ABOUT US

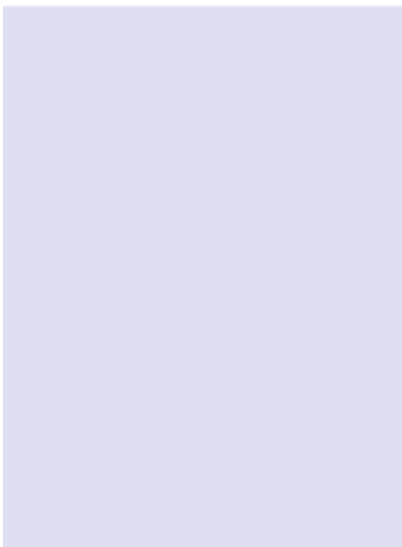

Shivam Autotech Limited, a well respected name in the Manufacturing Industry, is one of the largest manufacturers of transmission gears and shafts in India, serving leading automobile manufacturers as their strategic and supply chain partner. From manufacturing gears for motorcycles way back in 1999 to developing critical components for Two Wheelers, Automobiles, Commercial Vehicles and Aerospace, the company has come a long way and diversified into multiple verticals and initiated exports too.

Headquartered in Gurugram, Haryana the company at present employs 3000+ people and has expanded from a single solution to a diverse range of pioneering products.

Shivam has religiously focused on indigenization of the manufactured products to give stimulus to “Make in India,” and constantly focused on innovation. This in turn has helped its clients to save precious foreign exchange for the country, implement Hon’ble Prime Minister Modi’s ‘Make in India’ Vision, Improved the manufacturing lead time for customers and created cost effective products with high benchmarks.

The company manufactures and markets components that include Transmission Gears & Shafts, Auto-electrical Components, Steering Components and Various Precision Engineering Components. Shivam Autotech Limited has been serving a large number of national and international automobile manufacturers as their principal partner over the years.

With robust in-house Design and R&D capabilities and continuous collaboration with worldwide manufacturing leaders who are technologically advanced, Shivam brings this state-of-the-art knowledge into component manufacturing which eventually benefits all its customers.

MR. NEERAJ MUNJAL

MANAGING DIRECTOR'S COMMUNIQUE

Shivam Autotech Limited has undergone a significant evolution in the past 20 years as we have pursued our vision to become nation's leading manufacturer of transmission gears and shafts. As we evolved, we strengthened our mission to drive consistent innovation and state-of-art technology as part of our manufacturing ethos.

Our founder's business legacy was built around augmenting flexibility in environments that create stakeholder value, maintain ethical approach in all dealings, work hard consistently, focus on expansiveness to drive scale and sustain the speed to attain market share. Being a Munjal Group entity, we have followed these teachings diligently and continued to drive our organization's vision towards achieving our set goals.

The Automotive Mission Plan 2026 by the Government aims at growing the Indian automotive industry by 3.5 to 4 times of the current value of USD 74 billion to USD 260-300 billion. With a boisterous aim of making India amongst the top 3 automotive industries in the world contributing to over 12% of India's GDP, generating more than 65 million more jobs; this truly will become the engine that will propel our country to the next level.

The year gone by has been challenging and rewarding at the same time for us. With an annual turnover of 637 cr. in 2018-19, we have tried to maintain a steady pace.

Moving forward into the future, we will continue to work on our business mission through integrated initiatives on multiple fronts as an enterprise. With our two new state-of-the-art manufacturing units in Bangalore and Rohtak, we have been able to build capacities and capabilities to create indigenous customized products to meet our customer's need.

Being an integral part of the 'Make In India' initiative of the Government, we see ourselves as a global manufacturing solution in the auto component segment, and on this note I am proud to mention that apart from 2 wheeler components, we diversified our manufacturing into various verticals and have developed and customized products for automobiles, off road vehicles and aerospace.

Shivam has got world class facilities across different geographical locations in India. The capacity is already ramped up and as soon as the auto-sector demand revival occurs in India, it will be well-poised to carve a decent market share backed by technology-aided manufacturing facilities already built-up.

With a path well defined, we will continue to strive toward our vision of industry leadership with a conscious commitment towards eco-sensitivity and sustainability in manufacturing and business.

I would like to take this opportunity to formally thank our customers, partners and valued stakeholders for their continued patronage and trust on us and also would like to extend my appreciation to the entire Shivam family for building on our vision every single day.

Thank you.

As required under the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, particulars relating to Mrs. Charu Munjal, Director retiring by rotation and whose re-appointment is being proposed at the forthcoming Annual General Meeting, is enclosed in the Annexure attached to this Notice.
6. The requirement to place the matter relating to appointment of Auditors for ratification by members at every Annual General Meeting is done away with vide notification dated May 7, 2018 issued by the Ministry of Corporate Affairs, New Delhi. Accordingly, no resolution is proposed for ratification of appointment of Auditors, who were appointed in the Annual General Meeting held on September 29, 2017.
7. Pursuant to Section 91 of the Companies Act, 2013, the Register of Members and Share Transfer Books of the Company will remain closed from Tuesday, September 17, 2019 to Wednesday, September 25, 2019 (both days inclusive).
8. Pursuant to Sections 101 and 136 of the Companies Act, 2013 read with Rules made thereunder, companies can serve Annual Reports and other communications through electronic mode to those members who have registered their email addresses either with the Company/Registrar or with the Depository Participant(s). The Company requests all its shareholders to kindly provide their email addresses along with client ID/Folio No. and number of shares as reference to the following email addresses with subject as "Shivam Autotech Limited – Member Email ID" at admin@mcsregistrars.com. Members holding shares in demat form are requested to register their email addresses with their Depository Participant(s) only.

The Notice of the AGM along with the Annual Report 2018-19 is being sent by electronic mode to those members whose e-mail addresses are registered with the Company / Depositories, unless any member has requested for a physical copy of the same. For members who have not registered their e-mail addresses, physical copies are being sent by the permitted mode.

