ITEM NO. 5.

The members of the Company are informed that Mr. Naveen Parashar who was appointed as Non-Executive Director in Board held on November 13, 2020 which was subsequently approved by members of the Company in AGM held on December 29, 2020 has shared his willingness to be the Executive Director of the Company.

After considering vast experience of Mr. Naveen Parashar in operational aspects of the company, it is proposed by the Board of Directors to avail the expertise of Mr. Naveen Parashar on regular basis on such terms and conditions as mentioned in afore-said resolution.

26TH ANNUAL REPORT OF THE COMPANY **FINANCIAL YEAR 2020-21**

The appointment of Mr. Naveen Parashar as such shall take effect from the date of Board Meeting held on June 29, 2021 and requires the approval of the Shareholders of the company by way Special Resolution passed in this Annual General Meeting as per provisions of section 152, 196, 197, 203 and other applicable provisions, if any, of the Companies Act, 2013.

Based on the recommendation of the Nomination & Remuneration Committee & the Board of Director, the matter is being recommended to the shareholders for their approval by way of Special Resolution for change in designation of Mr. Naveen Parashar from Non-Executive Director to Executive Director.

Except Mr. Naveen Parashar, none of the Directors of the Company and Key Managerial Personnel of the Company and their relatives is concerned or interested, in the aforesaid Resolutions except to the extent of their shareholding in the Company, if any.

ITEM NO. 6.

The members of the Company are informed that Mrs. Shaik Haseena was appointed as Non-Executive Non-Independent Director of the Company in Board Meeting held on November 13, 2021 which was subsequently approved by members of the Company in AGM held on December 29, 2021.

The members of the Company are informed that that considering the contribution of Mrs. Shaik Haseena and the progress made by the Company in segment allocated to her and as per the recommendation of Nomination and Remuneration Committee, Audit Committee and Board of Directors, it is proposed to remunerate Mrs. Shaik Haseena which shall be subject to approval of members in this Annual General Meeting.

Further, Public companies can now remunerate their non-executive directors, including independent directors, even if they are making losses or have inadequate profits with the Ministry of Corporate Affairs (MCA) specifying the maximum yearly remuneration that could be paid to them by such companies. Under the latest MCA move, the annual limit of remuneration for a non-executive director or an independent director has been linked to the effective capital of the Company.

Hence, the Board of Directors recommends Special Resolution as set out in the Notice for approval by the Members.

Except Mr. Jonna Venkata Tirupati Rao and Mrs. Shaik Haseena, none of the Directors of the Company and Key Managerial Personnel of the Company and their relatives is concerned or interested, in the aforesaid Resolutions except to the extent of their shareholding in the Company, if any.

ITEM NO. 7.

The members of the Company are informed that keeping in view of the group's existing and future financial requirements to support its business operations, the Company may need additional funds. For this purpose, the Company may, from time to time, raise finance from various Banks and/or

26TH ANNUAL REPORT OF THE COMPANY

FINANCIAL YEAR 2020-21

Financial Institutions and/ or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in ordinary course of business) may exceed the aggregate of the paid-up capital and free reserves of the Company.

Hence it is proposed to set up the maximum borrowing limits of Rs. 100 up to which the Board of Directors can borrow. Pursuant to Section 180 (1) (c) of the Companies Act, 2013, the Board of Directors cannot borrow more than the aggregate amount of the paid-up capital of the Company and its free reserves at any one time except with the consent of the members of the Company in a general meeting.

In order to facilitate securing the borrowing made by the Company, it would be necessary to create charge on the assets or whole or part of the undertaking of the Company. Further, Section 180(1)(a) of the Companies Act, 2013 provides for the power to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company subject to the approval of members in the General Meeting, which authorization shall be proposed towards members for their approval up to limit of Rs. 100 Crores for the Company.

Accordingly, consent of the Members is sought for passing Special Resolution as set out in Item No. 7.

None of the Directors of the Company and Key Managerial Personnel of the Company and their relatives is concerned or interested, in the aforesaid Resolutions except to the extent of their shareholding in the Company, if any.

ITEM NO. 08.

The members of the Company are informed that section 188 read with rules made there under prescribes certain approvals for related party transactions. Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 also prescribe seeking shareholders' approval for material related party transaction beyond specified threshold (Material Transactions). Proviso to Section 188 (1) provides that noting contained in Section 188 (1) shall apply where transaction entered into by Company with related party in the ordinary course of business and at arm's length basis.

