LETTER FROM THE CHAIRMAN

Dear Shareholders,

It has been our practice to say things as they are — be these good or bad, without exaggeration or sugar coating. As your chief fiduciary, I have no intention to depart from this practice. The hard fact is that FY 2018-19 has been a bad year for your Company.

Last year I had written to you that our two large projects got cancelled. The financial performance of the Company during the year under review is affected on account of this. Moreover, due to negative approach of the Public Sector Banks for infrastructure sector and EPC Companies, the industry is facing severe financial crunch.

Due to non-support of banks in issuing bank guarantees, the Company is not able to bid for any new work during the year under review. At present the Company is doing maintenance work of road projects awarded to its SPVs. Even in such difficult time, your Company is able to survive since the Company is not overleveraged due to conservative approach adopted while borrowing. The Company is confident to resolve the issues with its bankers in the coming financial year.

On Real Estate sector side also there is sluggish demand in the Mumbai Metropolitan Region. The Company will decide to start its real estate projects, once there is improvement in the market.

Performance Review: -The highlights of financial and operational performance during the year are: -

- Total Income of ₹ 61.44 Crores
- Net Loss after tax of ₹ 2.99 Crores
- Earnings per share of ₹ (0.37)
- Cash Earnings per share of ₹ (0.06)
- Net worth of ₹ 476.15 Crores.

Outlook on Road Sector

India has the one of largest road network across the world, spanning over a total of 5.5 million kms. This road network transports 64.5 per cent of all goods in the country and 90 per cent of India's total passenger traffic uses road network to commute.

The construction of highways reached 9,829 kms during FY18 which was constructed at an average of 26.93 kms per day. The Government of India has set a target for construction of 10,000 kms National Highway in FY19.

India has a requirement of investment worth ₹50 trillion (US\$ 777.73 billion) in infrastructure by 2022 to have sustainable development in the country. India is witnessing significant interest from international investors in the infrastructure space.

The Government of India is expected to invest highly in the infrastructure sector, mainly highways, renewable energy and urban transport. The total National Highways length increased to 122,434 kms in FY18 from 92,851 kms in FY14.

The Government of India is taking every possible initiative to boost the infrastructure sector.

India's National Highway network is expected to cover 50,000 kms by 2019. National Highway construction in India has increased by 20 per cent year-on-year in 2017-18.

The Government of India has decided to invest ₹7 trillion for construction of new roads and highways over the next five years.

Your Company is confident of getting new EPC road contracts in the coming fiscal and it will help in improving top line and profitability of your Company. Moreover, your Company is expecting realisation of further claims in the coming year and the same will be used to reduce outstanding debt of the Company.

We believe in proactively preparing ourselves for achieving sustainable rapid growth by ensuring timely availability of necessary resources – be it human resources, finance, technology, equipment, infrastructure, systems, etc.

In the area of Corporate Governance, your Company is committed to the highest standards of probity, transparency, sustainability and corporate social responsibility.

I thank all the stakeholders for reposing confidence in our abilities and endeavours and expect to receive full support in taking the Company to newer heights.

Yours Sincerely,

Rajhoo Bbarot
Chairman

In terms of the Companies (Amendment) Act, 2017 and vide notification no S.O. 1833(E) dated May 7, 2018, the Ministry of Corporate Affairs have done away with the requirement of ratification of the appointment of auditors, at each subsequent Annual General Meeting, by deleting the 1st Proviso to the sub-section (1) of Section 139 of the Companies Act, 2013. Accordingly, the same is not required to be put up to the members for ratification.

M/s. Suresh C. Maniar & Co, Chartered Accountants, Mumbai (FRN 110663W) have confirmed that they continue to be eligible under Section 141 of the Companies Act, 2013 and the Rules framed

thereunder for continuing as Auditors of the Company.

The Notes on financial statement referred to in the Independent Auditors' Report are self-explanatory and do not call for any further comments. The Independent Auditors' Report does not contain any qualification, reservations or adverse remark.

SECRETARIAL AUDITOR AND SECRETARIAL AUDIT REPORT

Pursuant to Section 204 of the Companies Act, 2013, and Rules thereunder, a Secretarial Audit Report for the FY 2018-19 in Form MR 3 given by M/s. S. D. and Company, Practicing Company Secretary, is attached as Annexure-IV with this report.

The Secretarial Audit Report contains following qualification, reservation. The reason for the same is mentioned below:

Qualification 1:

The Board of Directors of the Company has approved financial results for the financial year ended March 31, 2018 with delay of 59 days from the end of the quarter as per Regulation 33 of SEBI (LODR) Regulation, 2015 and Company has paid penalty imposed by the BSE Limited and National Stock Exchange of India Ltd. of ₹ 2,86,740/- for 16 days delay, as per their respective Notices received by the Company and submitted the waiver representation to both the Exchanges.

Board Explanation:

The Company had called its Board Meeting on May 29, 2018 for approval of its audited financial statements for the financial year ending March 31, 2018. However one of the Independent Director resigned from the Board on May 28, 2018 and one of the Independent Director was abroad and as such the meeting could not take place for want of quorum. Further the Statutory Auditors, viz. Price Waterhouse Chartered Accountants LLP abruptly resigned on May 29, 2018 and as a result of the above two incidents the Company appointed new Statutory Auditors and new Independent Directors to approve the financial statements on July 28, 2018 for the financial year ended March 31, 2018. The delay in approving the financial statements was beyond the control of the Company and as stipulated by the stock exchanges, the Company paid the penalty for delay in approving the financial statements.

Qualification 2:

The Compliance Certificate under Regulation 7(3) of SEBI (LODR) Regulation, 2015 was filed with delay of 9 days delay.

Board Explanation:

The Company filed the Compliance Certificate under Regulation 7(3) of SEBI (LODR) Regulation, 2015 with a delay of 9 days through oversight. The Company ensures that the necessary compliances with the stock exchanges are done promptly.

Qualification 3:

The Composition of Nomination & Remuneration Committee was not constituted as per Regulation 19(1) of SEBI (LODR) Regulations 2015 during the period from 28.05.2018 to 31.05.2018 due to resignation of an Independent Director on 28.05.2018. The changes in Composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Board Explanation:

As already explained in reply to qualification 1, one of the Independent Director resigned from the Board/Committee on May 28, 2018 and as a result there was a vacuum created in the composition of Nomination and Remuneration Committee which was duly filled by the Board on June 1, 2018.

Qualification 4:

The Company has not spent 2% of its average net profits during the year on Corporate Social Responsibility Activities as required under

Section 135 of Companies Act, 2013 read with Schedule VII and The Companies (Corporate Social Responsibility) Rules, 2014.

Board Explanation:

During the financial year ended March 31, 2018, the Company posted a net loss of ₹ 26.35 crores and as such the Company could not spend 2% of its average net profits during the year on Corporate Social Responsibility Activities as required under Section 135 of Companies Act, 2013 read with Schedule VII and The Companies (Corporate Social Responsibility) Rules, 2014. However as good corporate governance, the Company is taking all the steps to spend the required amount on the CSR activities in good and reliable charitable institutions.

Qualification 5:

The Company's website is functional but in the month of May, 2019 the website was hacked and as result of this all data was lost and currently dissemination of information is not uploaded as per Regulation 46 & 30 of SEBI (LODR), 2015 and further the Company has also intimated about the Non Functional website on May 10, 2019 to both the Exchanges.

Board Explanation:

The Company's website was hacked by unknown sources and as a results of this all the data displayed on the Company's website was lost. The Company has promptly informed both the exchanges of said event. The Company is taking required steps to reload the lost data on its website.

Qualification 6:

The Company has failed to file AOC-4 XBRL (Financial Statement) with ROC within 30 days from the date of AGM.

Board Explanation:

The Company's Annual General Meeting was held on September 28, 2018 and all the items of the agenda were passed by the shareholders except approval of financial audited statement for the financial year 2017-18 as some of the shareholders sought clarifications on the financial statement and requested the Company to restate the financial statements. The Company's adjourned Annual General Meeting for approval of restated audited financial statements only was held on November 14, 2018, which was beyond 6 months, from the date of closing of the financial year and the Company had applied for the extension of time in Form No. GNL-1 immediately after the Annual General Meeting held on September 28, 2018 on September 29, 2018 with Registrar of Companies, Mumbai to conduct the Adjourned Annual General Meeting with Registrar of Companies. As the approval had not come in time, there was delay in filing AOC-4 XBRL.

MATERIAL CHANGES AND COMMITMENT AFFECTING FINANCIAL POSITION OF THE COMPANY

There are no material changes and commitments affecting the financial position of the Company which has occurred between the financial year of the Company i.e. March 31, 2019 and till the date of Directors' Report i.e. May 20, 2019.

CONSERVATION OF ENERGY AND TECHNOLOGY ABSORPTION

The particulars in relation to conservation of energy and technology absorption are currently not applicable to the Company.

FOREIGN EXCHANGE EARNINGS AND OUTGO

During the year, there were neither foreign exchange earnings nor any outgo.

PARTICULARS OF EMPLOYEES AND RELATED DISCLOSURES

In accordance with the provisions of Section 197(12) of Companies Act, 2013, the ratio of the remuneration of each director to the median employee's remuneration and other details in terms of sub-section 12 of Section 197 of the Companies Act, 2013 read with Rule 5(1)

of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, are forming part of this report as Annexure V.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2019

(Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

To,
The Members,
ATLANTA LIMITED
CIN: L64200MH1984PLC031852
 301, SHREE AMBA SHANTI CHAMBERS,
 OPP. HOTEL LEELA, ANDHERI KURLA ROAD,
 ANDHERI EAST, MUMBAI-400 059

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Atlanta Limited** (hereinafter called "**the Company**"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on March 31, 2019 complied with the statutory provisions of the applicable acts listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter :

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company, for the financial year ended on March 31, 2019 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
 - a) During the year under review, the Company has given loans/advances to the following Company in which directors of the Company are interested:
 - MORA Tollways Limited (Step down Subsidiary Company)

As informed, the Company has provided interest free loans for providing infrastructural facilities, and therefore pursuant to Section 186(11) such loan has not been violation of Section 186 of Companies Act, 2013.

The Company had complied and filed Form MGT-15 for Report on 35th adjourned Annual General Meeting of the Company with delay by paying additional fees.
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder; (Not applicable to the Company during the Audit period)
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment. (Not applicable to the Company during the Audit period)
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act");
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009#;
 - d. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014#;
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008#;
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009#; and
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998#.

