Message from the Managing Director & CFO

Dear Stakeholders,

It gives me immense pleasure to write to you after another eventful year of progress. We performed well with our coal business on all fronts. Despite the challenging macro context, business stayed firm, riding on focused execution and market share gains.

Another challenging year was well- managed, owing to the strategic choices and perseverance of team Anmol India Limited. While navigating the short term challenges of the pandemic and cost inflation, we continued with investments towards branding, expanding the distribution network, and innovation.

That said, FY 22 also came with its fair share of challenges. However, we were able to deliver a strong financial performance, with revenue at Rs. 1064 Crore (up 52.87% YoY), EBITDA at Rs. 27.52 Crore (up 69.67% YoY) and PAT at Rs. 15.55 Crore (up 55.97% YoY). We continued to strengthen our balance sheet and leveraging our robust operating cash flows.

This financial year, in line with our future goals, we have added more new products to our portfolio and have expanded to newer demographics. We were able to successfully move these new products in the market without any hurdle. It was thanks to the excellent supply chain that we have created over the past years.

Anmol India Ltd has launched a tech platform "Anmol Coal" which is one of its kind in the coal industry. The objective is to revolutionize the way coal is sold on stock & sale basis. Anmol Coal mobile app helps users understand the market better by not only publicizing the market prices but the terms & conditions associated with a particular price point. This helps user get a better picture of the market. The app takes bids from users and then allocates quantity based on best bids. This mobile app is a major element of modern technology for retail sector and will give us a competitive edge as it will make our services more accessible to the users. Through this app we can engage higher level of retail customers.

Anmol India Limited is taking concerted actions to be future ready and create a virtuous circle of growth and returns for our shareholders. I would like to welcome you on this journey. While the near term outlook is fluid with multiple challenges, the business is taking the right actions to navigate them, and I am confident we will emerge stronger.

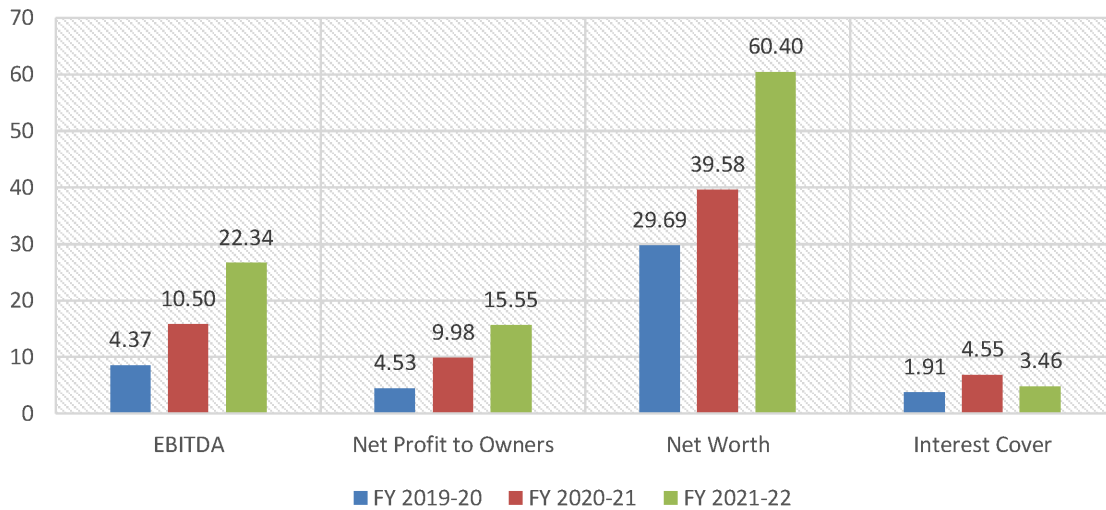

In turn, our employees have shown remarkable resilience, loyalty and tenacity in ensuring that our customers are not impacted, despite significant personal challenges. I would also like to thank you shareholders for your continued trust and support.

Our purpose is anchored in the well- being of all our stakeholders, and the communities we operate in are very important stakeholders for us. Our primary focus areas are education, health and wellness, water sanitation and hygiene.

