## EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

### Item No. 3

The present Authorised Share Capital of the Company is Rs. 7,16,30,000 (Rupees Seven Crore Sixteen Lakh Thirty Thousand Only) divided into 7,00,00,000 (Seven Crore) Equity Shares of Re. 1/- each and 1,63,000 (One Lakh Sixty Three Thousand) Preference Shares of Rs. 10 (Rupees Ten) each.

As the Company is proposing the issue of CCPS, considering its fund requirements it needs to create adequate headroom to accommodate issuance of CCPS and infusion of capital in future. Accordingly the Board of Directors at their meeting held on August 10, 2022, had accorded its approval for increasing the Authorised Share Capital from Rs. 7,16,30,000 (Rupees Seven Crore Sixteen Lakh Thirty Thousand Only) to 7,40,00,000 (Rupees Seven Crore Forty Lakh Only), subject to shareholders approval.

It is therefore proposed to increase the Authorised Share Capital of the Company from Rs. 7,16,30,000 (Rupees Seven Crore Sixteen Lakh Thirty Thousand Only) to 7,40,00,000 (Rupees Seven Crore Forty Lakh Only) comprising:

- a) Rs. 7,00,00,000/- (Rupees Seven Crore Only) equity share capital divided into 7,00,00,000 (Seven Crore) equity Shares of Re. 1/- (Rupee One) each; and
- b) Rs. 40,00,000/- (Rupees Forty Lakh) preference share capital divided into 4,00,000 (Four Lakh) preference shares of Rs. 10/- (Rupees Ten) each.

Consequently, Clause V of the Memorandum of Association would also require alteration so as to reflect the changed Authorised Share Capital.

The proposal for increase in Authorised Share Capital and amendment of Memorandum of Association of the Company requires approval of members at a general meeting.

A draft copy of the Memorandum of Association of the Company duly amended is available for inspection.

None of the Directors / Key Managerial Personnel of the Company / their relatives is / are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item no. 3 of this Notice except to the extent of their respective shareholding entitlements in the Company, if any.

The Board of Directors of the Company believes that the proposed resolution is in the interest of the Company and hence, recommends the resolution as set out at Item no. 3 of this notice for approval of the members of the Company by way of an Ordinary Resolution.

### Item No. 4

The Board of Directors ("Board") of the Company in their meeting held on September 01, 2022 had approved the raising of funds by way of issue of 1,65,000 (One Lakh and Sixty Five Thousand) - 0.01% Compulsorily Convertible Non-Cumulative Preference Shares of the Company of the face value and issue price of Rs. 10/- (Rupees Ten) each, aggregating to an amount of Rs. 16,50,000/- (Rupees Sixteen Lakh Fifty Thousand Only) on preferential allotment basis ("Preferential Issue") subject to the approval of the members by way of special resolution.

In terms of the provisions of Sections 42, 55 and 62(1)(c), and other applicable provisions, if any, of the Companies Act, 2013, and Rules framed thereunder including Rule 9 and 13 of the Companies (Share Capital and Debentures) Rules, 2014, as amended and Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014, as amended and the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended ("ICDR Regulations"), any preferential allotment of securities is required to be approved by the Members of the Company by way of a special resolution.

## CHAIRPERSON'S MESSAGE

Dear Members,

We hope that you and your families are safe, healthy. And we request you to take all necessary precaution for your wellbeing.

On behalf of the Board of Directors of Ravinder Heights Limited, I am happy to welcome you to the 3<sup>rd</sup> Annual General Meeting of your company. Thank you for your continued support and trust that is crucial to the success of your company.

We are committed to going beyond our fiduciary responsibility and taking a human-centric approach to all of our efforts, including our engagement with shareholders, employees, customers, and the global community.

Given the overall slowdown in the sector, your company too has not remained totally insulated from the current sentiment in the real estate market, but still braving the indifference surrounding the sector, and unnerved by the slowdown, we are aiming high with a perfect blend of caution, diligence and evaluation of all the potential opportunities.

Before I conclude, I wish to place on record the sincere dedication and hard work of our employees, which has enabled your company to hold even in these challenging times.

Finally, I would also like to take this opportunity to thank all our employees, business partner, & vendors, bankers and other stakeholders for their efforts and contribution to the Company. We look forward for your continued support in the years ahead.

My Best Wishes to all of you!

Thank you

Sunanda Jain

## Management Discussion & Analysis Report

### 1. Industry Structure and developments:

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

A number of sectors in India – real estate, steel, cement, home building products and consumer durables, among others - reported unprecedented growth. Real estate sector in India is expected to reach US\$ 1 trillion in market size by 2030, up from US\$ 200 billion in 2021 and contribute 13% to the country's GDP by 2025. Retail, hospitality, and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

The growth in GDP during 2021-22 is estimated at 8.9 percent as compared to a contraction of 6.6 percent in 2020-21 as per NSO (The National Statistical Office). Prices in the year 2021-22 is estimated to attain a level of 147.72 lakh Crores, as against the First Revised Estimate of GDP for the year 2020-21 of 135.58 lakh Crores, released on 31.01.2022.

As per IMF's latest World Economic Outlook projections, India's real GDP projected to grow at 9 percent in 2021-22 and 2022- 23 and at 7.1 percent in 2023-2024, which would make India the fastest growing major economy in the world for all 3 years.

India's foreign exchange reserves declined by 28.05 billion in second half of FY22 and stood at \$540.72 billion as of March 12, 2022, according to data from RBI. India's GDP which contracted in the past years has recovered in 2021-22. This recovery – one of the most decisive among major economies – validated India's long-term consumption potential.

Indian real estate sector has witnessed high growth in the recent times with rise in demand for office as well as residential spaces. Government of India along with the governments of respective States has taken several initiatives to encourage development in the sector. The Smart City Project, with a plan to build 100 smart cities, is a prime opportunity for real estate companies.

The residential sector is expected to grow significantly, with the central government aiming to build 20 million affordable houses in urban areas across the country by 2022, under the ambitious Pradhan Mantri Awas Yojana (PMAY) scheme of the Union Ministry of Housing and Urban Affairs. Expected growth in the number of housing units in urban areas will increase the demand for commercial and retail office space.

### 2. Opportunities and Threats

#### (a) Opportunities

Real estate sector in India is expected to reach US\$ 1 trillion by 2030. By 2025, it will contribute 13 per cent to country's GDP. Emergence of nuclear families, rapid urbanization and rising household income are likely to remain the key drivers for growth in all spheres of real estate, including residential, commercial, and retail. Rapid urbanization in the country is pushing the growth of real estate. Indian real estate developers have shifted gears and accepted fresh challenges.

#### (b) Threats

Indian real estate sector accounts for 13 per cent of the country's Gross Domestic Product and is one of the biggest and globally recognized sectors. The Indian real estate sector is still dependent on old building techniques and hence they are over-dependent on extensive human labour for construction activities. Whereas, high-quality building materials such as concrete and iron slabs are used in new construction techniques. India is touted to be the most populous country by the year 2050. More than 50 per cent of people are urban centers and Tier 1 cities. To accommodate the population, India would require more new cities and urban centers on a mass scale in order to provide the required resources to the inhabitants.

### 3. Segment-wise or product-wise performance

The Company operates in one segment only i.e. Real Estate. The highlights of the Company's performance (Standalone) during the Financial Year 2021-22 are as under:

Revenue from operations was Rs. 141.16 Lakhs. Loss before tax has been decreased from Rs. 70.32 lakhs to Rs. 28.43 Lakhs. The Management looks the future with optimism and hopes to do better in times to come.