The Regulations or Guidelines, were not applicable for the period under review
- vi. We have relied on the Representation made by the Company and its Officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company. The compliance of the provisions of corporate and other applicable laws, rules, regulations, standards is the responsibility of the management. Our examination was limited to the verification of procedure on test basis. The list of major head/groups of Acts, Laws and Regulations as generally applicable to the Company is given in **Annexure II**
- vii. In case of Direct and Indirect Tax Laws like Income Tax Act, Goods and Services Tax (GST) and Custom Acts we have relied on the Reports given by the Statutory Auditors of the Company.

We have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by The Institute of Company Secretaries of India.
- ii. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ["Listing Regulations"]

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE, DEVELOPMENT AND OUTLOOK

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads and urban infrastructure development.

India has the one of largest road network across the world, spanning over a total of 5.5 million kms. This road network transports 64.5 per cent of all goods in the country and 90 per cent of India's total passenger traffic uses road network to commute. Road transportation has gradually increased over the years with the improvement in connectivity between cities, towns and villages in the country.

In 2018, India ranked 44th out of 167 countries in World Bank's Logistics Performance Index (LPI) 2018.

Market Size

Foreign Direct Investment (FDI) received in Construction Development sector (townships, housing, built up infrastructure and construction development projects) from April, 2000 to December, 2018 stood at US\$ 24.91 billion, according to the Department of Industrial Policy and Promotion (DIPP). The logistics sector in India is growing at a CAGR of 10.5 per cent annually and is expected to reach US\$ 215 billion in 2020.

The construction of highways reached 9,829 kms during FY18 which was constructed at an average of 26.93 kms per day. The Government of India has set a target for construction of 10,000 kms National Highway in FY19.

Investments

India has a requirement of investment worth ₹50 trillion (US\$ 777.73 billion) in infrastructure by 2022 to have sustainable development in the country. India is witnessing significant interest from international investors in the infrastructure space. Some key investments in the sector are listed below.

- In 2018, infrastructure sector in India witnessed private equity and venture capital investments worth US\$ 1.97 billion
- In June, 2018, the Asian Infrastructure Investment Bank (AIIB) has announced US\$ 200 million investment into the National Investment & Infrastructure Fund (NIIF)
- Indian infrastructure sector witnessed 91 M&A deals worth US\$ 5.4 billion in 2017.

Government Initiatives

The Government of India is expected to invest highly in the infrastructure sector, mainly highways, renewable energy and urban transport. The total National Highways length increased to 122,434 kms in FY18 from 92,851 kms in FY14.

The Government of India is taking every possible initiative to boost the infrastructure sector.

Announcements in Union Budget 2019-20:

- The Government of India has given a massive push to the infrastructure sector by allocating ₹4.56 lakh crore (US\$ 63.20 billion) for the sector
- ₹83,015.97 crore (US\$11.51 billion) allocated towards road transport and highway. A total of 892 kms and 2,345 kms national highway projects were awarded and constructed, respectively between April – August, 2018
- As of October, 2018, total length of projects awarded was 6,400 kms under Bharatmala Pariyojana (including residual NHDP works)

- As of August, 2018, a total length of 34,800 kms road projects have been proposed to be constructed, under Bharatmala Pariyojana Phase-I
- As of August, 2018, Government of India has approved highway projects worth ₹ 2 billion (US\$ 29.83 million) to improve connectivity among Gujarat, Maharashtra, Rajasthan, Madhya Pradesh and Diu.

With the Government permitting 100 per cent Foreign Direct Investment (FDI) in the road sector, several foreign companies have formed partnerships with Indian players to capitalise on the sector's growth. Cumulative FDI in construction development since April, 2000 stood at US\$ 24.91 billion as of December, 2018. Macquarie Asia Infrastructure Fund (MAIF) 2 became the first largest foreign investment in Indian roads sector under Toll Operate Transfer (TOT) mode worth ₹9,681.5 crore (US\$ 1.50 billion). As of November, 2018, total length of projects awarded under Bharatmala Pariyojana (including residual NHDP works) was 6,460 kms for a total cost of ₹1.52 trillion (US\$ 21.07 billion). The total amount of investments are estimated to reach ₹1.58 trillion (US\$ 2.25 billion) in FY19.

Road Ahead

India's National Highway network is expected to cover 50,000 kilometres by 2019. National Highway construction in India has increased by 20 per cent year-on-year in 2017-18.

India and Japan have joined hands for infrastructure development in India's north-eastern states and are also setting up an India-Japan Coordination Forum for Development of North East to undertake strategic infrastructure projects in the northeast.

Real Estate

Introduction

The Real Estate sector is one of the most globally recognized sectors. Real Estate sector comprises four sub sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations.

It is also expected that this sector will incur more Non-Resident Indian (NRI) investments in both the short term and the long term. Bengaluru is expected to be the most favoured property investment destination for NRIs, followed by Ahmedabad, Pune, Chennai, Goa, Delhi and Dehradun.

Market Size

Real Estate sector in India is expected to reach a market size of US\$ 1 trillion by 2030 from US\$ 120 billion in 2017 and contribute 13 per cent of the country's GDP by 2025. Retail, hospitality and commercial Real Estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

Sectors such as IT and ITeS, retail, consulting and e-commerce have registered high demand for office space in recent times. Commercial office stock in India is expected to cross 600 million square feet by 2018 end while office space leasing in the top eight cities is expected to cross 100 million square feet during 2018-20. Co-working space across top seven cities has increased sharply in 2018 (up to September), reaching 3.44 million square feet, compared to 1.11 million square feet for the same period in 2017.

Investments/Developments

The Indian Real Estate sector has witnessed high growth in recent times with the rise in demand for office as well as residential spaces. Between 2009-18, Indian Real Estate sector attracted institutional

investments worth US\$ 30 billion. Private Equity and Venture Capital investments in the sector reached US\$ 4.47 billion in 2018 and US\$ 546 million in Jan-Feb, 2019.

Some of the major investments and developments in this sector are as follows:

- Housing launches across top eight Indian cities increased 75 per cent in 2018 to 182,207 units
- In March, 2019, Embassy Office Parks, India's first Real Estate Investment Trust (REIT) went public
- Warehousing space in top eight Indian cities increased 22 per cent y-o-y in 2018 to 169 mn sq. ft
- Around 5.1 million sq. ft. of retail space became operational in top seven Indian cities in 2018
- In May, 2018, Blackstone Group acquired One India bulls in Chennai from India bulls Real Estate for around ₹ 900 crore (US\$ 136.9 million)
- In February, 2018, DLF bought 11.76 acres of land for ₹ 15 billion (US\$ 231.7 million) for its expansion in Gurugram, Haryana.

Government Initiatives

The Government of India along with the governments of the respective states has taken several initiatives to encourage the development in the sector. The Smart City Project, where there is a plan to build 100 smart cities, is a prime opportunity for the Real Estate companies. Below are some of the other major Government Initiatives:

- Under the Pradhan Mantri Awas Yojana (PMAY) Urban, more than 6.85 million houses have been sanctioned up to December, 2018
- In February, 2018, creation of National Urban Housing Fund was approved with an outlay of ₹ 60,000 crore (US\$ 9.27 billion)
- Under the Pradhan Mantri Awas Yojana (PMAY) Urban 1,427,486 houses have been sanctioned in 2017-18. In March, 2018, construction of additional 3,21,567 affordable houses was sanctioned under the scheme.

Road Ahead

The Securities and Exchange Board of India (SEBI) has given its approval for the Real Estate Investment Trust (REIT) platform which will help in allowing all kinds of investors to invest in the Indian Real Estate market. It would create an opportunity worth ₹ 1.25 trillion (US\$ 19.65 billion) in the Indian market over the years. Responding to an increasingly well-informed consumer base and, bearing in mind the aspect of globalisation, Indian Real Estate developers have shifted gears and accepted fresh challenges. The most marked change has been the shift from family owned businesses to that of professionally managed ones. Real Estate developers, in meeting the growing need for managing multiple projects across cities, are also investing in centralised processes to source material and organise manpower and hiring qualified professionals in areas like project management, architecture and engineering.

The growing flow of FDI into Indian Real Estate is encouraging increased transparency. Developers, in order to attract funding, have revamped their accounting and management systems to meet due diligence standards.

Key Risks

While the management is very optimistic about the Company's growth look, it is subject to certain risks and uncertainties. A spate of policy reforms by the statutory bodies has made the Indian infrastructure space more attractive for the new players to enter and therefore possible rise in competition in the sector. Atlanta Limited has around four decades of experience in the industry and has positioned itself in niche space following a conservative approach. Infrastructure being a capital intensive sector requires high level of long term debt financing. Moreover increasing interest rates during the span of project can challenge the profit margins. The Company has always ensured adequate capital for its operations and in fact it is working to become debt free in the next few quarters. Infrastructure projects involve complex design and engineering, substantial procurement of machinery and equipment, extensive construction management and sophisticated activities executed over an extended period of time. Moreover availability of input material and volatility in its cost, arrangement of manpower could be other risks the Company is exposed to. The Company maintains a healthy and long term relationship with its suppliers and workforce to ensure seamless execution of its projects. It also maintains strong execution efficiencies by effectively mobilizing its machineries and other resources. India is positioned for a sustainable and long term growth.

Cautionary Statement

Statements in the Management Discussion and Analysis describing Atlanta Limited's objectives, projections, estimates, expectations may be "forward-looking statements". Actual results may differ materially from those expressed or implied. Important factors that could make difference to the Atlanta Limited's operations include economic conditions in which Atlanta Limited operates, change in government regulations, tax laws, statutes and other factors such as litigations and industrial relations.

INDEPENDENT AUDITOR'S REPORT:

TO THE MEMBERS OF ATLANTA LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion:

We have audited the accompanying standalone financial statements of Atlanta Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of matters

- i) Attention is drawn to Note no. 3.17(b), 3.17(c), 3.17(d) & 3.17(e) regarding classification of loan accounts as Non-current liabilities in the financial statement of the Company despite the facts that, lenders Banks have classified the said loan accounts as Non-Performing Assets (NPA) and issued recalled notice demanding the repayment of entire loan against which the Company has filed Commercial Suit in the High Court. Pending the adjudication of Suit the Company has continued to classify these loan accounts as non-current liability in the financial statement of the Company.
- ii) Attention is drawn to Note no. 5 to the Standalone Financial Statements regarding preparation of the financial statements of the company on the basis of continued going concern assumption, based on the management's views in respect of certain adverse developments referred to in the Note No. 5.