Members of the Company who have registered their email addresses are also entitled to receive such communication in physical form upon making a request for the same, by any permissible mode, free of cost. For any communication, the members may also send requests to the Company's investor email id: cs@shivamautotech.com.
9. Pursuant to the provisions of Section 124 of the Companies Act, 2013, dividend which remains unpaid or unclaimed for a period of seven consecutive years from the date of its transfer to unpaid dividend account is required to be transferred by the Company to Investor Education and Protection Fund (IEPF), established by the Central Government under the provisions of Section 125 of the Companies Act, 2013. The details of unpaid amounts as per provisions of Section 124 of the Companies Act, 2013 are uploaded on the website of the Company.

The dividend declared by the Company for the financial year 2011-12, of which Rs. 5,27,856/- has remain unpaid/unclaimed shall be transferred to IEPF on or before November 30, 2019. Accordingly, members

who have not encashed their Dividend Warrant(s) are requested to approach the Company for releasing the dividend upon completion of necessary formalities for the same in lieu of such warrant(s). Unclaimed/unpaid final dividend for the financial year 2011-12, which is due for transfer to IEPF, should be claimed by the members before October 31, 2019. After that date, no claim shall lie against the Company, in respect of the said amount.

Due dates for transfer of unclaimed/unpaid dividends for the financial year ending March 31, 2012 and thereafter to IEPF:

FY ended	Last date of payment to shareholder / Due date	Last Date of transfer to IEPF
March 31, 2012	October 31, 2019	November 30, 2019
March 31, 2013	October 30, 2020	November 29, 2020
March 31, 2014	November 04, 2021	December 04, 2021
March 31, 2015	October 15, 2022	November 14, 2022
March 31, 2016	November 04, 2023	December 04, 2023

- Adhering to the various requirements set out in the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended, the Company has, during financial year 2018-19, transferred to the IEPF Authority all shares in respect of which dividend had remained unpaid or unclaimed for seven consecutive years or more as on the due date of transfer, i.e. December 05, 2018. Details of shares transferred to the IEPF Authority are available on the website of the Company and the same can be accessed through the link:

http://www.shivamautotech.com/Uploads/image/134imguf_Is_transferred_IEPF_Dec2018.pdf

The said details have also been uploaded on the website of the IEPF Authority and the same can be accessed through the link: www.iepf.gov.in.

- Members may note that shares as well as unclaimed dividends transferred to IEPF Authority can be claimed back from them. Concerned members/investors are advised to visit the weblink: <http://iepf.gov.in/IEPFA/refund.html> or contact Company's Registrar and Transfer Agents for lodging claim for refund of shares and / or dividend from the IEPF Authority.
- Pursuant to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, shares of a listed entity can only be transferred in demat form w.e.f. April 1, 2019 except in cases of transmission or transposition. Thus, the Company, during the year, had sent letters to the members requesting to get their

holdings dematerialized. In view of the above and to avail various benefits of dematerialisation, members are advised to dematerialise shares held by them in physical form.

- The Securities and Exchange Board of India ('SEBI') has mandated submission of Permanent Account Number ('PAN') by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form are requested to submit their PAN details to the Registrar. In view of SEBI Circular dated April 20, 2018, the Company, during the year, had sent three letters and/or reminders to the members for updation of PAN and bank account details.
- The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 have mandated that for making dividend payments, companies whose securities are listed on the stock exchanges shall use electronic clearing services (local, regional or national), direct credit, real time gross settlement, national electronic funds transfer etc. The companies and the registrar and share transfer agents are required to seek relevant bank details of shareholders from depositories/investors for making payment of dividends in electronic mode. Accordingly, shareholders are requested to provide or update (as the case may be) their bank details with the respective Depository Participants for the shares held in dematerialized form and with the Registrar in respect of shares held in physical form.
- The documents referred to in the Notice and Explanatory Statement will be available for inspection by the Members at the Registered Office of the Company on all working days (except Saturdays, Sundays and Public Holidays) from 11:00 a.m. to 1:00 p.m. upto the date of AGM. Members desirous of obtaining any information concerning the accounts and operations of the Company are requested to address their questions in writing to the Company Secretary at least seven days before the date of the Meeting, so that the information required may be made available at the meeting.
- In compliance with the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Members are provided with the facility to cast their vote electronically, through the remote e-voting services provided by CDSL, on all the resolutions set forth in this Notice.

In order to enable its members, who do not have the access to remote e-voting facility to send their assent or dissent in writing in respect of the resolutions as set out in this Notice, the Company is enclosing a Ballot Form with the Notice. Instructions for Ballot Form are given at the back of the said form and instructions for remote e-voting are given here in below. Resolution(s) passed by members through Ballot Forms or remote e-voting is / are deemed to have been passed as if they have been passed at the AGM.

17. The notice of Annual General Meeting will be sent to the members, whose names appear in the register of members / depositories as at business closing hours on August 17, 2019.
18. The shareholders shall have one vote per equity share held by them. The facility of remote e-voting would be provided once for every Folio/ Client ID, irrespective of the number of joint holders.
19. The Board of Directors of the Company (the "Board") at its meeting held on August 08, 2019 have appointed CS Satyender Kumar, (Membership No. FCS4087), Satyender Kumar & Associates, Company Secretaries, Gurugram as the Scrutinizer for conducting the voting process (physical & remote e-voting) in a fair and transparent manner in accordance with law.
20. BOARD'S REPORT

Dear Members,

Your Directors are pleased to present before you, the 14th Annual Report on the business and operations of the Company together with the Audited Financial Statements of the Company for the Financial Year ended March 31, 2019.

Financial Highlights

The Company's financial performance, for the year ended March 31, 2019 is summarized below:

Particulars	(Rupees in Lacs)	
	For the year ended March 31, 2019	March 31, 2018
Gross Sales & Other Income	63695.15	56,685.15
Profit before Depreciation and Interest	8377.70	7940.33
Depreciation	4875.70	4126.90
Interest	4871.76	4570.45
Profit before Taxation	(1369.76)	(757.03)
Provision for Taxation (Deferred & Current)	451.69	(633.89)
Profit after Taxation	(1821.45)	(123.13)

State of Company's Affairs and Future Outlook

During the financial year 2018-19, revenue from operations was Rs. 63,695.15 lacs as compared to Rs. 56,685.15 lacs in 2017-18, registering an increase of 12%.