Vijay Kumar
Managing Director & CFO

Performance Highlights (Rs. In Crores Except Interest Cover)

Vision

Our vision has always been to welcome change. We at Anmol understand that nothing is constant Other and have always had a dynamic approach to our work. Our quick shift to foreign coal to keep up with increasing demands nationwide was one of the key moves that highlight this aspect of our behavior.

10. All documents referred to in the notice and the explanatory statement requiring the approval of the Members at the meeting and other statutory registers shall be available for inspection by the Members at the Registered Office of the Company during normal business hours on the working days between 10.00 a.m. to 6.00 p.m. except Sunday and holiday.
11. Electronic copy of the Annual Report and Notice of 24th Annual General Meeting of the Company along with Attendance Slip, Proxy Form and instructions for e- voting are being sent to all the members whose e- mail ID's are registered with the Company/ Depository Participant(s) for communication purposes.
12. The cut-off date for the purpose of determining the Members eligible for participation in remote e- voting (e-voting from a place other than venue of the AGM) and voting at the AGM is 22nd September, 2022. Please note that Members can opt for only one mode of voting i.e., either by voting at the meeting or remote e-voting. If Members opt for remote e-voting, then they should not vote at the Meeting and vice versa. However, once an e-vote on a resolution is cast by a Member, such Member is not permitted to change it subsequently or cast the vote again. Members who have cast their vote by remote e-voting prior to the date of the Meeting can attend the Meeting and participate in the Meeting, but shall not be entitled to cast their vote again.
13. In compliance with the provisions of Section 108 of the Companies Act, 2013 and the Rules framed there under, the members are provided with the facility to cast their votes electronically, through e- voting services provided by Central Depository Securities Limited (CDSL), on all resolutions set forth in this notice. The Members whose names appearing in the Register of Members/ list of Beneficial owners as on 22nd September, 2022, are entitled to vote set forth in this Notice. The remote e- voting period will commence at 9.00 A.M. on 25th September, 2022 and will end at 5.00 P.M. on 27th September, 2022. The facility for voting shall be made available at the meeting and the members attending the meeting who have not cast their vote by remote e- voting shall be able to vote at the meeting through ballot paper. The Company has appointed M/s. Reecha Goel & Associates to act as the Scrutinizer, for conducting the scrutiny of the votes cast. The Members desiring to vote through electronic mode may refer to the detailed procedure on e- voting given hereinafter.
14. The Scrutinizer will submit her report on or before 30th September, 2022 and the results of the same shall be declared by the chairman within 48 hours of conclusion of AGM. The combined scrutinizer report on e-voting and voting by ballots at AGM will be posted on the website of the company www.anmolindia.com, besides being communicated to CDSL, Stock Exchange viz. BSE Limited and NSE limited.
15. Members/Proxies are welcome at the AGM of the Company. However the Members/Proxies may please note that no gifts/ gift coupons will be distributed at the AGM.

The instructions for shareholders voting electronically are as under:

16. The voting period begins on 25th September, 2022 at 9.00 A.M. and will end at 5.00 P.M. on 27th September, 2022. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 22nd September, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
17. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
18. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that

the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

19. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.
20. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Explanatory Statement Pursuant to Section 102 of the Companies Act, 2013

Special Resolution under Item No. 3

As per section 185 of the Companies Act, 2013, a company may advance any loan including any loan represented by a book debt, or give any guarantee or provide any security in connection with any loan taken by any person in whom any of the director of the company is interested, subject to the condition that: (a) a special resolution is passed by the company in general meeting and (b) the loans are utilised by the borrowing company for its principal business activities. The loan amount to the extent of INR 5,00,00,000/- (Rupees Five Crores only) is proposed to be lent to Coal Mantra Private Limited on a condition that it will be used by the borrowing company for the purpose of its principal business activities only.

Hence the proposed resolution. Board recommends the passing of the special resolution.

Mr. Chakshu Goyal being Director and member in Coal Mantra Private Limited is interested in the resolution.

Special Resolution under Item No. 4

Keeping in view the Company's existing and future financial requirements for expansion spree of the Company, the Company needs additional funds. For this purpose, the Company is desirous of raising finance from various Banks and/or Financial Institutions and/or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in the ordinary course of business). Hence, it is proposed to increase the earlier sanctioned maximum borrowing limits from Rs. 500 Crores to Rs. 1000 Crores (Rupees One Thousand Crores only). Pursuant to Section 180(1)(c) of the Companies Act, 2013, the Board of Directors cannot borrow more than the aggregate amount of the paid-up capital of the Company and its free reserves at any one time except with the consent of the members of the Company in a general meeting.