### 4. Outlook

The Indian economy is projected to grow by more than 6% in Financial Year 2023 as per various institutional estimates, making it one of the fastest-growing economies. India's growth journey could be the result of a culmination of favourable tailwinds like consistent agricultural performance, flattening of the COVID-19 infection curve, increase in government spending, reforms and an efficient roll-out of the vaccine, among others.

### 5. Risks and concerns.

Through land regulations, land readjustment and land pooling policies, the Government should spare large shares of underutilized and vacant land parcels. By this, it will give some relief to the financially aggrieved developers and help the situation of the real estate sector improve. This calls for an urgent change or revision in the Land Acquisition Resettlement and Rehabilitation Act of 2013. There are a lot of impending projects in the Indian real estate market starting from public sector projects to private sector housing colonies. There is a delay happening in the completion of these projects and the reason for this is that the project does not get enough funding or there is a lack of technology to complete

these projects on time. Another big challenge in the Indian real estate sector is the protracted approval process because project approvals in India take about days to years because there is no option of a single-window clearance and it often results in time and cost escalations.

#### 6. Internal control systems and their adequacy

The Company has a proper and adequate system of internal financial controls, commensurate with its size and business operation. It ensures timely and accurate financial reporting in accordance with applicable accounting standards, safeguarding of assets against unauthorized use or disposition and compliance with all applicable regulatory laws and Company policies.

Internal Auditors of the Company review the internal financial control systems on a regular basis for its effectiveness, and necessary changes and suggestions are duly incorporated into the system. Internal audit reports are also reviewed by the Audit Committee of the Board.

#### 7. Discussion on financial performance with respect to operational performance

The details of the financial performance of the Company are reflected in the Balance Sheet, Statement of Profit & Loss and other Financial Statements appearing separately. Highlights are provided below:

Particulars	2021 – 22	2020 – 21
Total Income	143.53	111.69
Profit Before Tax	(28.43)	(70.32)

The financial performance of the Company has been further explained in the Board's Report of the Company for the Financial Year 2021-22 appearing separately. The financial statements have been prepared in accordance with the requirement of the Act and applicable accounting standards issued by the Institute of Chartered Accountant of India.

#### 8. Human Resources/ Industrial Relations

The timely availability of skilled and technical personnel is one of the key challenges. The Company maintains healthy and motivating work environment through various measures. This has helped the Company to recruit and retain skilled work force which would result in timely completion of the projects. The Company has cordial relation with the employees. The staff has the depth of experience and skills to handle company's activities. Skilled team of workers and other professionals ensure superior quality standards during every stage of work. As on March 31, 2022, there were 4 employees on the roll of the company.

#### 9. Details of Ratios

Significant changes vis-a vis immediately preceding financial year were reported in the following ratios:

S. No.	Particulars	2021-22	2020-21	Change in %	Reasons of Variance
i.	Current Ratio	1.46:1	0.87:1	68%	Due to decrease in current liabilities
ii.	Operating Profit (%)	-19.83	-63.68	-69%	Due to increase in Tax expense
iii.	Return on Net Worth (%)	-0.045	-0.035	28%	Due to increase in Loss

#### 10. Cautionary Statement

The above Management Discussion and Analysis contains certain forward looking statements within the meaning of applicable security laws and regulations. These pertain to the Company's future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties, regarding fluctuations in earnings, our ability to manage growth, competition, economic growth in India, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, government policies and actions with respect to investments, fiscal deficits, regulation etc.

## INDEPENDENT AUDITOR'S REPORT on the Standalone Financial Statements

To the Members of Ravinder Heights Limited

### Report on the Audit of the Standalone Financial Statements

#### Opinion

We have audited the standalone financial statements of Ravinder Heights Limited ("the Company"), which comprise the balance sheet as at 31<sup>st</sup> March 2022, and the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and loss, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Emphasis of matter

We draw attention to Note 38 of the Statement which describes the management's assessment of the impact of the outbreak of Covid-19 on property plant & equipment, investment property, revenue, trade receivables and other assets. The management believes that no adjustments are required in the standalone financial statements as there is no impact in the current financial year. However, in view of the highly uncertain economic environment and its likely effect on future revenues due to Covid-19, a definitive assessment of the impact on the subsequent periods is dependent upon circumstances as they evolve.

Our Opinion is not modified in respect of the above matter.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<p><b>Alternate audit procedure carried out in light of COVID- 19 outbreaks</b></p> <p>As precautionary measures against COVID-19, the statutory audit was conducted via making arrangements to provide requisite documents/ information through an electronic medium as an alternative audit procedure.</p> <p>We have identified such an alternative audit procedure as a key audit matter.</p>	<p>As a part of the alternative audit procedure, the Company has made available the following information/ records/ documents/ explanations to us through e-mail and remote secure network of the Company: -</p> <p>a) Scanned copies of necessary records/documents deeds, certificates and the related records made available electronically through e-mail or remote secure network of the Company; and</p> <p>b) By way of enquiries through video conferencing, dialogues and discussions over the phone, e-mails and similar communication channels.</p> <p>It has also been represented by the management that the</p>

	<p>data and information provided electronically for the purpose of our audit are correct, complete, reliable and are directly generated from the accounting system of the Company, extracted from the records and files, without any further manual modifications so as to maintain its integrity, authenticity, readability and completeness. In addition, based on our review of the various internal audit reports/inspection reports (as applicable), nothing has come to the knowledge that makes us believe that such an alternate audit procedure would not be adequate.</p>

### **Information Other than the Standalone Financial Statements and Auditor’s Report Thereon**

The Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Corporate Governance and Shareholder’s Information (hereinafter referred to as “the Reports”), but does not include the Standalone Financial Statements and our auditor’s report thereon. The Report is expected to be made available to us after the date of this auditor’s report.

Our opinion on the Standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

### **Management’s Responsibility for the Standalone Financial Statements**

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for the safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concerned and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

Those Board of Directors is also responsible for overseeing the company’s financial reporting process.

### **Auditor’s Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

### **ANNEXURE-A TO THE INDEPENDENT AUDITORS' REPORT**

**(Referred to in paragraph - 1 under the heading of "Report on Other Legal and Regulatory Requirements" of our Report of even date.)**

Based on the audit procedures performed for the purpose of reporting a true and fair view on the standalone financial statements of the Company and taking into consideration the information and explanations given by the management and the books of account and other records examined by us in the normal course of the audit and to the best of our knowledge and belief, we report that: -

- (i) (a) (A) The company has maintained proper records showing full particulars including quantitative details and situations of property, plant and equipment.
 

(B) The company does not have intangible assets. Hence paragraph 3(i)(a)(B) does not apply to the company.
- (b) The management has physically verified the property, plant and equipment at reasonable intervals and no material discrepancies were noticed on such verification.
- (c) Based on our examination of the property tax receipts for land on which the building is constructed, registered sale deed/transfer deed/conveyance deed provided to us, we report that the title in respect of self-constructed buildings and title deeds of all immovable properties, disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
- (d) The company is not revaluing its property, plant and equipment during the year; hence paragraph 3 (i) (d) does not apply to the company.
- (e) Based on the management representation, there is no proceedings have been initiated or are pending against the company for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder, hence the paragraph 3 (i) (e) is not applicable on the company.
- (ii) The Company does not have any inventory and hence reporting under clause 3(ii) of the Order is not applicable.
- (iii) On the basis of our examination of the books of accounts and records, the company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Hence paragraph 3 (iii) is not applicable to the company.
- (iv) In our opinion, in respect of loans, investments, guarantees, and security provisions of section 185 and 186 of the Companies Act, 2013 has been complied with.
- (v) The company has not accepted any deposits or amounts which are deemed to be deposited; hence paragraph 3(v) of the order is not applicable.
- (vi) The Provisions of maintenance of cost records under sub-section (i) of section 148 of the Companies Act, 2013 is not applicable, hence paragraph 3(vi) of the order is not applicable.
- (vii) (a) On the basis of our examination of the records of the company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income tax, goods and services tax, sales tax, service tax, duty of customs, duty of excise, value-added tax, cess and any other statutory dues have generally been regularly deposited during the year by the company with the appropriate authorities to the extent applicable to it.