Due to unfavorable conditions and strong headwinds faced by automobile industry for the last two years, there has been cascading effect on the operations of the Company. As a result, despite modest increase in turnover, performance of the Company remained sub-optimal as pressure on the margins continued. Before interest, depreciation and taxes, there is operational profit of Rs. 8377.70 Lacs in year 2018-19 from Rs. 7940.33 Lacs in 2017-18.

While the external environment especially in auto sector continues to be challenging, the operational capabilities and technology based manufacturing facilities will help the Company improved its performance in near future. Auto-Sector revival and favorable government policies will be essential to propel the operations of the Company. Now with the general elections in India, repeating the mandate for a stable government, the environment is ripe for further economic boost.

Business Overview

With the state of art manufacturing facilities, the Company is functioning successively to strengthen its Customer Base. Hero MotoCorp Limited (HMCL) is the major customer. The Sales to other Customers like Bosch, Denso, Mando, INEL, Mitsuba, Yamaha, ZF, Hilti, Volvo Eicher and Maruti etc. has increased compared to last year but not significantly. As a consequence, the ramp up of operations at newer plants viz. Kolar and Rohtak has not happened significantly. This has affected the bottomline of the Company.

The graphical representation of customer wise sales is as follows:

The operations in the coming year will be driven by the overall demand in the auto sector.

By expanding the customer base company is de-risking the dependence on single customer. Five different plants in various parts of the country will enable company to cater its customer through PAN India basis.

Awards & Accolades

The Company is proud recipient of the following Awards as shown in Awards & Accolades Section:

1. Awarded for the 'Good Business Support' for the year 2018 by Mitsuba Sical India Private Limited.
2. Award and Certificate of Excellence from SEG Automotive for recognition in Ramp up Support for year 2018.
3. Certificate of Appreciation from Maruti Suzuki India Limited in recognition of superior performance in the field of 2 Wheeler Engine Capacity Enhancement in year 2018-19
4. Certificate for Green Awards – Green Business and Sustainability 2019 from Green Globecare for waste paper recycling in year 2018-19.

Transfer to General Reserve

During the year under review, the Company has not transferred any amount to General Reserves. The closing balance amount of Reserves and Surplus of Rs. 15,267.70 (Previous year Rs. 17,094.78 Lacs) will be retained as surplus in the Statement of Profit and Loss.

Shifting of Registered Office

During the year under review, the Registered Office of the Company has been shifted from NCT of Delhi to State of Haryana vide order dated June 04, 2019 of Central Government (Powers delegated to Regional Director). The Board of Directors of the Company has approved shifting of Registered Office to Gurugram, Haryana at new premises w.e.f. June 11, 2019. New CIN - L34300HR2005PLC081531 has been issued by the Ministry of Corporate Affairs, Registrar of Companies, NCT of Delhi & Haryana on July 18, 2019.

Dividend

The Board of Directors have not recommended any dividend for the financial year 2018-19.

The Register of Members and Share Transfer Books shall remain closed from Tuesday, September 17, 2019 to Wednesday, September 25, 2019 (both days inclusive).

Holding Company

The promoters of the Company i.e. Dayanand Munjal Investments Private Limited (DMIPL) hold 74,795,950 equity shares of Rs. 2/- each which represents 74.80% of the paid up equity capital of the Company.

Your company continues to be a subsidiary company of DMIPL.

Subsidiary Companies, Joint Ventures Or Associate Companies

The Company neither has any subsidiaries, joint ventures or associate companies nor any company have become or ceased to be its subsidiaries, joint ventures or associate companies during the year under review.

ANNEXURE 'A' TO BOARD'S REPORT

MANAGEMENT DISCUSSION & ANALYSIS REPORT

The slowdown in the Indian economy and in auto sector in particular, which has intensified since the second half of fiscal year 2018-19 has impacted the performance of the Company.

Industry Structure and developments

Indian Automobile sector, which showed uninterrupted growth for last 15 years, has suddenly slowed down since the last quarter of fiscal year 2018-19. Due to slag in GDP growth rate of India and tight liquidity situation in the financial markets, the demand for two-wheelers in India has been affected. These challenging factors affecting the economic environment and the auto-industry has persisted in the beginning of current fiscal year and at the moment not showing any sign of improvement in near future.

In the market, the uncertainty due to entry of electric vehicles coupled with increased in the on road cost of two wheelers due to certain regulatory stipulations/requirements like increase insurance cost, increased vehicle registration charges, reduced flow of funding from banks and NBFC's to the retail sectors have accentuated the pressure in the two wheeler market in India. Passenger cars and commercial vehicles in which Companys' Components are being used are also in a slow-down phase and as a result have affected companies' operations both in volume and in profitability.

SIAM data showing Automobile Domestic Sales Trends for 2017-18 and for 2018-19 as mentioned below, would corroborate the above narrative of two-wheeler and four-wheeler in general.

In the short term, company's operations will be affected in line with the overall demand scenario in the auto-sector, some encouraging news on export market front is emerging and company hopes to make a good foray in export market in North America and Europe in coming two years.

Government Initiatives

The automotive industry which is among the largest employment provider in India has been taking up with government rigorously to –

- Reduce the GST, which currently is very high @ 28%.
- To ensure that sufficient liquidity is available in the financial market to restore retail loan availability, currently which has choked up.

The above measures are essential to revive the sagged demand conditions affecting entire automobile industry across all segments.

Market Size

The automobile industry in India is world's fourth largest, with the country currently being the world's 4th largest manufacturer of cars and 7th largest manufacturer of commercial vehicles in 2018. Indian automotive industry (including component manufacturing) is expected to reach Rs 16-18 trillion (US\$ 251.4-282.8 billion) by 2026. Two-wheelers dominate the industry and made up 81 per cent share in the domestic automobile sales in FY19.

