STATE OF AFFAIRS OF THE COMPANY

The company started its initiative on recycling of plastics foreseeing the potential in the business. The recycled materials on one hand offer a much lower input cost apart from the long term viability of the idea embedded in recycling of plastics for fulfilling environmental obligations which is fast growing based on the enhanced awareness and various mandates issued on the need to recycle plastics.

The company associated with Gem Enviro, in order to offer turnkey solutions to the manufacturers of various consumer products using major quantities of plastics for packaging recycling of plastics for major consumer brands like coco cola, Pepsi, Marico etc.

Where in the EPR Environment Protection Regulations, which mandates the brands to ensure recycling of the Quantity of plastics used by these brands for packaging of their products.

Which in turn offers an opportunity in term of a consistent supply of plastic scraps and factory waste and rejected materials from these manufactures to recyclers like VML.

The EPR mandate & obligations are compelling these brands to engage recyclers, where as the recyclers would get some financial support from these factories supporting recycling operations in return.

VML is all set to tap in the opportunity by representing their recycling skill set & bagging long term agreements on sourcing & recycling of there factory wastes & scraps for & on behalf of these factories.

On the other hand based on an in-depth understanding and knowledge on improving the specifications and properties of polymers, VML is well equipped to add tremendous value to these materials by way of upcycling these material making a final material which is as good as virgin materials in every aspect.

Recycling business for VML is on the firm path to turn into a lucrative & growing business for VML with an imaginable Potential.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

Your Directors' present Company's first Management Discussion and Analysis Report for the financial year 2018-19. The Company completed acquisition of 'Recycled and Trading Compounds Division' of group concern 'Vikas Ecotech Limited' through amalgamation. Pursuant to completion of said merger, the equity shares of the Company were listed at the Stock Exchanges on 8th May, 2019.

The present Management Discussion and Analysis Report is based on the Trading Activities, Polymer Compounds and the recently acquired recycled compounds business.

Industry structure, developments, Opportunities and Threats

As per an estimate of the Indian government, the per capita plastics consumption will be doubled by 2022, this will result in presumably a surrogate measure for economic advancement and increased advanced manufacturing. With an increased plastic manufacturing and consumption, India is seen as one of the biggest markets for Plastic Recycling business.

As the Company has acquired recycling division from its group entity, its manufacturing activities now comprises of recycling of materials and creating virgin-equivalent grade PVC compounds consistent in quality & performance. A diverse range of customized product grades for high fire resistance, low smoke emissions and high strength properties are created and these products tend to be heavy metal free & non-toxic and used for a variety of safety-critical industry applications.

Since this is creation of value from waste, it has immense potential for growth, especially in an Indian Market scenario which is still growing and struggling with issues such as waste management. However, as the products of the Company are used as Industrial raw materials for many Industries, any slowdown in the customer industry or fall in growth trajectory may result in scarcity of material for the Company or lower margins due to high dependability of Company's products on other Industries.

Segment wise /Product wise performance

The Company is under single segment which is manufacturing and trading of plastic & rubber raw materials and polymer compounds. Since the acquisition of 'Recycled and Trading Compounds Division' has recently been completed and financials of the Company have been represented after taking effect of the said amalgamation, the total turnover of the Company represents income from its core business activity only. Disclosure detailing effects of said amalgamation on financials is forming part of notes to the financial statements.

Future Outlook

Since scarcity of the resources is a major and pressing issue for all the economies worldwide, recycling of the materials is the present and future of a sustainable Industrial growth. Its potential lies not only in its lower input cost but also its long term viability. With growing awareness of environment protection, initiatives of governments' worldwide and continuous efforts on research and development in field of recycling materials, the plastics recycling industry is booming, spread across an informal amalgam of street pickers, small start-ups and non-governmental entities and is focused on the secondary use economy.

One such example of above is the EPR (End of life Product Recycling) Environment Protection Regulations, which mandates Brands to ensure recycling of the given quantity of plastics used by them for packaging of their products and thereby providing growth opportunities in form of constant supply of factory waste, rejected materials and plastic scraps from manufactures & collectors of scrap to recyclers. This also provides for financial support and constant demand of Company's recycled products as well.

Financial Performance

The financials of the Company are restated after taking effect of impending amalgamation of the Company hence the figures are not comparable from previous financial year. As on 31st March, 2019, the key financial indicators are discussed as under:

Net worth

The Company's net worth viz. paid up share capital, general reserves and retained earnings stood at Rs. 80.39 Crore.