Our opinion is not modified in respect of the above matters

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Evaluation of uncertain tax positions</p> <p>The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes. Recalculate profit or loss recognized on disposal of assets (Accuracy).

The Company's Board of Directors is responsible for the preparation of the other information.

The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks,

and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Atlanta Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of ATLANTA LIMITED ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of

financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the standalone restated Ind AS financial statements of the Company for the year ended March 31, 2019, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
- (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of two years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the company.
- (d) We draw attention to Note 5 in the financial statements. The company has sold a substantial part of its fixed assets during the year covered by our report. The company has so far not made any plans to replace the fixed assets that have been sold. These factors, along with other matters as set forth in note 5, indication of existence of material uncertainties which may cast significant doubt on the companies' ability to continue as a going concern.
- (ii) (a) As explained to us, the inventories have been physically verified during the year by the management. In our opinion, having regard to the nature and location of inventories, the frequency of the physical verification is reasonable.
- (b) In our opinion, the discrepancies noticed on physical verification of the inventories were not material in relation to the operations of the Company and the same have been properly dealt with in the books of account.
- (iii) The Company has granted interest free unsecured loans of ₹2,33,89,467/- to four bodies corporate covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act') and balance outstanding and maximum balance as on 31st March, 2019 were ₹ 128,78,52,310/- and ₹ 128,88,34,592/- respectively.
 - (a) In our opinion, other terms and conditions on which the loans had been granted to the bodies corporate listed in the register maintained under Section 189 of the Act were not, prima facie, prejudicial to the interest of the Company
 - (b) In the case of the loans granted to the bodies corporate listed in the register maintained under section 189 of the Act, the borrowers have been regular in the repayment of principal on demand. All loans given are interest free hence question of payment of the interest does not arise. The terms of arrangements do not stipulate any repayment schedule and the loans are repayable on demand.
 - (c) There are no overdue amount for more than 90 days in respects of the loan granted to body corporate listed in the register maintained under section 189 of the Act.
- (iv) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees, and security.
- (v) The Company has, during the year, not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 or any rules framed there under with regard to the deposits accepted from the public are not applicable. No order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal on the company.

(vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the Companies (Cost records and audit) Rules 2014 and as prescribed by the Central Government under section 148(1) of the Act and are of the opinion that prima-facie, the prescribed accounts and cost records have been made and maintained by the Company. We have not however made a detailed examination of the cost records with a view to determining whether they are accurate or complete.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including provident fund, income tax, sales tax, wealth tax, duty of excise, service tax, goods and service tax, duty of customs, employee's state insurance, value added tax, cess and other material statutory dues have been regularly deposited with few delay in some cases during the year by the Company with the appropriate authorities.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income tax, sales tax, wealth tax, service tax, goods and service tax, duty of excise, duty of customs, value added tax, cess and other material statutory dues were in arrears as at 31 March 2019 for a period of more than six months from the date they became payable, except income tax dues for the financial year ending on 31st March, 2017 amounting to ₹ 13,09,62,840/- and interest payable thereon.

(c) According to the information and explanations given to us there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, valued added tax, goods and service tax and other material statutory dues which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the statute	Nature of dues	Amount in ₹	Period to which the amount relates	Forum where dispute is pending

ATLANTA LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

1 Corporate General information

Atlanta Limited (referred to as "the Company") together with its subsidiaries is primarily engaged in the business of Infrastructure development, Engineering, Procurement and Construction (EPC) contracts, Public, Private Partnership (PPP Model on Build Operate and Transfer (BOT) and Design, Build, Finance, Operate and Transfer (DBFOT) basis). Infrastructure Development activities include, inter-alia, Construction of Road, Highways, Bridges and Runways. The Company is also involved in Real Estate Development etc.

The Company is a public limited company which is listed on two recognized stock exchanges in India and is incorporated and domiciled in India under the provisions of the Companies Act. The registered office of the Company is located at 301, Shree Amba Shanti Chambers, Andheri Kurla Road, Andheri – East, Mumbai - 400 059

The Company is registered as small enterprises under Ministry of Micro, Small and Medium Enterprises vide registration No.MH18C0123760.

These financial statements were authorized for issue by the Board of Directors on May 20, 2019.

2 Summary of significant accounting policies

2.1 Basis of preparation:

The Standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act.

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

i. Historical cost convention

The financial statements have been prepared under the historical cost convention, as modified by the following:

- a. Certain financial assets and financial liabilities at fair value;
- b. Defined benefit plans – plan assets that are measured at fair value;

ii Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The Company uses valuation techniques that are appropriate in the circumstances for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- > Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- > Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- > Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

iii. Current vis-a-vis non-current classification

The assets and liabilities reported in the balance sheet are classified on a "current/non-current basis", with separate reporting of assets held for sale and liabilities. Current assets, which include cash and cash equivalents, are assets that are intended to be realized, sold or consumed during the normal operating cycle of the Company or in the 12 months following the balance sheet date; current liabilities are liabilities that are expected to be settled during the normal operating cycle of the Company or within the 12 months following the close of the financial year. The deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.2 Property, plant and equipment:

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and impairment loss, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value:

Depreciation is calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives which are as follows:

ATLANTA LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

Particulars	Estimated useful lives(Years)
Buildings	60
Plant and equipments and earth moving machinery	12
Furniture and fixtures	10
Vehicles	9
Office and equipments	5
Temporary structures	3

Estimated useful lives, residual values and depreciation methods are reviewed annually and adjusted if appropriate, at the end of each reporting period.

2.3 Capital work in progress:

Expenditure incurred on assets which are not ready for their intended use comprising direct cost, related incidental expenses and attributable borrowing cost are disclosed under Capital Work-in-Progress.

2.4 Intangible assets:

Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization / depletion and impairment loss, if any. The cost comprises of purchase price, cost of construction, borrowing costs and any cost directly attributable to bringing the asset to its working condition for the intended use.

2.5 Amortization method and periods:

Amortization is charged on a straight-line basis over the estimated useful lives. The estimated useful lives, residual value and amortization method are reviewed at the end of each annual reporting period, with the effect of any changes in the estimate being accounted for on a prospective basis.

Amortization of intangible assets (toll roads) created under BOT projects; the revenue based methodology is adopted.

Computer software is amortized over an estimated useful life of 3 years.

2.6 Investment properties:

Property that is held for long term rental yields or for capital appreciation or both, and that is not occupied by the Company is classified as investment property. Investment property is measured initially at cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Investment properties are depreciated using the straight line method over their estimated useful lives. Investment properties which are buildings generally have a useful life of 60 years.

2.7 Impairment of non-financial assets:

Assets which are subject to depreciation or amortization are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.8 Investments in subsidiaries, Joint ventures and Associates:

Investments in subsidiaries, Joint ventures and associates are measured at cost less provision for impairment, if any.

2.9 Trade Receivable:

Trade receivables which do not contain significant financing component is measured at its transaction price (as defined in Ind AS 115 Revenue on Contract with Customers). The company uses simplified approach to measuring impairment at an amount equal to life time expected credit losses method.

2.10 Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprises cash at banks and on hand and Short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value. For the purpose of financial statement of cash flow, cash and cash equivalent consists of cash and Short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

2.11 Inventories:

Inventories are valued as follows:

Construction materials, components, stores, spares and tools:

Lower of cost and net realisable value and includes all applicable costs in bringing goods to their present location and condition.

Work-in-progress and finished goods:

Lower of cost and net realisable value. Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis.

Net realisable value is the estimated contract price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to complete the contract.

Land:

Land of real estate business are valued at lower of cost and net realisable value.

Cost includes land, cost of acquisition, legal cost and all other cost to transfer the legal and beneficial ownership of land in the name of the Group.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.12 Financial instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instruments of another entity.

2.13 Investments and other financial assets:

i. Classification

The Company classifies its financial assets in the following measurement categories:

those to be measured subsequently at fair value (either through Other Comprehensive Income or through profit or loss) and

those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or Other Comprehensive Income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments in subsidiaries, the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

ii. Measurement

At initial recognition, the Company measures financial assets at its fair value plus, in the case of financial assets not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

2.14 Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

i. Amortized cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

ii. Fair value through Other Comprehensive Income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

ATLANTA LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

iii. **Fair Value through Profit or Loss (FVTPL):**

Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss in the period in which it arises. Interest income from these financial assets is included in other income.

2.15 Impairment of financial assets:

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109-'Financial Instruments', which requires expected lifetime losses to be recognized from initial recognition of the receivables.

2.16 Derecognition of financial assets:

A financial asset is derecognized only when:

- i. The Company has transferred the rights to receive cash flows from the financial asset or
- ii. retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the group retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

2.17 Contributed equity:

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax from the proceeds.

2.18 Financial liabilities:

i. **Classification as debt or equity:**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

ii. **Initial recognition and measurement:**

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and financial guarantee contracts.

iii. **Subsequent measurement:**

The measurement of financial liabilities depends on their classification, as described below:

Borrowings:

Borrowings are subsequently carried at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the Statement of Profit and Loss over the period of the borrowings using the effective interest rate method.

Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the drawdown occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a pre-payment for liquidity services and amortized over the period of the facility to which it relates.

Trade and other payables:

These amounts represent obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Those payable are classified as current liabilities if payment is due within one year or less otherwise they are presented as non-current liabilities. Trade and other payables are subsequently measured at amortized cost using the effective interest rate method.

ATLANTA LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

Financial guarantee contracts:

Financial guarantee contracts are recognized as a financial liability at the time when guarantee is issued. The liability is initially at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 37 and the amount initially recognized less cumulative amortization, where appropriate.

Where guarantees in relation to loans of subsidiaries are provided for no compensation, the fair values as on the date of transition are accounted for as contribution and recognized as part of the cost of the equity investment.

Derecognition:

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains (losses). When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

2.19 Borrowing costs:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

2.20 Provisions, Contingent Liabilities and Contingent Assets:

i. Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

ii. Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability.

iii. Contingent Assets

A contingent asset is disclosed, where an inflow of economic benefits is probable.