Overall, Domestic automobiles sales increased at 6.71 per cent CAGR between FY13-18 with 26.27 million vehicles being sold in FY19. Domestic automobile production increased at 6.96 per cent CAGR between FY13-18 with 30.92 million vehicles manufactured in the country in FY19.

In FY19, commercial vehicles recorded the fastest pace of growth in domestic sales at 17.55 per cent year-on-year,

followed by three-wheelers at 10.27 per cent year-on-year. The passenger vehicle sales in India crossed the 3.37 million units in FY19, and is further expected increase to 10 million units by FY20.

According to SIAM data, the industry produced a total 30,915,420 vehicles including passenger vehicles, commercial vehicles, three wheelers, two wheelers and quadricycle in April-March 2019 as against 29,094,447 in April-March 2018, registering a growth of 6.26 percent over the same period last year.

Segment wise Domestic Sales

The sale of Passenger Vehicles grew by 2.70 percent in April-March 2019 over the same period last year. Within the Passenger Vehicles, the sales of Passenger Cars, Utility Vehicle & Vans grew by 2.05 percent, 2.08 percent and 13.10 percent respectively in April-March 2019 over the same period last year.

The overall Commercial Vehicles segment registered a growth of 17.55 percent in April- March 2019 as compared to the same period last year. Medium & Heavy Commercial Vehicles (M&HCVs) increased by 14.66 percent and Light Commercial Vehicles grew by 19.46 percent in April-March 2019 over the same period last year.

Three Wheelers sales increased by 10.27 percent in April-March 2019 over the same period last year. Within the Three Wheelers, Passenger Carrier sales registered a growth of 10.62 percent and Goods Carrier grew by 8.75 percent in April-March 2019 over April-March 2018.

Two Wheelers sales registered a growth at 4.86 percent in April-March 2019 over April-March 2018. Within the Two Wheelers segment, Scooters declined by (-) 0.27 percent, whereas Motorcycles and Mopeds grew by 7.76 percent and 2.41 percent respectively in April-March 2019 over April-March 2018.

Exports

In April-March 2019, overall automobile exports grew by 14.50 percent. While Passenger Vehicles exports declined by (-) 9.64 percent, Commercial Vehicles, Three Wheelers and Two Wheelers registered a growth of 3.17 percent, 49.00 percent and 16.55 percent respectively in April-March 2019 over the same period last year.

Opportunities & Threats

The Industry has a big challenge ahead with BS VI norms in the form of implementing OBD (on-board diagnostics), which is only present in four-wheelers until now. With

India set to go BS VI in April 2020, two-wheelers will see a significant loss in fuel efficiency due to 85 percent reduction in NOx. Thus, the impact of BS VI will see a drop in fuel economy in the range of 7-10 percent, primarily due to near stoichiometric engine operation coupled with stringent NOx limits. Industry is now studying and taking counter-measure to solve this issue.

It involves a lot of local learning between both OEMs and suppliers in adopting new technologies for Indian conditions. Further, the cost will become a priority area as the technology to upgrade to BS-VI will come at a price and in certain cases will involve change in material usage.

Further, Vehicle Electrification development needs call for systems integration of heat management, energy management, acoustics, software integration; predictive analysis; attribute engineering, vehicle package design, optimised electrical distribution, durable electronics, verification and validation.

Outlook

Uncertainty prevailing in the environment due to thrust provided by the government in the budget towards fast moving EV will become a reality a bit too sooner, then entire industry in India will undergo a metamorphism and will affect all the existing vehicle manufactures and the components suppliers like our company.

The Ministry of Heavy Industries, Government of India has shortlisted 11 cities in the country for introduction of electric vehicles (EVs) in their public transport systems under the FAME (Faster Adoption and Manufacturing of (Hybrid) and Electric Vehicles in India) scheme. The Government will also set up incubation centre for start-ups working in electric vehicles space.

Internal Control System and its Adequacy

Your Company has exhaustive internal control systems that are aligned to its business requirements. The Company regularly monitors the risks and has in place focused risk mitigation strategies. Internal and external audit teams continuously monitor the adequacy and effectiveness of the internal control environment across the Company and the status of compliance with operating systems, internal policies and regulatory requirements.

The Internal Auditor reports directly to the Board through Audit Committee. The Internal Auditor has been assigned with the tasks for setting up of Inventory norms, Inventory optimization, Scrap reconciliation, Common spare management, BOM correction and verification. The Internal

Auditor presents to the Audit Committee, the detailed analysis of the tasks assigned to them in every meeting of the Committee. The Audit Committee meets periodically to review the adequacy and efficacy of the internal control systems.

Discussion on financial performance with respect to operational performance

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. The financials have been prepared considering the above requirements of applicable laws.

During the financial year 2018-19, revenue from operations was Rs. 63,695.15 lacs as compared to Rs. 56,685.15 lacs in 2017-18, registering an increase of 12%. Before interest, depreciation and taxes, there is operational profit of Rs. 8377.70 Lacs in year 2018-19 from Rs. 7940.33 Lacs in 2017-18.

Key Financial Ratios

In accordance with the SEBI (Listing Obligations and Disclosure Requirements 2018) (Amendment) Regulations, 2018, the Company is required to give details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios. Please note that there is no significant change of 25% or more in the Key Ratios viz. Debtors Turnover, Inventory Turnover, Interest Coverage Ratio, Current Ratio, and Operating Profit Margin, except for Net Profit Margin which has reduced to -2.87% in FY 2019 from -0.22% in FY 2018

and Debt Equity ratio which has been increased to 3.35 in FY 2019 from 2.64 in FY 2018.

Change in Return on Net Worth

S. No.	Particulars	FY2019	FY2018
i)	Return on Net Worth*	-10.55%	-0.64%

*Return on Net Worth is computed as Net Profit by Average Net Worth. Decline in Return on Net Worth is primarily due to decline in Net Profit.