Borrowings

The Company's borrowings excluding working capital limits aggregated to Rs. 8.36 Crore comprising of secured borrowings from banks and financial institutes of Rs. 3.80 Crore and unsecured borrowings in form of inter-corporate loans / advances and loans from related parties of Rs. 4.56 Crore. The debt - equity ratio of the Company as on 31st March, 2019 was 0.10:1.

Trade Receivables & Trade Payables

Trade receivables at the end of financial year was Rs. 143.86 Crore and trade payables aggregated to Rs. 90.33 Crore.

Current Assets & Current Liabilities

The Current Assets of the Company stood at Rs. 186.73 Crore whereas the current liabilities aggregated to Rs. 146.26 Crore. The Current Ratio of the Company as at 31st March, 2019 was 1.28:1.

Earnings per Share

The basic and diluted Earnings per Share (EPS) as at the end of financial year was 0.029.

Risks, Concerns, Internal Control Systems and their Adequacy

The major risk that concerns the Company is its business risk. The Company is subjected to a high business risk in terms of its high dependability on other Industries for demand of its products carrying the nature of raw materials.

The Company has a risk management and mitigation plan. Periodic checks are carried out on all systems and processes as part of internal audit. The Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. The Statutory Auditors also evaluate the efficacy and adequacy of internal control systems including controls with respect to the financial statements, its compliance with operating systems, accounting procedures and policies in the Company. Corrective actions are undertaken basis findings of audits.

Human Resource

Human Resource Capital is the most valuable asset for any organisation. The Company places the utmost importance on maintaining cordial employer-employee relations both at its administrative offices and plant locations. The Company has developed a system to reward adequately and recognize employee contribution towards its growth. A remuneration policy has also been developed and adopted by the Company which provides for appointment and remuneration of Directors, Key Managerial Personnel and Senior Management.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF VIKAS MULTICORP LIMITED**

Report on the Audit of the Standalone Financial Statements**Opinion**

We have audited the accompanying standalone financial statements of Vikas Multicorp Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

- During the year company has acquired high volume "Recycled Compounds and Trading Division" Pursuant to demerger of trading unit of M/s Vikas Ecotech Limited w.e.f. 01.04.2017 in terms of order dated 06th November, 2018 issued by Hon'ble National Company Law Tribunal. Sales/purchase and expenses of demerged unit has been allocated as per Note No. 2.1.3.
- Company has entered as partner in partnership business carried on under name & style M/s Ravi Crop Science. Share of profit of the company in profits of said firm has not been included in these financial results as per Note No. 2.18.
- Major Fire happened in the Godown at Rajasthan of the company. It has come to our notice that there has significant loss of stock in the fire but exact value has yet not been determined.
- Closing Inventories in Real estate division as per Note No. 6 has been value at cost. As per Indian Accounting standard-2 value of said property was required to be reported at lower of cost or Net realizable value but in absence of authenticated Net Realizable value figure said properties has been valued at cost.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure

to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may

cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit except value of inventories of immovable properties as stated in key audit matters.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Management does not reasonably expect that these legal actions, when ultimately concluded and determined, will have a material and adverse effect on the Company's results of operations or financial condition.
 - ii. There are no material foreseeable losses on long term contracts including derivative contracts therefore, no such provision is required to be made.
 - iii. There have been no requirements of transferring amounts to the Investor Education and Protection Fund of India by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Vikas Multicorp Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause**(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **VIKAS MULTICORP LIMITED** ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Vikas Multicorp Limited of even date)

- i. In respect of the Company's fixed assets:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) The Company has a program of verification to cover all the items of fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

- Interest Income is recognised on a time proportion basis using the effective interest rate (EIR)
- Dividend income is recognized at the time when the right to receive is established by the reporting date.
- Other incomes have been recognized on accrual basis in financial statements except for cash flow information.

2.3 Property, Plants and Equipments

These tangible assets are held for use in production, supply of goods or services or for administrative purposes. These are recognized and carried under cost model i.e. cost less accumulated depreciation and impairment loss, if any which is akin to recognition criteria under erstwhile GAAP.

- Cost includes freight, duties, taxes and other expenses directly incidental to acquisition, bringing the asset to the location and installation including site restoration up to the time when the asset is ready for intended use. Such Costs also include Borrowing Cost if the recognition criteria are met.

- Depreciation has been provided on Written Down value method in terms of expected life span of assets as referred to in Schedule II of the Companies Act, 2013. In the following category of property plant and equipment, the depreciation has been provided on the technical evaluation of the useful life which is different from the one specified in Schedule II to the Companies Act, 2013.

