- 6) Members who have multiple accounts in identical names or joint accounts in the same order are requested to consolidate all such shareholdings into one account to facilitate better service.
- 7) Depository System – The Company, consequent to introduction of the Depository System, entered into agreements with National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL). Members, therefore, now have the option of holding and dealing in shares of the Company in electronic form through NSDL or CDSL. With effect from 26-12-2000 trading in shares of the Company on any Stock Exchange is permitted only in dematerialized form.
- 8) Individual shareholders can avail the facility of nomination. The nominee shall be the person in whose name all rights of transfer and / or amount payable in respect of shares shall lie in the event of the death of the shareholder and the joint holder(s), if any. A minor can be a nominee provided the name of the guardian is given in the Nomination Form. Non-individual including Society, Trust, Body Corporate, Partnership Firm, Karta of Hindu Undivided Family, holder of Power of Attorney cannot nominate. For further details in this regard shareholders may contact M/s Maheshwari Datamatics Pvt. Ltd., Registrars and Transfer Agents.

- 9) Members are requested to quote their account / folio number and in case their shares are held in dematerialized form, they must quote their Client ID Number and DP ID Number.
- 10) The Register of Members and Share Transfer Books of the Company shall remain closed from 10th September, 2022 to 17th September, 2022 (both days inclusive).
- 11) In compliance with the aforesaid MCA Circulars and SEBI Circular dated May 12, 2020, Notice of the AGM along with Annual Report 2021-22 is being sent only through electronic mode to those Members whose e-mail addresses are registered with the Company / Depository Participants. Members may note that the Notice and the Annual Report 2021-22 will also be available on the Company's website at www.smifscap.com, on the website of the Stock Exchanges i.e. BSE Limited at www.bseindia.com and on the website of CDSL i.e. www.evotingindia.com
- 12) Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
- 13) Unclaimed Dividend: It is observed that some Members have still not encashed their Dividend Warrants in respect of earlier years i.e. for the years ended 2015, 2016, 2017, 2018, 2019 and 2020. Such Members are requested to write to the Company / Registrars and obtain payment thereof.
- 14) The Members/ claimants whose shares, unclaimed dividend, sale proceeds of fractional shares etc. have been transferred to IEPF may claim the shares or apply for refund by making an application to IEPF Authority in Form IEPF -5(available on www.iepf.gov.in) along with requisite fee as decided by it from time to time. The Member / claimant can file only one consolidated claim in a financial year as per the IEPF Rules.
- 15) Investor Grievance Redressal: Company has an exclusive e-mail id, viz. cs.smifs@gmail.com for investors to register their grievances if any.
- 16) Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN detail to the Company/Registrars and Transfer Agents.
- 17) In compliance with the provisions of Section 108 of the Act and the Rules framed thereunder, as amended to date and Regulation 44 of the Listing Regulations, the Members are provided with the facility to cast their vote electronically, through the e-voting services provided by CDSL, on all the resolutions set forth in this Notice. The instructions for e-voting are given herein below. The remote e-voting period commences at 10.00 A.M. on Tuesday, 13th September, 2022 and ends at 5.00 P.M. (IST) on Friday, 16th September, 2022. During this period, Members holding shares either in physical or de-materialized form as on the Cut-Off Date i.e., Saturday, 10th September, 2022, may cast their votes electronically. The e-voting module shall be disabled by CDSL for voting thereafter. Those Members, who will be present in the AGM through VC / OAVM facility and have not cast their vote on the Resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system during the AGM.
- 18) Members holding shares in physical form are informed that Securities and Exchange Board of India has amended SEBI (Listing Obligations and Disclosure Requirements) Regulation

2015 which has come into force wherein except in cases of transmission or transposition of securities requests for effecting transfer of securities shall not be processed unless the securities are held in dematerialized form with a depository. Hence, members holding securities in physical form are requested to convert their holdings to dematerialised form to eliminate all risks associated with physical shares and for ease of portfolio management. Members can contact the Company's RTA for assistance in this regard.

- 19) Members who have not registered their e-mail address so far, are requested to register their e-mail address for receiving all communications including Annual Report, Notices, and Circulars etc. from the Company electronically.

The instructions for shareholders voting electronically are as under:

CDSL e-Voting System – For e-voting and Joining Virtual meetings.

1. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, , the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.

6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.smifscap.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
8. In continuation of this Ministry's **General Circular No. 20/2020**, dated 05th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January,13,2021.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on 13th September, 2022 (10:00 a.m.) and ends on 16th September, 2022 (5:00 p.m.). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Saturday, 10th September, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

The 11th day of May, 2022

Company Secretary-cum-Senior Manager Legal

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013.

Item No. 4.

Regulation 17(1A) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 notified on June 7, 2018 prescribes that no listed entity shall appoint a person or continue the Directorship of any person as a Non-Executive Director who has attained the age of 75 years (Seventy Five years) unless a Special Resolution is passed to that effect.

Mr. Santosh Kumar Mukherjee (DIN No. 00170646) who was appointed as an Independent Director of the Company by Special Resolution passed by Postal Ballot on 16th January, 2019 for a period of 5 years (five years) by way of Ordinary Resolution has attained the age of 75 years (Seventy Five years).

In view of the said provision of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, Nomination & Remuneration Committee in their meeting held on 11th May, 2022 discussed the matter and recommended the continuation of Directorship of the above Independent Director for the remaining period of his term.

Mr. Santosh Kumar Mukherjee is a Practising Chartered Accountant of repute earlier employed in the Banking Industry. He has profound depth in activities related to the Securities Market. Sri Mukherjee served as lecturer of a reputed commerce college at Kolkata for considerable period of time.

The above mentioned Independent Director is an expert in his field and his valuable experience and guidance is beneficial to the Company. Further the Number of Board Meetings attended by him during the Financial Year 2021-22 and his directorship in other Companies and Membership/ Chairmanship of Committee of other boards is provided in the Corporate Governance Report.

The Board of Directors based on the recommendation of Nomination & Remuneration Committee and considering benefits of the expertise of the aforesaid Independent Director, has recommended the resolution for approval of shareholders by way of Special Resolution.

Mr. Santosh Kumar Mukherjee and his wife, Mrs. Shila Mukherjee may be deemed to be concerned or interested in the proposed Resolution in so far as it relates to his own appointment. He holds 750 shares and his wife Mrs. Shila Mukherjee holds 1500 shares of the Company. None of the other Directors and Key Managerial Personnel of your Company or their relatives are, in any way, concerned or interested in the said Resolution.

Item No. 5.

Mrs. Pushpa Mishra (DIN No. 07898390) was appointed as an Independent, Non-Executive Director of the Company by the members at the 35th Annual General Meeting of the Company held on September 22, 2018 for a period of 5 (five) consecutive years commencing from 25th September, 2017 upto 24th September, 2022.

As per Section 149(10) of the Act, an Independent Director shall hold office for a term of upto five consecutive years on the Board of a Company, but shall be eligible for re-appointment on passing a Special Resolution by the Company for another term of upto 5 (five) consecutive years on the Board of a Company.

