Dear Sir/Madam,

**Sub.: Updates on Business operations**

Please take note that the Company has been facing challenges on account of frequent disruption of business operations at a few of its warehouses including the largest warehouse situated at MIHAN – Nagpur. The said disruption is mainly due to non-payment/ part payments to the labour and on-roll manpower who are intermittently disrupting the business activities at various warehouse locations mentioned above.

The Company has been requesting its Bank to release certain critical payments out of available funds in its accounts, such as payment of rent, labour wages, salary etc. to ensure continuity of the business operations, since the Company has not made any default in repayment of its loan obligation so far.

The management apprehends that prolonged disruption/ termination of contracts by clients would adversely affect the business operations which would ultimately disturb the ability of the Company to service various obligations, monetary or otherwise.

Kindly take the above information on record.

Yours faithfully,

For Future Supply Chain Solutions Limited

Company Secretary