Hence the proposed resolution. Board recommends the passing of this Special Resolution.

None of the Directors or the Key Managerial Personnel of the Company including their relatives is in any way concerned or interested in the resolution.

Special Resolutions under Item No. 5 & 6

Looking to the competitive business environment, and consequent increase in the responsibilities of the Non-Executive Directors, it is considered prudent and appropriate to remunerate the NEDs of the Company. However, the Act, restricted payment of any remuneration to Non-Executive Directors in case of loss or inadequate profits in any financial year. As per Section 197 of the Companies Act, 2013 read with Schedule V of the Act read with rules made thereunder, Company can remunerate to non-executive directors in excess of limits as prescribed under Schedule V by getting approval of members through special resolution.

The Company believes in the philosophy to remunerate adequately the non- executive directors for giving their time to the Company and their inputs in the strategic decisions of the Company. As the Company is in the growth trajectory but the profitability is unpredictable. As an enabling action, it is proposed to take approval of the members shareholders by way of Special Resolution in terms of Section 197 and Schedule V of the Act read with Rules made thereunder, for payment of remuneration to the non- executive directors.

Considering the overall growth of the Company, the Nomination and Remuneration committee has approved the remuneration, as indicated in the resolutions set out at Item No. 5 & 6, subject to the approval of the members of the Company.

Accordingly, the Board recommends the adoption of Special resolutions set out at Item No. 5 & 6.

Management Discussion and Analysis Report

Global Economic Overview

The post-Covid-19 pandemic recovery is being hit by a potentially huge global supply shock that will reduce growth and push up inflation. The global economic recovery is facing significant headwinds amid new waves of COVID-19 infections, persistent labour market challenges, lingering supply-chain challenges and rising inflationary pressures. Without a coordinated and sustained global approach to contain COVID-19 that includes universal access to vaccines, the pandemic will continue to pose the greatest risk to an inclusive and sustainable recovery of the world economy.

The war in Ukraine and economic sanctions on Russia have put global energy supplies at risk. At the same time, economic damage from the conflict will contribute to a significant slowdown in global growth in 2022 and add to inflation. Fuel and food prices have increased rapidly, hitting vulnerable populations in low-income countries hardest. Elevated inflation will complicate the trade-offs central banks face between containing price pressures and maintaining growth. Interest rates are expected to rise as central banks tighten policy, exerting pressure on emerging market and developing economies. Moreover, many countries have limited fiscal policy space to cushion the impact of the war on their economies. The invasion has contributed to economic fragmentation as a significant number of countries sever commercial ties with Russia and derailed the post pandemic recovery. It also threatens the rule-based frameworks that have facilitated greater global economic integration that helped to lift millions out of poverty. In addition, the conflict adds to the economic strains brought by the pandemic.

Global growth is projected to slow from an estimated 6.1 percent in 2021 to 3.6 percent in 2022 and 2023. Beyond 2023, global growth is forecast to decline to about 3.3 percent over the medium term.

In this fragile and uneven period of global recovery, the World Economic Situation and Prospects 2022 calls for better targeted and coordinated policy and financial measures at the national and international levels. The time is now to close the inequality gaps within and among countries. If we work in solidarity – as one human family – we can make 2022 a true year of recovery for people and economies alike.

Overview of the Indian Economy

India's economy will grow 7.5% in fiscal year (FY) 2022 and 8% in FY2023, supported by increased public investment in infrastructure and a pickup in private investment, the Asian Development Bank (ADB) forecasts.

The outlook assumes sustained progress in coronavirus disease (COVID-19) vaccinations and that any new variants of the virus are of limited severity. It also factors in the impacts of Russia's invasion of Ukraine—primarily higher global oil and commodity prices that will contribute to rising inflation and a widening of the current account deficit.