Buildings - 3 to 60 years

Plant and Machinery - 3 to 15 years

Furniture and Fixtures - 5 to 10 years

Office Equipment - 5 to 10 years

Vehicles - 5 to 8 years

The residual value and useful life is reviewed annually and any deviation is accounted for as a change in estimate.

- During sales of fixed assets any profit earned / loss sustained towards excess / shortfall of sale value vis-a-vis carrying cost of assets is accounted for in statement of profit & loss .

2.4 Investment Property:

Properties held to earn rentals or / and for capital appreciation or both but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes, are categorized as investment properties. These are measured initially at cost of acquisition, including transaction costs and other direct costs attributable to bringing asset to its working condition for intended use. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost shall also include borrowing cost if the recognition criteria are met. Said assets are depreciated on straight line basis based on expected life span of assets which is in accordance with Schedule II of the Act.

Any gain or loss on disposal of investment properties is recognized in Standalone Statement of Profit and Loss.

Transfers to or from the investment property is made only when there is a change in use and the same is made at the carrying amount of investment property

During the year company has change classification of building from Property, Plant and Equipments to Investment in Property.

2.5 Intangible Assets

Intangible assets are recognized only when the further economic benefits arising out of the assets flow to the enterprise and are amortized over their useful life ranging from 3to 5 years. Intangible asset acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development cost, are not capitalized and are charged to statement of profit and loss for the year during which such expenditure is incurred.

2.6 Lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Lease are classified as finance lease whenever the terms of the lease transfer substantially all the risk and rewards of ownership to the leases. All other lease classified as operating leases.

2.7 Financial Instruments

I. Financial Assets

Initial Recognition and Measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at

fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortized cost

Subsequent Measurement

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Financial Assets at fair value
- Financial assets at amortized cost

Where assets are measured at fair value, gains and losses are either recognized entirely in the statement of profit and loss, or recognized in other comprehensive income.

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Investment in associates, joint venture and subsidiaries

The company has accounted for its investment in subsidiaries, associates and joint venture at cost.

Impairment of financial assets

The company assesses impairment based on expected credit losses (ECL) model at an amount equal to:-

- 12 months expected credit losses, or
- Lifetime expected credit losses depending upon whether there has been a significant increase in credit risk since initial recognition.

However, for trade receivables, the company does not track the changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Companies policy may differ in each case of trade receivables.

II. Financial Liabilities

All financial liabilities are initially recognized at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities are classified as measured at amortized cost or fair value through profit and loss (FVTPL). A financial liability is classified as FVTPL if it is classified as held for trading. Financial Liabilities at FVTPL are measured at fair value and net gain or losses, including any interest expense, are recognised in statement of profit and loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in statement of profit and loss

2.8 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transactions between market participants at the measurement date. The fair value measurement is based on presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In absence of a principal market, in most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company.

The fair value of an asset or a liability is measured using the assumption that market participants would use when pricing the assets or liability, assuming that market participants act in their best economic interest fair value

measurement of a non- financial asset takes in to account a market participant's ability to generate economic benefits by using the assets in its highest and in its best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

2.9 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.10 Inventories

Inventories are valued at the lower of cost (including prime cost, non-refundable taxes and duties and other overheads incurred in bringing the inventories to their present location and condition) and estimated net realisable value, after providing for obsolescence, where appropriate. The comparison of cost and net realisable value is made on an item-by-item basis. The net realisable value of materials in process is determined with reference to the selling prices of related finished goods. Raw materials, packing materials and other supplies held for use in production of inventories are not written down below cost except in cases where material prices have declined, and it is estimated that the cost of the finished products will exceed their net realisable value.

The basis of determination of cost remains as follows:

- a) Raw materials, packing materials are valued at cost includes purchase price, inward freight and other incidental expenses net of refundable duties, levies and taxes, where applicable.
- b) Finished goods are valued at lower of net realisable value and cost (including prime cost and other overheads incurred in bringing the inventories to their present location and condition. Finished Goods includes stock of Real estate Division.)

2.11 Provisions, Contingent Liabilities and Contingent Assets

- A provision is recognised when an enterprise has a present obligation (legal or constructive) as a result of past event; it is probable that an out flow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit or loss.
- If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the tax specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a financial cost.
- A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The company does not recognize a contingent liability but disclose its existence in the financial statements as per Note No. 28
- Contingent assets are neither recognized nor disclosed except when realization of income is virtually certain, related asset is disclosed.