All the proposed transactions put up for approval are in the ordinary course of business and at arm's length basis. The transactions are repetitive in nature, considering the large volume of the transaction, the contracts / arrangements / transactions are material in nature and hence require approval of members.

The contracts / arrangements / transactions as mentioned in resolution require approval of only unrelated members of the Company and all related parties shall abstain from voting on such resolution.

26TH ANNUAL REPORT OF THE COMPANY

FINANCIAL YEAR 2020-21

Accordingly, the Board of Directors recommends the Resolution set out at Item No. 08 of the accompanying Notice for approval of the Members of the Company as an **Ordinary Resolution**.

Except Mr. Jonna Venkata Tirupati Rao (DIN: 07125471), Mrs. Shaik Haseena (DIN: 08141400) and Mr. Naveen Parashar (DIN: 08399097), none of other Directors / Key Managerial Personnel of the Company / their relatives is in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 08 of the Notice.

ITEM NO. 09.

Considering the overall business growth and future expansion and the operational needs of the Company, the Company needs to raise funds for its operations by means of either equity or further debt. While the Company is considering the various options, it is proposed to increase the Authorized Share Capital as per applicable provisions of the Companies Act, 2013 and its corresponding rules, amendments thereof to consider option of raising equity funds as per the applicable provisions of the Companies Act, 2013 and rules made thereunder and the provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (the "SEBI ICDR Regulations"), Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations) and Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 ("SEBI SAST Regulations), collectively known as SEBI Regulations, (including any statutory modification(s) or re-enactment(s) thereof for the time being in force) and as amended from time to time.

Section 61 of the Companies Act, 2013, (including any statutory modification(s) or re-enactment thereof, for the time being in force) provides that a limited company having a share capital may, if so, authorized by its Articles of Association, with the consent of its members in its general meeting or through Postal ballot, alter the conditions of its Memorandum of Association so as to increase its share capital by such amount as it thinks expedient by issuing new shares.

Article 03 of the Articles of Association empowers the Company to increase, consolidate, subdivide, reduce or otherwise alter its Authorize Share Capital, for the time being, and to divide the shares in the capital into several classes with rights, privileges or conditions, as may be determined.

As currently the Company has a very small room in authorized share capital to consider any equity fund raise, it is proposed to increase the Authorized Share Capital of the Company from Rs. 34,00,00,000/- (Rupees Thirty-Four Crores Only) divided into 27,00,00,000 (Twenty-Seven Crores only) ordinary Equity Shares of Re. 1/- (Rupee One) each, 7,00,00,000 (Rupees Seven crore only) equity shares-differential voting rights (DVR Equity shares) of Rs. 1 each **TO** Rs. 100,00,00,000 /- (Rupees Hundred Crores only) divided into divided into 88,00,00,000 (Eighty-Eight Crore only) ordinary Equity Shares of Re. 1/- (Rupee One) each, 12,00,00,000 (Rupees Twelve Crore only) equity shares-differential voting rights (DVR Equity shares) of Rs. 1 each.

26TH ANNUAL REPORT OF THE COMPANY

FINANCIAL YEAR 2020-21

ANNEXURE – E TO DIRECTORS' REPORT

CORPORATE GOVERNANCE REPORT

The Directors present the Company's Report on Corporate Governance for the year ended March 31, 2021, in terms of Regulations 17 to 27, clauses (b) to (i) of Regulation 46 (2) and Para C, D and E of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 together with the Auditors Certificate annexed as **Exhibit - A** to this report, on compliance with the conditions of Corporate Governance laid down for the year ended March 31, 2021.

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

Stampede Capital Limited ('the Company') follows the highest standards of governance and disclosure. Corporate Governance encompasses a set of systems and practices to ensure that the Company's affairs are being managed in a manner which ensures accountability, transparency and fairness in all transactions in the widest sense. Corporate governance also provides the structure through which the objectives of the company are set, and the means of attaining those objectives and monitoring performance are determined. Your Company has been following the Corporate Governance practices like striking out reasonable balance in the composition of Board of Directors, setting up Audit Committee and other business committees, adequate disclosures and business to be deliberated by the Board etc. It is the way of life, rather than mere legal compulsion. Your Company is committed to follow good Corporate Governance practices and improve upon them year after year. In addition, the Company has adopted a Code of Conduct for its non-executive directors which includes Code of Conduct for Independent Directors which suitably incorporates the duties of independent directors as laid down in the Companies Act, 2013 ("Act"). These codes are available on the Company's website.