Mrs. Pushpa Mishra is a B. Com and B.A.LL.B with 17 years of experience as a Lawyer. Mrs. Mishra has vast experience in the field of Commercial Law, Company Law, Arbitration Laws, Constitution provisions and other allied Laws.

Based on recommendation of Nomination and Remuneration Committee at its meeting held on 11th May, 2022 and in terms of the provisions of Sections 149, 150, 152 read with Schedule IV and any other applicable provisions of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Mrs. Pushpa Mishra, being eligible for re-appointment as an Independent Director and offering herself for re-appointment, is proposed to be re-appointed as an Independent Director for second term of 5 (five) consecutive years from 25th September, 2022 till 20th September, 2027.

The Company has received declaration from her stating that she meets the criteria of Independence as prescribed under sub-section (6) of Section 149 of the Companies Act, 2013 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. She has also given her consent to continue to act as Director of the Company, if so appointed by the members.

In the opinion of the Board, Mrs. Pushpa Mishra fulfils the conditions specified under Section 149 (6) of the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for her re-appointment as an Independent, Non-Executive Director of the Company and is Independent of the management. Copy of the draft letter for re-appointment of Mrs. Pushpa Mishra as an Independent, Non-Executive Directors setting out terms and conditions would be available for inspection without any fee by the members at the Registered Office of the Company during normal business hours (10.00 am to 6:00 pm) on any working day, except Saturday till 16th September, 2022.

The Board considers that her continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mrs. Pushpa Mishra as an Independent Director. Further the Number of Board Meetings attended by her during the Financial Year 2021-22 and her directorship in other Companies and Membership/ Chairmanship of Committee of other boards is provided in the Corporate Governance Report.

Accordingly, the Board recommends passing of the Special Resolution in relation to re-appointment of Mrs. Pushpa Mishra as an Independent Director for another term of 5(five) consecutive years with effect from 25th September, 2022 till 20th September, 2027, for the approval by the shareholders of the Company.

Mrs. Pushpa Mishra may be deemed to be concerned or interested in the proposed Resolution in so far as it relates to her own appointment. She holds 150 shares of the Company. None of the other Directors and Key Managerial Personnel of your Company or their relatives are, in any way, concerned or interested in the said Resolution.

6. YEAR IN RETROSPECT AND FUTURE OUTLOOK

The pandemic has held the global economy hostage once again. Despite signs of moderation, record numbers of daily infections in several countries and consequent containment measures are denting the pace of economic activity, especially in contact-intensive sectors, even as supply disruptions persist and restrained workforce participation tightens the labour markets. Moreover also due to geopolitical tensions, prices of many commodities are at highly elevated levels and inflation is at a multi-decadal highs in a number of countries and the macroeconomic environment highly uncertain.

Notwithstanding a highly transmissible third wave driven by the Omicron variant of COVID-19, India is charting a different course of recovery from the rest of the world. India is poised to grow at the fastest pace year-on-year among major economies, according to projections of the International Monetary Fund (IMF). This recovery is supported by large-scale vaccination and sustained fiscal and monetary support.

Goods and services tax (GST) collections hit an all-time high of Rs. 1.68 lakh crore in April 2022, indicating strong economic activity despite multiple headwinds and better tax compliance. The April 2022 number is up 20% from the year earlier and ₹ 26,000 crores more than the previous highest of Rs. 1.42 lakh crore in March 2022 this year.

The hardening of crude oil prices, however, presents a major upside risk to the inflation outlook. Core inflation remains elevated, although the continuing pass through of tax cuts on petrol and diesel has helped to moderate input cost pressures to some extent. The increase in selling prices due to input costs inflation remains muted in view of the continuing slackness in demand. As risks

from Omicron wane and supply chain pressures moderate, there could be some softening of core inflation. CPI inflation for March 2022 was 6.95 percent and is estimated to reach 7.5 percent for April 2022.

Based on this assessment of the macroeconomic situation and the outlook, the policy repo rate was increased by 40 basis points to 4.40 percent. Consequently, the standing deposit facility (SDF) rate stands adjusted to 4.15 percent. It is expected that further increases in repo rate are on the anvil in the coming month.

The sharp acceleration in headline CPI inflation in March 2022 to 6.95 percent was propelled, in particular, by food inflation due to the impact of adverse spillovers from unprecedented high global food prices.

In keeping with the stance of withdrawal of accommodation and in line with the earlier announcement of gradual withdrawal of liquidity over a multi-year time frame, RBI has increased cash reserve ratio (CRR) by 50 basis points to 4.5 percent of net demand and time liabilities (NDTL). The withdrawal of liquidity through this increase in the CRR would be to the order of Rs. 87,000 crore.

Largely in response to the war in Ukraine and supply chain bottlenecks due to Covid induced lockdowns in various parts of China, IMF has sharply reduced world economic growth to 3.6 percent in calendar year 2022. The downswift in the global growth cycle is accompanied by a major upswing in the global inflation and interest-rate cycles. Federal reserve has also started hiking interest rates and withdrawing liquidity in U.S.A.

At the current juncture, the conduct of domestic monetary policy is primarily attuned to contain the evolving inflation while continuing with accommodative policy for fostering growth in the background of uncertain global developments and divergent monetary policy responses. Our monetary policy continues to be guided by its primary mandate of price stability over the medium term, while also encouraging a sustained economic recovery.

Our stock markets performed exceedingly well in the year 2021-22. However Foreign Institutional Investors sold equity shares from October 2021 to March 2022 to the tune of Rs. 2,31,315 Crores. Further in April 2022 the net FII's outflow was Rs. 40,652 Crores. However, such large selling has been largely absorbed by retail flow of savings into equities. The flow of household savings in equities has jumped in the year under review.

Your Company is registered as Category I Merchant Banker and executes assignments in areas of Mergers and Acquisitions, Debt Syndication, Placement of Equity Shares and Bonds.

7. LISTING OF THE SECURITIES OF THE COMPANY

Equity Shares of your Company continue to be listed on BSE Limited and The Calcutta Stock Exchange Limited and the listing fees for the year 2021-22 have been paid and 99.14 percent of the equity shares of your Company are held in dematerialized form.

14. AUDITORS

14.1 STATUTORY AUDITORS

In terms of the provisions of Section 139 of the Act read with the Companies (Audit and Auditors) Rules, 2014, an audit firm can hold office as statutory auditor for two terms of five consecutive years i.e. for a maximum period of ten years. They can be re-appointed after a cooling period of five years.

M/s S K Agarwal and Co Chartered Accountants LLP were appointed as the Statutory Auditors of the Company for a term of 4 years from the conclusion of the Thirty Fifth Annual General Meeting until the conclusion of the Thirty Ninth Annual General Meeting of the Company at a remuneration to be decided by the Board of Directors. Since the appointment of M/s SK Agarwal and Co. Chartered Accountants LLP expires as on 31-03-2022 and in compliance with the provisions of the Act, your Company can re-appoint M/s S.K Agarwal and Co Chartered Accountants LLP for second term of 5 consecutive years. The Board of Directors has, at its meeting held on 11th May, 2022, recommended the re-appointment of M/s. S K Agarwal and Co Chartered Accountants LLP, as the Statutory Auditors of your Company for second term of 5 consecutive years to hold office from the Thirty Ninth AGM until the conclusion of the Forty Fourth AGM of the Company.