Human Resources & Industrial Relations

ANNEXURE 'B' TO BOARD'S REPORT

REPORT ON CORPORATE GOVERNANCE

Pursuant to Regulation 34 read with Schedule V to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "Listing Regulations"), a report on Corporate Governance is given below:

This Report, therefore, states compliance as per requirements of the Companies Act, 2013 and Listing Regulations, as applicable to the Company. As have been seen, the Company's corporate governance practices and disclosures have gone well beyond complying with the statutory and regulatory requirements as stipulated in the applicable laws, including SEBI Listing Regulations.

Kotak Committee on Corporate Governance

With the aim of improving standards of Corporate Governance of listed companies in India, Securities and Exchange Board of India on May 9, 2018 amended the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, based on the report of the Kotak Committee on Corporate Governance, some of which became applicable from October 01, 2018 and many from April 01, 2019 respectively. The Company ensures that it incorporates the amendments introduced in the Listing Regulations and the same are complied with on or before the effective date.

1. COMPANY'S PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE

The Company's Corporate Governance philosophy derives from the values of integrity, excellence & responsibility. It emphasizes wealth creation for society, protection & interest enhancement for all stakeholders, without compromising the environment and health of society at large. This helps the company to perform better thus culminating into higher productivity of the corporate resources. The Company's philosophy on corporate governance oversees business strategies and ensures fiscal accountability, ethical corporate behavior and fairness to all stakeholders comprising regulators, employees, customers, vendors, investors and the society at large.

The Company adheres to the highest ethical standards which are combined with an unwavering commitment to certain core values – transparency, fairness in all dealings, quality consciousness, customer satisfaction, and ethical governance practices.

The Company has complied with the requirements of Corporate Governance as stipulated under the Listing Regulations, as applicable, the details of which are as under:

2. BOARD OF DIRECTORS

The Board is entrusted with an ultimate responsibility of management, directions and performance of the Company. As its primary role is fiduciary in nature, the board provides leadership, strategic guidance, objective and independent view to the Company's management while discharging its responsibilities, thus ensuring that the management adheres to ethics, transparency and disclosures. The Board exercises its duties with care, skill and diligence. It sets strategic goals and seeks accountability for their fulfilment. It also directs and exercises appropriate control to ensure that the Company is managed in a manner that fulfils stakeholder's aspirations and societal expectations.

Committees of the Board: The Board has constituted the following Committees viz. Audit Committee, Risk Management Committee, Nomination and Remuneration Committee, Stakeholders Relationship Committee and Corporate Social Responsibility Committee. Each of the said Committee has been mandated to operate within a given framework.

2.1 Composition of the Board

Your company values Technology as a key pillar to support business growth and believes that leadership in technology only can sustain business leadership.

The Company is conscious of implementation of latest technologies in key working areas. Technology is everchanging and employees of the Company are made aware of the latest working techniques and technologies through workshops, group e-mails, and discussion sessions for optimum utilization of available resources and to improve operational efficiency.

The Company is involved in supporting the MAKE IN INDIA initiative of Prime Minister by indigenizing various components as an import substitute in order to fulfill the continuous demand of the customers for price reduction. The Company continues to use the latest technologies for improving the productivity and quality of its services and products. Development and improvement of products has been an inbuilt and ongoing activity within the existing manufacturing facilities. These activities also enabled the Company to reduce process waste, lower the energy consumption and increase productivity. R&D activities of the Company helped in development of novel materials & technologies resulting into enhanced product quality and to improve process capabilities.

Research & Development were carried in product development, process development, energy conservation, environment protection, cost reduction and automation. In this process design and material database are continuously improved and enhanced. Apart from process improvements, the research and development also aims at finding equivalent substitutes of various inputs and materials to have cost savings without compromising quality.

The efforts of the Company are focused on catering the requirement of our existing customers for their new models and indigenization of various components. The research and development is an ongoing exercise and suitable efforts will continue to be made in future. The expenditure incurred on research, development and improvement of products is an indirect cost which is reflected in the financials of the company.

Independent Auditors' Report

To The Members of Shivam Autotech Limited

Report on the Ind AS Financial Statements

Opinion

We have audited the accompanying financial statements of **Shivam Autotech Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the loss and total comprehensive lossess, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

Without qualifying we draw attention to Note no. 7 to the financial statements wherein management has recognized deferred tax assets on the assumption that there would be sufficient future taxable profits, more fully explained in the said note for reversal of such deferred tax assets.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters (KAM) are those matters that, in our professional judgment were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- (b) The fixed assets have been physically verified by the management according to a phased program designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, the fixed assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification, discrepancies have duly been adjusted in the financials.
- (c) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the title deed of immovable properties are held in the name of the company.
- (ii) The inventories of the Company (except stock lying with the third parties and in transit for which confirmations have been received/materials received) have been physically verified by the management at reasonable intervals. In our opinion and the procedures of physical verification of inventory followed by the Management are reasonable in relation to the size of the Company and nature of its business. Discrepancies noticed on such physical verification of inventory as compared to book records were material and have been properly dealt with in the books. Also refer to our report on Internal Financial Controls in Annexure B of this report.
- (iii) The company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under section 189 of the Act. Accordingly, clauses 3(iii) (a) to (c) of the Order are not applicable.
- (iv) According to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of section 185 and 186 of the Act are applicable. Hence, clause 3(iv) of the Order is not applicable to the Company.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted deposits from the public within the meaning of directives issued by the Reserve Bank of India and provisions of sections 73 to 76 or any other relevant provisions of the Act and the Rules framed thereunder.
- (vi) We have broadly reviewed the Cost Accounting records maintained by the Company pursuant to the Rules prescribed by the Central Government for the maintenance of cost records under sub-section (1) of section 148 of the Act and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We are, however, not required to make a detailed examination of such books and records.
- (vii) (a) According to the records of the Company examined by us and the information and explanations given to us, the Company is generally regular in depositing undisputed statutory dues including Employees' Provident Fund, Employees' State Insurance, Goods and Service Tax, Investor Education and Protection Fund, Income Tax, Value Added Tax, Wealth Tax, Service Tax, Custom Duty, Excise duty, Cess and any other material statutory dues, as applicable, within the prescribed time with the appropriate authorities during the year and there are no such undisputed amounts payable which have remained outstanding as at March 31, 2019 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and as per the books and records examined by us, there are no dues of Custom Duty, Excise Duty, Service Tax and Sales Tax/ Value Added Tax/Goods & Service Tax and Cess which have not been deposited on account of any dispute, except the following in respect of disputed Income Tax along with the forum where dispute is pending:

S. No	Name of the Statute	Nature of Dues	Amount (Rs. Lakhs)	Period to which the amount relates	Forum where the dispute is pending
1.	Income Tax Act, 1961	Demand raised on assessment	6.45	A.Y 2008-09	Commissioner of Income Tax (Appeals), New Delhi

- (viii) According to the information and explanations given to us and as per the books and records examined by us, the Company has not defaulted in repayments of its dues to banks and financial institution. The Company has not taken any loan from debenture holders and Government.