The Company's philosophy on Corporate Governance is thus concerned with the ethics, values and morals of the Company and its directors, who are expected to act in the best interests of the Company and remain accountable to shareholders and other beneficiaries for their action.

The Company is in compliance with the requirements of the guidelines on Corporate Governance stipulated under the regulation 17 to 27 read with Schedule V and clauses (b) to (i) of sub-regulation (2) of regulation 46 of SEBI Listing Regulations, as applicable, with regard to corporate governance.

2. BOARD OF DIRECTORS:

The Board Members are fully aware of their roles and responsibilities in discharge of the key functions. The Board Members strive to meet the expectation of operational transparency without compromising the need to maintain confidentiality of information.

The Board of Directors of the Company has an **optimum combination** of Executive and Non-Executive Directors with not less than Fifty percent of the Board of Directors comprising of Non-Executive Directors as on March 31, 2021. As on March 31, 2021, the Company has Non Executive Chairman and more than 50% of the Board consisting of Non-Executive Directors. As on March 31, 2021 the Company has 6 (Six) Directors. Among the 6 Directors, the Company has a 2 (Two) Executive

11. LIST OF SKILLS / EXPERTISE / COMPETENCIES REQUIRED TO FUNCTION THE BUSINESS EFFECTIVELY:

Too many businesses fail because translating passion into a successful business model is a difficult task.

Developing a small business into a successful enterprise demands more than passion. Unfortunately, facts speak for themselves. Over half of new businesses fail mainly because the entrepreneur is unable to translate their passion into practical business skills. Success demands more than hard work,

26TH ANNUAL REPORT OF THE COMPANY **FINANCIAL YEAR 2020-21**

resilience, and expertise in your field. In order to succeed, you need to understand and to become proficient in a set of fundamental business skills.

Following are the essential skills that you are required to run the business of the Company:

A. FINANCIAL MANAGEMENT SKILL:

Being able to effectively manage your finances is critical. You will need to be able to forecast your cash flow and sales, as well as, monitor your profit and loss. Having sound financial management skills will help you to run your business profitably and protect your financial investment.

B. MARKETING, SALES AND CUSTOMER SERVICE SKILL:

It is important to be able to promote your products or services effectively. Providing good customer service and having a marketing strategy in place will help you to generate sales.

C. COMMUNICATION AND NEGOTIATION SKILL:

Communication and negotiation with your suppliers, potential investors, customers and employees is very important to have. Having effective written and verbal communication skills will help you to build good working relationships. Every communication should reflect the image you are trying to project.

D. MANAGEMENT SKILL:

These means offering other people opportunities to do work, even if you think it will benefit your own clout or resume to do it yourself. Delegation is an important part of time and resource management. If you take everything on yourself, chances are your work in key areas will suffer. Someone that excels in business will be able to manage their own workload by appropriately directing the appropriate colleagues and subordinates for the best tasks.

E. STRATEGIC PLANNING SKILL:

Strategic planning is a very important business activity. Strategic planning is a process of defining your company's strategy or direction and making decisions on allocations of resources of capital and people. The key is to know how to project your company's future performance, within a three-to-five-year framework or more, supported by your well-defined business plan.

26TH ANNUAL REPORT OF THE COMPANY **FINANCIAL YEAR 2020-21**

ANNEXURE – FTO DIRECTORS' REPORT **MANAGEMENT DISCUSSION AND ANALYSIS REPORT (MDAR)**

1. GLOBAL ECONOMY:

A visible flattening of the COVID-19 curve universally, along with rapid vaccination, lend hopes of an eventual end to this health and economic crisis. Additional policy measures announced at the end of CY2020-notably in the United States and Japan-are expected to provide further support in CY2021. As per IMF, despite the uncertainty, the global economy is projected to grow by 6.0% in CY2021 and 4.4% in CY2022. The rebound has been relatively faster in several Emerging Market (EM) economies. Activity moved above pre-pandemic levels in China, India and Turkey; helped by strong fiscal and quasi-fiscal measures and a recovery in manufacturing and construction, stated the Organization for Economic Co-operation and Development (OECD) in its interim economic assessment. However, new mutants of the COVID-19 virus, second and possible third wave of infection, renewed lockdowns in many countries and uneven access to vaccines across countries continue to weigh on the outlook and may delay the economic recoveries.