Resolutions seeking your approval on these items are included in the Notice convening the AGM.

The observation made in the Auditor's Report are self-explanatory and therefore, do not call for any further comments under Section 134(3)(f) of the Act.

14.2 SECRETARIAL AUDIT

ANNEXURE TO DIRECTORS' REPORT MANAGEMENT DISCUSSION AND ANALYSIS

1. FINANCIAL STATEMENTS

Financial Statements are in compliance with the provisions of the Companies Act, 2013 and the Accounting Standards issued by ICAI. Readers are cautioned that this discussion may include “forward-looking statements” that are not historical in nature. Forward looking statements may include statements relating to future results, financial condition, business prospects, plans and objectives. Statements are based on current beliefs, assumptions, expectations, estimates and projections on the business segment in which your company operates. The statements do not guarantee positive performance, exposed to known and unknown uncertainties, many of which are beyond the control of your Company. Uncertainty could cause results to differ from forward-looking statements, which should not be construed as representation of future performance.

2. MACRO-ECONOMIC OVERVIEW

Our GDP growth of 9.2 percent in 2021-22 is modestly above the level of GDP in 2019-20. Private consumption, the mainstay of domestic demand, continues to trail pre-pandemic levels. The persistent increase in international commodity prices, surge in volatility in global financial markets and global supply bottlenecks can exacerbate risks to the outlook.

Going forward, government's thrust on capital expenditure and exports are expected to enhance productive capacity and strengthen aggregate demand. This would also crowd in private investment. The conducive financial conditions engendered by the RBI's policy actions will provide impetus to investment activity. Capacity utilisation is rising, and the outlook on business and consumer confidence remain in optimistic territory, which should support investment as well as consumption demand. The prospects for agriculture has brightened due to the likelihood of normal monsoon and on good progress of winter crop sowing.

Overall, there is some loss of the momentum in near-term growth with global factors turning adverse. Looking ahead, domestic growth drivers are gradually improving. Considering all these factors, real GDP growth is projected at 7.2 percent for 2022-23.

Goods and services tax (GST) collections hit an all-time high of ₹ 1.68 lakh crore in April 2022, indicating strong economic activity despite multiple headwinds and better tax compliance. The April 2022 number is up around 20 percent from the year earlier and ₹ 26,000 crore more than the previous highest of ₹ 1.42 lakh crore in March 2022 this year.

The hardening of crude oil prices, however, presents a major upside risk to the inflation outlook. Core inflation remains elevated, although the continuing pass through of tax cuts relating to petrol and diesel help to moderate input cost pressures to some extent. The transmission of input cost pressures to selling prices remains muted in view of the continuing slackness in demand. Further, as risks from Omicron wane and supply chain pressures moderate, there could be some softening of core inflation. CPI inflation in March 2022 was 6.95 percent and is estimated at 7.5 percent for April 2022.

Based on this assessment of the macroeconomic situation and the outlook, the policy repo rate was increased by 40 basis points to 4.40 percent. Consequently, the standing deposit facility

(SDF) rate stands adjusted to 4.15 percent. It is expected that further increase in repo rate is on the anvil in the coming months.

The sharp acceleration in headline CPI inflation in March 2022 to 6.95 percent was propelled, in particular, by food inflation due to the impact of adverse spillovers from unprecedented high global food prices.

Our Stock markets performed exceedingly well in the year 2021-22. However Foreign Institutional Investors sold equity shares from October 2021 to March 2022 to the tune of Rs. 2,31,315 Crores. Further in April 2022 the net FII's outflow was Rs. 40,652 Crores. However, such large selling has been largely absorbed by retail flow of savings into equities. The flow of household savings in equities has jumped in the year under review. Increase in number of demat accounts jumped 63 percent in last 12 months to 89.7 million in financial year 2021-22 and many new investors have started investing in stock markets.

In keeping with the stance of withdrawal of accommodation and in line with the earlier announcement of gradual withdrawal of liquidity over a multi-year time frame, RBI has increased cash reserve ratio (CRR) by 50 basis points to 4.5 percent of net demand and time liabilities (NDTL). The withdrawal of liquidity through this increase in the CRR would be to the order of Rs. 87,000 crore.

At the current juncture, the conduct of domestic monetary policy is primarily attuned to contain the evolving inflation while fostering growth through accommodative policy.

3. OPPORTUNITIES

A strong and well-functioning financial sector fortifies the foundations of growth and development. The Reserve Bank has accorded the highest priority to preserving financial stability by taking quick and decisive steps to ease liquidity constraints, restore market confidence and prevent contagion to other segments of the financial market.

Thus, despite the pandemic induced bouts of volatility, the Indian financial system has remained resilient and is now in a better position to meet the credit demands as recovery takes hold and investment activity picks up.

4. THREATS

Foreign Institutional Investors sold equity shares from October 2021 to March 2022 to the tune of Rs. 2,31,315 Crores. Further in April 2022 the net FII's outflow was Rs. 40,652 Crores. However, such large selling has been largely absorbed so far by retail flow of savings into equities. The demand and supply chains have been very adversely affected due to the ongoing pandemic Covid -19 and due to the war in Ukraine.

The risks are emerging from the domestic and external side, namely 1) a faster-than expected rise in inflation, which could create pressure for preemptive tightening; 2) increase in credit stress domestically and wider credit spreads, leading to tighter financial conditions, stalling growth recovery; 3) slowdown in global growth; 4) risk aversion in global capital markets, faster-than-anticipated tightening in global financial conditions; and 5) swings in global commodity prices.

Over last two years, global GDP growth averaged just 1.5 percent, well below the official global recession threshold, widely thought to be around 2.5 percent. Needless to say, if world

economic growth slows more toward that underlying trend instead of soft-landing glide path, then another global recession is possible.

5. FUTURE OUTLOOK

Your Company is a Category-I Merchant Banker and executes assignments in areas of Mergers and Acquisitions, Debt Syndication and Placement of Equity Shares and Bonds.

The second and third wave of pandemic COVID-19 had adversely affected our operations and also our clients. There is a possibility of fourth wave also coming in the second half of the current year. Again it is expected that RBI will increase interest rates and tighten liquidity to contain elevated inflation. Therefore, the outlook for the current year is uncertain.

6. GREEN INITIATIVE

Your Company has endeavored to popularize the initiative announced by the Central Government vide its Circular No. 17/2011 dated April 21, 2011 and Circular no. 18/2011 dated April 24, 2011. Your company took measures to send all documents in electronic mode to the members who have registered their email ID's with the Company / Registrar & Share Transfer Agent, a step towards achieving paperless statutory compliances.

7. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Internal control system adopted aimed at promoting operational efficiencies and emphasizing adherence to the policies adopted by the Board of Directors.

8. CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis describing your Company's position and expectations may be "forward looking statements" within the meaning of the applicable securities laws and regulations. Results could differ materially from the statements expressed or implied.

INDEPENDENT AUDITOR'S REPORT

To the Members of **SMIFS CAPITAL MARKETS LIMITED**

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **SMIFS CAPITAL MARKETS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, profit and total comprehensive income, changes in equity for the year and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Emphasis of Matter

We draw your attention to Note 47 to the Standalone Financial Statements which explains the management's assessment of the financial impact due to the lock-down and other restrictions and conditions related to the COVID - 19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve.

Our opinion is not modified in respect of the above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor's Response
1.	<p>Direct Tax provision</p> <p>Direct Tax provision</p> <p>Refer Note 13 and 32 to the standalone financial statements.</p> <p>In the normal course of business, "Income Taxes" is the amount of income taxes payable (recoverable) in respect of the taxable profit (tax loss) for a period.</p> <p>Management makes judgements and estimates in connection with tax issues and tax exposures resulting in the recognition of deferred tax assets and liabilities as well as the tax provisions.</p> <p>As the provision of direct taxes is highly dependent on significant management judgements,</p> <p>Accordingly, Direct Tax Provisions was considered as one of the Key Audit Matters.</p>	<p>Our procedures included: -</p> <p>Control testing:</p> <ul style="list-style-type: none"> - Testing the effectiveness of the controls around the recording and re-assessment of tax provisions. <p>Our tax expertise:</p> <ul style="list-style-type: none"> - Use of our own tax specialists to perform an assessment of the related correspondence, to consider the computation of tax provisions. - Challenging the assumptions using our own expectations based on our knowledge, considering relevant judgments passed by authorities, as well as assessing relevant opinions from third parties. <p>Assessing disclosures:</p> <p>Considering the adequacy of the disclosures in respect of tax and uncertain tax positions, the results of our testing were satisfactory, and we found the level of tax provisioning and the adequacy of disclosures to be acceptable</p>
	<p>Valuation of investment in certain equity interests of listed and unlisted company</p> <p>Refer note 3 to the standalone financial statements.</p> <p>The investment in certain equity interests of a listed and unlisted company (the 'investment') are to be measured at fair value at each reporting date, and same has been measured at fair value through other comprehensive income.</p> <p>With reference to the valuation, management had estimated the fair value of the Investment at Rs. 8, 502.14 lacs at year end.</p> <p>In consideration of the Investment is operating in an emerging industry and its fair value is highly dependent on significant management judgements. Accordingly, the valuation of the Investment was considered as one of the key audit matters</p>	<p>Based on the audit procedures performed, we found the assumptions made by management in relation to the valuation were supported by available evidence.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report and Shareholder's Information but does not include the standalone financial statements and our auditor's report thereon. The Board's report including annexures to the Board's report and Shareholder's Information is expected to be made available to us after to date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance total comprehensive income, changes in equity and cash flow of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, based on our audit we report that:
 - i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - ii. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - iii. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - iv. In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - v. On the basis of the written representations received from the directors as on 31st March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - vi. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - vii. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended we report that:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
3. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company does not have any pending litigation which would impact its financial position in its standalone financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

- d. I) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- II) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- III) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under d(I) and d(II) above contain any material misstatement.
- e. No dividend has been paid or declared by the company during the year.

- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans, and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. To the best of our knowledge, section 135 of the said Companies Act, 2013 is not applicable to the company and accordingly, reporting under clause 3(xx)(a) and (b) of the Order is not applicable for the year.

ANNEXURE - B TO THE AUDITORS' REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **SMIFS CAPITAL MARKETS LIMITED** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **SMIFS CAPITAL MARKETS LIMITED** ('the Company') as of 31st March 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting

principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

The Company Information

SMIFS Capital markets Limited (the “Company”) is a public limited company incorporated and domiciled in India and has its registered office at Vaibhav, 4F, 4, Lee Road, Kolkata - 700 020, India. The Company is listed on the BSE Limited and Calcutta Stock Exchange Limited. The company is engaged mainly in merchant banking and trading in government securities and shares.

The financial statements for the year ended March 31, 2022 were approved by the Board of Directors and authorised for issue on 11th May 2022.

Note: 1 Significant accounting policies

a) Statement of Compliance

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under the companies (Indian Accounting Standards) Rules, 2015 as amended by companies (Indian Accounting Standards) (Amendment) Rules, 2016, the relevant provisions of Companies Act, 2013 (“the Act”)

The financial statements are presented in Indian Rupees (in Lakhs) except otherwise indicated.

b) Basis of Preparation

The Financial Statements of the Company have been prepared on historical cost convention under accrual method of accounting and as a going concern concept except for certain assets and liabilities which are measured at fair values as required by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as per the Company’s normal operating cycle and the other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current and noncurrent classification of assets and liabilities.

Adoption of new Indian Accounting Standards and interpretations

Effective 1st April 2019, Ind AS 116 replaces the existing standard Ind AS 17 and specifies how an entity will recognise, measure, present and disclose leases. The standard provides a single lease accounting model, requiring lessees to recognise a right of use asset (“ROU asset”) and a corresponding liability on the lease commencement date. It provides exemption for leases with lease term of 12 months or less or the underlying asset has a low value.

The Company has applied Ind AS 116. The Company has assessed the effect of the new standard and has concluded that the application of Ind AS 116 has not had significant effect on recognition and measurement of revenue.

c) Use of estimates

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, and future periods affected.

d) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation/amortization and impairment, if any. Freehold land is disclosed at cost less impairment, if any. Cost comprises of purchase price and directly attributable cost of acquisition/ bringing the asset to its working condition for its intended use (net of credit availed, if any). Capital work in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.

Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a written down value basis over the useful lives as prescribed under Schedule II to the Companies Act, 2013.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company.

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition. Depreciation on deductions/disposals is provided on a pro-rata basis up to the month preceding the month of deduction/disposal.

e) Impairment of Non-financial assets

The Company assesses at each reporting date whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called cash generating unit may be impaired. If any such indication exists the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount.

f) Inventories

Inventories consisting of shares and securities have been individually valued script wise at lower of cost and market rate, in case they are quoted. Other stock-in-trade are valued at cost/ net

asset value whichever is lower or where balance sheet of investee Company is not available for past two years, value of such unquoted Stock-in-trade have been taken at rupee one per share as per prudential norms issued by the Reserve Bank of India.

g) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale and borrowing costs are being incurred. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

h) Provisions, Contingent liabilities and Contingent Assets

Provisions are recognised when there is a present obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made. Provisions are not discounted to its present value and are determined based on the best estimate required to settle the obligation at each Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the best current estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non -occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

i) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts, volume rebates, and goods and service tax. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company regardless of when the payment is being made.

