Anupam Rasayan signs LOI worth Rs 135 Cr with Multinational Chemical Company

Surat, August 30, 2021: Anupam Rasayan (NSE, BSE: ANURAS), one of India's leading custom synthesis & speciality chemical players, has received and signed Letter of Intent (LOI) amounting Rs 135 crore with a Japanese Multinational Chemical company for supplying a life sciences related speciality chemical product. The company will enter into a long-term contract with the Japanese multinational firm for next four years to supply this life science related speciality chemical product.

Speaking about the order, Anand Desai, Managing Director of Anupam Rasayan, said, *"This order will further strengthen our revenue and profitability visibility and also showcases the quality of the product allowing the customer to depend upon the company on long term basis making Anupam Rasayan, a preferred partner for these MNCs"*

The speciality chemicals major is manufacturing products for over 66 domestic and international customers, including 24 multinational companies. The company has a long history of high customer retention and have been manufacturing products for select customers for over a decade. The company caters to a diverse base of Indian and global customers.

About Anupam Rasayan India Ltd. (ARIL):

Anupam Rasayan India Ltd (ARIL) is one of the leading companies engaged in the custom synthesis (CSM) and manufacturing of specialty chemicals in India. Incorporated in 1984, the speciality chemicals major has two verticals: Life science related Specialty Chemicals comprising products related to Agrochemicals, Personal Care and Pharmaceuticals, Other Specialty Chemicals comprising Specialty Pigment and Dyes, and Polymer Additives. The company operates via its six manufacturing facilities in Gujarat, India, with four facilities located at Sachin, Surat and two located at Jhagadia, Bharuch with an aggregate installed capacity of 26,989 MT, as of June 30, 2021.

ARIL offers multistep synthesis and undertakes complex chemical reactions technologies, for a diverse base of Indian and global customers. The focus is developing in-house innovative processes for manufacturing products requiring complex chemistries and achieving cost optimization.