The recently approved USD 1.9 trillion fiscal stimulus bill in the United States, which comes in addition to the USD 3 trillion fiscal stimulus package announced in 2020, will further support US and global economic growth. In addition, the ongoing recovery in Asian economies will support the global recovery.

Resurgence of COVID-19 cases, imposition of strict lockdowns in major states and slower than expected pace of vaccinations have darkened prospects of a nascent economic recovery and accentuated business uncertainty. Although the vaccination drive has raised hopes of a turnaround in the pandemic later this year, the second wave of COVID-19 in April 2021 and new variants has intensified in metros/cities, and has spread rapidly across states, regions and into rural areas. Economy indicators moderated in April and May 2021, as many states-imposed restrictions to arrest the renewed surge in infections. This will result in delay in economic recovery and further normalization would be subject to building of strong herd immunity in India. However, compared to the first wave, there are a couple of mitigating factors. Export's performance is expected to improve given that the global economy is largely open compared to the first wave when exports had collapsed. Moreover, domestic liquidity conditions remain healthy, unlike the during first wave. Various rating agencies have already begun lowering their forecasts for India's GDP growth for FY 2021-22. CRISIL Rating Agency had earlier pegged India's economic growth for fiscal 2022 at 11%, but has lowered its estimate to 8.2% in a worst-case scenario. It believes that economic activity in the first half of FY 2021-22 will be clouded by the pandemic, but that the second half should see growth, led by increased vaccinations and the public adapting better to lockdowns.

2. INDIAN ECONOMY:

The Indian economy contracted by 8.0% in FY 2020-21 as against 4.0% growth recorded in FY 2019-

26TH ANNUAL REPORT OF THE COMPANY

FINANCIAL YEAR 2020-21

20, marking a recession for the first time since 1980 as per the IMF World Economic Outlook in April 2021. Overall economic slowdown, led by the COVID-19 onset followed by stringent lockdowns severely impacted economic activity, bringing manufacturing and trading activities to a halt. Prolonged lockdown exacerbated existing vulnerabilities of the country including the weakened financial sector, private investments, and consumption demand. The Government announced a special comprehensive package of Rs. 20 trillion, equivalent to 10% of India's GDP under the 'Self-Reliant India' movement to revive the country's economic activity. To promote greater participation by FPIs (Foreign Portfolio Investment), the Government proposes to increase the investment limit for FPI to 15% (currently 9%) of the outstanding stock of corporate bonds. The Government also offered certain specified categories of investment in Government securities to be fully opened for NR (Non-Resident) investors.

As per the FY 2020-21 Budget, fiscal deficit is expected to be 3.8% of GDP in FY 2019-20 and 3.5% in FY 2020-21. This is higher than the 3.3% and 3% envisaged for FY 2019-20 and FY 2020-21, respectively, in the FY 2020-21 Budget.

The Reserve Bank of India (RBI) continued with the accommodative monetary stance by bringing the key repo rate and reverse repo rate to 4% and 3.35% respectively to provide monetary stimulus and trigger economic growth back to the earlier trajectory. The fiscal and monetary stimulus provided by the Government and RBI would assist greatly in the recovery of the economy from the challenges posed in early FY 2020-21. The Government's thrust on reviving the manufacturing and infrastructure sector, and the country's increasing prominence in the global supply chain will augur well for the Company. Further, the roll-out of the vaccination drive has commenced in India. However, the second wave of COVID-19 in April 2021 is seen as posing risks to economic recovery, with Care Ratings revising its forecast for GDP growth to 10.2% in FY 2021-22 from an earlier projection of 10.7-10.9%.

3. OVERVIEW OF CAPITAL MARKETS:

Capital markets play a crucial role in the economic development of a country. They provide the financial resources required for the long-term sustainable development of the economy. Capital markets are therefore considered an important element as it enables higher productivity growth, higher real-wage growth, greater employment opportunities and greater macroeconomic stability.