In our opinion, no undisputed amounts payable in respect of provident fund, income tax, goods and services tax, sales tax, value-added tax, duty of customs, service tax, cess and other material statutory dues were in arrears as at 31 March 2022 for a period of more than six months from the date they became payable.

(b) On the basis of our examination of the books of accounts and records, there are no dues of income tax or goods and services tax or sales tax or service tax or duty of customs or duty of excise or value-added tax or cess which have not been deposited on account of any dispute.

(viii) On the basis of our examination of the books of accounts and records, there are no transactions which are not recorded in the books of account and have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961), hence clause 3 (viii) is not applicable to the company.

(ix) (a) On the basis of our examination of the books of accounts and records and in our opinion, there is no default in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion and according to the information and explanations given to us, the company has not obtained the money by way of term loans during the year, hence paragraph 3(ix)(c) is not applicable to the company.

(d) According to the information and explanations given to us, the procedures performed by us, and on an overall examination of the standalone financial statements of the company, we report that the company has not raised funds on a short-term basis. Hence, paragraph 3(ix)(d) is not applicable.

(e) According to the information and explanations are given to us and on an overall examination of the standalone financial statements of the company, we report that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and procedures performed by us, we report that the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

(x) (a) In our opinion and according to the information and explanations given to us, during the year the company has not raised money by way of initial public offer/ further public offer (including debt instruments). Hence paragraph 3(x) of the order is not applicable.

(xi) (a) In our opinion, no fraud by the company or any fraud on the Company has been noticed or reported during the course of our audit.

(b) Based on our examination of the records of the Company and in our opinion, no report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistleblower complaints received by the company during the year.

(xii) In our opinion, the Company is not a Nidhi company. Hence, paragraph 3(xii) of the Order is not applicable.

(xiii) Based on our examination of the records of the Company and in our opinion, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

(xiv) In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.

- (xv) According to the information and explanations given to us, in our opinion during the year the company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the company.
- (xvi) (a) Based on our examination of the records of the Company, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.
- (b) Based on our examination of the records of the Company, the Company has not conducted any non-Banking financial or Housing Finance activities without a valid Certificate of Registration from the Reserve Bank of India Act, 1934.
- (c) Based on our examination of the records of the Company, the Company is a Core Investment company (CIC) and as represented by the management the company is not satisfying any criteria for registration and accordingly does not require to get registered under section 45-IA of the Reserve Bank of India Act, 1934.
- (d) Based on our examination of the records of the Company, there is no CIC as part of the group and therefore Clause 3 (xvi) (d) is not applicable to the company.
- (xvii) Based on our examination of the records of the Company, the Company has not incurred cash losses during the financial year and in the immediately preceding financial year respectively.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly this clause is not applicable.
- (xix) According to the information and explanations are given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of the balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) According to the information and explanations given to us, Section 135 of the Companies Act, 2013 is not applicable to the Company. Hence paragraph 3(xx) of the said order is not applicable to the Company.

## **ANNEXURE – B TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF RAVINDER HEIGHTS LIMITED**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **Ravinder Heights Limited** (“the Company”) as of March 31, 2022, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the standalone financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Summary of Significant Accounting Policies for the year ended March 31, 2022

### Note 1: BACKGROUND & OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

#### A. Corporate Information

Ravinder Heights Limited (“the Company”), is a public limited company incorporated and domiciled in India. The Company was incorporated on 15<sup>th</sup> April 2019 as a wholly owned subsidiary of Panacea Biotec Limited for the purpose of vesting of the demerged Real Estate Business undertaking of Panacea Biotec Limited into the Company, as a going concern.

As per the Scheme of Arrangement (“the Scheme”) between Panacea Biotec Limited (“the demerged company”) and Ravinder Heights Limited (“the resulting company”) and their respective shareholders under Sections 230 to 232 of the Companies Act, 2013 and all other applicable provisions of the Companies Act, 2013, the Real Estate Business Undertaking of the demerged company was demerged into the Company.

The Scheme was approved by Hon’ble National Company Law Tribunal, Chandigarh Bench on 09<sup>th</sup> September 2020. The Company has filed the said NCLT Order with the Registrar of Companies, Chandigarh making the Scheme operative from 10<sup>th</sup> September 2020. Accordingly, all the assets and liabilities pertaining to the Real Estate Business Undertaking, as defined in the Scheme, including employees and investment in subsidiaries pertaining to the said Real Estate Business, stand transferred and vested into the Resulting Company from its Appointed Date i.e., 1st April 2019. All the shareholders of demerged company are allotted one fully paid-up equity share of Re.1 each in the Company, for everyone fully paid-up equity share of Re.1 each held by them in the demerged company. Simultaneously, the shares held by the demerged company in the resulting company were cancelled and the Company has ceased to be a subsidiary of the demerged company. The demerger is accounted in accordance with Ind AS 103: Business Combinations. See Note 24 for further details and Note 1B(2) below for presentation in the standalone financial statements on account of demerger.

The Company’s registered office is located at Commercial SCO no.71, First Floor, Royal Estate Complex Zirakpur, Sub Tehsil, Zirakpur, S.A.S. Nagar (Punjab).

#### B. Significant Accounting Policies

##### 1) Statement of Compliance

These standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs (‘MCA’) under Section 133 of the Companies Act, 2013 (‘Act’) read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and presentation requirements, relevant provisions of the Act and other accounting principles generally accepted in India. As the demerger of the Real Estate Business Undertaking is on a going concern basis, under common control and accounted by applying Appendix C of Ind AS 103: Business Combinations, the accounting policies followed for the said Real Estate Business Undertaking by the demerged company have been consistently applied except where a newly issued accounting standard initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use and the disclosures in respect of significant accounting policies are made accordingly.

On approval of the composite scheme of arrangement referred to in Note 24, the Company has become a “Core Investment Company” and is not required to get registered under section 45IA of the Reserve Bank of India Act, 1934. Accordingly, the Company has presented the financial statements in the format prescribed for NBFCs i.e., Division III of Schedule III to the Companies Act, 2013 with necessary additional disclosures wherever required.

##### 2) Basis of Preparation, Measurement and Presentation

The Standalone Financial Statement are presented in Indian Rupee and all values are rounded to nearest lakhs, except when otherwise stated.

Investments by the demerged company in subsidiaries pertaining to Real Estate Business Undertaking are vested with the Company w.e.f. 1<sup>st</sup> April 2019 in terms of the Scheme.

As stated in Note 1(A) above, the Company was incorporated for the purpose of vesting of the demerged Real Estate Business Undertaking of Panacea Biotech Limited. Since the demerger is a common control business combination under Ind AS 103: Business Combinations, the financial information in the standalone financial statements in respect of prior periods is required to be restated as if the business combination had occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination. However, if business combination had occurred after that date, the prior period information shall be restated only from that date.