- (ix) According to the information and explanations given by the management, the Company has not raised any monies by way of initial public offer or further public offer during the financial year, and the terms loans raised by the Company have been applied for the purpose for which they are were obtained. Where such end use has been stipulated by the lender(s).
- (x) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of fraud on or by the Company or any fraud on the Company by its officers or employees has been noticed or reported during the year, nor have we been informed of such case by the management.
- (xi) In our opinion, and according to the information and explanations given to us, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii) As the Company is not a Nidhi Company, hence clause (xii) of the Order is not applicable to the Company.
- (xiii) In our opinion, and according to the information and explanations given to us during the course of audit, transactions with the related parties are in compliance with section 177 and section 188 of the Act and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- (xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to the Company and, not commented upon.

Annexure B to the Independent Auditor's Report to the members of Shivam Autotech Limited on its financial statement dated May 27, 2019.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 1(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of **Shivam Autotech Limited** ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our Qualified audit opinion on the Company's internal financial controls system over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be

detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weakness has been identified in the operating effectiveness with reference to its financial statements as at March 31, 2019.

The Company's internal control system in respect of supervisory and review controls over process of booking of material consumption and allocation of fixed and variable overheads on product costing on periodical basis were not operating effectively during the current financial year to arrive at the correct value of stock including physical number, which could potentially result in material misstatement of cost of goods sold and inventories as on 31st March 2019.

Based on physical verification of Inventories, consumption and reconciliation of closing stock as done by the Management subsequently, necessary remedial measures have been taken to arrive at the correct value of inventories as on 31st March 2019 and also to arrive at cost of goods sold.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, the Company has, in all material respects, maintained adequate internal financial controls over financial reporting with reference to these financial statements as of March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India, and except for the possible effects of the material weakness described above on the achievement of the objectives of the control criteria, the Company's internal financial controls over financial reporting with reference to these financial statements were operating effectively as of March 31, 2019.

Explanatory paragraph

We have also audited, in accordance with the Standards on Auditing issued by ICAI, as specified under Section 143(10) of the Act, the financial statements of the Company, which comprise the balance sheet as at March 31, 2019, and the statement of profit and loss, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information. This material weakness was considered in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2019 financial statements of the Company and this report does not affect our report dated May 27, 2019, which expressed an unmodified opinion on these financial statements.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

1 Corporate Information

Shivam Autotech Limited (the 'Company') was established in the year 1999, and was initially known as Munjal Auto Components till July, 2005. The Company got converted to a separate Public Limited Company w.e.f. 29th July, 2005. In pursuant to the scheme of Demerger & arrangement, the Gurgaon Unit was transferred to Shivam Autotech Limited on 1st August, 2005. The Company has been engaged in the manufacturing of Near-Net- Shaped, auto transmission components mainly for Original Equipment Manufacturers (OEMs). The product range includes various types of transmission gears, transmission shafts, spline shafts, plunger, power train components, and employing cold/warm/hot forging techniques. The Company has five state-of-the-art manufacturing facilities, located at Gurgaon, Manesar, Haridwar, Bengaluru & Rohtak. The Company is listed on the National Stock Exchange and Bombay Stock Exchange of India. These financial statements are presented in Indian Rupees (Rs.).

2 Basis of preparation

a) Statement of compliance

The Financial Statements have been prepared in accordance with Indian Accounting Standards (IND AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and relevant provisions of the Companies Act, 2013. The Financial Statements comply with IND AS notified by Ministry of Company Affairs ("MCA"). The Company has consistently applied the accounting policies used in the preparation for all periods presented.

These financial statements are approved and adopted by board of directors of the Company in their meeting held on May 27, 2019.

b) Basis of measurement

The financial statements have been prepared accrual basis on historical cost convention, except as stated otherwise. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

c) Functional and presentation currency

The financial statements are presented in Indian National Rupee ('INR'), which is the Company's functional currency. All amounts have been rounded to the nearest lakhs, unless otherwise indicated.

d) Current or Non current classification

All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services provided and time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

e) Use of judgments and estimates

In preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent liabilities and contingent assets at the date of financial statements, income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

Application of accounting policies that require critical accounting estimates and assumption judgments having the most significant effect on the amounts recognized in the financial statements are:

- Measurement of defined benefit obligations;
- Recognition of deferred tax assets & MAT credit entitlement;
- Useful life and residual value of Property, plant and equipment and intangible assets;
- Impairment test of financial and non-financial assets;
- Recognition and measurement of provisions and contingencies;
- Fair value measurement of financial instruments;

3 Significant Accounting Policies

The Company has consistently applied the following accounting policies to all periods presented in the financial statements.

a) Property, plant and equipment

i) Recognition and measurement

Items of property, plant and equipment are measured at cost, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, and any directly attributable cost of bringing the asset to working condition for its intended use.

General and specific borrowing costs directly attributable to the construction of a qualifying asset are capitalized as part of the cost.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. The cost of replacing part of an item of property, plant and equipment or major inspections performed, are recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of all other repairs and maintenance are recognized in the Statement of Profit & Loss as incurred.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

An item of property, plant and equipment is derecognized when no future economic benefit are expected to arise from the continued use of the asset or upon disposal. Any gain or loss on disposal of an item of property, plant and equipment is recognized in statement of profit or loss.

