EPF sops for industry, workers to be extended by 6 months

The scheme - Atmanirbhar Bharat Rojgar Yojana (ABRY) - was first announced on November 12, 2020, as part of the Atmanirbhar Bharat Package 3.0, and the Cabinet gave the approval for it on December 9.

From the Front Page

The rate had last reached double digits in June last year, when it was 10.18%. According to the CMIE, barring in April, May and June last year and May this year, the monthly unemployment rate had never breached the double-digit mark at least since January 2016.

It reached its peak of 23.52% in April last year amid a countrywide lockdown, but started falling from the next month. In May last year, the country's unemployment rate was 21.73%.

However, official documents showed the process of formalisation of the employment - jobs with essential social security cover - has taken a big hit due to the pandemic since gathering pace for a few years till 2020-21. New enrolment under the two prominent social-security organisations - EPFO and ESIC - fell nearly a quarter year on year in 2020-21, according to official data.

\$43-bn rise in Adani riches fraught with risks

Elara India Opportunities Fund, Apmis Investment Fund, Cresta Fund, Albulu Investment Fund, LIS Investment and Asia Investment Corp have put more than 95% of their assets in Adani group firms, according to data compiled by Bloomberg Intelligence. The portfolio-power conglomerate also got a boost after MSCI Inc included three more Adani firms to its India benchmark index last month, taking the group's total footprint to five. This leads to mandated buying by investors that track this index.

"Adani stocks track 150%-200% above 200-day moving averages, and statistically look extended," Bloomberg Intelligence analysts wrote. "Tesla was 12.6% above the 200-day when it peaked this year."