2.12 Borrowing Cost

Borrowing cost that are directly attributable to the acquisition, construction, or production of a qualifying asset are capitalized as a part of the cost of such asset till such time the asset is ready for its intended use or sale. Borrowing cost consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also includes exchange differences to the extent regarded as an adjustment to the borrowing costs. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing cost are recognized as expense in the period in which they are incurred.

2.13 Foreign Currency Translation

The company's financial statements are presented in INR, which is also the company's functional currency.

- Transactions in foreign currencies are recognized at rate of overseas currency ruling on the date of transactions. Gain / Loss arising on account of rise or fall in overseas currencies vis-à-vis functional currency between the date of transaction and that of payment is charged to Statement of Profit & Loss.
- Monetary Assets in foreign currencies are translated into functional currency at the exchange rate ruling at the Reporting Date and the resultant gain or loss, is accounted for in the Statement of Profit & Loss.
- Non-Monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction

2.14 Employee Benefits

i.) Short-term employee benefit

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service

ii.) Post-employment benefits

Company has not accounted any Post-Employment benefits and has not made any provision for post employment benefits.

2.15 Operating Segments

The Chief Operational Decision Maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements

The Operating segments have been identified on the basis of the nature of products/services.

- Segment revenue includes sales and other income directly identifiable with the segment including intersegment revenue.
- Expenses that are directly identifiable with the segments are considered for determining the segment results. Expenses which relate to the Group as a whole and not allocable to segments are included under unallocable expenditure.
- Income which relates to the Group as a whole and not allocable to segments is included in unallocable income.
- Segment result includes margins on inter-segment and sales which are reduced in arriving at the profit before tax of the Group
- Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Group as a whole and not allocable to any segment.

2.16 Taxation

Tax expense recognized in Standalone Statement of Profit and Loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

Minimum Alternate Tax ('MAT') credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the Standalone Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognized on temporary differences between the carrying amount of assets and liabilities in the financial statement and the corresponding tax bases used in computation of taxable profit under Income Tax Act, 1961.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognized outside Standalone Statement of Profit and Loss is recognized outside Standalone Statement of Profit and Loss (either in other comprehensive income or in equity).

2.17 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

The weighted average number of equity shares outstanding during the period and for all the periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares outstanding, without a corresponding change in resources.

- 2.18** Company has entered as partner in partnership business carried on under name & style M/s Ravi Crop Science. The said partnership firm is engaged in business of providing formulation products to various pesticides companies in retail packs. Figures of share of profit of the company in profits of said firm has not been included in these financial results as the accounts of said partnership have not been audited. Since company is required to publish its audited results latest by 29th April, 2019 and there is no likelihood that audited accounts of said partnership firm be available by that date therefore accounts of company have been finalised without waiting for results of partnership firm. Profit arising from that firm shall be accounted for in the books of the company in the Financial Year 2019-20.

Operating Segments
Operating segments:

- Real estate Division
- Trading of PVC Resins/ Plastic Granuels/others

Identification of segments:

The chief operational decision maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss of the segment and is measured consistently with profit or loss in these financial statements. Operating segments have been identified on the basis of the nature of products.

Segment revenue and results

The expenses and income which are not directly attributable to any business segment are shown as unallocable expenditure (net of unallocable income).

Segment assets and liabilities:

Assets used by the operating segments mainly consist of property, plant and equipment, trade receivables, cash and cash equivalents and inventories. Segment liabilities include trade payables and other liabilities. Common assets and liabilities which cannot be allocated to any of the segments are shown as a part of unallocable assets/liabilities.

The measurement principles of segments are consistent with those used in preparation of these financial statements. There are no inter-segment transfers

Note 33 - Capital management

For the purpose of capital management, capital includes total equity of the Company. The primary objective of the capital management is to maximize shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations, if any.

Particulars	March 31, 2019	March 31, 2018	April 1, 2017
Current and non-current Borrowings (note 11)	392,392,929	200,327,839	174,474,292
Trade payables (note 13)	903,267,431	636,007,460	115,983,540
Other current financial liabilities (note 12)	250,326	-	-
Other current liabilities (note 14)	240,925,095	171,435,230	23,213,319

Gearing ratio (A/B)	62.81%	38.27%	24.48%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the lender to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

Further, no changes were made in the objectives, policies or process for managing capital during the years ended March 31, 2019 and March 31, 2018.

The Company is not subject to any externally imposed capital requirements.

