# Sharp margin gains not a quick fix for Pidilite

High stock valuation another hurdle for adhesives manufacturer

Mumbai, 12 March

he stock of Pidilite Industries hit record levels last week and has gained about 14 per cent since February.

Healthy volumes in the October-December quarter of FY24 (O3FY24), high margins and improved distribution have improved sentiment for the stock. New products and business-to-business (B2B) demand will help the company's sales, analysts say.

Pidilite, which makes Fevicol, Dr Fixit, Fevikwik and M-Seal adhesives, had a strong operational performance but revenue growth was muted in Q3FY24. Sales grew just 4.4 per cent but volumes were healthy at 10 per cent.

The muted value growth was on account of a cut in prices. While the rural and small towns outperformed the urban markets, volumes were supported by double-digit growth in key segments of consumer and bazaar as well as B2B.

The company continues to increase its presence by expanding its distribution network. While it has a presence in 12,000 stores in more than 8,000 villages, Pidilite plans to add 1,000 to 1.500 every quarter.

Demand for its products could be a trigger for the stock. Nuvama Research said tile adhesives will help Pidilite in achieving high single-digit/lower doubledigit volume growth.

Pidilite and Asian Paints can coexist in waterproofing as the market is large and underpenetrated, said the brokerage.

stocks to shift to Pidilite as it believes that the company will not be impacted by Grasim's entry in the sector.

In O3FY24, Pidilite's gross margins increased 1,100 basis points over the yearago quarter and 150 basis points sequentially on the back of lower raw material costs. Vinyl acetate monomer, a key raw material cost, stood at \$900 per tonne compared to \$2,000 per tonne in the yearago quarter and \$1,000 per tonne in Q2FY24. Operating profit margin expansion was limited to 720 basis points year-on-year (Y-o-Y) to 23.7 per cent due to employee costs and other expenses as a percentage of sales.

Further margin gains are unlikely. While VAM prices are still 9.5 per cent lower Y-o-Y, they have firmed up a bit over Q2 FY24. Analysts led by Naveen Trivedi

NSE to cut cash, derivatives transaction charges by 1%

Nuvama has advised investors in paint of Motilal Oswal Research said that operating margin at over 23 per cent is already at a record high.

They have not considered further expansion as growth drivers (consumer acquisition, distribution expansion, investment in brand) requires high operating expenditure. The brokerage has built an annual growth of 13-14 per cent in operating and net profit during FY24-26.

While it is positive about the company given its leadership in the adhesives market and a solid balance sheet, it argues that current valuation limits the upside potential. Consequently, it has a neutral rating on Pidilite stock. JP Morgan Research has maintained its overweight rating on Pidilite, citing the company's ability to meet B2B/infrastructure and real estate demand and better positioning than competitors.

# Commit to minimum 7-year horizon after rally in gold **YELLOW METAL** Gold scaled a new closing peak of ₹65,383 per 10 grams on March 11. The **RETAINS SHEEN** yellow metal has rallied 17.8 per cent

over the past year. While gold may remain volatile over the next few  $months, its \, prospects \, remain \, bright$ over the medium term.

#### What sparked the rally

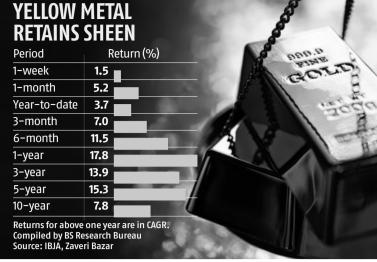

The rally in gold began towards the end of February, following the release of the Personal Consumption Expenditure (PCE) Price Index. This index aligned with expectations. "Its release came on the heels of the January Consumer Price Index (CPI), which had exceeded expectations. The PCE price index mitigated concerns about inflation," says Ghazal Jain, fund manageralternative investments, Quantum Asset Management Company

Other recent data has pointed to growing weakness in the US economy. "Disappointing US ISM manufacturing and services data hinted at an economic slowdown. The latest US unemployment data also showed weakness in the labour market," says Tapan Patel, fund managercommodities, Tata Asset Management. US interest rates may now be cut sooner. "Earlier, the first rate cut was expected in June but now some market participants expect the first cut in May," says Jain.

#### **Positive drivers**

Fed policy, US economic concerns: The primary factor that will influence gold prices overthenext12monthsisUS Fedpolicy. US CPI inflation is gradually moving towards the Fed'starget of 2 per cent, supporting the case for rate cuts.

The US economy has so far managed to weather the impact of high interest rates and tight credit conditions owing to fiscal spending and consumers running down their savings. Support from these factors may wane in 2024. A slowdown would prompt the Fed to lower interest rates. A non-yielding asset like gold becomes more attractive when global interest rates decrease. Patel informs that historically gold and interest rates have been negatively correlated

**Geopolitical tensions:** Tensions in the Middle East and the war between Russia and Ukraine are driving safe-haven demand for gold.

Central bank purchases: In 2023, central banks purchased 1,037 tonnes of gold, according to World Gold Council data. This was only slightly less than the record purchases in 2022. This trend is expected to continue in 2024.