In this case, as the Company was incorporated on 15<sup>th</sup> April 2019 for the purpose of vesting of the demerged Real Estate Business Undertaking and as per the Scheme the business combination has occurred on 1<sup>st</sup> April 2019 viz. the appointed date, and the standalone financial statement for prior period are not applicable, hence no comparative of earlier than the incorporation date has been given.

The Standalone Financial Statement have been prepared on an accrual basis and under the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the significant accounting policies.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this standalone financial statement is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17 and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- b) Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- c) Level 3 inputs are unobservable inputs for the asset or liability.

### 3) Current Versus Non-Current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle
- b) Held primarily for the purpose of trading
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- a) It is expected to be settled in normal operating cycle
- b) It is held primarily for the purpose of trading
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Based on the nature of products/activities of the Company and the normal time between the acquisition of the assets and their realisation in cash or cash equivalent, the Company has determined its operating cycle as 5 years for real estate projects and 12 months for others for the purpose of classification of its assets and liabilities as current and non-current.

#### 4) Revenue Recognition

Revenue is measured at the fair value of the consideration received/receivable, considering contractually defined terms of payment and excluding taxes or duties collected on behalf of the government and is net of rebates and discounts. The Company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Company has concluded that it is acting as a principal in all its revenue arrangements. Revenue is recognised in the income statement to the extent that it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably.

##### a) Rental Income

Lease income on an operating lease is recognised in the statement of profit and loss on straight line basis over the lease term.

##### b) Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

#### 5) Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

#### 6) Contingent Liabilities and Onerous Contracts

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. The

Company does not recognise a contingent liability, but discloses its existence in the standalone financial statements.

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

## 7) Foreign Currency

These standalone financial statements are presented in Indian rupees ('Rs.' or 'INR'), which is the functional currency of the Company.

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Foreign currency denominated monetary assets and liabilities are re-measured into the functional currency at the exchange rate prevailing on the balance sheet date.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

Foreign currency monetary items of the Company, outstanding at the reporting date are restated at the exchange rates prevailing at the reporting date. Non-monetary items denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

Exchange differences arising on settlement/restatement of foreign currency monetary assets and liabilities of the company are recognised as income or expense in the Statement of Profit and Loss.

## 8) Income Taxes

Income tax expense comprises current and deferred taxes. Income tax expense is recognized in the Statement of Profit and Loss except when they relate to items that are recognised outside profit or loss (whether in other comprehensive income or directly in equity), in which case tax is also recognised outside profit or loss.

Current income taxes are determined based on respective taxable income of each taxable entity.

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. Deferred tax assets include Minimum Alternate Tax (MAT) paid on the book profits, which gives rise to future economic benefits in the form of tax credit against future income tax liability, is recognised as deferred tax assets in the Balance Sheet if there is convincing evidence that the Company will pay normal tax within the period specified for utilization of such credit.

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

#### **Presentation of current and deferred tax**

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the company.

#### **9) Earnings Per Share**

Basic earnings per share have been computed by dividing profit/loss for the year by the weighted average number of shares outstanding during the year. Partly paid-up shares are included as fully paid equivalents according to the fraction paid up. Diluted earnings per share have been computed using the weighted average number of shares and dilutive potential shares, except where the result would be anti-dilutive.

#### **10) Inventories**

Inventories are valued at lower of cost and net realizable value. Net realisable value of property under construction assessed with reference to market value of completed property as at the reporting date less estimated cost to complete. Cost of inventory (Work-in-Progress) represents cost of land and all expenditure incurred in connection with.

#### **11) Property, Plant and Equipment**

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Freehold land is measured at cost and is not depreciated.

Cost includes purchase price, taxes and duties, labour cost and direct overheads for self-constructed assets and other direct costs incurred up to the date the asset is ready for its intended use.

Interest cost incurred for constructed assets is capitalized up to the date the asset is ready for its intended use, based on borrowings incurred specifically for financing the asset or the weighted average rate of all other borrowings, if no specific borrowings have been incurred for the asset.

#### **12) Depreciation and Amortisation**

Depreciation is provided on the Written Down Value Method (WDV) over the estimated useful lives of the assets considering the nature, estimated usage, operating conditions, history of replacement, anticipated technological changes, manufacturers warranties and maintenance support. Considering these factors, the Company has decided to apply the useful life for various categories of property, plant & equipment, which are as prescribed in Schedule II of the Act. Estimated useful lives of assets are as follows:

S.No.	Type of Assets	Useful Life in Years
a)	Buildings – Non-Factory buildings	60
b)	Plant and machinery (including Electrical fittings)	15
c)	Office equipment	5
d)	Furniture and fixtures	10
e)	Vehicles	8

f)	Computers Equipment	3-5
g)	Software	5

The useful lives are reviewed at least at each year end. Changes in expected useful lives are treated as change in accounting estimate.

Leased assets and leasehold improvements are amortised over the period of the lease or the estimated useful life whichever is lower.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### 13) Leases

#### Where the Company is the lessee

##### Right of use Assets and Lease Liabilities

##### a) Classification of Lease

The Company enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/purchase etc.

##### b) Recognition and initial measurement

At lease commencement date, the Company recognizes a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

##### c) Subsequent measurement

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in standalone statement of profit and loss on a straight-line basis over the lease term.

#### Where the Company is the lessee

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease, except when the lease rentals, increase are in line with general inflation index. Initial direct costs incurred in negotiating and arranging an operating lease are added to the

carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

#### 14) Impairment

At each balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment with finite lives may be impaired. If any such impairment exists the recoverable amount of an asset is estimated to determine the extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the Statement of Profit and Loss.

As at reporting date, none of the Company's property, plant and equipment were considered impaired.

#### 15) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

##### Identification of segments

In accordance with Ind AS 108 – Operating Segment, the operating segments used to present segment information are identified based on information reviewed by the Company's management to allocate resources to the segments and assess their performance. An operating segment is a component of the Company that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Company's other components. Results of the operating segments are reviewed regularly by the Board of director (chairman and chief financial officer) which has been identified as the chief operating decision maker (CODM), to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

##### Allocation of common costs

Common allocable costs are allocated to each segment accordingly to the relative contribution of each segment to the total common costs.

##### Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

##### Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company.

## 16) Business Combinations

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Appendix C of Ind AS 103: Business Combinations. Such transactions are accounted for using the pooling-of-interest method. The assets and liabilities of the acquired entity are recognised at their respective carrying values. No adjustments are made to reflect fair values or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies. Issue of fresh securities towards the consideration for the business combination is recorded at nominal value. The identity of the reserves transferred by the acquired entity is preserved and they are carried in the same form and manner. The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve.

## 17) Assets classified as held-for-sale

Assets are classified as held-for-sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

Assets classified as held for sale are not depreciated or amortised. Interest and other expenses attributable to the liabilities of a disposal group classified as held-for-sale continue to be recognised. Assets classified as held-for-sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held-for-sale are presented separately from other liabilities in the balance sheet.

## 18) Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

## 19) Financial Instruments

### a) Classification, initial recognition and measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets other than equity instruments are classified into categories: financial assets at fair value through profit or loss and at amortised cost. Financial assets that are equity instruments are classified as fair value through profit or loss or fair value through other comprehensive income. Financial liabilities are classified into financial liabilities at fair value through profit or loss and other financial liabilities.