Interest Income

Income from interest on deposits, loan and interest bearing securities is recognised on a time proportion basis taking into account the underlying interest rate.

Dividend income

Dividend income is recognised at the time when right to receive the payment is established, which is generally, when the shareholders approve the dividend.

j) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities (including MAT) attributable to temporary differences and to unused tax losses.

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

k) Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

l) Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial Assets

Initial Recognition

All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- entity's business model for managing the financial assets and
- contractual cash flow characteristics of the financial asset.

Debt Instruments

Amortised Cost

A financial asset is subsequently measured at amortise cost, if the financial asset is held within a business model, whose objective is to hold the asset in order to collect contractual cash flow and the contractual term of financial asset give rise on specified date to cash flow that are solely payment of principal and interest on principal amount outstanding.

Fair Value through Other Comprehensive Income

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

Fair Value through Profit or Loss

A financial asset is classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Equity Instruments

All investments in equity instruments classified under financial assets are measured at fair value. The company, in respect of equity investments which are not held for trading, made an irrevocable election based on its judgment to present in other comprehensive income subsequent changes in the fair value (FVOCI) of such equity instrument. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

Financial Liabilities

Initial Recognition

Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

Derecognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the contractual rights to receive the cash flows from the asset.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

m) Fair value measurements

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability.

Or

- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

n) Employee benefits

Defined contributions plan

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution, in respect of certain employees, is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

Defined benefit plans

The Company's Liabilities on account of Gratuity and Earned Leave on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from Registered Actuary in accordance with the measurement procedure as per Indian Accounting Standard (Ind AS) -19., 'Employee Benefits' The gratuity liability is covered through a policy taken by a trust established under the group gratuity scheme with Life Insurance Corporation of India (LIC). The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

The Defined Benefit Plan can be short term or Long terms which are defined below:

(i) Short term Employee benefit

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefits obligations in the balance sheet.

(ii) Long term Employee benefits

Compensated absences which are not expected to occur within 12 months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

o) Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

p) Borrowings

Borrowings are measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

q) Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

r) Investment in subsidiary

Investment in subsidiary is shown at deemed cost. Further where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss, if any. On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of profit and loss, if any.

s) Business Combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations. The Cost of acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Company. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition.

t) Recent accounting pronouncements

As at the date of issue of financial statements, there are no new standards or amendments which have been notified by the MCA but not yet adopted by the Company. Hence, the disclosure is not applicable.

Note : 34 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using other valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Note : 38 Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include Investment in equity instruments, Investment in preference shares, Investment in debentures, trade and other receivables, and cash & cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. This financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risks. The value of a financial instrument may change as a result of changes in the interest rates, equity price fluctuations and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with fixed interest rates. The Company is carrying its borrowings primarily at fixed rate.

Particulars	₹ in Lakhs	
	<u>31st March 2022</u>	<u>31st March 2021</u>
Fixed rate borrowings	4.20	17.59

(ii) Equity Price risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities. The fair value of Company's investment in quoted equity securities as at March 31, 2022 and March, 2021 was ₹1623.76 lacs, ₹1272.39 lacs respectively. A 10% change in equity price as at March 31, 2022 and March 2021 would result in an impact of ₹162.38 lacs, ₹127.24 lacs respectively.

(Note: The impact is indicated on equity before consequential tax impact, if any).

(B) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument leading to a financial loss. The Company is exposed to credit risk from its financing activities, investment in mutual funds and other financial instruments.

(i) Trade receivables

Customer credit risk is managed by each business location subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed and individual credit limits are defined in accordance with the assessment both in terms of number of days and amount. Any Credit risk is curtailed with arrangements with third parties.

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 08. The Company does not hold collateral as security.

(ii) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investment of surplus funds are made only with approved counterparties. The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2022 and 31 March 2021 is the carrying value as illustrated in Note 37.

(C) Liquidity risk

Liquidity risk refer to the risk that the Company may not able to meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per the requirement. . The Company maintains its surplus funds, if any, in deposits / balances which carry low market risk. The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

INDEPENDENT AUDITORS' REPORT

To the Members of SMIFS CAPITAL MARKETS LIMITED

Report on the audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **SMIFS CAPITAL MARKET LIMITED** ("the Parent company") and its subsidiary (the parent company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditor on separate financial statements of subsidiary referred to in the Other Matters paragraph below, and read with our comments in the Emphasis of Matter paragraph below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2022, and consolidated profit, consolidated total comprehensive income, consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw your attention to Note 47 to the Consolidated Financial Statements which explains the management's assessment of the financial impact due to the lock-down and other restrictions and conditions related to the COVID - 19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve.

Our opinion is not modified in respect of the above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No. Key Audit Matter	Auditor's Response
<p>Direct Tax provision</p> <p>Refer Note 13 and 33 to the consolidated financial statements.</p> <p>In the normal course of business, "Income Taxes" is the amount of income taxes payable (recoverable) in respect of the taxable profit (tax loss) for a period.</p> <p>Management makes judgements and estimates in connection with tax issues and tax exposures resulting in the recognition of deferred tax assets and liabilities as well as the tax provisions.</p> <p>As the provision of direct taxes is highly dependent on significant management judgements,</p> <p>Accordingly, Direct Tax Provisions was considered as one of the Key Audit Matters.</p>	<p>Our procedures included: -</p> <p>Control testing:</p> <ul style="list-style-type: none"> - Testing the effectiveness of the controls around the recording and re-assessment of tax provisions. <p>Our tax expertise:</p> <ul style="list-style-type: none"> - Use of our own tax specialists to perform an assessment of the related correspondence, to consider the computation of tax provisions. - Challenging the assumptions using our own expectations based on our knowledge, considering relevant judgments passed by authorities, as well as assessing relevant opinions from third parties. <p>Assessing disclosures:</p> <p>Considering the adequacy of the disclosures in respect of tax and uncertain tax positions.</p> <p>The results of our testing were satisfactory, and we found the level of tax provisioning and the adequacy of disclosures to be acceptable.</p>
<p>Valuation of investment in certain equity interests of listed and unlisted company</p> <p>Refer note 3 to the consolidated financial statements.</p> <p>The investment in certain equity interests of a listed and unlisted company (the 'investment') are to be measured at fair value at each reporting date, and same has been measured at fair value through other comprehensive income.</p> <p>With reference to the valuation, management had estimated the fair value of the Investment at Rs. 8,140.36 lacs at year end.</p> <p>In consideration of the Investment is operating in an emerging industry and its fair value is highly dependent on significant management judgements. Accordingly, the valuation of the Investment was considered as one of the key audit matters.</p>	<p>Based on the audit procedures performed, we found the assumptions made by management in relation to the valuation were supported by available evidence.</p>

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Parent Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report in the Annual Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's reports thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiary audited by the other auditor, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditor and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiary, is traced from their financial statements audited by the other auditor.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013 we are also responsible for expressing our opinion on whether the company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements. We are also responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditor, such other auditor remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Parent Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements/financial information of one Subsidiary, whose financial statements/financial information reflect total assets of ₹ 651.41 Lakhs as at 31st March 2022, total revenue of ₹18.64 Lakhs and net profit before tax amounting to ₹ 3.34 Lakhs for the year ended on that date, as considered in the consolidated Ind AS financial statements. This financial statements / financial information have been audited by other auditor whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements in so far as it relates to the amounts and disclosures included in respect of the subsidiary is based solely on the reports of such other auditor.

