risk management program focuses on the volatile nature of the steel and cement market, thus seeking to minimize potential adverse effects on the Company's financial performance on account of such volatility.

SIMPLEX REALTY LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

32. CAPITAL MANAGEMENT

The Company manages its capital to ensure that it will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The capital structure of the Company consists of net debt and the total equity of the Company. For this purpose, net debt is defined as total borrowings less cash and cash equivalents.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirements are met through short-term/long-term borrowings. The Company monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

The Company's net debt to equity ratio is as follows:

(In ₹)

	As at 31st March, 2021	As at 31st March, 2020
Borrowings	1,15,22,920	2,04,44,078

Total equity	1,07,78,38,191	1,06,24,39,342
Debt/Equity ratio	0.01	0.02

33. EARNINGS PER SHARE – EPS is calculated by dividing the profit / (loss) attributable to the equity share holders by weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares, except when the results would be anti-dilutive.

Particulars	2020-21	2019-20

37. INTEREST IN ASSOCIATES

The Company has 48.99% and 49.01% shareholding in Simplex Mills Company Ltd. (SMCL) and Simplex Papers Ltd.(SPL) respectively. The Company has the ability to appoint directors on the Board of SMCL and SPL, giving it the power to participate in the financial and operating policy decisions. The Company has significant influence by virtue of its shareholding in SMCL and SPL making them as associates. The Company's interest is accounted for using the equity method in the consolidated financial statements. As per the equity method if an entity's share of losses of an associates equals or exceeds its interest in the associate, the entity discontinues recognizing its shares of further losses. The Company's share of losses in SPL had already exceeded its interest in the associates, hence no further losses are being recognized.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

39. Investments in associates are accounted for using the equity method of accounting. Under the equity method, an investor needs to recognize its share of profit or loss in the investee to the extent of its interest in the associates. The interest in an associate is the carrying amount of the investment in the associate determined using equity method together with any long term interest. Losses recognized using the equity method in excess of the entity's investment in ordinary shares are applied to the other components of the entity's interest in an associate. The Company's share in profit for the period ended 31st March, 2021 amounting to ₹ 8,83,087/- has been recognized in the consolidated financial statement and for the previous year ended 31st March, 2020 profit amounting to ₹ 28,24,089/- was recognized.
