Clinical achievements during the Quarter

- World's first auto guide implantation for Deep Brain Stimulation using AI done by Neurosurgeons at KIMS Hospitals, Secunderabad
- Doctors at KIMS, Secunderabad gave prosthetic testis to a 23-year-old who had lost it due to genetic reasons in childhood.
- Complex case of Tail Gut Cyst treated successfully by Doctors at KIMS Hospitals, Kondapur
- Puerperal woman suffering from clots in leg treated without surgery at KIMS Hospitals, Kondapur
- 9 months baby underwent successful liver transplant surgery at KIMS Hospitals, Secunderabad
- 5-year-old girl with a large coronary cameral fistula, a rare congenital problem, was successfully treated at KIMS ICON, Vizag

- 42 year old gave birth to preterm babies successfully at KIMS Saveera, Anantapur
- 10 months baby successfully underwent a complex kidney surgery at KIMS Saveera, Anantapur
- Complex case of pituitary tumor treated successfully at KIMS ICON, Vizag
- Critical procedure of Left Main Bifurcation was successfully done through angioplasty at KIMS ICON, Vizag
- In a rare feat, KIMS Kurnool doctors removed 11 bone formations around ankle of a patient.
- KIMS Kurnool doctors performed a rare procedure by inserting a stent in the liver to save the life of the patient.

Successful treatment of such critical cases is a matter of great professional satisfaction and speaks volumes about the professional expertise and medical infrastructure available with us at various centers.

Commenting on the performance, Dr. B. Bhaskara Rao, Managing Director said:

“FY 22 was a challenging year clinically and a satisfying year financially for us. With the COVID wave hopefully behind us now for good, we are confident that Doctors can now fully focus on their elective work. Business momentum in Q4 was slightly muted because of COVID 3rd wave scare in January; it has since then picked up momentum. I am delighted that our newly added therapies like heart & lung transplants, advanced gastroenterology & liver transplant have seen robust growth this financial year and we are confident that these advanced therapies will help us offer better clinical care to more people in the coming years. FY 23 will be building on the momentum of our recent acquisition (Sunshine Hospitals) and charting newer growth opportunities outside of our core markets”