Our opinion on the consolidated Ind AS financial statements, and our report on other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditor on the separate financial statements / financial information of the subsidiary referred to in the Other Matters section above we report, to the extent applicable that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditor.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued there under.
 - e. On the basis of the written representations received from the directors of the Parent Company as on 31st March 2022 taken on record by the Board of Directors of the Parent Company, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in “**Annexure A**” which is based on the auditors' reports of the Parent and subsidiary company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.

- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us and based on the auditor's reports of subsidiary company incorporated in India, the remuneration paid by the Parent to its directors and such subsidiary company to its respective directors during the year is in accordance with the provisions of section 197 of the Act.

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. There were no pending litigations which would impact the consolidated financial position of the Group.
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

ANNEXURE -A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **SMIFS CAPITAL MARKETS LIMITED** of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **SMIFS CAPITAL MARKET LIMITED** (hereinafter referred to as "the Parent Company"), its subsidiary company, which is incorporated in India as of 31st March 2022 in conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent Company and its subsidiary company, which is incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company and its subsidiary's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the subsidiary company, which is a company incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent and its subsidiary company, which is a company incorporated in India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Parent Company and its subsidiary which is incorporated in India in so far as it relates to separate financial statements of one subsidiary is based on the corresponding reports of the auditor of such subsidiary which is incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditor referred to in the Other Matters paragraph, the Parent and its subsidiary company, which is a company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

SMIFS CAPITAL MARKETS LIMITED

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Corporate Information

The Consolidated financial statements comprise financial statements of SMIFS Capital Markets Ltd (the “Company”) and its subsidiary (collectively, “the Group”) for the year ended 31st March 2022. The Company is a public limited company incorporated and domiciled in India and has its registered office at Vaibhav, 4F, 4, Lee Road, Kolkata - 700 020, India. The Company is listed on the BSE Limited and Calcutta Stock Exchange Limited. The company is engaged mainly in merchant banking and trading in government securities and shares.

The financial statements for the year ended March 31, 2022 were approved by the Board of Directors and authorised for issue on 11th May 2022.

Note: 1 Significant accounting policies

a) Statement of Compliance

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under the companies (Indian Accounting Standards) Rules, 2015 as amended by companies (Indian Accounting Standards) (Amendment) Rules, 2016, the relevant provisions of Companies Act, 2013 (“the Act”)

The Financial statements are presented in Indian Rupees (in lakhs) except otherwise indicated.

b) Basis of preparation of financial statements

The Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) 110- “Consolidated Financial statements” issued by the Institute of Chartered Accountants of India.

The Financial Statements of the Group have been prepared on historical cost convention under accrual method of accounting and as a going concern concept except for certain assets and liabilities which are measured at fair values as required by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as per the Group’s normal operating cycle and the other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. The Group has ascertained its operating cycle as 12 months for the purpose of current and noncurrent classification of assets and liabilities.

c) Basis of Consolidation

The consolidated financial statements relate to the SMIFS Capital Markets Limited (“the Company”) and its wholly owned subsidiary Company.

The financial statements of the Company and its subsidiary Company have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, incomes and expenses, after fully eliminating inter-company balances and transactions including unrealized profits or losses.

The consolidated financial statements are prepared by adopting uniform accounting policies for like transactions and events in similar circumstances and are presented to the extent possible, in the same manner as the Company’s separate financial statements.

SMIFS CAPITAL MARKETS LIMITED

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Adoption of new Indian Accounting Standards and interpretations

Effective 1st April 2019, Ind AS 116 replaces the existing standard Ind AS 17 and specifies how an entity will recognise, measure, present and disclose leases. The standard provides a single lease accounting model, requiring lessees to recognise a right of use asset ("ROU asset") and a corresponding liability on the lease commencement date. It provides exemption for leases with lease term of 12 months or less or the underlying asset has a low value.

The Company has applied Ind AS 116. The Company has assessed the effect of the new standard and has concluded that the application of Ind AS 116 has not had significant effect on recognition and measurement of revenue.

d) Use of estimates

In preparation of the financial statements, the Group makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, and future periods affected.

e) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation/amortization and impairment, if any. Freehold land is disclosed at cost less impairment, if any. Cost comprises of purchase price and directly attributable cost of acquisition/ bringing the asset to its working condition for its intended use (net of credit availed, if any). Capital work in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

On transition to Ind AS, the entity has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.

Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a written down value basis over the useful lives as prescribed under Schedule II to the Companies Act, 2013.

SMIFS CAPITAL MARKETS LIMITED

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Group, or the number of production or similar units expected to be obtained from the asset by the Group.

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition. Depreciation on deductions/disposals is provided on a pro-rata basis up to the month preceding the month of deduction/disposal.

f) Impairment of Non-financial assets

The Group assesses at each reporting date whether there is any indication the any property, plant and equipment and intangible assets or group of assets, called cash generating unit may be impaired. If any such indication exists the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount.

g) Inventories

Inventories consisting of shares and securities has been individually valued script wise at lower of cost and market rate, in case they are quoted. Other stock-in-trade are valued at cost/ net asset value whichever is lower or where balance sheet of investee Company is not available for past two years, value of such unquoted Stock-in-trade have been taken at rupee one per share as per prudential norms issued by the Reserve Bank of India.

h) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale and borrowing costs are being incurred. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

i) Provisions, Contingent liabilities and Contingent Assets

Provisions are recognised when there is a present obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made. Provisions are not discounted to its present value and are determined based on the best estimate required to settle the obligation at each Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the best current estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non -occurrence of one or more uncertain future events not wholly within the control of the Group.

SMIFS CAPITAL MARKETS LIMITED

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

j) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts, volume rebates, and goods and service tax. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company regardless of when the payment is being made.

Interest Income

Income from interest on deposits, loan and interest bearing securities is recognised on a time proportion basis taking into account the underlying interest rate.

Dividend income

Dividend income is recognised at the time when right to receive the payment is established, which is generally, when the shareholders approve the dividend.

k) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities (including MAT) attributable to temporary differences and to unused tax losses.

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

l) Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

m) Financial instruments

Financial assets and financial liabilities are recognised when a Group becomes a party to the contractual provisions of the instruments.

Financial Assets

Initial Recognition

All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition

Classification and Subsequent Measurement: Financial Assets

The Group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- entity's business model for managing the financial assets and
- contractual cash flow characteristics of the financial asset.