The spread of COVID-19 has led to volatility in markets. Debt mutual funds, gilt funds, banking & PSU funds have been showing negative return unlike prior to COVID-19 where the growth seemed promising.

Growing optimism around the global economic recovery, persistent drop in new cases and the progress of vaccination drives supported the global equity markets. Vaccination roll-outs across the globe, continued economic recovery, strengthened expectations of a fiscal stimulus in the US and dollar weakness kept investor sentiments strong for EM equities. This was further aided by strong portfolio inflows amid supportive surplus liquidity across the globe. The Hang Seng Index (Hong

Kong) and Nikkei 225 Index (Japan) shot up by 20.2% and 54.3%, last year. Japan's Nikkei 225 crossed the 30,000 mark for the first time in more than three decades. This surge can mainly be attributed to Japan's economy growing by 12.7% in October-December quarter FY 2020-21 on YoY basis. Meanwhile, Indian equity markets outperformed the broader EM indices, with the Nifty 50 increased by 70.9% and Nifty 500 by 76.0% in 12 months ending March 2021. European equities suffered from a relatively slow roll-out of COVID-19 vaccines, political uncertainty in Italy and slower economic recovery amid lockdown restrictions. Brexit uncertainty along with second wave of virus infections have battered the UK, with the FTSE 100 Index being the slowest performing regional equity market. Despite COVID-induced turbulence, Indian equity markets showed their best performance in a decade in FY 2020-21. Surge in trading by retail investors and Foreign Institutional Investors (FIIs) fueled a rally in equity markets post sharp correction of March 2020. FII's net investment recorded an all-time high in FY 2020-21 owing to continuous rally in equity prices. In FY 2020-21, net FII buying in Indian equities stood at USD 37.1 billion, which is approximately 14 times higher than that of USD 2.6 billion in FY 2019-20. Unlike FIIs, Domestic institutional investors (DIIs) remained strong sellers of Indian equities with net outflows of USD 19.0 billion in FY 2020-21. Net investment by DIIs remained negative due to redemption pressures and profit-booking as equity valuations touched lifetime highs. Persistent traction in foreign flows and brighter domestic economic outlook as reflected through steady improvement in several high frequency indicators and better expected Q4FY 2020-21 corporate earnings also kept investor sentiments buoyant. This was further supported by stimulus measures announced by the Government and liquidity measures adopted by RBI. Consequently, the Nifty 50 and Nifty 500 Index posted healthy gains of 70.9% and 76.0% respectively in last 12 months ending March 2021. An exponential rise in COVID infections in the second half of March 2021 compelled re-imposition of restrictive measures and raised concerns on the ongoing economic recovery, thereby dwindling investors' risk appetite. Consequently, FIIs, turned net sellers towards the end of the month.

4. INDUSTRY STRUCTURE:

Your company is primarily engaged in Stock Broking and Port-folio Management.

5. MARKET AND OUTLOOK/INDUSTRY OVERVIEW:

STOCK BROKING SECTOR:

CY 2021 kick-started on a strong note for domestic equities with the benchmark indices BSE Sensex-30 and NSE Nifty-50 hitting their record highs of 50,000 and 15,000 points, respectively, and their market value surpassing ₹ 200 trillion. Strong corporate performance in second and third quarter of FY 2020-21, the roll-out of a massive vaccine programme, fiscal and monetary stimulus in place and easing of lockdown measures in major economies lifted market sentiments. There was a surge in retail participation in the stock market after the lockdown. Further, as the Indian economy came to standstill post the outbreak and businesses suffered and jobs were lost, the stock market offered individuals an opportunity to supplement their income. Both the benchmark indices, Sensex and Nifty, rose between 72% and 75% from their lows in March 2020 to their record highs during FY 2020-21. Strong growth trends were witnessed in the number of active Demat accounts. According to the capital market

26TH ANNUAL REPORT OF THE COMPANY

FINANCIAL YEAR 2020-21

regulator Securities and Exchange Board of India (SEBI), close to 14 million new Demat accounts were opened in FY 2020-21. As on March 31, 2021, the number of NSDL accounts stood at 22 million and CDSL accounts stood at 33 million tallying the total count to 55 million.