Note 34 - Financial risk management

The Company's financial liabilities generally comprises of interest bearing borrowing, trade payables and other payables represented by advances received from dealers and other employee benefits. The main purpose of these financial liabilities is to raise finances for the company. The financial assets held by the company consist of trade receivables, balance with banks, investments and plan assets.

The company is mainly exposed to credit risk, liquidity risk and market risk. The board of directors reviews and agrees policies for managing each of these risks which are summarized below:

(i) Credit Risk

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. Currently the Company is not exposed to any significant credit risk from its operating activities.

Financial assets are written-off when there is no reasonable expectation of recovery, such as debtor failing to engage in a repayment plan with the Company. The Company provides some overdue outstanding institutional customers which are evaluated on a case to case basis. The Company's concentration of risk with respect to trade receivables is low, as its customer's base is widely spread across the length and breadth of the country

Exposure to credit risks	As at 31 March, 2019	As at 31 March, 2018	As at 31 March, 2017
Financial assets for which loss allowance is measured using Life time Expected Credit Losses (LECL)			
Trade receivables	18,905,367	-	-

(ii) Liquidity risk

The Company uses liquidity forecast tools to manage its liquidity. The Company is able to substantially fund its working capital from cash and cash equivalents, cash credit facilities and cash flow that is generated from operation. The Company believes that the working capital is sufficient to meet its current requirements.

(iii) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise two types of risk: currency rate risk and interest rate risk.

(a) Interest rate risk:

The company's interest rate risk arises due to restricted deposit with bank. The exposure to interest risk in relation to restricted deposits is between 6% to 9%. Restriction on such deposits is realized on the expiry of terms of respective arrangements.

(b) Foreign currency risk:

Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in exchange rates of any currency. The Company's exposure to the risks of changes in foreign exchange rates relates primarily to the Company's investments in foreign companies.

Note 35 - First time adoption of Ind AS**Transition to Ind AS**

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended 31 March 2019, the comparative information presented in these financial statements for the year ended 31 March 2018 and in the preparation of an opening Ind AS balance sheet at 1 April 2017 (the transition date). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provision of the Act (previous GAAP or Indian GAAP). Further, in view of the classification of current and non-current items adopted in accordance with the criteria specified in Ind AS 1 *Presentation of Financial Statements* the corresponding figures of the previous years have been appropriately reclassified wheresoever necessary. An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemptions

Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 *Intangible Assets*.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

A.2 Ind AS mandatory exceptions

A.2.1 Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP (after adjustments to reflect any difference in accounting policies) apart from certain new estimates that were not required under previous GAAP.

A.2.2 De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

The Company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

A.2.3 Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification of financial assets (debt instruments) in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date and the Company has followed the same.

A.2.4 Impairment of financial assets

The Company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind ASs, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.

A. Reconciliations between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

Note 36 Fair Value Hierarchy

The table shown below analyses financial instruments carried at fair value. The different levels have been defined below:-

Level 1: Quoted Prices (unadjusted) in active markets for identical assets or liabilities

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e. Derived from prices)

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs)

Description of significant unobservable input to valuation:

Valuation technique	Significant unobservable techniques
DCF Method	Interest saved approach

b) Financial instruments at amortized cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the value that would eventually be received or settled.

c) During the year there has been no transfer from one level to another

The management assessed that cash and cash equivalents, other bank balance, loans, trade payables and other financial instruments approximate their carrying amounts largely due to the short term maturities of these instruments.

Note 38 - Recent Accounting pronouncements

The Ministry of Corporate Affairs (MCA) vide notification dated 30 March 2019 has issued the Companies (Indian Accounting Standards) Amendment Rules, 2019 and has amended Ind AS 116 Lease classification of a lease contract in which acquiree is the lessor as either an operating lease or a finance lease in accordance with Ind AS 116 requires an entity to provide disclosures in the financial statement. On initial application of the amendment, entities are not required to provide comparative information for preceding periods. These amendments are effective for annual periods beginning on or after 1 April 2019. Application of this amendments will not have any recognition and measurement impact. However, it will require additional disclosure in the financial statements.

Note 39 - Previous year amounts have been re-grouped / re-casted wherever considered necessary, to make them comparable with those of the current year.

Note 40 - In the opinion of the Board of Directors, current assets have a value on realization in the ordinary course of business at least equal to the amount at which they are stated in the balance sheet and provisions for all known / expected liabilities have been made.

Note 41 - Approval of standalone financial statements

The standalone financial statements were approved for issue by the Board of Directors of the Company on 27 April 2019 subject to approval of shareholders.