Financial instruments are recognized in the balance sheet when the Company becomes a party to the contractual provisions of the instrument.

Initially, a financial instrument is recognized at its fair value. Transaction costs directly attributable to the acquisition or issue of financial instruments are recognized in determining the carrying amount, if it is not classified as at fair value through profit or loss. Subsequently, financial instruments are measured according to the category in which they are classified.

Financial assets at amortised cost: Financial assets having contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding and that are held within a business model whose objective is to hold such assets in order to collect such

contractual cash flows are classified in this category. Subsequently, these are measured at amortized cost using the effective interest method less any impairment losses.

Equity investments at fair value through other comprehensive income: These include financial assets that are equity instruments and are irrevocably designated as such upon initial recognition. Subsequently, these are measured at fair value and changes therein are recognized directly in other comprehensive income, net of applicable income taxes.

When the equity investment is derecognized, the cumulative gain or loss in equity is transferred to retained earnings.

Financial assets at fair value through profit or loss: Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in profit or loss.

Equity instruments: An equity instrument is any contract that evidences residual interests in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

Financial liabilities at fair value through profit or loss: Derivatives, including embedded derivatives separated from the host contract, unless they are designated as hedging instruments, for which hedge accounting is applied, are classified into this category. These are measured at fair value with changes in fair value recognized in the Statement of Profit and Loss.

Financial guarantee contracts: These are initially measured at their fair values and, are subsequently measured at the higher of the amount of loss allowance determined or the amount initially recognized less, the cumulative amount of income recognized.

Other financial liabilities: These are measured at amortized cost using the effective interest method.

**b) Determination of fair value:**

The fair value of a financial instrument on initial recognition is normally the transaction price (fair value of the consideration given or received). Subsequent to initial recognition, the Company determines the fair value of financial instruments that are quoted in active markets using the quoted bid prices (financial assets held) or quoted ask prices (financial liabilities held) and using valuation techniques for other instruments. Valuation techniques include discounted cash flow method and other valuation models.

**c) Derecognition of financial assets and financial liabilities:**

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

Financial liabilities are derecognised when these are extinguished, that is when the obligation is discharged, cancelled or has expired.

**d) Impairment of financial assets:**

The Company recognizes a loss allowance for expected credit losses on a financial asset that is at amortized cost. Loss allowance in respect of financial assets is measured at an amount equal to life time expected credit losses and is calculated as the difference between their carrying amount and the present value of the expected future cash flows discounted at the original effective interest rate.

## 20) Use of Estimates and Judgements

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of these standalone financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation of uncertainty and critical judgements in applying accounting policies at the date of the standalone financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year the amounts recognised in the standalone financial statements are given below:

### a) Useful Life of Depreciable Assets/Amortisable Assets

Management reviews its estimate of the useful lives of depreciable/ amortisable assets at each reporting date, based on the expected utility of the assets. certainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

### b) Valuation of investment in subsidiaries

Investments in Subsidiaries are carried at cost. At each balance sheet date, the management assesses the indicators of impairment of such investments. This requires assessment of several external and internal factor including capitalisation rate, key assumption used in discounted cash flow models (such as revenue growth, unit price and discount rates) or sales comparison method which may affect the carrying value of investments in subsidiaries.

### c) Recognition and measurement of provisions and contingencies

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances. In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Judgment is required to determine the probability of such potential liabilities actually crystallising. In case the probability is low, the same is treated as contingent liabilities. Such liabilities (if any) are disclosed in the notes but are not provided for in the standalone financial statements.

### d) Income Taxes

Provision for current tax is made based on reasonable estimate of taxable income computed as per the prevailing tax laws. The amount of such provision is based on various factors including interpretation of tax regulations, changes in tax laws, acceptance of tax positions in the tax assessments etc. The judgements, assumptions and estimates in respect of uncertainties over income-tax treatments are disclosed in Note 25.

### 31 Fair Value Measurement

The fair value of the assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

Fair Value of cash and short-term deposits, trade and other current receivables, trade payables, other current liabilities and other financial instruments approximate their carrying amounts largely due to the short term maturities of these instruments.

**The different levels of fair value have been defined below:**

Level 1: Quoted (Unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

#### 31.1 Valuation techniques used to determine fair value.

Specific valuation technique used to value financial instruments includes:

- the use of net asset value (NAV) for mutual funds on the basis of the statement received from investee party.
- the use of adjusted net asset value method for certain equity investments because the amount of investment is not material and management is not expected significant changes in fair value of investment.

### 32 Financial Risk Management

The Company's business operations are exposed to various financial risks such as liquidity risk, market risks, credit risk, interest rate risk, funding risk etc. The Company's financial liabilities mainly includes borrowings taken for the purpose of financing company's operations, trade payable and other financial liabilities. The financial risks are identified, measured and managed in accordance with the Company's policies on risk management. Key financial risks and mitigation plans are reviewed by the board of directors of the Company.

#### A. MARKET RISK

Market risk is the risk of loss of future earnings, fair value of future cash flows that may result from a change in the price of financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, equity prices and other market changes that may effect market sensitivity instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, loans and borrowings.

##### Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to balance the Company's position with regards to interest income and interest expense and to manage the interest rate risk, management performs a comprehensive interest rate risk management. The Company has no interest bearing borrowings hence it is not exposed to significant interest rate risk as at the respective reporting dates. The Company's has no fixed rate financial assets hence not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of change in market interest rates.

**Foreign currency risk**

The Company has operations in India only hence Company's exposure to foreign currency risk is Nil.

**Price Risk**

The Company has very limited exposure to price sensitive securities, hence price risk is not material.

**B. CREDIT RISK**

Credit risk is the risk that customer or counter-party will not meet its obligation under the contract, leading to financial loss. Credit risk arises from trade receivables and other financial assets.

**Trade Receivables**

Customer credit risk is managed on the basis of established policies of the Company, procedures and controls relating to customer credit risk management which helps in assessing the risk at the initial recognition of the asset. Outstanding customer receivables are regularly and closely monitored. Based on prior experience and an assessment of the current receivables, the management believes that there is no credit risk and accordingly no provision is required.

**Other Financial Assets**

- There is no credit risk exposure with respect to other financial assets as they are either supported by legal agreement or are with Nationalized banks.
- Other receivables from related parties are as per approved policy and the established procedure to monitor the dues from related parties which also ensures timely payments and no default, hence there is no credit risk exposure involved.

**Provision for Expected Credit losses**

**41 Recent accounting pronouncements:**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of the cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

Ind AS 37–Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, and materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

## INDEPENDENT AUDITOR'S REPORT on the Consolidated Financial Statements

To the Members of Ravinder Heights Limited

### Report on the Audit of the Consolidated Financial Statements

#### Opinion

We have audited the accompanying consolidated financial statements of Ravinder Heights Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated Balance Sheet as at March 31, 2022, and the consolidated statement of Profit and Loss, the consolidated statement of changes in equity and the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2022, of consolidated profit, consolidated changes in equity and its consolidated cash flows for the year then ended.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by ICAI, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Companies Act, 2013. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Emphasis of matter

We draw attention to Note 52 of the Consolidated Financial Statements regarding the impact of the COVID-19 pandemic on the Group. Management is of the view that there are no reasons to believe that the pandemic will have any significant impact on the ability of the Group to continue as a going concern. Nevertheless, the impact in sight of the evolvement of pandemics in the future period is uncertain and could impact the realisability of trade receivables, investments and other assets in future years.