Subsequent Expenditure

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the Property, Plant and Equipment and the resultant gain or losses are recognized in the statement of profit and loss.

ii) Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values, and is recognized in the statement of profit and loss. Depreciation on property, plant and equipment is provided on Straight Line Method at the rates determined on the basis of useful life of the assets as prescribed in Schedule II of the Companies Act, 2013.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

	Useful Life as per Schedule II of Companies Act 2013 (in years)
- Plant & Machinery	15
- Buildings	30
- Computers	3
- Office equipment	5
- Furniture & fixtures	10
- Vehicles	8
- Lease hold Improvements	Amortised over the period of lease

Depreciation on additions to or on disposal of assets is calculated on pro-rata basis i.e. from (upto) the date on which the property, plant and equipment is available for use (disposed off).

Property, Plant and Equipment individually costing below Rs. 5,000 are fully depreciated during the year they are put to use.

b) Intangible assets

i) Recognition & measurement and amortization

Intangible Assets are recognized, if the future economic benefits attributable to the assets are expected to flow to the company and cost of the asset can be measured reliably. All other expenditure is expensed as incurred. The same are amortized over the expected duration of benefits. Such intangible assets are measured at cost less any accumulated amortization and impairment losses, if any and are amortized over their respective individual estimated useful life on straight line method.

The estimated useful lives are as follows:

Computer Software	4 years
-------------------	---------

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period and adjusted prospectively, if appropriate.

Intangible assets are tested for impairment when there are indications that the carrying value may not be recoverable. All impairment losses are recognised immediately in profit or loss.

An item of intangible asset is derecognised when no future economic benefit are expected to arise from the continued use of the asset or upon disposal.

Any gain or loss on disposal of an item of intangible assets is recognized in statement of profit or loss.

c) Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than deferred tax assets) to determine whether there is any indication on impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash flows are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or Cash Generating Units ('CGUs'). The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

In respect of assets for which impairment loss has been recognized in prior periods, the company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

d) Financial instruments

i) Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at fair value of the consideration received or receivable. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

ii) Subsequent measurement

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognized or impaired, the gain or loss is recognized in the statement of profit and loss.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss.

When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit and loss. Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis. Fair value gains and losses recognized in OCI are not reclassified to profit and loss."

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

iii) Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company recognizes a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

iv) Derecognition

Financial Assets

Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

The company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire.

v) Reclassification of Financial Assets and Financial Liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

vi) Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Derivative financial instruments are initially recognized at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value at the end of each period. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, on the nature of the item being hedged. Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit or loss.

vii) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the company has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

e) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair values for measurement and/ or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:"

Level 1 - This includes financial instruments measured using quoted prices.

Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. Derived from prices).

Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

f) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes. Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

g) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

In March 2018, the Ministry of Corporate Affairs has notified the Companies (Indian Accounting Standards) amended rules, 2018 ("Amended Rules"). As per amended rules, Ind AS 115 "Revenue from Contracts with Customers" supersedes Ind AS 11, "Construction Contracts" and Ind AS 18, "Revenue" and is applicable for all accounting periods commencing on or after April 1, 2018.

Ind AS 115 introduces a new framework of five step model for the analysis of Revenue transactions. The model specifies that revenue should be recognised when (or as) an entity transfer control of goods or services to a customer at the amount to which the entity expects to be entitled. Further the new standard requires enhanced disclosures about the nature, amount, timing, and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

The Company has evaluated the requirement of the amendment and the impact on the financial statements. The effect on adoption of Ind AS 115 was insignificant.”

i) Sale of goods

Sales is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer and sales is inclusive of excise duty but net of returns, rebates and value added tax (VAT). Materials returned/rejected are accounted for in the year of return/rejection. Excise Duty deducted from turnover (gross) is the amount that is included in the amount of turnover (gross) and not the entire amount of liability arising during the year.

ii) Dividends

Dividend is recognized when the shareholders' right to receive payment is established by the balance sheet date.

iii) Insurance claim

Claims lodged with the insurance companies are accounted on accrual basis to the extent these are measurable and ultimate collection is reasonably certain.

iv) Interest Income

Interest income is recognised on time proportion basis taking in to account the amount outstanding and the rate applicable.

v) Government Grant & Subsidies

Grant/subsidies is recognised when there is reasonable assurance the Grant/subsidy will be received and all attaching condition will be complied with.

h) Employee Benefits

i) Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii) Defined contribution plans

Employees benefits in the form of the Company's contribution to Provident Fund, Family Pension scheme and Employees State Insurance are defined contribution schemes. The Company recognizes contribution payable to these schemes as an expense, when an employee renders the related service.

If the contribution payable exceeds contribution already paid, the deficit payable is recognized as a liability (accrued expense), after deducting any contribution already paid. If the contribution already paid exceeds the contribution due for service before the end of the reporting period. The Company recognize that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

iii) Defined benefit plans

Retirement benefits in the form of gratuity are considered as defined benefit plans. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

The company provides for its gratuity liability based on actuarial valuation of the gratuity liability as at the Balance Sheet date, based on Projected Unit Credit Method, carried out by an independent actuary. The Company contributes to the gratuity fund, which are recognized as plan assets. The defined benefit obligation as reduced by fair value of plan assets is recognized in the Balance Sheet.