India is on the path to a sustained economic recovery, thanks to the vigorous countrywide drive to deliver safe and wide-reaching COVID-19 vaccinations, which helped reduce the severity of the third pandemic wave with minimal disruptions to mobility and economic activity. The government significantly increased capital expenditure on infrastructure projects, which boosted domestic demand and investment sentiment. Despite facing multiple headwinds, key economic indicators pointed towards a broad-based recovery. The Indian economy grew 8.7% in FY 2021-22, despite a significant moderation during the fourth quarter of FY 2022, on account of the pandemic-led disruptions, rising domestic inflation, and the ongoing Russia-Ukraine conflict. Gross value added (GVA) at basic prices increased 8.1%. Industrial production, as indicated by the IIP, grew by 11.3%, staying in the positive territory since March 2021. Gross Fixed Capital Formation (GFCF), a proxy for investments, expanded 15.8%, as the government focused on

'crowding in' private capex through its mega expenditure push. Private consumption, which has the highest contribution to GDP, increased 7.9%.

Though economic indicators improved, rising inflation remains a consistent worry. India's Consumer Price Index (CPI) jumped to a 17-month high of 6.95% in March 2022 from 6.07% in February 2022, breaching the central bank's comfort level at 4% (with a margin of +/-2%). This prompted the Reserve Bank of India (RBI) to resort to an off-cycle hike in policy rate by 40 bps in April 2022. The apex bank's action, its first rate hike since the onset of the pandemic in March 2020, was a clear indicator that inflation moderation has returned at the top of its policy agenda.

The Government of India has its sights squarely set on using infrastructure as the force multiplier to drive economic growth. In line with this strategy, the Government announced a series of programmes during FY 2021-22, which outlines a clear roadmap until 2047 to make India one of the top three economies globally, when the nation celebrates the centenary of its independence.

The PM Gati Shakti initiative to improve India's logistics infrastructure, increased financial and technical support to states to expand capital investment will boost infrastructure spending and help spur economic growth. Private consumption will pick up as labor market conditions improve. Forecasts are based on a normal monsoon, which, coupled with rising wheat prices, is expected to boost agriculture output and improve farmers' income. The government's production-linked incentive scheme will provide a thrust to the manufacturing sector in FY2022 and FY2023.

The Vande Bharat train project expansion is on the cards, with a possible investment of ₹50,000 crore over the next three years. The National Highways network is proposed to be expanded by 25,000 kms, which is nearly double the cumulative length achieved in the past five years. The proposed spend on urban infrastructure, housing and ports was maintained at FY 2021-22 levels, with additional outlay for the creation of water infrastructure. On the affordable housing front, 80 lakh houses are to be completed under the PM Awas Yojana in FY 2022-23, covering both rural and urban families and receiving a ₹48,000 crore budgetary allocation.

While monetary policy will remain accommodative, the central bank may hike policy rates in the later part of the fiscal year due to tightening of the United States federal funds rate and elevated oil prices. The current account deficit is projected to widen to 2.8% of gross domestic product in FY2022 due to the rising oil import bill, and is expected to decline to 1.9% in FY2023 amid an uptick in export growth. Foreign direct investment inflow is expected to moderate amid rising global uncertainty and tightening of global economic and financial conditions.

Industry Overview

Indian Coal Market Size

The India coal market is expected to record a CAGR of more than 3.2% during the forecast period. The demand for coal in the country is expected to be in the range of 1.3-1.5 billion tonnes by 2030, as per the Draft National Policy of Niti Aayog, despite the push for renewable energy. India recently pledged at the climate conference in Glasgow in November 2021 that it will 'phase down' the use of coal. However, the Economic Survey 2021-2022 reveals otherwise.

As per Economic Survey, the demand for coal is expected to remain in the range of 1.3-1.5 billion tonnes by 2030. Coal is the most important and abundant fossil fuel in India and accounts for 55% of the country's energy need. Commercial primary energy consumption in India has grown by about 700% in the last four decades. The current per capita commercial primary energy consumption in India is about 350 kgoe/year. Thus, coal is not only the primary source of energy in the country but is also used as an intermediary by many industries such as steel, sponge iron, cement, paper, brick-kilns etc. Hence, there has been an overall increase in the demand of coal over the years.

Being an affordable source of energy with substantial reserve, coal is going to stay as major source of energy in the foreseeable future. Despite push for renewables, country will require base load capacity of coal-based generation for stability and also for energy security.

What is the reason for increasing coal demand?