The Average Daily Turnover (ADTO) has steadily increased over the last decade, with the Indian stock market witnessing the highest growth in NSE's active customers, reflected in strong growth in its ADTO in the Cash and Futures & Options (F&O) segment. Expectations of a faster recovery in the economy and improvement in corporate earnings instilled the required confidence among investors and encouraged them to pour more funds into Indian equities. Increased investment by investors into the capital markets was further aided by a sharp increase of 26% in Government Capital Expenditure and several reforms taken to revive investment and consumption. India's economic rebound post COVID-19 is likely to be more structural in nature, which augurs well for corporate earnings and the equities market. The average daily turnover in the cash market during FY 2020-21 shot up by 70% YoY to ₹ 618 billion, as compared to ₹ 364 billion during FY 2019-20.

PORTFOLIO MANAGEMENT SERVICES:

In India, Portfolio Management Services (PMS) are offered by asset management companies, banks, brokerage houses and independent investment managers. These are usually focused on customized discretionary, non-discretionary or advisory service offerings tailored to meet specific investment objectives of investors through basic portfolio management services for stocks, cash, fixed income, debt, structured products and other individual securities. Besides managing mutual fund schemes, AMCs in India have begun offering investors tailor-made investment strategies with higher flexibility through PMS. Over the last five years, the industry has seen significant growth, with the market becoming more mature, increasing number of High Net-worth Individuals (HNIs), greater need for customized asset allocation based on risk-return profiling and a growing awareness of PMS products. As of October 2020, the total AUMs of portfolio managers grew by 4%, compared to assets being managed as on March 31, 2020. This growth was mainly driven by the discretionary segment of PMS, wherein the portfolio manager manages the customers' funds in accordance with customers' needs. Discretionary PMS dominated the space with 85% share, followed by advisory at 9% and non-discretionary at 6%.

6. MACRO-ECONOMIC AND INDUSTRY DEVELOPMENTS:

The Stock Market has been revolutionized by adopting modern technology, as the exchanges are now able to reach out to the far-flung centers of the country with an efficient trading network for the benefit of retail customers. The Capital Market is most efficient when it discounts all information's in pricing of traded equity stocks. The maturity of the Stock Market has made it increasingly less risky through built-in information system made available to the participants over and above supervisory oversight.

The ongoing efforts for further broadening and deepening of the Stock Market domestically and aligning the market with global trading system is not only expanding the customer base but also attracting more resources for investments.

26TH ANNUAL REPORT OF THE COMPANY

FINANCIAL YEAR 2020-21

The Indian broking industry is one of the oldest trading industries that have been around even before the establishment of the BSE in 1875. Despite passing through a number of changes in the post liberalization period, the industry has found its way towards sustainable growth.

7. OPPORTUNITY & THREATS:

While the economy has been reeling under the pressure of the COVID-19 pandemic and nationwide lockdowns, the trading volumes in the domestic capital markets have been on an upward trajectory. During the lockdown, an increasing number of people turned to trading on online brokerage platforms. A shift to a complete online process of customer enrolment and onboarding helped support the new account openings as operations are carried on smoothly despite the restrictions placed by the pandemic.

The growing awareness among investors, increased financial literacy, and the burgeoning proportion of millennials point to a promising future for the discount brokerage industry. In the coming years, the demand for discount brokerage services is expected to grow stronger due to the increasing participation of millennials. It is a lucrative platform for the organic investors. Customer increment is expected mainly from tier 2 and 3 cities with the rising internet penetration. New customers are more sensitive towards the cost and also conduct a thorough research before commencing the trade. A shift from traditional instruments of savings to financialization of savings is also a great opening for the capital market participants. The increased thrust on digitalization in the economy, with projects like 'Digital India', will further provide a growth catalyst for the demand and consumption of discount brokerage services.

A. OPPORTUNITIES:

- Growing Financial Services industry's share of wallet for disposable income.
- Regulatory reforms would aid greater participation by all the class of investors.

To The Members of

Stampede Capital Limited

Opinion

We have audited the standalone IndAS financial statements of Stampede Capital Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2021, the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, loss, total comprehensive income, changes in equity and cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Audit Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management and Discussion Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements.