2.21 Revenue recognition:

Revenue is measured at the fair value of the consideration received or receivable, and represents amount receivable for goods supplied, stated net of discounts, returns, value added taxes and Goods and service tax (GST).

i. Revenue from Toll operations

Income from toll contracts on Build Operate and Transfer (BOT) basis are recognized on actual collection of toll revenue as per the Concession agreement.

Additional claim including escalations, which in the opinion of the management, are recoverable on the contract are recognized at the time of evaluating the job.

Revenue from toll collection is recognized on the receipt of toll from users of the concession facility.

ii. Revenue from construction contracts

Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

ATLANTA LIMITED

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

This standard requires revenue to be recognized when promised goods or services are transferred to customers in amounts that reflect the consideration to which the company expects to be entitled in exchange for those goods or services.

When the outcome of a construction contract can be estimated reliably and it is probable that the contract will be profitable, contract revenue is recognized over the period of the contract by reference to the stage of completion. Contract revenue is measured at the fair value of the consideration received or receivable.

For the purpose of recognizing revenue, contract revenue comprises the initial amount of revenue agreed in the contract, the variations in contract work, claims and incentive payments to the extent that its receipt is considered probable and the amounts are capable of being reliably measured.

Contract cost are recognised as expenses by reference to the stage of completion of the contract activity at the end of the reporting period. When it is probable that total contract costs will exceed the total contract revenue, the expected loss is recognized as an expense immediately.

When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognized only to the extent of contract costs incurred that are likely to be recoverable.

Claims and amount in respect thereof are recognized only when the negotiations have advanced to a stage where it is probable that the customers will accept them and amount can be reliably measured. In the case of Arbitration awards and disputed claims pertaining to construction contracts revenue is recognized when the claims are granted in favor of the Company and where it is reasonable to expect the ultimate collection of such arbitration awards / disputed claims pertaining to construction contracts.

The Company evaluates whether it is acting as a principal or agent by considering a number of factors which includes inventory risk, customer's credit risk for the amount receivable from the customer, primary responsibility for providing goods and services to the consumer. Where the Company is acting as a principal in the transaction, revenue and related costs are recorded at their gross values. Where the Company is effectively acting as an agent in the transaction, revenue and related costs are recorded at their net values.

iii. Revenue recognition on account of arbitration/litigation claims

The Company has exercised judgment over recognition of revenue arising on account of claims made by the Company to the customer on account of several breaches committed by the customer during the period of contract, dispute over quantity and rates of materials used in execution of the project leading to dispute which has been settled vide arbitration process and the outcome of these awards including the timing and the amount of revenue recognition requires a reasonable degree of estimation.

2.22 Income and recognition:

i. Interest income

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options) but does not consider the expected credit losses.

ii. Rental income

Rental income arising from operating lease on investment properties is accounted for on a straight line basis over lease terms unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases and is included in the Statement of profit or loss due to its operating nature.

iii. Dividend

Dividends are recognized in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

2.23 Retirement and other employee benefits:

i. Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ATLANTA LIMITED

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

ii. Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Statement of Profit or Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii. Post-employment obligations

a. Gratuity obligations

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in Rupees is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in Other Comprehensive Income. They are included in Retained Earnings in the Statement of Changes in Equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

b. Defined contribution plans

Provident fund

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in the future payments is available.

2.24 Income tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in Other Comprehensive Income or directly in equity. In this case, the tax is also recognized in Other Comprehensive Income or directly in equity, respectively.

2.25 Earnings per share:

Basic earnings per share

Basic earnings per share is calculated by dividing:

ATLANTA LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

- the profit attributable to equity shareholder of the Company
- by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.26 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.27 Segment reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and the Chief Financial Officer that makes strategic decisions.

2.28 Business combinations:

Business combinations involving entities that are controlled by the Company are accounted for using the pooling of interests method as follows:

- i. The assets and liabilities of the combining entities are reflected at their carrying amounts.
- ii. No adjustments are made to reflect fair values, or recognize any new assets or liabilities.
- iii. Adjustments are only made to harmonies accounting policies.
- iv. The financial information in the financial statements in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination. However, where the business combination had occurred after that date, the prior period information is restated only from that date.
- v. The balance of the retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee or is adjusted against General Reserve.

The identities of the reserves are preserved and the reserves of the transferor become the reserves of the transferee.

- vi. The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

2.29 Critical accounting estimates and judgments:

The preparation of the financial statements under Ind AS requires management to take decisions and make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

2.30 Classifications of Joint Arrangement as Jointly Controlled Operations:

The Company based on rights and obligations that arises from the contractual arrangement entered into between the parties has classified certain Joint Arrangements entered into by the Company with parties to execute the construction contracts as Jointly Controlled Operations where the contractual agreement provides rights to assets and obligations for liabilities for those parties sharing joint control and the legal form does not confer separation between the investors and the special purpose vehicle i.e. partnership firms formed under the Indian Partnership Act, 1932 to execute the project.

2.31 Expected Credit Loss:

Company has a policy of regularly reviewing the recoverability of trade receivables. Substantial amount of trade receivables of the Company represents amount recoverable from the customers arising on account of arbitration claims pending against the Company. The expected credit loss allowance for trade receivables is made as per provision policy of the Company which takes into account the historical credit loss experience and adjusted for forward looking information.

3.17(a) Nature of security for terms refer note.8

3.17(b) During the year, the lead bank and other member banks of the consortium have classified the Company's loan accounts as Non-Performing Assets (NPA) and issued Recall letters demanding payment of entire outstanding dues (including the loan which was due and payable in the subsequent financial years as per terms of the Sanction). Further one of the member bank of the consortium has filed application before National Company Law Tribunal, Mumbai (NCLT) under the Insolvency and Bankruptcy Code 2016. In the opinion of the Company, the classification of NPA by bank is wrongful and illegal since the banks have arbitrarily charged excess interest, processing fees and consultancy charges etc which is contrary to the Master Restructuring Agreement dated 30.06.2015. Hence, the Company filed a commercial suit before Hon'ble Bombay High Court for seeking various reliefs. Pending the adjudication of the suit, the Company has continued to classify the loan accounts as "Non-Current Liabilities" in the financial statement for the year ended 31st March, 2019 even though the said accounts are being classified as NPA by the banks.

3.17(c) As stated in note. 3.17(b), the bankers have classified credit facilities of the Company as NPA and have recalled the entire loan amount, which is challenged by the Company in High Court. One of the member bank of the consortium has filed application before NCLT under the Insolvency and Bankruptcy Code 2016 though no amount was due and payable to the bank on the date of Notice. The Company has filed a commercial suit before Hon'ble Bombay High Court against the banks seeking various reliefs which is pending for final disposal.

ATLANTA LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

- 3.17(d) The Company has accounted the interest and other finance charges in accordance with Master Restructuring Agreement dated 30.06.2015. and accordingly the Company has, reversed the excess amount of ₹ 7,13,19,737/- charged by the bankers and adjusted against outstanding term loan and other facilities. Due to this the loss for the year and correspondingly liabilities of secured loan is lowered by said amount.
- 3.17(e) The Company had availed secured loan (against pledge of promoters shares) from lenders. During the year the lenders have invoked the pledged securities by disposing off the pledged securities and adjusted the proceeds thereof against the outstanding loan. On account of this the loan from related parties have been increased by ₹ 8,27,82,264/- being the proceeds of pledged shares invoked by lenders.

3.22(a) Refer note no.3.22 (Current maturities of long-term borrowings) The company has disputed the overdue amount of principal and interest aggregating to ₹ 16.47 Crores to the Consortium and Members Bankers. The repayment made by the company against the current overdue amount have been wrongly adjusted and appropriated by the bankers against the future installment of Funded Interest Term Loan Liability (FITL) which was otherwise due and payable till March, 2023. Further the company has also disputed non adjustment of installment/interest amount despite the balance available in the cash credit limit of the company. Aggrieved by such wrongful adjustment and appropriation of loan accounts, the company has filed a commercial suit in the Hon'ble Bombay High Court for adjudication of such disputes and claim for compensation.

3.22(b) Refer note no. 3.22 (Unclaimed dividend) There are no amounts due for payment to the Investor Education and Protection Fund under Section 125 of the Companies Act, 2013 as at March 31, 2019 (March 31, 2018: ₹ 92,968/-)

5 Basis of Going Concern Assessment

During the year, the company faced substantial business and cash flow constraints caused by insufficient order book position and cancellation of an ongoing project with substantial cash flows. The company has also disposed of non core assets. Further, the company's account has been classified as NPA by secured lenders, which is contested by the Company in Commercial Suit No.1416 of 2018 in Bombay High Court.

The management is also negotiating new projects with a potential of substantial revenues and is hopeful of concluding the same. Accordingly, the company plans to acquire modernized assets, as and when required for such projects.

In view of the above, the management of the company is of the view that the said adverse developments do not reflect material uncertainties and consequently there is no significant uncertainty in the company's ability to continue as a going concern.

Accordingly, the financial statements of the company are prepared on the basis of continued going concern assumption.

(Amount in ₹)

	31-Mar-19	31-Mar-18
(i) Contribution to provident fund	198,326	327,181
(iii) Contribution to employees' pension scheme 1995	364,601	645,004
Total	562,927	972,185

c) **Post employment obligation**

Gratuity

The Company has a defined benefit plan, governed by the Payment of Gratuity Act, 1972. The plan entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen days basic salary for every completed years of services or part thereof in excess of six months, based on the rate of basic salary last drawn by the employee concerned.

(i) **Significant estimates: actuarial assumptions**

Valuations in respect of gratuity have been carried out by an independent actuary, as at the Balance Sheet date, based on the following assumptions:

Particulars	March 31, 2019	March 31, 2018
Discount rate (per annum)	6.75%	7.50%
Rate of increase in compensation levels	5.00%	5.00%
Rate of return on plan assets	NA	NA
Expected average remaining working lives of employees in number of years	3	5

The estimate of rate of escalation in salary considered in actuarial valuation, takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

The net liability disclosed above relates to funded plans are as follows:

(Amount in ₹)		
Particulars	31-Mar-19	31-Mar-18
Present value of funded obligations	NA	NA
Fair value of plan assets	NA	NA
Deficit of gratuity plan	NA	NA
Current portion	NA	NA
Non-current portion	NA	NA

Sensitivity analysis:

(Amount in ₹)					
Particulars	Impact on closing balance of provision for defined benefit obligation				
	Change in assumptions	Increase in assumptions		Decrease in assumptions	
		31-Mar-19	31-Mar-18	31-Mar-19	31-Mar-18
Discount rate	1%	(171,802)	(138,514)	184,598	150,021
Rate of increase in compensation levels	1%	(85,753)	98,520	(80,740)	(92,830)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. While calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

13) Fair value measurements

The carrying amounts of trade receivables, cash and cash equivalents, bank balance other than cash and cash equivalents, other financial assets, trade payables, capital creditors are considered to be same as their fair values, due to their Short-term nature.

