Accordingly, the Ministry of Environment, Forest, and Climate Change (MoEFCC), has issued notification no: S.O.3305(E) titled 'Environmental (Protection) Amendment rules, 2015 dated 7.12.2015 with the objective of reducing emissions of suspended particulate matter (SPM), Sox, NOx and mercury at thermal power plants (TPPs), this notification was further amended and the recent GSR for implementation was issued on 5th September 2022 for categorization and implementation of the revised norms and its implementation schedule.

With the MoEFCC order and recent amendments, it has become compulsory to install Flue Gas Desulphurisation (FGD) system in the existing and upcoming thermal power plants to curb Sox emissions. FGD is a system which reduces the Sox in flue gas through chemical treatment and converting the captured Sox into a by-product such as Gypsum or Calcium Sulphate or Sulphuric Acid depending upon the type of FGD technology used.

According to the revised Environmental norms and the implementation timeline, the Step down Subsidiary company needs to install and commission FGD by 31st Dec 2024 as the step down subsidiary company falls under Category-C of the revised norms and company is in process of Commercial negotiations and project cost will be around Rs 80130 lakhs. b) Replacement of the existing Non Fund Based facilities amounting to Rs 15200 lakhs within 4 years .

c) Transfer of 10% equity shares of the company held by shareholders of the company to the lenders upon payment of entire resolution amount .

Consequently, the relief of principal amounting to Rs.276785.93 lakhs and Interest amounting to Rs.421363.15 lakhs have been shown as exceptional items in the previous year. In the event of default with the terms of Resolution plan, the lenders may terminate the MRA and restore the relief granted.

During the period ended September 2022, the step down subsidiary Company has prepaid the entire balance resolution amount with applicable interest as per the MRA. The prepayment was out of unsecured loans taken from group companies and company's own sources.