**Elections:** Numerous elections will take place this year, including in the US, India, and Europe. Political uncertainty could unsettle the equity

markets and lead to gold Runupin equities: Equity markets, both globally and in India, have experienced

significant rallies, leading to high valuations. Pullbacks YOUR may occur if earnings growth disappoints. Gold typically MONEY performs well during equity market corrections. Physical demand: Despite high prices,

countries like India and China have shown strong demand. "The robust demand for physical gold is expected to support prices," says Manay Modi, analyst, commodities & currencies, Motilal Oswal Financial Services.

#### **Inhibiting factors**

If the US economy achieves a soft landing, wherein inflation decreases without significantly harming growth, and the Federal Reserve either postpones rate cuts or reduces the quantum of rate cuts, gold prices could experience a pullback. Investors should watch US economic indicators closely. "Recent data have come in below estimates. Improvement in manufacturing and services PMI and labour market data could restrict upward price movement," says Modi.

#### Expect near-term volatility

Experts expect gold to remain volatile over the next few months. Over the medium term, however, they are optimistic about the yellow metal's prospects, considering the imminent turn in the US interest-rate cycle. "Gold prices will remain elevated over the medium term as the vellow metal tends to perform well in a low interest rate scenario," says Patel. Modi informs that his firm's target for the year is ₹69,000 per 10 grams.

#### Rebalance after run-up

Jain suggests booking partial profits and rebalancing if allocation has exceeded 15 per cent. After the recent run-up, gold may experience price correction. Modi suggests buying on dips. New investors should stagger their purchases rather than buy lump-sum. Abhishek Kumar, a Sebi-registered investment advisor (RIA) and founder, Sahai Money suggests entering with a horizon of seven years or more

The National Stock Exchange (NSE) has decided to reduce charges across equity cash and derivatives segments by 1 per cent from April 1 onwards. The reduction in transaction charges will hit annual revenues by ₹130 crore, the country's largest stock exchange said after its board meeting held on Monday. The bourse had ₹8,330 cr revenue from transaction charges in the first nine months of this financial year – a 16 per cent jump year-onyear. For the equity cash segment, NSE charges 0.00325 per cent while the same is 0.00375 per cent for the rival BSE.

technology business NSEIT along with its subsidiaries to Investcorp, a US-based firm managing alternative investments. The deal is expected to be done by this month-end for ₹1,000 crore. NSEIT contributed to nearly 6 per cent of the total operating income. The decision to sell non-core business follows the recommendation of Mahalingam Committee which was KHUSHBOO TIWARY appointed by Sebi.

New Delhi: Vinesh Phogat's twin participation at the national trials for the Asian Olympic Games qualifier did not go down well with the officials of the Wrestling Federation of India (WFI). The Indian federation allegedly informed the United World Wrestling (UWW) about "all the drama that happened in Patiala on Monday" and stated that WFI have no role in 50kg and 53kg categories' trials, said sources. In a stunning upset, twentyyear-old *Luca Nardi* of Italy has created waves at the tournament, and perhaps the entire year, by defeating Novak Djokovic 6-4, 3-6, 6-3 in the third round of Indian Wells. This victory etches itself into history as Nardi, ranked No. 123, becomes the lowestranked player ever to conquer Djokovic at a Masters 1000 or Grand Slam event.

Marking a pivotal moment in his fledgling career, Nardi's triumph comes hot on the heels of his first-ever Top 50 win just days prior, where he dispatched the No. 50-ranked Zhang Zhizhen of China. Nishant Dev missed out on a Paris Olympic quota by a whisker, suffering a heartbreaking loss in the 71kg quarterfinals as all Indian boxers returned empty-handed from the first World Olympic Boxing Qualifier here.

Dev went down 1-4 to USA's Omari Jones, the 2021 World Championship silver medallist, in a closely-contested light middleweight quarterfinal late on Monday.

A win in the last eight stage would have fetched the 2023 Championships World bronze medallist an Olympic quota.

None of the nine boxers competing here were able to add to India's tally of four quotas in boxing.

After two qualification events - the Asian Games and the first World Olympic Boxing Qualifier - not one Indian male pugilist has been able to

book a place for the Olympics. All four quotas in boxing

warnings were handed to have come in the women's both boxers. As the bout prosection with two-time world gressed, Dev grew in confidence. He ended the second champion Nikhat Zareen (50kg), Preeti Pawar (54kg), round with a strong left cross Parveen Hooda (57kg), and to take the round 4-1. Tokyo Olympics bronze medal-

Double Olympic medallist PV Sindhu progressed to the second round of the singles competition at the All England Championships after German opponent Yvonne Li retired following the completion of the first game here on Tuesday.

World No. 11 Sindhu, a former world champion, won the first game 21-10 before world No. 26 Li decided to throw in the towel.

The 28-year-old from Hyderabad will next face top seed Korean An Se Young, who has proved her nemesis, having defeated her all six times they have crossed paths in international badminton. In fact, only once has Sindhu managed to take a game away from the world No. 1 Korean when they met last time at the Asia Championships in Dubai last year.