Our opinion is not modified in respect of the matter.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<p><b>Alternate audit procedures were carried out as precautions to COVID-19.</b></p> <p>As precautionary measures to COVID-19, the statutory audit was conducted via making arrangements to provide requisite documents/ information through an electronic medium as an alternative audit procedure.</p> <p>We have identified such an alternative audit procedure as a key audit matter.</p>	<p>As a part of the alternative audit procedure, the Holding Company has made available the following information/ records/ documents/ explanations to us through e-mail and remote secure network of the Group: -</p> <p>a) Scanned copies of necessary records/documents deeds, certificates and the related records made available electronically through e-mail or remote secure network of the Holding Company; and</p> <p>b) By way of enquiries through video conferencing, dialogues and discussions over the phone, e-mails and</p>
--	--

	<p>similar communication channels.</p> <p>It has also been represented by the management that the data and information provided electronically for the purpose of our audit are correct, complete, reliable and are directly generated from the accounting system of the Company, extracted from the records and files, without any further manual modifications so as to maintain its integrity, authenticity, readability and completeness. In addition, based on our review of the various internal audit reports/inspection reports/other reports (as applicable), nothing has come to the knowledge that makes us believe that such an alternate audit procedure would not be adequate.</p>
<p><b>Discontinued operations</b></p> <p>Refer note 1 and note 32 to the accompanying consolidated financial statements for the accounting policy and related disclosures respectively.</p> <p>During the year ended 31 March 2020; the management of the Group had identified a business segment as ‘discontinued operation’ and thereby classified the related assets and liabilities as held for sale.</p> <p>Demerger of Leasing Business segment of Radhika Heights Limited (Subsidiary Company)</p> <p>As further explained in note 32, the Group had decided to demerge its Leasing Business undertaking, comprising certain immoveable properties of the Subsidiary Company.</p> <p>The Board of Directors of the subsidiary Company approved the demerger proposal and the demerger scheme at their board meetings held on 26 June 2020 and 29 August 2020 respectively.</p> <p>Pursuant to the above restructuring by the Group, the management has assessed the leasing business segment as a disposal group and presented it as “discontinued operations” in the consolidated financial statements of the Group in accordance with the provisions of Indian Accounting Standard 105 – ‘Non-current Assets Held for Sale and Discontinued Operations.</p> <p>Accordingly, net profit from the leasing segment amounting to Rs.40.34 Lakh for the year ended 31 March 2022 has been presented as profit from discontinued operations in the consolidated Statement of Profit and Loss and the related assets / (liabilities) of the leasing business are classified as ‘assets / (liabilities) classified as held for sale’ in the Consolidated Balance Sheet as at 31 March 2022.</p> <p>We identified this as a key audit matter for the current year audit in view of the significance of the impact of these restructuring transactions have on the consolidated financial statements including the amounts involved and exercise of management judgments with respect to identification and segregation of assets and liabilities and allocation of corporate costs pertaining to the leasing segment.</p>	<p>Our audit procedures included, but were not limited to, the following in relation to the discontinued operations:</p> <ul style="list-style-type: none"> <li>a) Obtained an understanding of the management process for ensuring classification, measurement, disclosure and allocations for the identified disposal group;</li> <li>b) Reviewed the assessment performed by the management for accounting and presentation of these transactions in accordance with applicable accounting standards;</li> <li>c) Tested the arithmetical accuracy of computations used by management to determine the amounts being transferred;</li> <li>d) Reviewed management’s conclusions regarding the allocations of the asset, liabilities, income and expenses that are assigned to the discontinued operations for the leasing business segment;</li> <li>e) Reviewed the appropriateness of the carrying values of assets and liabilities classified as held for sale in accordance with the requirements of Ind AS 105;</li> <li>f) Reviewed the approvals received by the subsidiary Company from shareholders and creditors during the year ended 31 March 2022 and understood the status of the demerger scheme with the legal team of the Company;</li> <li>g) Reviewed the appropriateness and adequacy of the related disclosures in the consolidated financial statements in accordance with the applicable accounting standards.</li> </ul>

## Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information (hereinafter referred to as "the Reports"), but does not include the Consolidated Financial Statements and our auditor's report thereon. The Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

## Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for

expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters**

(a) We did not audit the financial statements of 7 subsidiaries, whose financial statements reflect total assets of Rs. 41,608.55 Lakh as at 31<sup>st</sup> March, 2022, total revenues of Rs. 1.31 Lakh and net cash inflows amounting to Rs.800.01 Lakh for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

## **ANNEXURE – “B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF RAVINDER HEIGHTS LIMITED**

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of Ravinder Heights Limited (hereinafter referred to as “the Holding Company”) and its subsidiary companies which are companies incorporated in India, as of that date.

#### **Management’s Responsibility for Internal Financial Controls**

The respective Board of Directors of the Holding company and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Holding Company, its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI

### **Other Matters**

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 7 subsidiary companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

## Summary of Significant Accounting Policies for the year ended March 31, 2022

### Note 1 BACKGROUND & OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

#### A. Corporate Information

Ravinder Heights Limited (“the Company” or “the Holding Company”), is a public limited company incorporated and domiciled in India. The Company was incorporated on 15<sup>th</sup> April 2019 as a wholly owned subsidiary of Panacea Biotec Limited for the purpose of vesting of the demerged Real Estate Business undertaking of Panacea Biotec Limited into the Company, as a going concern.

As per the Scheme of Arrangement (“the Scheme”) between Panacea Biotec Limited (“the demerged company”) and Ravinder Heights Limited (“the Holding Company” or “the resulting company”) and their respective shareholders under Sections 230 to 232 of the Companies Act, 2013 and all other applicable provisions of the Companies Act, 2013, the Real Estate Business Undertaking of the demerged company was demerged into the Company.

The Scheme was approved by Hon’ble National Company Law Tribunal, Chandigarh Bench on 09<sup>th</sup> September 2020. The holding company has filed the said NCLT Order with the Registrar of Companies, Chandigarh making the Scheme operative from 10<sup>th</sup> September, 2020. Accordingly, all the assets and liabilities pertaining to the Real Estate Business Undertaking, as defined in the Scheme, including employees and investment in subsidiaries pertaining to the said Real Estate Business, stand transferred and vested into the Holding Company from its Appointed Date i.e., 1<sup>st</sup> April 2019. All the shareholders of demerged company will get one fully paid-up equity share of Re.1 each in the Holding Company, for every one fully paid-up equity share of Re.1 each held by them in the demerged company. Simultaneously, the shares held by the demerged company in the resulting company will be cancelled and the Company will be ceased to be a subsidiary of the demerged company. The demerger is accounted in accordance with Ind AS 103: Business Combinations. See Note 34 for further details and Note 1B(2) below for presentation in the consolidated financial statements on account of demerger.

The Holding Company’s registered office is located at Commercial SCO no.71, First Floor, Royal Estate Complex Zirakpur, Sub Tehsil, Zirakpur, S.A.S. Nagar (Punjab).

#### B. Significant Accounting Policies

##### 1) Statement of Compliance

These consolidated financial statement of the Holding Company and its subsidiaries have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs (‘MCA’) under Section 133 of the Companies Act, 2013 (‘Act’) read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III), as applicable to the consolidated financial statements. As the demerger of the Real Estate Business Undertaking is on a going concern basis, under common control and accounted by applying Appendix C of Ind AS 103: Business Combinations, the accounting policies followed for the said Real Estate Business Undertaking by the demerged company have been consistently applied except where a newly issued accounting standard initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use and the disclosures in respect of significant accounting policies are made accordingly.

