Dear Shareholders,

Good Morning

I thank you all for being here today electronically for the 67th Annual General Meeting of Ador Welding Limited.

REVIEW OF FY 2019-20

The 67th Annual Report, including the Directors' Report and Audited Statement of Accounts of the Company for the year ended 31st March, 2020 in electronic form, is available with you for some time now and hence, with your consent, I shall take it as read.

The last 6 months, the world has been gripped with COVID 19 and all corporates across the world have endured turbulent times. However, the last financial year, FY 2019-20 has been a good year for Ador Welding; we have set new benchmarks, in terms of production and revenue. Production of welding consumables increased from around 35,400 MT in FY 2017-18 to around 38,000 MT in FY 2018-19. The Company sold 8,498 no. of welding machines in FY 2018-19 as compared to 6,556 no. of machines in FY 2017-18 amounting to a growth of about 30%.

In FY 2019-20, the Company produced over 43,900 MT of Welding Consumables and 8,739 no of Welding machines, despite losing fifteen days of production in the month of March 2020 due to national lockdown.

The Company has improved its market share in the consumables segment from 18% to 20% and in the Equipment segment from 11% to 12% approximately, over the previous financial year.

With respect to the Project Engineering Business of the Company, it is facing headwinds on account of liquidity constraints and de-leveraging by the Private Sector, resulting in sluggishness in investment activity. However, we hope that once investment activity picks up in real economy of the country, it will provide opportunities to the Project Engineering Business.

OUTLOOK / THE ECONOMY

The pandemic unexpectedly hit us in March this year and has derailed the economic growth engine and brought it to a grinding halt. The Government declared a lockdown of all business, social, economic and political activities, which continued for more than four months with almost no economic activity. With the lockdown opening up in phases, the economy is slowly limping back but I believe that it will take another six months for complete normalcy to return. The negative growth of 4-5% this fiscal, will affect production and sales across sectors, barring few. We are looking at challenging year ahead with a need to re-calibrate our business plans keeping in pace with the fluid situation.

Despite all the challenges, the Company achieved a net turnover of Rs. 54.86 Crore in Q1 of FY 2020-21 and a PBT of Rs. 0.19 Crore. We expect Sales to pick up in the second half of the current financial year, due to easing of lockdown & sentiment.

THE WELDING INDUSTRY

In spite of being in the middle of the COVID pandemic and negative economic growth, a sharp recovery is expected next fiscal and Investment planned by the Government of India in Infrastructure, Defense & Railways etc., growth in the cargo movement, resumption of CAPEX in Oil & Gas, Heavy Engineering, Automobiles, etc. offers promising & optimistic future for the welding industry and is expected to drive demand for our products .

Risks, such as the outcome of the US Presidential election and the Indian & global response to expansionist China may have an impact on world economic growth, posing a threat to exports & imports, FDI inflows and value of rupee. We hope to manage risk effectively while minimizing any impact of the above factors.

Given the current situation, the Company has outlined a road map with the following Business Priorities:

- Prudent Cash flow management
- Strengthen supply chain for meeting increasing demand
- Increase manufacturing productivity
- Strategic associations in new product launches.
- Exploring new geographies
- Expand Project Engineering Business offerings by adding new products & increasing customer base
- Digitization of key business processes

INNOVATIONS AND NEW PRODUCT DEVELOPMENTS

Our R&D team has developed several new products and improvised on existing products, with new look & features. A few of our new Product Development initiatives have also been cited in the 67th Annual Report. We are now able to shrink the time taken to launch the new products, gaining a competitive advantage / edge in the market place.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Ador's robust CSR policy, has taken initiatives and implemented programs, such as creating employment opportunities by providing education in welding for economically weaker sections of the society, providing safe drinking water, sanitation facility and providing educational opportunities to the needy & deserving class of society.

Due to national lockdown, an unspent amount of Rs. 3.61 Lakhs was reported by the Company at the last financial year ended 31st March, 2020. However, we are committed to explore new opportunities this financial year subject to cash flow.

APPRECIATION

FY 2019-20 has been a productive year and I thank the entire Ador team for this.

On behalf of the Board of Directors, I extend my thanks to our Shareholders, Customers, Dealers, Distributors, Suppliers, Bankers and Government agencies as well.

Thank you and stay safe!