- Iron and steel production uses coal and there are not many technologies to replace the fuel immediately. One can say that coal is backbone of both the steel and cement industries.
- Continued expansion of India's economy is expected during 2022-2024, with annual average GDP growth of 7.4%, fuelled at least partially by coal.
- India's push to domestic coal mining through both Coal India and auction of coal blocks to private companies, coal usage in India will increase as it plateaus in other parts of the world, including China.
- The central government has opened up coal mining for the private sector, claiming it as one of its most ambitious coal sector reforms. The government anticipates that it will bring efficiency and competition in coal production, attract investments and best-in-class technology, and help create more jobs in the coal sector.
- Plans for increasing power generation capacity and increasing electricity demand in India, in line with rapidly growing industrial and infrastructural development activities, are expected to drive the market. India aims to become an economy of USD 5 trillion by 2024, with investing heavily in infrastructure. It is expected to boost the energy demand for industry and for electricity production. Although India has succeeded in bringing some form of electricity access to almost all of its citizens, the country's per capita power consumption is still low, giving it a significant scope to grow.

The increased consumption of coal demonstrates the growing usage of coal in the country. Coal's abundance and economic attributes make it widely used by power-generating companies. As of December 2021, the country had generated 203.190 GW of electricity from coal and 24.9 GW of energy from gas-fired power plants. India's Ministry of Power plans to commission the Patratu Super Thermal Project by the end of 2022. The project is located in Jharkhand and has the capacity to produce 4000 megawatts (MW) of power and is coal-fired. For India, coal has been a significant source of energy in the past and still holds a considerable share in the country's energy generation sources. This is expected to positively impact the thermal power plant market in the country. By 2023, the country is planning to commission the Uppur Thermal Power Project located in Ramanathapuram, Tamil Nadu, with a capacity of 1600 MW. The project is owned by Tamil Nadu Generation and Distribution Corporation Ltd (TANGEDCO) and has an investment cost of USD 1.7 billion. Hence, owing to the above reasons, increasing thermal-based power generation projects are expected to drive the Indian coal market.

India's coal production has witnessed a record growth of 36.23 per cent to 33.94 million tonnes in the first half of May 2022. The country's domestic coal production was at 24.91 million tonnes during the same period last year, as per the data released by the Ministry of Coal.

Coal minister Pralhad Joshi said that being an affordable source of energy with substantial reserves, coal is going to stay as a major source of energy in the foreseeable future. The minister said the country will require base load capacity of coal-based generation for stability and also for energy security. Coal will remain a prime energy source for the near future as it is available in abundance.

India has committed to becoming a net-zero nation by 2070. Also, at the COP 26 summit, Prime Minister Narendra Modi announced that India would increase the installed capacity of renewables to 500GW by 2030. However, the target seems unachievable right now, given India's dependency on coal. Coal accounts for 55% of the country's energy needs. Coal will remain king in India, pushing net-

zero goals further away in spite of the government's continuous push for renewables.

It would be the first time since 2015 that Coal India has imported the fuel, highlighting efforts by state and federal officials to stock up to avoid a repeat of April, when India faced its worst power cuts in more than six years. Coal India would import coal for blending on government-to-government (G2G) basis and supply to thermal power plants of state generators and independent power producers (IPPs)

Opening up of coal mining for the private sector is the most ambitious coal sector reform. This will bring efficiency and competition in coal production, attract investments and best in technology, and help create more jobs in the coal sector. So far, 28 coal mines have been successfully auctioned. Out of these, 27 mines have been auctioned to private companies and process for sale of 88 coal mines is underway.

The Cabinet Committee on Economic Affairs (CCEA) has approved a single spot e-auction window by coal companies for all consumers, resulting in uniform market-discovered price for the same grade of coal. Presently, the coal market is segmented and regulated and consequently there are many different market discovered rates for the same grade of coal in each segment of market. Segmentation with rate differentiation results in coal market distortions. By these reforms in the coal market coal of any particular grade may be sold in the market at one rate (one grade, one rate), with default mode of transport being Railways, through a transparent and objective e-auction mechanism. This e-auction will cater to all the sectors namely Power Sector and Non Regulated Sector (NRS) including traders and coal would be offered through this auction in place of the present system of sector specific auctions.

The energy hungry nation's coal imports from April 2021- January 2022 fell 16.4% to 173.20 million tonnes, compared with 207.24 million tonnes during the same period the previous year, government data shows.

