Dear Sirs,

Sub: Company Update – Business Continuity Plan and Preparedness – COVID 19.

This is in continuation of our press release dated March 23, 2020, intimating the decision to scale down /closure of the operations at all the manufacturing plants of the Company in India to maintain safety and well-being of the employees due to COVID-19 situation, we now hereby update that in view of the directives issued by the Central and the State Government (“the Governments”), all the Indian plants likely to remain closed till May 03, 2020.

Our subsidiary Wescon is operating our plants in Wichita, USA and Juarez, Mexico at about 50% capacity, to meet certain essential customers’ requirements. European operations are mostly at stand still, as most OEMs are shut. Situation is expected to improve from 1st week of May 2020.

However the Company is ready to commence manufacturing activities and operations in all its Indian plants including its 100% EOU Units and SEZ units after April 20, 2020 subject to further directives of Government to meet the requirements /demand of domestic and overseas Customers. It is expected that EOU & SEZ units of the Company will start operations first.

The Management of the Company is constantly monitoring the situation through regular video / audio conferences with concerned Managerial Personnel to ensure that organizational safety and business plans are up-to-date and effective. The Company is also in regular touch with all Customers both domestic and overseas on our preparedness for resuming manufacturing activities subject to the notifications /directions of Governments.

Further, certain employees at the corporate office/ plants have been provided with the facilities of work from home and Senior Management team members are reviewing the situation, developments, and discussing Business plans on daily basis. Board is also being updated and informed from time to time.

Thanking you,

Yours faithfully,

For SUPRAJIT ENGINEERING LIMITED

Medappa Gowda. J
CFO & Company Secretary