The carrying value of borrowings, deposits given and taken and other financial assets and liabilities are considered to be reasonably same as their fair values. These are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk

c. Fair value hierarchy

This section explains the judgment's and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value - recurring fair value measurements

d. Valuation processes

The Company obtains assistance of independent and competent third party valuation experts to perform the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. Discussions of valuation processes and results are held between the Company and the value on periodically basis.

ATLANTA LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

e. Valuation technique used to determine fair values

The main level 3 inputs used by the Company are derived and evaluated as follows:

The fair value of financial instruments is determined using discounted cash flow analysis.

The carrying amount of current financial assets and liabilities are considered to be the same as their fair values, due to their short term nature.

The fair value of the long-term Borrowings with floating-rate of interest is not impacted due to interest rate changes, and will not be significantly different from their carrying amounts as there is no significant change in the under-lying credit risk of the Company borrowing (since the date of inception of the loans). Further, the Company has no long-term Borrowings with fixed rate of interest.

For financial assets and liabilities that are measures at fair value, the carrying amount is equal to the fair values.

Note:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities which are included in level 3.

There are no transfers between any levels during the year.

The Company's policy is to recognize transfer into and transfer out of fair value hierarchy levels as at the end of the reporting period.

14) Financial risk management

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, financial assets measured at amortized cost.	Aging analysis	Diversification of bank deposits, letters of credit
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Unhedged

a. Credit risk

The Company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Company

Credit risk arises from cash and cash equivalents, financial assets carried at amortized cost and deposits with banks and financial institutions, as well as credit exposures to trade customers including outstanding receivables.

Credit risk management

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

The Company's credit risk arises from accounts receivable balances. Major customers of the Companies include public sector enterprises and state owned companies having high credit quality. Accordingly, the Company's customer credit risk is very low. With respect to intercorporate deposits/ loans given to subsidiaries, the Company will be able to control the cash flows of those subsidiaries as the subsidiaries are wholly owned by the Company.

For banks and financial institutions, only highly rated banks/institutions are accepted. Generally all policies surrounding credit risk have been managed at company level.

The Company is making provision for trade receivables based on Expected Credit Loss (ECL) model. The reconciliation of ECL is as below:

Particulars	31-Mar-19	31-Mar-18
Opening balance	963,580,697	1,988,020,806
Changes in loss allowance (Provision for doubtful debts):	-	-
Loss allowance based on ECL	-	-
Additional Provision	-	-
Bad-debts	(162,862,602)	(451,522,041)
Closing balance	800,718,095	1,536,498,766

b. Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

In respect of its existing operations, the Company funds its activities primarily through long-term loans secured against each SPV's and long terms loans and advances. In addition, each of the special purpose vehicle (SPV's) has working capital loans available to it which are renewable annually, together with certain intra-group loans.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating subsidiaries of the Company in accordance with practice and limits set by the Company. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

(i) Maturities of financial liabilities

The amounts disclosed below are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

* Includes contractual interest payments based on the interest rate prevailing at the reporting date.

(c) Market risk

Market risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because of volatility of prices in the financial markets. Market risk can be further segregated as: a) Foreign currency risk and b) Interest rate risk.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Company does not have any foreign currency loans, receivables or payables, hence the risk towards foreign currency risk is not applicable to the Company.

For that reason, sensitivity analysis with respect to foreign currency risk has not been disclosed.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During March 31, 2018, March 31, 2017 and April 01, 2016 the Company's borrowings at variable rate were mainly denominated in Rupees.

The Company's fixed rate borrowings are carried at amortized cost. They are therefore not subject to interest rate risk as defined in Ind AS-107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

(Amount in ₹)			
	March 31, 2019	March 31, 2018	April 01, 2017
Variable rate borrowings	9.30%	9.30%	10.40%

Sensitivity of Interest

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

(Amount in ₹)

	Impact on profit before tax	
	March 31, 2019	March 31, 2018
Interest sensitivity		
Interest rates – increase by 1% on existing Interest rate*	68,128,556	65,862,845
Interest rates – decrease by 1% on existing Interest rate*	(68,128,556)	(65,862,845)
* Holding all other variables constant		

15) Capital Management

I. Risk Management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors capital on basis of total equity and debt on a periodic basis. Equity comprises all components of equity. Debt includes term loan and short term loans. The following table summarizes the capital of the Company:

(Amount in ₹)

	March 31, 2019	March 31, 2018
Equity (excluding other reserves)	4,761,479,058	4,790,769,100
Debt (current maturities and interest due)	1,804,252,642	2,016,292,604
Total	6,565,731,700	6,807,061,704

- ii. The Company is irregular in payment of its debt service obligation and the Company has received recall notices from lenders for non-compliance of any debt covenant. One of the consortium banker has filed application before National Company Law Tribunal for recovery of debt under Insolvency and Bankruptcy Code, 2016.
- iii. No dividend declared during the year (previous year Nil.)

16) Segment reporting

Presently, the Company is engaged in only one segment viz 'Construction activity' and as such there is no separate reportable segment as per Ind AS 108 'Operating Segments'. Presently, the Company's operations are predominantly confined in India.

17) Information about major customers

Revenue for the year ended March 31, 2019 and March 31, 2018 were from customers located in India. Customers include public Sector companies and State owned Public companies. Revenue to specific customers exceeding 10% of total revenue for the years were as follows:

(Amount in ₹)

For statutory audit	1,200,000	750,000
For others	200,000	150,000
(b) Out-of-pocket expenses	-	-
Total (Excluding GST and Service Tax)	1,400,000	900,000

20) **Corporate Social Responsibility (CSR)**

As per the section 135 of the Companies Act, 2013, the Company is required to spend ₹ Nil (previous year March 31, 2018 ₹ Nil.) due to loss reported in the said period.

21) **Disclosure under Micro, Small and Medium Enterprises Development Act, 2006**

Disclosure of amounts payable to vendors as defined under the "Micro, Small and Medium Enterprise Development Act, 2006" is based on the information available with the Company regarding the status of registration of such vendors under the said Act. There are no overdue principal amounts / interest payable amounts for delayed payments to such vendors at the Balance Sheet date. There are no delays in payment made to such suppliers during the year or for any earlier years and accordingly, there is no interest paid or outstanding interest in this regard in respect of payments made during the year or brought forward from previous years.

22) The company has regrouped, reclassified & rearranged the previous period figures wherever necessary to confirm the current year's presentation.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ATLANTA LIMITED

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying Consolidated Ind AS Financial Statements of Atlanta Limited ("the Company") and its subsidiaries (the Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Ind AS Financial Statements"). In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

AUDIT OBSERVATION

Going Concern Assumption:-

- i. The Holding Company as well as the Subsidiary and the Step down Subsidiary companies have suffered losses in the current as well as previous financial year. The respective lenders have also classified their accounts as NPAs (which has been contested by the respective companies). There have also been cash flow constraints due to insufficient order book position and cancellation of certain ongoing projects.
- ii. The managements of the respective companies, however, are of the opinion that due to the various business revival steps being taken by them, they would be in a position to overcome the aforesaid adverse developments.
- iii. The standalone financial statements of the Holding Company as well as the Subsidiary and the Step down Subsidiary companies have accordingly been prepared on the basis of continued going concern assumption.

In view of the above, the consolidated financial statements have also been prepared on the basis of continued going concern assumption.

Emphasis of Matter

We draw attention to the following notes to the Consolidated Financial Statements:

- a) In the case of Holding Company :
 - i) Note no. 3.19(b)(c)&(d) regarding classification of loan accounts as non current liabilities in the consolidated financial statements of the holding company despite the fact that lender banks have classified the loan accounts as non performing assets and issued recall notice demanding the repayment of loan against which the company has filed a commercial suit in the High Court. Pending the adjudication of suit the company has continued to classify these loan accounts as noncurrent liability in the consolidated financial statement of the holding company.
 - ii) Note no. 5 regarding preparation of the consolidated financial statement of the company on the basis of continued going concern assumption based on the management's view in respect of certain adverse developments referred to the said note.

- b) In the case of M/s. Atlanta Infra Assets Limited, a subsidiary company :
 - i) Regarding termination of a concession agreement with the contracting authority. Due to this action and in the absence of new projects, in the hands of the subsidiary, it will not be possible for the subsidiary to generate regular cash flow. These conditions indicate a significant decline in the value of investment in the subsidiary. However, management is of the view that the diminution in the value of investment in subsidiary is of temporary in nature and therefore does not require any provision for diminution in the value.
 - ii) Regarding significant decline in the value of investment in Equity Shares of step down subsidiary company namely M/s. Atlanta Ropar Tollways Private Limited (Atlanta Ropar) due to cash losses suffered by Atlanta Ropar for last three Financial Years. However, no provision for the diminution in the value of the shares has been made in the standalone financial statement as on 31st March, 2019 as the management is of view that the diminution of the value in the equity shares is temporary.
 - iii) Note no. 3.8 regarding review of deferred tax assets and reversal of the same to the extent required. The management of the company is of opinion that there is all the possibility of adjustment of deferred tax assets and hence it does not require any de-recognition thereof.
 - iv) Note no. 3.12(b)(c)&(d) regarding the disputed and doubtful Trade receivables from the contracting authorities which is pending before the High Court. The company has recognized the said claim which is subject to fulfilment of conditions mentioned in the direction given by the High Court in the order.
 - v) Note no. 3.19(b)(c)&(d) regarding Term Loan from the banks and financial institutions which has been classified as NPA. The company has recognized the interest liability on such loans upto the year end. In the absence of confirmation of outstanding principal amount and interest thereon from the lenders the outstanding amount due and payable as on 31st March, 2019 has not been reconciled.
 - vi) Regarding the provision of the finance cost on borrowings from the bank at an average rate of 10.20% as against the interest charged by the bank. Due to this the finance cost charged in the statement of Profit and Loss Account of the company is lower by ₹ 10,46,44,958/- the company has made various presentation to the lenders for the review of interest charged by them and the matter is under consideration by the lenders.
- c) In the case of M/s. MORA Tollways Limited, a step down subsidiary company :
 - i) Note no. 3.12(a) relating to recoverability of ₹ 29.35 crores as at 31st March, 2019 under trade receivables which is doubtful of recovery, based on the factors mentioned in the said note, the management believes that the no provision in respect ₹ 29.35 crores is required to be made:
 - ii) Note no. 3.19(f) regarding other current liabilities, which includes current maturities of long term debt (principal and unpaid interest) due on 31st March, 2019 to banks and financial institutions as per the recall of loan notices of the bankers / financial institutions on account of termination of concession agreement with contracting authority.