Debt Instruments

Amortised Cost

A financial asset is subsequently measured at amortise cost, if the financial asset is held within a business model, whose objective is to hold the asset in order to collect contractual cash flow and the contractual term of financial asset give rise on specified date to cash flow that are solely payment of principal and interest on principal amount outstanding.

Fair Value through Other Comprehensive Income

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

Fair Value through Profit or Loss

A financial asset is classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

SMIFS CAPITAL MARKETS LIMITED

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Equity Instruments

All investments in equity instruments classified under financial assets are measured at fair value. The Group, in respect of equity investments, which are not held for trading, made an irrevocable election based on its judgment to present in other comprehensive income subsequent changes in the fair value (FVOCI) of such equity instrument. The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Group has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

Financial Liabilities

Initial Recognition

Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Group recognises a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Group follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Group to track changes in credit risk. The Group calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

Derecognition of financial instruments

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the contractual rights to receive the cash flows from the asset.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

SMIFS CAPITAL MARKETS LIMITED

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

n) Fair value measurements

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability.

Or

-In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

o) Employee benefits

Defined contributions plan

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Group's provident fund contribution, in respect of certain employees, is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Group has no further defined obligations beyond the monthly contributions.

Defined benefit plans

The Group's Liabilities on account of Gratuity and Earned Leave on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from Registered Actuary in accordance with the measurement procedure as per Indian Accounting Standard (Ind AS) -19., 'Employee Benefits' The gratuity liability is covered through a policy taken by a trust established under the group gratuity scheme with Life Insurance Corporation of India (LIC). The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

SMIFS CAPITAL MARKETS LIMITED

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

The Defined Benefit Plan can be short term or Long terms which are defined below:

(i) Short term Employee benefit

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefits obligations in the balance sheet.

(ii) Long term Employee benefits

Compensated absences which are not expected to occur within 12 months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

p) Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Group's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

q) Borrowings

Borrowings are measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

r) Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

SMIFS CAPITAL MARKETS LIMITED

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

s) Business Combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations. The Cost of acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Group. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition.

t) Recent accounting pronouncements

As at the date of issue of financial statements, there are no new standards or amendments which have been notified by the MCA but not yet adopted by the Company. Hence, the disclosure is not applicable.

A large, faint watermark of the SMIFS logo is centered on the page. It consists of the word 'SMIFS' in a bold, sans-serif font, with a stylized crown or shield shape above and below it, all in a light pink color.

Note : 35 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using other valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Note : 39 Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include Investment in equity instruments, Investment in preference shares, Investment in debentures, trade and other receivables, and cash & cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. This financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risks. The value of a financial instrument may change as a result of changes in the interest rates, equity price fluctuations and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with fixed interest rates. The Company is carrying its borrowings primarily at fixed rate.

Particulars	31st March 2022	31st March 2021
Fixed rate borrowings	4.20	17.59

(ii) Equity Price risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities. The fair value of Company's investment in quoted equity securities as at March 31, 2022, and March, 2021 was ₹1624.42 lakhs, ₹1273.10 lakhs respectively. A 10% change in equity price as at March 31, 2022 and March, 2021 would result in an impact of ₹162.44 lakhs, ₹127.31 lakhs respectively.

(Note: The impact is indicated on equity before consequential tax impact, if any).

(B) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument leading to a financial loss. The Company is exposed to credit risk from its financing activities, investment in mutual funds and other financial instruments.

(i) Trade receivables

Customer credit risk is managed by each business location subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed and individual credit limits are defined in accordance with the assessment both in terms of number of days and amount. Any Credit risk is curtailed with arrangements with third parties .

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 09. The Company does not hold collateral as security.

SMIFS CAPITAL MARKETS LIMITED

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

(ii) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investment of surplus funds are made only with approved counterparties. The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2022 and 31 March 2021 is the carrying value as illustrated in Note 38.

(C) Liquidity risk

Liquidity risk refer to the risk that the Company may not able to meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per the requirement. The Company maintains its surplus funds, if any, in deposits / balances which carry low market risk. The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

INDEPENDENT AUDITORS' REPORT

To the Members of SMIFS CAPITAL SERVICES LIMITED

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **SMIFS CAPITAL SERVICES LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, profit and total comprehensive income, changes in equity for the year and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Emphasis of Matter

We draw your attention to Note 35 to the Standalone Financial Statements which explains the management's assessment of the financial impact due to the lock-down and other restrictions and conditions related to the COVID - 19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve.

Our opinion is not modified in respect of the above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No. Key Audit Matter	Auditor's Response
<p>Direct Tax provision</p> <p>Refer Note 10 and 22 to the standalone financial statements.</p> <p>In the normal course of business, "Income Taxes" is the amount of income taxes payable (recoverable) in respect of the taxable profit (tax loss) for a period.</p> <p>Management makes judgements and estimates in connection with tax issues and tax exposures resulting in the recognition of deferred tax assets and liabilities as well as the tax provisions.</p> <p>As the provision of direct taxes is highly dependent on significant management judgements, Accordingly, Direct Tax Provisions was considered as one of the Key Audit Matters.</p>	<p>Our procedures included: -</p> <p>Control testing:</p> <ul style="list-style-type: none"> - Testing the effectiveness of the controls around the recording and re-assessment of tax provisions. <p>Our tax expertise:</p> <ul style="list-style-type: none"> - Use of our own tax specialists to perform an assessment of the related correspondence, to consider the computation of tax provisions. - Challenging the assumptions using our own expectations based on our knowledge, considering relevant judgments passed by authorities, as well as assessing relevant opinions from third parties. <p>Assessing disclosures:</p> <p>Considering the adequacy of the disclosures in respect of tax and uncertain tax positions, the results of our testing were satisfactory, and we found the level of tax provisioning and the adequacy of disclosures to be acceptable</p>
<p>Valuation of investment in certain equity interests of listed and unlisted company</p> <p>Refer note 3 to the standalone financial statements.</p> <p>The investment in certain equity interests of a listed and unlisted company (the 'investment') are to be measured at fair value at each reporting date, and same has been measured at fair value through other comprehensive income.</p> <p>With reference to the valuation, management had estimated the fair value of the Investment at ₹ 388.23 lakhs at year end.</p> <p>In consideration of the Investment is operating in an emerging industry and its fair value is highly dependent on significant management judgements. Accordingly, the valuation of the Investment was considered as one of the key audit matters</p>	<p>Based on the audit procedures performed, we found the assumptions made by management in relation to the valuation were supported by available evidence.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report and Shareholder's Information but does not include the Standalone Financial Statements and our auditor's report thereon. The Board's report including annexures to the Board's report and Shareholder's Information is expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, based on our audit we report that:
 - i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - ii. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - iii. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - iv. In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - v. On the basis of the written representations received from the directors as on 31st March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - vi. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - vii. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended we report that:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
3. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company does not have any pending litigation which would impact its financial position in its standalone financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- d. l) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned

- or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- II) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- III) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under d(I) and d(II) above contain any material misstatement.
- e. No dividend has been paid or declared by the company during the year.

- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, funds raised on short term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary.
- (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised any money by way of initial public offer and further public offer (including debt instruments) during the year.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) To the best of our knowledge, No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year (and up to the date of this report), while determining the nature, timing and extent of our audit procedures.
- xii. The company is not a Nidhi Company. Accordingly, clause (xii) of paragraph 3 of the Order is not applicable.

- xvii. The company has not incurred cash losses in current financial year and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans, and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. To the best of our knowledge, section 135 of the said Companies Act, 2013 is not applicable to the company and accordingly, reporting under clause 3(xx)(a) and (b) of the Order is not applicable for the year.

ANNEXURE - B TO THE AUDITORS' REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **SMIFS CAPITAL SERVICES LIMITED** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **SMIFS CAPITAL SERVICES LIMITED** ('the Company') as of 31st March 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that

transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SMIFS CAPITAL SERVICES LIMITED

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

The Company Information

SMIFS CAPITAL SERVICES LIMITED (the “Company”) is a public limited company incorporated and domiciled in India and has its registered office at Vaibhav, 4F, 4, Lee Road, Kolkata - 700 020, India.

The financial statements for the year ended March 31 2022 were approved by the Board of Directors and authorised for issue on 11th May 2022.

Note: 1 Significant accounting policies

a) Statement of Compliance

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under the companies (Indian Accounting Standards) Rules, 2015 as amended by companies (Indian Accounting Standards) (Amendment) Rules, 2016, the relevant provisions of Companies Act, 2013 (“the Act”)

The financial statements are presented in Indian Rupees (in Lakhs) except otherwise indicated.

b) Basis of Preparation

The Financial Statements of the Company have been prepared on historical cost convention under accrual method of accounting and as a going concern concept except for certain assets and liabilities which are measured at fair values as required by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as per the Company’s normal operating cycle and the other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current and noncurrent classification of assets and liabilities.

Adoption of new Indian Accounting Standards and interpretations

Effective 1st April 2019, Ind AS 116 replaces the existing standard Ind AS 17 and specifies how an entity will recognise, measure, present and disclose leases. The standard provides a single lease accounting model, requiring lessees to recognise a right of use asset (“ROU asset”) and a corresponding liability on the lease commencement date. It provides exemption for leases with lease term of 12 months or less or the underlying asset has a low value.

The Company has applied Ind AS 116. The Company has assessed the effect of the new standard and has concluded that the application of Ind AS 116 has not had significant effect on recognition and measurement of revenue.

c) Use of estimates

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected.

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

d) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation/amortization and impairment, if any. Freehold land is disclosed at cost less impairment, if any. Cost comprises of purchase price and directly Property, plant and equipment are stated at cost less accumulated depreciation/amortization and impairment, if any. Freehold land is disclosed at cost less impairment, if any. Cost comprises of purchase price and directly attributable cost of acquisition/bringing the asset to its working condition for its intended use (net of credit availed, if any). Capital work in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.

Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a written down value basis over the useful lives as prescribed under Schedule II to the Companies Act, 2013.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company.

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition. Depreciation on deductions/disposals is provided on a pro-rata basis up to the month preceding the month of deduction/disposal.

e) Impairment of Non-financial assets

The Company assesses at each reporting date whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called cash generating unit may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

f) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction

SMIFS CAPITAL SERVICES LIMITED

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale and borrowing costs are being incurred. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

g) Provisions, Contingent liabilities and Contingent Assets

Provisions are recognised when there is a present obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made. Provisions are not discounted to its present value and are determined based on the best estimate required to settle the obligation at each Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the best current estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non -occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

h) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts, volume rebates, and goods and service tax. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company regardless of when the payment is being made.

(i) Interest Income

Income from interest on deposits, loan and interest bearing securities is recognised on a time proportion basis taking into account the underlying interest rate.

(j) Dividend income

Dividend income is recognised at the time when right to receive the payment is established, which is generally when the shareholders approve the dividend.

(k) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities (including MAT) attributable to temporary differences and to unused tax losses.

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the

SMIFS CAPITAL SERVICES LIMITED

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

(l) Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(m) Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial Assets

Initial Recognition

All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- entity's business model for managing the financial assets and
- contractual cash flow characteristics of the financial asset.

Debt Instruments

Amortised Cost

A financial asset is subsequently measured at amortise cost, if the financial asset is held within a business model, whose objective is to hold the asset in order to collect contractual cash flow and the contractual term of financial asset give rise on specified date to cash flow that are solely payment of principal and interest on principal amount outstanding.

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Fair Value through Other Comprehensive Income

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

Fair Value through Profit or Loss

A financial asset is classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Equity Instruments

All investments in equity instruments classified under financial assets are measured at fair value. The company in respect of equity investments, which are not held for trading made an irrevocable election based on its judgment to present in other comprehensive income subsequent changes in the fair value (FVOCI) of such equity instrument. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

Financial Liabilities

Initial Recognition

Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Derecognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the contractual rights to receive the cash flows from the asset.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(n) Fair value measurements

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability.

Or

- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(o) Employee benefits

Defined contributions plan

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution, in respect of certain employees, is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

SMIFS CAPITAL SERVICES LIMITED

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Defined benefit plans

The Company's Liabilities on account of Gratuity and Earned Leave on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from Registered Actuary in accordance with the measurement procedure as per Indian Accounting Standard (Ind AS) -19., 'Employee Benefits.' The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

The Defined Benefit Plan can be short term or Long terms which are defined below:

(i) Short term Employee benefit

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefits obligations in the balance sheet.

(ii) Long term Employee benefits

Compensated absences which are not expected to occur within 12 months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

(p) Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

(q) Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(r) Recent accounting pronouncements

As at the date of issue of financial statements, there are no new standards or amendments which have been notified by the MCA but not yet adopted by the Company. Hence, the disclosure is not applicable.

Note : 24 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using other valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

SMIFS CAPITAL SERVICES LIMITED

NOTES ON STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Note : 27 Financial risk management objectives and policies

In the Course of its business , the Company is exposed to a variety of financial risk, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy to cover financial risk : Market risk, Credit risk and Liquidity risk associated with financial assets and liabilities. The risk management policies is reviewed by Board of Director periodically and required mitigation steps are taken.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risks. The value of a financial instrument may change as a result of changes in the interest rates, equity price fluctuations and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

(i) Equity Price risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities. The fair value of Company's investment in quoted equity securities as at March 31, 2022 and March,2021 was ₹ 0.66 lacs and ₹ 0.71 lacs respectively. A 10% change in equity price as at March 31, 2022 and March, 2021 would result in an impact of ₹ 0.06 lacs and ₹ 0.07 lacs respectively.

(Note: The impact is indicated on equity before consequential tax impact, if any).

(B) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument leading to a financial loss. The Company is exposed to credit risk from its financing activities, investment in mutual funds and other financial instruments.

(C) Liquidity risk

The Company monitors its risk of a shortage of funds by estimating the future cash flows. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, cash credit facilities and bank loans. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low
