Uptick in quality of govt's spend to continue in FY24

PRASANTA SAHU
New Delhi, January 18

THE TRANSPARENCY OF the Union Budget has vastly improved in the last three years due to the finance ministry's effort to bring most of the off-budget liabilities into the balance sheet, step up capital expenditure and reduce floating funds with implementing agencies of various central schemes.

Even though the exercise increased the revenue expenditure to GDP ratio in FY21, the improvement in the quality of expenditure is visible there- after with capital expenditure to GDP ratio steadily rising to 2.9% of GDP in FY23 (BE) from 1.7% in FY20. Capex would likely be around 2.2% in FY24 as well, even as revenue expenditure to GDP ratio may see a decline.

Revenue expenditure, which rose sharply from 11.7% of GDP in FY20 to 15.6% in FY21, moderated to 13.5% in FY22 and is seen around 12.8% in FY23 (against the Budget target of 12.4%), due to higher expenditure on food and fertiliser subsidies. The Centre, which had off-budget liabilities of close to ₹4 trillion by end-FY20, has brought about ₹3.7 trillion (93%) of these into the balance sheet by FY22. The remaining off-budget liabilities would likely be cleared soon, subject to investors in such bonds coming on board as they had invested in such papers issued by entities like Nabard and Hufco for good annual returns.

The Comptroller and Auditor General (CAG) of India and the 17th Finance Commission (previous commission as well) had re-flagged the off-budget funding of welfare schemes through public sector entities and had urged the Centre to come clean on these.

Finance minister Nirmala Sitharaman and finance secre-

GREATER FISCAL TRANSPARENCY & QUALITY

tary TV Somanathan finally hit the bullseye by virtually wiping out the entire ₹2.5-trillion arrears of food subsidies by taking over the National Small Savings Fund loans to the Food Corporation of India in FY21. The Centre managed this with a resultant spike in fiscal deficit to record high of 9.2% of GDP in FY21, by taking the benefit of greater tolerance for high fiscal deficit globally after the Covid outbreak. The government cleared food and fertiliser subsidy arrears worth ₹3.15 trillion in FY21 alone.

These removal of off-budget liabilities, capex increase and cutting float of funds in schemes) have been laudable measures in the last three years to make the fiscal numbers more reliable, transparent and trackable," NR Bhanumathy, vice-chancellor of Bengaluru's BASE University and a noted

economist, said. Overall, the share of expenditure on subsidies in revenue expenditure showed a decreasing trend till FY19 and an increasing trend from FY20. However, during FY21, the share of subsidies as a percentage of revenue expenditure increased substantially from 10.3% in FY20 to 22.7% in FY21 due to significant increases in subsidies. The share of subsidies in revenue expenditure moderated to around 14% in FY22, but will likely rise to around 19% in FY23 as the commodity stock required extra spending of around ₹2.3-2.5 trillion on food and fertiliser subsidies. The outgo on subsidies may decline to around 12% in FY24 due to the softening of global commodity prices, which would reduce the outgo on fertiliser subsidies.

Working on \$37-bn India projects: US trade agency

FE BUREAU
New Delhi, January 18

THE US TRADE AND Development Agency (USTDA) is engaged in about 200 activi-

ties in India and its portfolio has the potential to unlock \$37 billion in financing in sectors including clean energy, digital connectivity and infrastructure, a senior

official told reporters in New Delhi. The USTDA is also very much interested in exploring collaboration with India in the latter's ambitious plan to

set up green hydrogen projects, said its director Enoch T. Ebong, who is on a visit to India. The agency on Wednesday partnered eight states under

its Interstate Clean Energy Procurement Programme. These are Gujarat, Haryana, Karnataka, Kerala, Punjab, Tamil Nadu, West Bengal and Maharashtra.

Inspection of one stretch of Pune Metro in February

GEETA NAIR
Pune, January 18

MAHARASHTRA METRO RAIL Corporation on Wednesday said inspection of one stretch of the Pune Metro by the Commissioner of Metro Railway Safety (CMRS) will begin in February and approvals are expected by March. The CMRS authorisation is necessary for commencing commercial operations of the Pune Metro Rail.

The CMRS inspection will be for the section from Vanaz to Civil Court and from Civil Court to Pimpri Chinchwad Municipal Corporation. Brijesh Dixit, managing director, MahaMetro, said they were hopeful of getting the clearances by end of March. Work on the critical interchange metro station where the two corridors of Pune Metro meet is nearing completion, with 95% of the structural work done and work on fit-outs going on, Dixit said.

The Pune Metro has two routes - PCMC to Swargate (17 km) and Vanaz to Ramwadi (16 km), while the third line to be built by the Pune Metropolitan Region Development Authority and the Tata-Siemens consortium. The lines intersect at Civil Court Metro station. It has an underground station on the PCMC to Swargate route and an elevated station on the Vanaz to Ramwadi route. The underground station is connected to the elevated station by escalators and lifts. The depth of the station is 3.1 metre (10.5 ft), making it the deepest metro station in India.