Our opinion is not modified in respect of the above matters.

Basis for Opinion

We conducted our audit of the Consolidated Ind AS Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's

Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Consolidated Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS Financial Statements .

Other Matters

1. We have not audited the financial statements of 2 (Two) subsidiaries included in the Consolidated restated Ind AS financial statements whose financial statements reflected the Group's share of total assets of ₹1,40,35,34,364/- as at 31st March 2019, the Group's share of total revenue of ₹ 3,16,28,998/- and net cash flows amounting to ₹ 10,63,422/- for the year then ended. The Consolidated Ind AS Financial Statements also include the Group's share of net loss of ₹ 3,42,35,517/- for the year ended 31st March, 2019, as considered in the Consolidated Ind AS Financial Statements , in respect of 2 (Two) subsidiaries, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion, in so far as it relates to the amounts included in respect of these subsidiaries/associates is based solely on the report of the other auditors.
2. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated restated financial statements , in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, jointly controlled entities and associates, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries, jointly controlled entities and associates, is based solely on the reports of the other auditors.
3. Our opinion above on the consolidated restated financial statements , and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial Information certified by the Management.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Ind AS Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	Evaluation of uncertain tax positions The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes. Refer Notes 4(e) (f) and (g) to the Standalone Financial Statements	Principal Audit Procedures Obtained details of completed tax assessments and demands for the year ended March 31, 2016 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at April 1, 2019 to evaluate whether any change was required to management's position on these uncertainties.
2	Evaluation of Major Trade Payable written off Trade payables related to projects which are no longer required are written back, due to non-compliance of defect liability clause by the parties and also on account of the fact claims if any, by the parties are beyond the period of limitation. Refer Notes 3.28(a) to the Standalone Financial Statements. Recalculate profit or loss recognized on disposal of assets (Accuracy).

Information Other than the Consolidated Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Ind AS Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these Consolidated Ind AS Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the Consolidated Ind AS Financial Statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS Financial Statements, including the disclosures, and whether the Consolidated Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Ind AS Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Ind AS Financial Statements.

Materiality is the magnitude of misstatements in the Consolidated Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief

were necessary for the purposes of our audit of the aforesaid Consolidated Ind AS Financial Statements .

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Atlanta Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the Consolidated Ind AS Financial Statements of the Company as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of ATLANTA LIMITED (hereinafter referred to as “Company”) and its subsidiary companies, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ATLANTA LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

1 Corporate General information

Atlanta Limited (referred to as "the Group") together with its subsidiaries is primarily engaged in the business of Infrastructure and development, Engineering, Procurement and Construction (EPC) contracts, Public, Private Partnership (PPP Model on Build Operate and Transfer (BOT) and Design, Build, Finance, Operate and Transfer (DBFOT) basis). Infrastructure Development activities include, inter-alia, Construction of Road, Highways, Bridges and Runways. The Company is also involved in Real Estate Development etc.

The Company is a public limited company which is listed on two recognized stock exchanges in India and is incorporated and domiciled in India under the provisions of the Companies Act. The registered office of the Company is located at 301, Shree Amba Shanti Chambers, Andheri Kurla Road, Andheri – East, Mumbai – 400 059.

These financial statements were authorized for issue by the Board of Directors on May 20, 2019.

2 Summary of significant accounting policies

2.1 Basis of preparation:

The Consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act.

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

i. Historical cost convention

The financial statements have been prepared under the historical cost convention, as modified by the following:

- a. Certain financial assets and financial liabilities at fair value;
- b. Defined benefit plans – plan assets that are measured at fair value;

ii Current vis-a-vis non-current classification

The assets and liabilities reported in the balance sheet are classified on a "current/non-current basis", with separate reporting of assets held for sale and liabilities. Current assets, which include cash and cash equivalents, are assets that are intended to be realized, sold or consumed during the normal operating cycle of the Company or in the 12 months following the balance sheet date; current liabilities are liabilities that are expected to be settled during the normal operating cycle of the Company or within the 12 months following the close of the financial year. The deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.2 Basis of consolidation:

The consolidated financial statements incorporate the financial statements of the Group and entities including structured entities controlled by the Group and its subsidiaries.

Subsidiaries

Subsidiaries are entities (including structured entities) over which the Group has control. Subsidiaries are consolidated on a line-by-line basis from the date the control is transferred to the Group. They are deconsolidated from the date that control ceases. The acquisition method of accounting is used to account for business combinations by the Group. Changes in the Group's interest in subsidiaries that do not result in a loss of control are accounted as equity transactions. The carrying amount of the Company's interests and then on-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company. Intercompany transactions, balances and unrealized gains on transactions between group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. These financial statements are prepared by applying uniform accounting policies in use at the Group.

Associates

Associates are the entities over which the Group has significant influence. Investment in associates are accounted for using the equity method of accounting, after initially being recognized at cost. Joint Arrangements joint venture is a joint arrangement whereby the parties have the rights to the net assets of the arrangement. The results, assets and liabilities of a joint venture are accounted using the equity method of accounting. Where the Group's activities are conducted through:

Consolidation procedure:

- a. Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b. Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.

ATLANTA LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of Other Comprehensive Income (OCI) are attributed to the equity holders of the parent of the group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the group's accounting policies. All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the group are eliminated in full on consolidation.

2.3 Fair value measurement:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The Company uses valuation techniques that are appropriate in the circumstances for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- > Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- > Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- > Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

2.4 Property, plant and equipment:

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and impairment loss, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value:

Depreciation is calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives which are as follows:

Particulars	Estimated useful lives (Years)
Buildings	60
Plant and equipment's and earth moving machinery	12
Furniture and fixtures	10
Vehicles	9
Office and equipments	5
Temporary structures	3

Estimated useful lives, residual values and depreciation methods are reviewed annually and adjusted if appropriate, at the end of each reporting period.

2.5 Capital work in progress:

Expenditure incurred on assets which are not ready for their intended use comprising direct cost, related incidental expenses and attributable borrowing cost are disclosed under Capital Work-in-Progress.

2.6 Intangible assets:

Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization / depletion and impairment loss, if any. The cost comprises of purchase price, cost of construction, borrowing costs and any cost directly attributable to bringing the asset to its working condition for the intended use.

2.7 Amortization method and periods:

Amortization is charged on a straight-line basis over the estimated useful lives. The estimated useful lives, residual value and amortization

method are reviewed at the end of each annual reporting period, with the effect of any changes in the estimate being accounted for on a prospective basis.

Amortization of intangible assets (toll roads) created under BOT projects; the revenue based methodology is adopted

Computer software is amortized over an estimated useful life of 3 years.

2.8 Investment properties:

Property that is held for long term rental yields or for capital appreciation or both, and that is not occupied by the Company is classified as investment property. Investment property is measured initially at cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Investment properties are depreciated using the straight line method over their estimated useful lives. Investment properties which are buildings generally have a useful life of 60 years.

2.9 Impairment of non-financial assets:

Assets which are subject to depreciation or amortization are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.10 Investments in subsidiaries, Joint ventures and Associates:

Investments in subsidiaries, Joint ventures and associates are measured at cost less provision for impairment, if any.

2.11 Trade Receivable:

Trade receivables which do not contain significant financing component is measured at its transaction price (as defined in Ind AS 115 Revenue on Contract with Customers). The company uses simplified approach to measuring impairment at an amount equal to life time expected credit losses method.

2.12 Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprises cash at banks and on hand and Short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value. For the purpose of financial statement of cash flow, cash and cash equivalent consists of cash and Short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.13 Inventories:

Inventories are valued as follows:

Construction materials, components, stores, spares and tools:

Lower of cost and net realisable value and includes all applicable costs in bringing goods to their present location and condition.

Work-in-progress and finished goods:

Lower of cost and net realisable value. Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis.

Net realisable value is the estimated contract price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to complete the contract.

Land:

Land of real estate business are valued at lower of cost and net realisable value.

Cost includes land, cost of acquisition, legal cost and all other cost to transfer the legal and beneficial ownership of land in the name of the Group.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.14 Financial instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instruments of another entity.

ATLANTA LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

A. Investments and other financial assets

i. Classification

The Company classifies its financial assets in the following measurement categories:

those to be measured subsequently at fair value (either through Other Comprehensive Income or through profit or loss) and those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or Other Comprehensive Income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments in subsidiaries, the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

ii. Measurement

At initial recognition, the Company measures financial assets at its fair value plus, in the case of financial assets not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortized cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through Other Comprehensive Income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair Value through Profit or Loss (FVTPL):

Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss in the period in which it arises. Interest income from these financial assets is included in other income.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109-'Financial Instruments', which requires expected lifetime losses to be recognized from initial recognition of the receivables.

Derecognition of financial assets

A financial asset is derecognized only when:

- a. The Company has transferred the rights to receive cash flows from the financial asset or
- b. retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the

ATLANTA LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

financial asset is derecognized if the Company has not retained control of the financial asset. Where the group retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

Income recognition:

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Contributed equity:

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax from the proceeds.

B. Financial liabilities

i. Classification as debt or equity:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

ii. Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and financial guarantee contracts.

iii. Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

Borrowings:

Borrowings are subsequently carried at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the Statement of Profit and Loss over the period of the borrowings using the effective interest rate method.

Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the drawdown occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a pre-payment for liquidity services and amortized over the period of the facility to which it relates.

Trade and other payables:

These amounts represent obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Those payable are classified as current liabilities if payment is due within one year or less otherwise they are presented as non-current liabilities. Trade and other payables are subsequently measured at amortized cost using the effective interest rate method.