The states were asked to continue importing because the private sector will take till at least early 2025 to produce significant output and there is also a consistent trains shortage to move domestic coal around," said a power ministry official who attended. The decision to boost imports for so long underscores the severity of the India's fuel crisis.

Business Overview

Anmol India Limited is a leading provider of imported coal in India. Established in 1988, the Company's history in the trading of coal spans over three decades. The Company is a one-stop solution for all coal needs or services. Anmol India Ltd is also one of the very few coal companies which uses new age technologies to optimize the supply chain. Company intends to improve its supply chain even more and develop such a robust technological supply chain stack so that when introducing new commodities we can have the same competitive edge as Coal.

Anmol India Ltd has designed a new version of the tech platform "Anmol Coal" which is one of its kind in the coal industry. The objective is to revolutionize the way coal is sold on stock & sale basis. Anmol Coal mobile app helps users understand the market better by not only publicizing the market prices but the terms & conditions associated with a particular price point. This helps user get a better picture of the market. The app takes bids from users and then allocates quantity based on best bids. This mobile app is a major element of modern technology for retail sector and will give us a competitive edge as it will make our services more accessible to the users. Through this app we can engage higher level of retail customers.

Being a client centric organization, we strive hard to offer superior quality products to our respected patrons. Backed with the team of dexterous and experienced professionals, we never accept any sort of compromise with the quality of our products. To maintain the quality standard of the product our professionals follow established norms and guidelines of the industry.

At present we are planning to give more stress to the imports of a newer variety of coal and high GCV coal from other countries so that we are in a position to satisfy the ever-increasing demands of our esteemed customers. Our Future Plans are closely knitted with the demands of our customers.

Strengths and Opportunities

- Quality tested products from reputed independent agencies (like SGS, HRT etc).
- We believe that we are well positioned for the principal competitive factors in our business. We offer end- to end service offering. We are adding the benefit of coordination and collaboration with shipping and transport companies, vendors and suppliers. It will improve our Company's system responsiveness to the actual customer's requirements which further reduces risks.
- Unique Mix of Customer: 70% Trader and 30% End User. Traders help in advance booking, risk mitigation and quick inventory turnover. End user help in better margin and inventory turnover in bearish market.
- Anmol India Ltd has introduced a new version of tech platform "Anmol Coal" which is one of its kind in the coal industry as the app helps users understand the market better by not only publicizing the market prices but the terms & conditions associated with a particular price point.
- Strong Cash Flows that provide resources in the hand of the Company to plan its expansion.
- Strong Distribution Network- over the years the Company has built a reliable distribution network that can reach majority of its potential market.
- Company's system responsiveness to the actual customer's requirements which further helps in establishing long term relationships.
- As small scale manufacturing units is increasing, the market size is ever increasing.
- As imported coal is washed and cheaper, more and more industries are shifting to this fuel.

Internal Control Systems and their adequacy

Anmol India Ltd believes that internal control is one of the key pillars of governance. It provides freedom to the management within a structure of appropriate checks and balances. The Company has a proper and adequate system of internal financial controls, commensurate with its size and business operation. It ensures timely and accurate financial reporting in accordance with applicable accounting standards, safeguarding of assets against unauthorized use or disposition and compliance with all applicable regulatory laws and Company policies. Internal Auditors of the Company review the internal financial control systems on a regular basis for its effectiveness, and necessary changes and suggestions are duly incorporated into the system.

The Company's internal control environment warrants efficient conduct of operations, security of assets, prevention and detection of frauds/ errors, accuracy and completeness of accounting records, and the timely preparation of reliable financial information.

Financial Performance

During the Financial year 2021-22 the Company has earned a total income of Rs. 1064.57 Crore against Rs. 696.58 Crore in the previous year. Your Company's net profit jumped by 57.69% to Rs. 15.58 Crore from Rs. 9.88 Crore in the previous year.

We believe that our strong track record of financial performance and steady cash flows from our operations provide us with sufficient resources, support our working capital requirements service our existing debt on a timely basis and maintain a healthy level of cash on our balance sheet.

