## Anupam Rasayan bags Rs 540 Cr order from two leading Multinational Companies

**Surat, May 18, 2021:** Anupam Rasayan, one of India's leading custom synthesis & specialty chemical players, has received and signed contracts amounting to Rs. 540 Crores from two renowned multinational companies dealing in the fields of life sciences chemicals. The tenure of the contract is for five years where life sciences related specialty chemicals will be provided to them by the Company.

The two new contracts are from two different multinational companies: an existing customer and the other is a recently acquired customer. For both the customer, Anupam Rasayan was a part of their product development process from the start and when the multinational firm commercialised the specific products, the Company received the order contract.

Speaking about the order, **Anand Desai, Managing Director of Anupam Rasayan**, said, *"These new orders will bolster our growth prospects and allow us to diversify our product offering. Additionally, we will produce the materials needed for these two contracts in our current multipurpose facilities, which will aid in the ramp-up of newly constructed capacity. The recently completed capex are a significant step forward in our goal to further strengthen our global footprint. This expansion of our long-standing partnership with an established client and a newly acquired client demonstrates our team's expertise and consistent organisational excellence. This order adds on to the LOI of Rs. 1100 cr. that we received last month."*

### About Anupam Rasayan India Ltd. (ARIL):

Anupam Rasayan India Ltd (ARIL) is one of the leading companies engaged in the custom synthesis (CSM) and manufacturing of specialty chemicals in India. Incorporated in 1984, the speciality chemicals major has two verticals: Life science related Specialty Chemicals comprising products related to Agrochemicals, Personal Care and Pharmaceuticals and Other Specialty Chemicals comprising Specialty Pigment and Dyes, and Polymer Additives. The company caters to a diverse base of Indian and global customers. It is currently manufacturing products for over 53 domestic and international customers, including 17 multinational companies. The company operates via its six manufacturing facilities in Gujarat, India, with four facilities located at Sachin, Surat and two located at Jhagadia, Bharuch with an aggregate installed capacity of 23,438 MT, as of December 31, 2020. ARIL offers multistep synthesis and undertakes complex chemical reactions technologies, for a diverse base of Indian and global customers. The focus is developing in-house innovative processes for manufacturing products requiring complex chemistries and achieving cost optimization.