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Audit Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the over ride of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness so such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them

all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The comparative financial information of the Company for the year ended 31st March, 2020 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with Companies (Accounting Standards) Rules, 2016 audited by us on which we had expressed an unmodified opinion vide our Audit Reports dated June 30, 2020, as adjusted for the differences in accounting principles adopted by the company on transition to the Ind AS, which have been audited by us.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure B to Audit Report

ANNEXURE REFERRED TO IN OUR REPORT OF EVEN DATE TO THE MEMBERS OF STAMPEDE CAPITAL LIMITED ON THE STANDALONE ACCOUNTS FOR THE YEAR ENDED 31ST MARCH 2021

Report on the Internal Financial Controls under Clause(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Stampede Capital Limited ("the Company") as of March 31st 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating

effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company. 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2) Basis of Preparation of Financial Statements

2.1) Statement of compliance

The financial statements are prepared in accordance with and in compliance, in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read along with Companies (Indian Accounting Standards) Rules, as amended and other relevant provisions of the Act. The presentation of the Financial Statements is based on Ind AS Schedule III of the Companies Act, 2013.

2.2) Use of Estimates

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of investments, useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities and fair value measurement of financial instruments have been discussed below. Key source of estimation of uncertainty in respect of revenue recognition and employee benefits have been discussed in their respective policies.

Stampede Capital Limited

Notes to financial statements for the year ended 31 March 2020

(All amounts in Indian rupees, except share data and where otherwise stated)

2.3) Basis of measurement

The financial statements have been prepared on the historical cost basis except certain financial assets and liabilities that are measured at fair value or amortised cost.

2.4) Functional currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company. Functional currency of an entity is the currency of the primary economic environment in which the entity operates. All amounts are in Indian Rupees INR except share data, unless otherwise stated.

2.5) Operating cycle

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- i. it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is expected to be realised within 12 months after the reporting date; or
- iv. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- i. it is expected to be settled in the company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is due to be settled within 12 months after the reporting date; or
- iv. the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

2.6) Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 3, the management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Stampede Capital Limited

Notes to financial statements for the year ended 31 March 2020

(All amounts in Indian rupees, except share data and where otherwise stated)

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

Provision and contingent liability

On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss Contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

Useful lives of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting. As at March 31, 2018 management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no significant change in the useful lives as compared to previous year.

2.7) Property , Plant and Equipment and Intangible assets

Tangible asset and capital work-in-progress

Tangible assets are stated at cost, less accumulated depreciation and impairment, if any. Direct costs are capitalized until such assets are ready for use. Capital work-in-progress comprises the cost of fixed asset that are not yet ready for their intended use at the reporting date.

Intangible asset

Intangible assets are recorded at the consideration paid for acquisition of such asset under carried at cost less accumulated amortization and impairment.

Depreciation and Amortization

Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets estimated by the Management. Depreciation for assets purchased / sold during a period is proportionately charged. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, commencing from the date the asset is available to the Company for its use. The Management estimates the useful lives for the other fixed assets as follows:

Servers and data processing equipment	- 6 years
Computers	- 3 years
Furniture and fixtures	- 10 years
Vehicles	- 8 years
Intangible assets	- 5 years

2.8) Investments

The company continued to account for investments as under

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as non current investments. Non current Investments are carried at cost less diminution in value other than temporary diminution determined separately for each individual investment. Current investments are carried at the lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investment.

Stampede Capital Limited

Notes to financial statements for the year ended 31 March 2020

(All amounts in Indian rupees, except share data and where otherwise stated)

Investment in subsidiaries

Investment in subsidiaries is carried at cost, less any impairment in the value of investment, in these separate financial statements.

2.9) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3) Significant Accounting Policies

3.1) Revenue Recognition

- i. Revenue from broking activities is accounted on the trade date of transaction.
- ii. Trading of securities and currency are accounted on the trade date of transaction.
- iii. Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

3.2) Taxation

Income tax expense consists of current and deferred tax. Income tax expense is recognized in the income statement except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit; differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable

Stampede Capital Limited

Notes to financial statements for the year ended 31 March 2020

(All amounts in Indian rupees, except share data and where otherwise stated)

future; and taxable temporary differences arising upon the initial recognition of goodwill. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously. A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.3) Earnings Per Share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. The basic earnings per share is computed by dividing the net profit attributable to equity shareholders for the period by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit attributable to equity shareholders for the year relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share..