Weaknesses and Threats

- Increased competition from cleaner fuel sources are chipping away at coal's dominant market share. Cleaner alternatives are getting cheaper.
- We import our Coal from outside of India and payment of these purchases is made in foreign currency. Changes in value of currencies with respect to Rupee may cause fluctuations in our operating results expressed in rupees. Hence, we mitigate the risk by hedging the dollars or by passing the dollar risk to traders as much as possible.
- Policy uncertainty continues to be an issue
- Foreign Investment in mining sector

Human Resources

The Company considers its human capital to be the most important asset and treats its people with respect and dignity in all situations. The team is a balanced mix of experience and youth which allows a holistic approach to varied situations. Employee knowledge enrichment is a core value of the organization, and focus has been placed on training and development of the Company's human capital. Our endeavour is to provide a work environment where continuous learning and development takes place to meet the changing demands and priorities of the business. The Company offers employee-friendly policies, industry benchmarked compensation, learning and career growth opportunities, and empathetic health and safety initiatives so that employees feel motivated to perform at their best.

Our people have always been one of our most valued stakeholders and key differentiators.

Independent Auditor’s Report

To The Members of Anmol India Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of Anmol India Limited (“the Company”), which comprise the Balance Sheet as at 31 March 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis of Opinion

3. We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor’s Response
<p>Revenue Recognition (Refer Note 2.2 (k), 17 and 18 to financial statements)</p> <p>Revenue from the sale of goods is recognized when control in goods is transferred to the customer and is measured net of rebates, discounts and returns.</p> <p>Standards on Auditing presume that there is fraud risk with regard to revenue recognition. We focused on this area since there is a risk that revenue may be overstated because of fraud, resulting due to the pressure from Management and Board of Directors who</p>	<p>Principal audit procedures</p> <p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> ▪ Assessing the appropriateness of the revenue recognition accounting policies by comparing with applicable IndAS; ▪ Evaluating the design and implementation of key internal financial controls in relation to revenue recognition and tested the operating effectiveness of such controls for a sample of transactions (using random sampling);

<p>may strive to achieve performance targets. Also, revenue is a key performance indicator for the Company which makes it susceptible to misstatement because the timing of revenue recognition requires exercise of judgement.</p> <p>In view of the above, we have identified risk of fraud in revenue recognition as a key audit matter</p>	<ul style="list-style-type: none"> ▪ Performing testing by selecting samples (using statistical sampling) of revenue transactions recorded for the year. For such samples, verified the underlying documents, including invoices, good dispatch notes, ▪ customer acceptances and shipping documents (as applicable), to assess whether these are recognized in the appropriate period in which control is transferred services are provided. ▪ Performing analytical procedures on revenue recognized during the year to identify unusual variances. ▪ Testing on a sample basis (selected based on specified risk-based criteria), specific revenue transactions recorded before and after the financial year end date to determine whether the revenue had been recognized in the appropriate financial period. ▪ Testing sample manual journal entries for revenue, selected based on specified risk-based criteria to identify unusual items. <p>Assessing the adequacy of the disclosures made in accordance with the relevant accounting standard.</p>

Information other than Financial Statements and Auditors report thereon

5. The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

6. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the IndAS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

12. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

13. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of sub-section (11) of section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
14. As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the statement of change in equity, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements, if any; - Refer Note 30 of the notes to financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like behalf of the Ultimate Beneficiaries.

- (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on such procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
15. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act.

Annexure A to Independent Auditors' Report

Referred to in paragraph 14(f) of the Independent Auditors' Report of even date to the members of Anmol India Limited on the financial statements for the year ended March 31, 2022.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of Anmol Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial reporting.

Meaning of Internal Financial Controls with reference to financial statements.

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect

the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Ludhiana, 14 May 2022

Annexure B to Independent Auditors' Report

Referred to in paragraph 13 of the Independent Auditors' Report of even date to the members of Anmol India Limited on the financial statements for the year ended March 31, 2022.