On approval of the composite scheme of arrangement referred to in Note 31, the Company has become a “Core Investment Company”. Division III of Schedule III to the Companies Act, 2013, permits presentation of the consolidated financial statement on a mixed basis. The Group is engaged in the business of Real Estate on a consolidated basis. Accordingly, the Consolidated Financial Statements are presented predominantly as per Division II of Schedule III to the Companies Act, 2013.

## 2) Basis of Preparation, Measurement and Presentation

The Consolidated financial statements are presented in Indian Rupee and all values are rounded to nearest lakhs, except when otherwise stated.

The consolidated financial statements have been prepared on an accrual basis and under the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the significant accounting policies.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17 and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

### 3) Current Versus Non-Current Classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle
- b) Held primarily for the purpose of trading
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- a) It is expected to be settled in normal operating cycle
- b) It is held primarily for the purpose of trading
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Based on the nature of products/ activities of the Group and the normal time between the acquisition of the assets and their realisation in cash or cash equivalent, the Group has determined its operating cycle as 5 years for real estate projects and 12 months for others for the purpose of classification of its assets and liabilities as current and non-current.

### 4) Basis of Consolidation

The consolidated financial statements relate to Ravinder Heights Limited ('the Holding Company') and its subsidiaries. Subsidiaries are entities that are controlled by the Holding Company. Control is achieved when the Holding Company:

- Has power over the investee;
- is expected, or has right, to variable returns from its involvement with the investee;
- Has the ability to use its power to affect the returns

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the elements of control listed above.

Generally, majority of voting rights results in control. When the Company has less than majority of voting rights of an investee, the Holding Company considers all relevant facts and circumstances assessing whether or not the Company's voting rights in an investee are sufficient to give it power over the investee, including:

- The size of the Holding Company's holdings of voting rights relative to the size and dispersion of holdings of other vote holders;
- Potential voting rights held by the Company;
- Rights arising from other contractual arrangements;

- Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the noncontrolling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

#### **Changes in the Group's ownership interests in existing subsidiaries**

- Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.
- When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable Ind AS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109, or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.
- When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

#### **Consolidation procedure:**

- The financial statements of the Holding Company and its subsidiary companies have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating all significant intra-group balances, intra-group transactions and unrealised profits on intragroup transactions.
- The excess of cost to the Group of its investments in the subsidiaries over its share of equity of the subsidiaries, at the dates on which the investments in the subsidiaries were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. On the other hand, where the share of equity in the subsidiaries as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves & Surplus', in the consolidated financial statements. The 'Goodwill' / 'Capital Reserve' is determined separately for each subsidiary and such amounts are not set off between different entities.

- Non-controlling interest in the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the non-controlling shareholders at the date on which investments in the subsidiaries were made and further movements in their share in the equity, subsequent to the dates of investments. Net profit / loss for the year of the subsidiaries attributable to non-controlling interest is identified and adjusted against the profit / loss after tax of the Group in order to arrive at the income attributable to shareholders of the Holding Company.

## 5) Revenue Recognition

Revenue is measured at the fair value of the consideration received/ receivable, considering contractually defined terms of payment and excluding taxes or duties collected on behalf of the government and is net of rebates and discounts. The Group assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Group has concluded that it is acting as a principal in all its revenue arrangements. Revenue is recognised in the income statement to the extent that it is probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably.

### a) Real Estate

Revenue from sale of undeveloped land is recognized as per agreed terms in each agreement to sell when possession is handed over and all significant risks and rewards are vested in the Customer, provided no significant uncertainty exists regarding the amount of consideration that will be derived from such sales and it is not unreasonable to expect ultimate collection.

Revenue from sale of developed land / plot and FSI rights is recognized based on the "Satisfaction of performance obligation at a point in time method", as per agreed terms in each agreement to sell / sub lease and offer of possession and all significant risks and rewards are vested in the customer", provided where no significant uncertainty exists regarding the amount of consideration that will be derived from such sales and it is not unreasonable to expect ultimate collection.

### b) Rental Income

Lease income on an operating lease is recognised in the statement of profit and loss on straight line basis over the lease term.

### c) Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

## 6) Provisions

A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

## 7) Contingent Liabilities and Onerous Contracts

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources

will be required to settle the obligation or a reliable estimate of the amount cannot be made. The Group does not recognise a contingent liability, but discloses its existence in the financial statements.

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

## 8) Foreign Currency

These consolidated financial statements are presented in Indian rupees ('Rs.' or 'INR'), which is the functional currency of the Group.

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Foreign currency denominated monetary assets and liabilities are re-measured into the functional currency at the exchange rate prevailing on the balance sheet date.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

Foreign currency monetary items of the group, outstanding at the reporting date are restated at the exchange rates prevailing at the reporting date. Non-monetary items denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities of the group are recognised as income or expense in the Statement of Profit and Loss.

## 9) Income Taxes

Income tax expense comprises current and deferred taxes. Income tax expense is recognized in the Statement of Profit and Loss except when they relate to items that are recognised outside profit or loss (whether in other comprehensive income or directly in equity), in which case tax is also recognised outside profit or loss.

Current income taxes are determined based on respective taxable income of each taxable entity.

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill. Deferred tax assets and liabilities are computed separately for each taxable entity. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Minimum alternate tax (MAT) paid in a year is charged to the Statement of profit and loss as current tax. Deferred tax assets include Minimum Alternate Tax (MAT) paid on the book profits, which gives rise to future economic benefits in the form of tax credit against future income tax liability, is recognised as an deferred tax assets in the Balance Sheet if there is convincing evidence that the Company will pay normal tax within the period specified for utilization of such credit.

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

#### **Presentation of current and deferred tax**

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Group has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the respective group company.

#### **10) Earnings Per Share**

Basic earnings per share has been computed by dividing profit/loss for the year by the weighted average number of shares outstanding during the year. Partly paid up shares are included as fully paid equivalents according to the fraction paid up. Diluted earnings per share has been computed using the weighted average number of shares and dilutive potential shares, except where the result would be anti-dilutive.

#### **11) Inventories**

Inventories are valued at lower of cost and net realizable value. Net realisable value of property under construction assessed with reference to market value of completed property as at the reporting date less estimated cost to complete. Cost of inventory (Work-in-Progress) represents cost of land and all expenditure incurred in connection with.

#### **12) Property, Plant and Equipment**

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Freehold land is measured at cost and is not depreciated.

Cost includes purchase price, taxes and duties, labour cost and direct overheads for self-constructed assets and other direct costs incurred up to the date the asset is ready for its intended use.

Interest cost incurred for constructed assets is capitalized up to the date the asset is ready for its intended use, based on borrowings incurred specifically for financing the asset or the weighted average rate of all other borrowings, if no specific borrowings have been incurred for the asset.

#### **13) Depreciation and Amortisation**

Depreciation is provided on the Written Down Value Method (WDV) over the estimated useful lives of the assets considering the nature, estimated usage, operating conditions, history of replacement, anticipated technological changes, manufacturers warranties and maintenance support. Considering these factors, the Group has decided to apply the useful life for various categories of property, plant & equipment, which are as prescribed in Schedule II of the Act. Estimated useful lives of assets are as follows:

<b>S.No.</b>	<b>Type of Assets</b>	<b>Useful Life in Years</b>
a)	Buildings – Non-Factory buildings	60
b)	Plant and machinery (including Electrical fittings)	15
c)	Office equipment	5
d)	Furniture and fixtures	10
e)	Vehicles	8
f)	Computers Equipment	3-5

<b>g)</b>	Software	5
-----------	----------	---

The useful lives are reviewed at least at each year end. Changes in expected useful lives are treated as change in accounting estimate.