Financial guarantee contracts:

Financial guarantee contracts are recognized as a financial liability at the time when guarantee is issued. The liability is initially at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 37 and the amount initially recognized less cumulative amortization, where appropriate.

Where guarantees in relation to loans of subsidiaries are provided for no compensation, the fair values as on the date of transition are accounted for as contribution and recognized as part of the cost of the equity investment.

iv. Derecognition:

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and

ATLANTA LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains (losses). When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

2.15 Borrowing costs:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

2.16 Provisions, Contingent Liabilities and Contingent Assets:

i. Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

ii. Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability.

iii. Contingent Assets

A contingent asset is disclosed, where an inflow of economic benefits is probable.

2.17 Revenue recognition:

Revenue is measured at the fair value of the consideration received or receivable, and represents amount receivable for goods supplied, stated net of discounts, returns, value added taxes and Goods and service tax (GST).

i. Revenue from Toll operations

Income from toll contracts on Build Operate and Transfer (BOT) basis are recognized on actual collection of toll revenue as per the Concession agreement.

Additional claim including escalations, which in the opinion of the management, are recoverable on the contract are recognized at the time of evaluating the job.

Revenue from toll collection is recognized on the receipt of toll from users of the concession facility.

ii. Revenue from construction contracts

Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

This standard requires revenue to be recognized when promised goods or services are transferred to customers in amounts that reflect the consideration to which the company expects to be entitled in exchange for those goods or services.

When the outcome of a construction contract can be estimated reliably and it is probable that the contract will be profitable, contract revenue is recognized over the period of the contract by reference to the stage of completion. Contract revenue is measured at the fair value of the consideration received or receivable.

For the purpose of recognizing revenue, contract revenue comprises the initial amount of revenue agreed in the contract, the variations in contract work, claims and incentive payments to the extent that its receipt is considered probable and the amounts are capable of being reliably measured.

ATLANTA LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

Contract cost are recognised as expenses by reference to the stage of completion of the contract activity at the end of the reporting period. When it is probable that total contract costs will exceed the total contract revenue, the expected loss is recognized as an expense immediately.

When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognized only to the extent of contract costs incurred that are likely to be recoverable.

Claims and amount in respect thereof are recognized only when the negotiations have advanced to a stage where it is probable that the customers will accept them and amount can be reliably measured. In the case of Arbitration awards and disputed claims pertaining to construction contracts revenue is recognized when the claims are granted in favor of the Company and where it is reasonable to expect the ultimate collection of such arbitration awards / disputed claims pertaining to construction contracts.

The Company evaluates whether it is acting as a principal or agent by considering a number of factors which includes inventory risk, customer's credit risk for the amount receivable from the customer, primary responsibility for providing goods and services to the consumer. Where the Company is acting as a principal in the transaction, revenue and related costs are recorded at their gross values. Where the Company is effectively acting as an agent in the transaction, revenue and related costs are recorded at their net values.

iii. Revenue recognition on account of arbitration/litigation claims

The Company has exercised judgment over recognition of revenue arising on account of claims made by the Company to the customer on account of several breaches committed by the customer during the period of contract, dispute over quantity and rates of materials used in execution of the project leading to dispute which has been settled vide arbitration process and the outcome of these awards including the timing and the amount of revenue recognition requires a reasonable degree of estimation.

2.18 Income and recognition:

i. Interest income

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options) but does not consider the expected credit losses.

ii. Rental income

Rental income arising from operating lease on investment properties is accounted for on a straight line basis over lease terms unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases and is included in the Statement of profit or loss due to its operating nature.

iii. Dividend

Dividends are recognized in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

2.19 Retirement and other employee benefits:

i. Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ii. Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Statement of Profit or Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

ATLANTA LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

iii. **Post-employment obligations**

a. **Gratuity obligations**

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in Rupees is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in Other Comprehensive Income. They are included in Retained Earnings in the Statement of Changes in Equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

b. **Defined contribution plans**

Provident fund

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in the future payments is available.

2.20 Income tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in Other Comprehensive Income or directly in equity. In this case, the tax is also recognized in Other Comprehensive Income or directly in equity, respectively.

2.21 Earnings per share:

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to equity shareholder of the Company
- by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

ATLANTA LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

2.22 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.23 Segment reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Chief Executive Officer and the Chief Financial Officer that makes strategic decisions.

2.24 Business combinations:

Business combinations involving entities that are controlled by the Company are accounted for using the pooling of interests method as follows:

- i. The assets and liabilities of the combining entities are reflected at their carrying amounts.
- ii. No adjustments are made to reflect fair values, or recognize any new assets or liabilities.
- iii. Adjustments are only made to harmonies accounting policies.
- iv. The financial information in the financial statements in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination. However, where the business combination had occurred after that date, the prior period information is restated only from that date.
- v. The balance of the retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee or is adjusted against General Reserve.

The identities of the reserves are preserved and the reserves of the transferor become the reserves of the transferee.

- vi. The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

2.25 Critical accounting estimates and judgments:

The preparation of the financial statements under Ind AS requires management to take decisions and make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

2.26 Classifications of Joint Arrangement as Jointly Controlled Operations:

The Company based on rights and obligations that arises from the contractual arrangement entered into between the parties has classified certain Joint Arrangements entered into by the Company with parties to execute the construction contracts as Jointly Controlled Operations where the contractual agreement provides rights to assets and obligations for liabilities for those parties sharing joint control and the legal form does not confer separation between the investors and the special purpose vehicle i.e. partnership firms formed under the Indian Partnership Act, 1932 to execute the project.

2.27 Expected Credit Loss:

Company has a policy of regularly reviewing the recoverability of trade receivables. Substantial amount of trade receivables of the Company represents amount recoverable from the customers arising on account of arbitration claims pending against the Company. The expected credit loss allowance for trade receivables is made as per provision policy of the Company which takes into account the historical credit loss experience and adjusted for forward looking information.

		<u>8,484,151,482</u>	<u>8,564,933,686</u>
3.19(a)	Nature of security for terms refer note.8(A,B,C & D)		
3.19(b)	During the year, the lead bank and other member banks of the consortium have classified the Atlanta Limited loan accounts as Non-Performing Assets (NPA) and issued Recall letters demanding payment of entire outstanding dues (including the loan which was due and payable in the subsequent financial years as per terms of the Sanction). Further one of the member bank of the consortium has filed application before National Company Law Tribunal, Mumbai (NCLT) under the Insolvency and Bankruptcy Code 2016. In the opinion of the Company, the classification of NPA by bank is wrongful and illegal since the banks have arbitrarily charged excess interest, processing fees and consultancy charges etc which is contrary to the Master Restructuring Agreement dated 30.06.2015. Hence, the Company filed a commercial suit before Hon'ble Bombay High Court for seeking various reliefs. Pending the adjudication of the suit, the Company has continued to classify the loan accounts as "Non-Current Liabilities" in the financial statement for the year ended 31st March, 2019 eventhough the said accounts are being classified as NPA by the banks.		
3.19(c)	As stated in note. 3.19(b), the bankers have classified credit facilities of the Company as NPA and have recalled the entire loan amount, which is challenged by the Company in High Court. One of the member bank of the consortium has filed application before NCLT under the Insolvency and Bankruptcy Code 2016 though no amount was due and payable to the bank on the date of Notice. The Company has filed a commercial suit before Hon'ble Bombay High Court against the banks seeking various reliefs which is pending for final disposal.		
3.19(d)	The Company has accounted the interest and other finance charges in accordance with Master Restructuring Agreement dated 30.06.2015. and accordingly the Company has, reversed the excess amount of ₹ 7,13,19,737/- charged by the bankers and adjusted against outstanding term loan. Due to this the loss for the year and correspondingly term loan liabilities of secured loan is lowered by said amount.		
3.19(e)	The Company had availed secured loan (against pledge of promoters shares) from lenders. During the year the lenders have invoked the pledged securities by disposing off the pledged securities and adjusted the proceeds thereof against the outstanding loan. On account of this the loan from related parties have been increased by ₹ 8,27,82,264/- being the proceeds of pledged shares invoked by lenders.		
3.19(f)	The long-term debt of MORA Tollways Ltd one of the step down subsidiaries includes unpaid interest and principal due on 31st March,2019 to banks and financial institutions as per the recall of loan notices of the bankers/financial institutions on account of termination of concession agreement with BSRDC for the Authority defaults on 20-02-2015.

ATLANTA LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

- 3.24(b) Refer note no. 3.24 (Current maturities of long-term borrowings) Atlanta Limited has disputed the overdue amount of principal and interest aggregating to ₹ 16.47 Crores to the Consortium and Members Bankers. The repayment made by the company against the current overdue amount have been wrongly adjusted and appropriated by the bankers against the future instalment of Funded Interest Term Loan Liability (FITL) which was otherwise due and payable till March, 2023. Further the company has also disputed non adjustment of instalment/interest amount despite the balance available in the cash credit limit of the company. Aggrieved by such wrongful adjustment and appropriation of loan accounts, the company has filed a commercial suit in the Hon'ble Bombay High Court for adjudication of such disputes and claim for compensation.

- j. In respect of (g) (h) and (i) above it is not practicable for the Company to estimate the closer of this issues and the consequential timing of cash flows, if any

5 Basis of Going Concern Assessment

During the year, the company faced substantial business and cash flow constraints caused by insufficient order book position and cancellation of an ongoing project with substantial cash flows. The company has also disposed of non core assets. Further, the company's account has been classified as NPA by secured lenders, which is contested by the Company in Commercial Suit No. 1416 of 2018 in Bombay High Court.

The management is also negotiating new projects with a potential of substantial revenues and is hopeful of concluding the same. Accordingly, the company plans to acquire modernized assets, as and when required for such projects.

In view of the above, the management of the company is of the view that the said adverse developments do not reflect material uncertainties and consequently there is no significant uncertainty in the company's ability to continue as a going concern.