- i (a)(A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.
- (B) The Company, during the year under consideration, did not own any intangible assets.
- (b) The Property, Plant and Equipment were physically verified during the year by the Management in accordance with a programme of verification which, in our opinion, provides for physical verification of all the fixed assets at a reasonable interval. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and based on records provided to us for examination, we report that, there are no title deeds, comprising any immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or intangible assets does not arise.
- (e) Based on information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its financial statements does not arise.
- ii (a) The physical verification of inventory have been conducted by the management at regular intervals during the year and, in our opinion the coverage and procedure of such verification by management is appropriate. No discrepancies were reported during the verification process as confirmed by the management.
- (b) During the year, the company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets; and the quarterly returns or statements filed by the company with such banks or financial institutions are in agreement with the books of account of the Company, the differences, if any are either not material or minor in nature.
- iii During the year the company has provided loans in the nature of unsecured loans to the companies including related parties.
- (a) The company has provided loans whose details are as follows:
- (A) Company does not have any subsidiary, joint venture and associate during the year accordingly, the question of commenting on the aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans or advances and guarantees or security to subsidiaries, joint ventures and associates does not arise.
- (B) The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans or advances and guarantees or security to parties other than subsidiaries, joint ventures and associates is as follows:

S.N o.	Details	Aggregate amount during the year	Balance outstanding at the Balance Sheet date
	Share India Fincap Private Limited	25,00,00,000	Nil
2	CDSL (Security)	45,000	45,000
3	NSDL (Security)	45,000	45,000
4	Jio Infocomm (Security)	2500	2500

- b) In respect of aforesaid loans, the terms and conditions under which such loans were granted are not thoroughly defined in agreements. However, such loans granted are not prejudicial to the Company's interest.
- c) In respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest have not been stipulated in the terms and conditions however, are repayable on demand along with interest. Such repayments are regular, as and when required.
- d) In respect of aforesaid loans, since repayment schedule is not defined in terms and conditions we cannot comment if the amount is overdue for more than ninety days, and whether reasonable steps have been taken by the company for recovery of the principal and interest. Such repayments are regular, as and when required.
- e) According to the information and explanations given to us and based on records provided to us for examination we report that there were no loans which fell due during the year and were renewed/extended. Further, no fresh loans were granted to same parties to settle the existing overdue loans.
- f) The company has granted loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

S. No.	Details	Aggregate Amount	Percentage thereof to the total loans granted to Promoters, related parties as defined in clause (76) of section 2 of the Companies Act, 2013
1	Coal Mantra Private Limited	26,10,000.00	100.00%

- iv According to the information and explanations given to us and based on records provided to us for examination we report that in respect of loans, investments, guarantees, and security, the company has complied provisions of sections 185 and 186 of the Companies Act. Further, the company secretary has duly issued compliance certificate in this regard.
- v The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73, 74, 75 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- vi Based on information & explanation given by the management, maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013.
- vii (a) According to the records of the company, undisputed statutory dues including Provident Fund, Investor Education and Protection Fund, Employees' State Insurance, Income-tax, GST, Sales-tax, Service Tax, Goods and Service tax, Custom Duty, Excise Duty, value added tax, Cess and any other statutory dues to the extent applicable, have generally been regularly deposited with the appropriate authorities. According to the information and explanations given to us there were no outstanding statutory dues as on 31st March,2022 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us, there is no amount payable in respect of Income Tax, GST, Service Tax, Sales Tax, Customs Duty, Excise Duty, Value Added Tax and Cess whichever applicable, which have not been deposited on account of any disputes.
- viii According to the information and explanations given to us and the records of the Company examined by us, there are no transactions in the books of account that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.
- ix (a) According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.
- (c) According to the records of the Company examined by us and the information and explanations given to us, the Company has not obtained any term loans.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us and procedures performed by us, we report that the Company did not have any subsidiaries, joint ventures or associate companies during the year. Accordingly, reporting under clause 3(ix)(e) and clause 3(ix)(f) of the Order is not applicable.
- x (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has made any preferential allotment on 23 April 2021 of 10,00,000 shares of face value of ₹ 10/- each for cash at an issue price of ₹ 52.25/- per share aggregating to ₹ 522.50 Lakh and the requirements of section 42 and section 62 of the Companies Act, 2013 have been complied with and the funds raised have been used for the purposes for which the funds were raised.
- xi (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.
- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.
- (c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, the Company has not received whistle-blower complaints during the year.
- xii As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.

- xiii The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.
- xiv (a) In our opinion and according to the information and explanation given to us, the Company has an internal audit system commensurate with the size and nature of its business.
(b) The reports of the Internal Auditor for the period under audit have been considered by us.
- xv The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.