Leased assets and leasehold improvements are amortised over the period of the lease or the estimated useful life whichever is lower.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

#### 14) Leases

##### Where the Group is the lessee

##### Right of use assets and lease liabilities

###### a) Classification of lease

The Group enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/purchase etc.

###### b) Recognition and initial measurement

At lease commencement date, the Group recognizes a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

###### c) Subsequent measurement

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist.

At lease commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Group's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Group has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in standalone statement of profit and loss on a straight-line basis over the lease term.

##### Where the Group is the lessee

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease, except when the lease rentals, increase are in line with general inflation index. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

### 15) Impairment

At each balance sheet date, the Group assesses whether there is any indication that any property, plant and equipment with finite lives may be impaired. If any such impairment exists the recoverable amount of an asset is estimated to determine the extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the Statement of Profit and Loss.

### 16) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

#### Identification of segments

In accordance with Ind AS 108 – Operating Segment, the operating segments used to present segment information are identified based on information reviewed by the Group's management to allocate resources to the segments and assess their performance. An operating segment is a component of the Group that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Group's other components. Results of the operating segments are reviewed regularly by the Board of director (chairman and chief financial officer) which has been identified as the chief operating decision maker (CODM), to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

#### Allocation of common costs

Common allocable costs are allocated to each segment accordingly to the relative contribution of each segment to the total common costs.

#### Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

#### Segment accounting policies

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial results of the Group as a whole.

### 17) Business Combinations

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Appendix C of Ind AS 103: Business Combinations. Such transactions are accounted for using the pooling-of-interest method. The assets and liabilities of the acquired entity are recognised at their respective carrying values. No adjustments are made to reflect fair

values or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies. Issue of fresh securities towards the consideration for the business combination is recorded at nominal value. The identity of the reserves transferred by the acquired entity is preserved and they are carried in the same form and manner. The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve.

#### **18) Assets classified as held-for-sale**

Assets are classified as held-for-sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

Assets classified as held for sale are not depreciated or amortised. Interest and other expenses attributable to the liabilities of a disposal group classified as held-for-sale continue to be recognised. Assets classified as held-for-sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held-for-sale are presented separately from other liabilities in the balance sheet.

#### **19) Borrowing Cost**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

#### **20) Financial Instruments**

##### **a) Classification, initial recognition and measurement**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets other than equity instruments are classified into categories: financial assets at fair value through profit or loss and at amortised cost. Financial assets that are equity instruments are classified as fair value through profit or loss or fair value through other comprehensive income. Financial liabilities are classified into financial liabilities at fair value through profit or loss and other financial liabilities.

Financial instruments are recognized in the balance sheet when the Group becomes a party to the contractual provisions of the instrument.

Initially, a financial instrument is recognized at its fair value. Transaction costs directly attributable to the acquisition or issue of financial instruments are recognized in determining the carrying amount, if it is not classified as at fair value through profit or loss. Subsequently, financial instruments are measured according to the category in which they are classified.

**Financial assets at amortised cost:** Financial assets having contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding and that are held within a business model whose objective is to hold such assets in order to collect such contractual cash flows are classified in this category. Subsequently, these are measured at amortized cost using the effective interest method less any impairment losses.

**Equity investments at fair value through other comprehensive income:** These include financial assets that are equity instruments and are irrevocably designated as such upon initial recognition. Subsequently, these are measured at fair value and changes therein are recognized directly in other comprehensive income, net of applicable income taxes.

When the equity investment is derecognized, the cumulative gain or loss in equity is transferred to retained earnings.

**Financial assets at fair value through profit or loss:** Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in profit or loss.

**Equity instruments:** An equity instrument is any contract that evidences residual interests in the assets of the Group after deducting all of its liabilities. Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs.

**Financial liabilities at fair value through profit or loss:** Derivatives, including embedded derivatives separated from the host contract, unless they are designated as hedging instruments, for which hedge accounting is applied, are classified into this category. These are measured at fair value with changes in fair value recognized in the Statement of Profit and Loss.

**Financial guarantee contracts:** These are initially measured at their fair values and, are subsequently measured at the higher of the amount of loss allowance determined or the amount initially recognized less, the cumulative amount of income recognized.

**Other financial liabilities:** These are measured at amortized cost using the effective interest method.

**b) Determination of fair value:**

The fair value of a financial instrument on initial recognition is normally the transaction price (fair value of the consideration given or received). Subsequent to initial recognition, the Group determines the fair value of financial instruments that are quoted in active markets using the quoted bid prices (financial assets held) or quoted ask prices (financial liabilities held) and using valuation techniques for other instruments. Valuation techniques include discounted cash flow method and other valuation models.

**c) Derecognition of financial assets and financial liabilities:**

The Group derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

Financial liabilities are derecognised when these are extinguished, that is when the obligation is discharged, cancelled or has expired.

**d) Impairment of financial assets:**

The Group recognizes a loss allowance for expected credit losses on a financial asset that is at amortized cost. Loss allowance in respect of financial assets is measured at an amount equal to life time expected credit losses and is calculated as the difference between their carrying amount and the present value of the expected future cash flows discounted at the original effective interest rate.

**21) Use of Estimates and Judgements**

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of these consolidated financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation of uncertainty and critical judgements in applying accounting policies at the date of the consolidated financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year the amounts recognised in the consolidated financial statements are given below:

**a) Inventory**

Inventory of real estate property is valued at lower of cost and net realisable value (NRV). NRV of completed property is assessed by reference to market prices existing at the reporting date and based on comparable transactions made by the Group and/or identified by the Group for properties in same geographical area. NRV of properties under construction/development is assessed with reference to marked value of completed property as at the reporting date less estimated cost to complete.

**b) Contingent Liabilities**

Assessment of the status of various legal cases/claims and other disputes where the Group does not expect any material outflow of resources and hence these are reflected as contingent liabilities.

**c) Useful Life of Depreciable Assets/Amortisable Assets**

Management reviews its estimate of the useful lives of depreciable/ amortisable assets at each reporting date, based on the expected utility of the assets. certainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

**d) Valuation of investment in subsidiaries**

Investments in Subsidiaries are carried at cost. At each balance sheet date, the management assesses the indicators of impairment of such investments. This requires assessment of several external and internal factor including capitalisation rate, key assumption used in discounted cash flow models (such as revenue growth, unit price and discount rates) or sales comparison method which may affect the carrying value of investments in subsidiaries.

**e) Leases**

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

**39 Fair Value Measurement**

The fair value of the assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

Fair Value of cash and short-term deposits, trade and other current receivables, trade payables, other current liabilities and other financial instruments approximate their carrying amounts largely due to the short term maturities of these instruments.

**The different levels of fair value have been defined below:**

Level 1: Quoted (Unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

- 54 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits has received Presidential assent on 28 September 2020. The Code has been published in the Gazette of India. However, the effective date of the Code is yet to be notified and final rules for quantifying the financial impact are also yet to be issued. In view of this, the Group will assess the impact of the Code when relevant provisions are notified and will record related impact, if any, in the period the Code becomes effective.

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of the cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

Ind AS 37–Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, and materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

- 56 Notes 1 to 56 form an integral part of these Consolidated Financial Statements.