3.4) Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases. Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalized at fair value of the asset or present value of the minimum lease payments at the inception of the lease, whichever is lower. Assets held under leases that do not transfer substantially all the risks and reward of ownership are not recognized in the balance sheet. Lease payments under operating lease are generally recognized as an expense in the statement of profit and loss on a straight-line basis over the term of lease unless such payments are structured to increase in line with the expected general inflation to compensate for the lessor's expected inflationary cost increases. Further, at the inception of above arrangement, the Company determines whether the above arrangement is or contains a lease. At inception or on reassessment of an arrangement that contains a lease, the Company separates a payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values. If the Company concludes for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset; subsequently, the liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the Company's incremental borrowing rate. Minimum lease payments made under finance leases are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

3.5) Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in

Stampede Capital Limited

Notes to financial statements for the year ended 31 March 2020

(All amounts in Indian rupees, except share data and where otherwise stated)

a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

3.6) Property, plant and equipment

The initial cost of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use, including relevant borrowing costs and any expected costs of decommissioning, less accumulated depreciation and accumulated impairment losses, if any. Expenditure incurred after the PPE have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred. If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE. Material items such as spare parts, stand-by equipment and service equipment are classified as PPE when they meet the definition of PPE as specified in Ind AS 16 – Property, Plant and Equipment.

Subsequent costs

Subsequent costs are included in the asset's carrying amount or recognised as separate assets, as appropriate, only when it is probable that the future economic benefits associated with expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to Statement of Profit and Loss at the time of incurrence.

3.7) Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a Straight line basis (SLM) basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company.

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition and in case of Projects from the date of commencement of commercial production. Depreciation on deductions/disposals is provided on a pro-rata basis up to the date of deduction/disposal.

3.8) Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective estimated useful lives on a straight-line basis, from the date that they are available for use.

Amortisation

The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Computer software is amortised on straight line basis over a period of Five years.

3.9) Cash and Cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

Stampede Capital Limited

Notes to financial statements for the year ended 31 March 2020

(All amounts in Indian rupees, except share data and where otherwise stated)

3.10) Cash flow statement

Cash flows are reported using the indirect method, whereby profit or loss before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

3.11) Employee benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

The Company's contributions to defined contribution plans are charged to the income statement as and when the services are received from the employees.

Defined benefit plans

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related defined benefit obligation. In countries where there is no deep market in such bonds, the market rates on government bonds are used. The current service cost of the defined benefit plan, recognized in the income statement in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments and settlements.

Past service costs are recognized immediately in income. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the income statement. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Termination benefits

Termination benefits are recognized as an expense when the Company is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognized as an expense if the Company has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably.

Other long-term employee benefits

The Company's net obligation in respect of other long term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and previous periods. That benefit is discounted to determine its present value. Re-measurements are recognized in the statement of profit and loss in the period in which they arise.

3.12) Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money

Stampede Capital Limited

Notes to financial statements for the year ended 31 March 2020

(All amounts in Indian rupees, except share data and where otherwise stated)

and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

3.13) Contingent Liabilities & Contingent Assets

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

3.14) Financial instruments

a. Recognition and Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issues of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

b. Classification and Subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows;
- and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL.

On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;

Stampede Capital Limited

Notes to financial statements for the year ended 31 March 2020

(All amounts in Indian rupees, except share data and where otherwise stated)

- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract.

Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL: These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial assets at amortised cost: These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities: Classification, Subsequent measurement and gains and losses Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

c. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers

Stampede Capital Limited

Notes to financial statements for the year ended 31 March 2020

(All amounts in Indian rupees, except share data and where otherwise stated)

nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit.

d. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

e. Impairment

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost. At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at fair value through other comprehensive income (FVOCI) are credit impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

The Company measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition. Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information

and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

Measurement of expected credit losses

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the trade receivable does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

3.15) Impact of COVID-19 Key accounting judgments, estimates and assumptions.

Due to lockdown on account of COVID - 19, although the capital market was impacted and volatility has increased in the stock market, Stampede Capital Limited, being a SEBI registered intermediary and considered among essential services, continued to operate during the lockdown in India and there was no major impact on our business as the capital markets remained open and functioned normally.

Note 20 : Tax Expense

Deferred tax is provided on timing differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

In view of carry forward of losses under tax laws in the current period, the Company is unable to demonstrate virtual certainty as required by the Explanation in Ind AS 12 'Accounting for taxes on income'. Accordingly, no deferred tax asset has been recognized as at the year-end as there is no virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized.
