Keysight Selects TCS to Architect a Business-Centric IT Operating Model for Improved Resilience and Agility

Tata Consultancy Services Will Help Drive an Integrated IT Services Strategy Covering Applications, IT Infrastructure, and Workplace Services

SANTA ROSA, CA | MUMBAI, February 13, 2023: Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS) announced that it has expanded its collaboration to help [Keysight Technologies](#), a leading technology company that delivers advanced design and validation solutions, reimagine its IT operating model for enhanced resilience, agility, and user experience.

As its transformation partner for this project, TCS will help Keysight drive an integrated IT services strategy covering applications, end-to-end IT infrastructure services, and workplace services across the enterprise. Working with Keysight, TCS will help architect a state-of-the-art, automation-driven, business-centric operating model leveraging its Machine First™ approach across Keysight's departments.

The new operating model will boost operational resilience, transform the user experience, and enhance business agility enabling Keysight to seamlessly harness synergies across the value chain. This program will enable the company to innovate faster as it delivers design, emulation, and test solution advancements.

*"TCS is a valuable IT partner helping Keysight drive operational excellence and digital business outcomes," said **Jack Wilmot, IT Senior Director, Keysight Technologies**. "Keysight's customers constantly innovate and experiment to realize the full potential of emerging technologies. To keep our entire company focused on that goal, we need to provide platforms and systems that enable all users throughout the business to work in a productive, secure, and satisfying manner."*

*"Leveraging our Machine First philosophy, we are helping Keysight build an agile IT environment that enables them to improve user experience and accelerate innovation across the organization," said **V Rajanna, Global Head, Communications, Media, and Technology Business, TCS**. "TCS offers the contextual knowledge and industry expertise necessary to build a proven, secure environment that will help Keysight achieve its business goals in fueling customer innovation."*

About Tata Consultancy Services (TCS)

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 613,000 of the world's best-trained consultants in 55 countries. The company generated consolidated revenues of US \$25.7 billion in the fiscal year ended March 31, 2022, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