Accordingly, the financial statements of the company are prepared on the basis of continued going concern assumption.

i. **Significant estimates: actuarial assumptions**

Valuations in respect of gratuity have been carried out by an independent actuary, as at the Balance Sheet date,

Based on the following assumptions:

Particulars	31-Mar-19	31-Mar-18
Discount rate (per annum)	6.75%	7.50%
Rate of increase in compensation levels	5.00%	5.00%
Rate of return on plan assets	NA	NA
Expected average remaining working lives of employees in number of years	3	5

The estimate of rate of escalation in salary considered in actuarial valuation, takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

Gratuity Plan	31-Mar-19	31-Mar-18
Particulars	Present value of obligation	Present value of obligation
Opening balance	7,809,418	8,015,131
Current service cost	1,275,767	1,223,150
Past service cost	-	1,562,030
Interest on net defined benefit liability / assets	535,530	574,361
Total amount recognised in Statement of Profit and Loss	1,811,297	3,359,541
Remeasurements during the year		
Return on plan assets, excluding amount included in interest expense/(income)	NA	NA
(Gain) / loss from change in financial assumptions	1,035,105	774,603
Experience (gains) / losses	(1,597,357)	(4,136,626)
Total amount recognised in Other Comprehensive Income	(562,252)	(3,362,023)
Employer's contributions	NIL	NIL
Benefits payment	(226,154)	(203,231)
Closing balance	8,832,308	7,809,418

The net liability disclosed above relates to funded plans are as follows:

Particulars	31-Mar-19	31-Mar-18
Present value of funded obligations	NA	NA
Fair value of plan assets	NA	NA
Deficit of gratuity plan	NA	NA
Current portion	NA	NA
Non-current portion	NA	NA

Sensitivity analysis:

Particulars	Change in assumptions	Impact on closing balance of provision for defined benefit obligation			
		Increase in assumptions		Decrease in assumptions	
		31-Mar-19	31-Mar-18	31-Mar-19	31-Mar-18
Discount rate	1%	(171,802)	(138,515)	184,598	150,020
Rate of increase in compensation levels	1%	(85,753)	98,519	(80,740)	(92,831)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. While calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

12 **Fair value measurements**

The carrying amounts of trade receivables, cash and cash equivalents, bank balance other than cash and cash equivalents, other financial assets, trade payables, capital creditors are considered to be same as their fair values, due to their Short-term nature.

The carrying value of borrowings, deposits given and taken and other financial assets and liabilities are considered to be reasonably same as their fair values. These are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk

c. **Fair value hierarchy**

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

d. Valuation processes

The Company obtains assistance of independent and competent third party valuation experts to perform the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. Discussions of valuation processes and results are held between the Company and the value on periodically basis.

e. Valuation technique used to determine fair values

The main level 3 inputs used by the Company are derived and evaluated as follows:

The fair value of financial instruments is determined using discounted cash flow analysis.

The carrying amount of current financial assets and liabilities are considered to be the same as their fair values, due to their short term nature.

The fair value of the long-term Borrowings with floating-rate of interest is not impacted due to interest rate changes, and will not be significantly different from their carrying amounts as there is no significant change in the under-lying credit risk of the Company borrowing (since the date of inception of the loans). Further, the Company has no long-term Borrowings with fixed rate of interest.

For financial assets and liabilities that are measures at fair value, the carrying amount is equal to the fair values.

Note:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities which are included in level 3.

There are no transfers between any levels during the year.

The Company's policy is to recognize transfer into and transfer out of fair value hierarchy levels as at the end of the reporting period.

13 Financial risk management

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, financial assets measured at amortized cost.	Aging analysis	Diversification of bank deposits, letters of credit
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Unhedged

a. Credit risk

The Company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Company

Credit risk arises from cash and cash equivalents, financial assets carried at amortized cost and deposits with banks and financial institutions, as well as credit exposures to trade customers including outstanding receivables.

ATLANTA LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

Credit risk management

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

The Company's credit risk arises from accounts receivable balances. Major customers of the Companies include public sector enterprises and state owned companies having high credit quality. Accordingly, the Company's customer credit risk is very low. With respect to intercorporate deposits/ loans given to subsidiaries, the Company will be able to control the cash flows of those subsidiaries as the subsidiaries are wholly owned by the Company.

For banks and financial institutions, only highly rated banks/institutions are accepted. Generally all policies surrounding credit risk have been managed at company level.

The Company is making provision for trade receivables based on Expected Credit Loss (ECL) model. The reconciliation of ECL is as below:

	(Amount in ₹)	
Particulars	31-Mar-19	31-Mar-18
Opening balance	1,607,216,215	2,247,179,903
Changes in loss allowance (Provision for doubtful debts):	-	-
Loss allowance based on ECL	-	-
Additional Provision	-	-
Bad-debts	(162,862,602)	(425,916,082)
Closing balance	1,444,353,614	1,821,263,820

b. Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

In respect of its existing operations, the Company funds its activities primarily through long-term loans secured against each SPV's and long terms loans and advances. In addition, each of the special purpose vehicle (SPV's) has working capital loans available to it which are renewable annually, together with certain intra-group loans.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating subsidiaries of the Company in accordance with practice and limits set by the Company. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

i. Maturities of financial liabilities

The amounts disclosed below are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant

ATLANTA LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2019

c. Market risk

Market risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because of volatility of prices in the financial markets. Market risk can be further segregated as: a) Foreign currency risk and b) Interest rate risk.

i. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Company does not have any foreign currency loans, receivables or payables, hence the risk towards foreign currency risk is not applicable to the Company.

For that reason, sensitivity analysis with respect to foreign currency risk has not been disclosed.

ii. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During March 31, 2018, March 31, 2017 and April 01, 2016 the Company's borrowings at variable rate were mainly denominated in Rupees.

The Company's fixed rate borrowings are carried at amortized cost. They are therefore not subject to interest rate risk as defined in Ind AS-107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

14 Capital Management

i. Risk Management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors capital on basis of total equity and debt on a periodic basis. Equity comprises all components of equity. Debt includes term loan and short term loans. The following table summarizes the capital of the Company:

ii. The Company is irregular in payment of its debt service obligation and the Company has received recall notices from lenders for non-compliance of any debt covenant. One of the consortium banker has filed application before National Company Law Tribunal for recovery of debt under Insolvency and Bankruptcy Code, 2016.

iii. No dividend declared during the year (previous year Nil.)

15 Segment reporting

Presently, the Company is engaged in only one segment viz 'Construction activity' and as such there is no separate reportable segment as per Ind AS 108 'Operating Segments'. Presently, the Company's operations are predominantly confined in India.

16 Information about major customers

PROCEDURE AND INSTRUCTIONS FOR e-VOTING & INSTAPOLL

- I. Remote e-voting: In compliance with the provisions of Section 108 of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and the provisions of Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Members are provided with the facility to cast their vote electronically, through the e-voting services provided by Karvy Fintech Private Limited (Karvy) on all resolutions set forth in this Notice, from a place other than the venue of the Meeting (Remote e-voting).
- (A) In case a Member receives an email from Karvy [for Members whose email IDs are registered with the Company/Depository Participants (s)]:
- Launch internet browser by typing the URL: <https://evoting.karvy.com>.
 - Enter the login credentials (i.e. User ID and password). In case of physical folio, User ID will be EVEN (E-Voting Event Number) xxxx followed by folio number. In case of Demat account, User ID will be your DP ID and Client ID. However, if you are already registered with Karvy for e-voting, you can use your existing User ID and password for casting your vote.
 - After entering these details appropriately, click on "LOGIN".
 - You will now reach password change Menu wherein you are required to mandatorily change your password. The new password shall comprise of minimum 8 characters with at least one upper case (A- Z), one lower case (a-z), one numeric value (0-9) and a special character (@,#,\$, etc.). The system will prompt you to change your password and update your contact details like mobile number, email ID etc. on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you forget it. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential.
 - You need to login again with the new credentials.
 - On successful login, the system will prompt you to select the "EVENT" i.e., "ATLANTA LIMITED"
 - On the voting page, enter the number of shares (which represents the number of votes) as on the Cut-off Date under "FOR/AGAINST" or alternatively, you may partially enter any number in "FOR" and partially "AGAINST" but the total number in "FOR/AGAINST" taken together shall not exceed your total shareholding as mentioned herein above. You may also choose the option ABSTAIN. If the Member does not indicate either "FOR" or "AGAINST" it will be treated as "ABSTAIN" and the shares held will not be counted under either head.
 - Members holding multiple folios/demat accounts shall choose the voting process separately for each folio/demat accounts.
 - Voting has to be done for each item of the notice separately. In case you do not desire to cast your vote on any specific item, it will be treated as abstained.
 - You may then cast your vote by selecting an appropriate option and click on "Submit".
 - A confirmation box will be displayed. Click "OK" to confirm else "CANCEL" to modify. Once you have voted on the resolution (s), you will not be allowed to modify your vote. During the voting period, Members can login any number of times till they have voted on the Resolutions.
 - Corporate/Institutional Members (i.e. other than Individuals, HUF, NRI etc.) are also required to send scanned certified true copy (PDF Format) of the Board Resolution/Authority Letter etc., together with attested specimen signature(s) of the duly authorised representative(s), to the Scrutinizer at email auditor@atlantainfra.com with a copy marked to evoting@karvy.com. The scanned image of the above mentioned documents should be in the naming format "Corporate Name EVENT NO."
- (B) In case of Members receiving physical copy of Notice [for Members whose email IDs are not registered with the Company/Depository Participants (s)]:
- E-Voting Event Number – XXXX (EVEN), User ID and Password is provided in the Attendance Slip.
 - Please follow all steps from Sl. No. (i) to (xii) above to cast your vote by electronic means.
- II. Voting at AGM: The Members, who have not cast their vote through Remote e-voting can exercise their voting rights at the AGM. The Company will make necessary arrangements in this regard at the AGM Venue. The facility for voting through ballot shall be made available at the Meeting. Members who have already cast their votes by Remote e-voting are eligible to attend the Meeting; however those Members are not entitled to cast their vote again in the Meeting.
- A Member can opt for only single mode of voting i.e. through Remote e-voting or voting at the AGM. If a Member casts votes by both modes then voting done through Remote e-voting shall prevail and vote at the AGM shall be treated as invalid.

OTHER INSTRUCTIONS

- In case of any query and/or grievance, in respect of voting by electronic means, Members may refer to the Help & Frequently Asked Questions (FAQs) and E-voting user manual available at the download section of <https://evoting.karvy.com> (Karvy Website) or contact B Srinivas (Unit: ATLANTA LIMITED) of Karvy Fintech Private Limited, Karvy Selenium Tower B, Plot 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad - 500 032 or at einward.ris@karvy.com or phone no. 040 – 6716 2222 or call Karvy's toll free No. 1-800-34-54-001 for any further clarifications.