When the calculation results in a potential asset for the company, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in Other Comprehensive Income. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognized in statement of profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in statement of profit or loss. The company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

iv) Other long-term employee benefits

Employee benefits in the form of long term compensated absences are considered as long term employee benefits. The Company's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurements are recognized in profit or loss in the period in which they arise. The liability for long term compensated absences are provided based on actuarial valuation as at the Balance Sheet date, based on Projected Unit Credit Method, carried out by an independent actuary.

i) Valuation of inventories

- i) Finished goods are valued at lower of cost or net realizable value. Scrap is valued at net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of Finished goods includes excise duty.
- ii) Work in progress is valued at lower of cost or net realizable value. Cost is determined on average basis.
- iii) Stores, spares and raw materials are valued at lower of cost or net realizable value. However materials & other items held for use in the production of inventories are not written below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of purchases is assessed on first in first out (FIFO) method.
- iv) Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

j) Foreign Exchange Transactions / Translations / Hedge Accounting

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Financial instruments designated as Hedge Instruments are mark to market using the valuation given by the bank on the reporting date.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

k) Borrowing costs

Borrowing costs are interest and other ancillary costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. General and specific borrowing costs attributable to acquisition and construction of any qualifying asset (one that takes a substantial period of time to get ready for its designated use or sale) are capitalized until such time as the assets are substantially ready for their intended use or sale, and included as part of the cost of that asset. All the other borrowing costs are recognized in the Statement of Profit and Loss within Finance costs of the period in which they are incurred.

l) Income tax

Income tax expense comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to items recognized directly in equity or in Other Comprehensive Income

i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognized amounts; and
- b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

ii) Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences. In contrast, deferred tax assets are only recognized to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realized based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- i) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- ii) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognized as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized.

m) Segment Reporting

The Company's operating businesses are organized and managed separately according to the nature of products manufactured and services provided, with each segment representing a strategic business unit that offers different products. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate. The reportable segments have been identified based on the significant components of the enterprise for which discrete financial information is available and are reviewed by the Chief operating decision maker (CODM) to assess the performance and allocate resources to the operating segments. Refer Note -40.

n) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

o) Cash flow statement

Cash flows are reported using the indirect method as explained in the Accounting Standard on Statement of Cash Flows (Ind AS - 7), whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

p) Lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

i) Finance Lease

Finance Lease that transfer substantially all of the risks and benefits incidental to ownership of the leased item, are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and a reduction in the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in finance costs in the statement of profit and loss.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

ii) Operating Lease

Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by lessor are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset. Payments under operating lease are recorded in the Statement of Profit and Loss on a straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

q) Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) Recent accounting pronouncements

i) Ind AS 116 Leases:

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit & Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

- Full retrospective – Retrospectively to each prior period presented applying Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- Modified retrospective – Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or
- An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application.

Certain practical expedients are available under both the methods.

The Company is currently evaluating the effect of this amendment on the financial statements.

ii) Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments:

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The standard permits two possible methods of transition - i) Full retrospective approach – Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives.

The effect on adoption of Ind AS 12 Appendix C would be insignificant in the financial statements.

ii) Amendment to Ind AS 12 – Income taxes:

On March 30, 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes.

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company is currently evaluating the effect of this amendment on the financial statements.

iii) Amendment to Ind AS 19 – plan amendment, curtailment or settlement-

On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

45 Impairment Review

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test is performed at the level of each Cash Generating Unit ('CGU') or groups of CGUs within the Company at which the assets are monitored for internal management purposes, within an operating segment. The impairment assessment is based on higher of value in use and value from sale calculations. During the year, the testing did not result in any impairment in the carrying amount of other assets. The measurement of the cash generating units' value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short to- mid-term market conditions.

Key assumptions used in value-in-use calculations are:-

(i) Operating margins (Earnings before interest and taxes), (ii) Discount Rate, (iii) Growth Rates and (iv) Capital Expenditure

46 Events occurring After the Balance Sheet date

No adjusting or significant non adjusting events have occurred between the reporting date and date of authorization of financial statements.

47 Financial Risk Management

Financial risk management objectives and policies:

The Company, as an internationally active supplier for the automobile industry expose its business and products to various market risks, credit risk and liquidity risk.

Below notes explain the sources of risks in which the Company is exposed to and how it manages the risks:

A Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company is exposed to the risk of movements in interest rates, inventory price and foreign currency exchange rates that affects its assets, liabilities and future transactions. The Company is exposed to following key market risks:

a) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which exposes the Company to cash flow interest rate risk. During March 31, 2019 and March 31, 2018, the Company's borrowings at variable rate were mainly denominated in INR.

Interest rate risk exposure - The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	As at 31st March, 2019	As at 31st March, 2018
Variable Rate Borrowing	35,783.95	35,574.44
Fixed Rate Borrowing	4,238.63	5,794.56
Ind AS Adjustment	(73.36)	(122.24)
Total	39,949.22	41,246.76

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

An analysis by maturities is provided in Note (C) Maturities of financial liabilities below.

Sensitivity analysis - For Floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year.

Sensitivity on variable rate borrowings	Impact on Profit & Loss Account	
	For the year ended 31-03-2019	For the year ended 31-03-2018
Interest rate increase by 0.25%	89.46	88.94
Interest rate decrease by 0.25%	(89.46)	(88.94)

b) Price Risk

Fluctuation in commodity price in global market affects directly and indirectly the price of raw material and components used by the Company in its various products segment. Substantial pricing pressure from major OEMs to give price cuts and inability to pass on the increased cost to customers may also affect the profitability of the Company.

Key Raw material - As per the agreement with the customers, any increase in the raw material prices is passed on to the customer. But in some cases where the customer was already asking for reduction in prices, the company has to absorb the price increase.

c) Foreign Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an foreign exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's export revenue and import of raw materials and other consumables.

The unhedged foreign currency exposure is as follows:

B Credit risk:

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and advances to suppliers) and from its financing activities, including deposits and other financial instruments.

The Company has developed guidelines for the management of credit risk from trade receivables. The Company's primary customers are major Indian automobile manufacturers (OEMs) with good credit ratings. Non-OEM clients are subjected to credit assessments as a precautionary measure, and the adherence of all clients to payment due dates is monitored on an on-going basis. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The calculation is based on historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 49. The Company does not hold collateral as security except in case of few customers. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Particulars	As at 31st March, 2019		As at 31st March, 2018	
	Upto 6 months	More than 6 months	Upto 6 months	More than 6 months
Gross carrying amount (A)	8,529.68	887.50	7,844.62	435.00
Expected Credit Losses (B)		25.75		4.35
Net Carrying Amount (A-B)	8,529.68	861.75	7,844.62	430.65

Credit risk from balances with banks and other financial asset is managed in accordance with the Company's approved investment policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed on regular basis and the said limits gets revised as and when appropriate. The limits are set to minimise the concentration of risks and therefore

(All amounts are in lakhs unless otherwise stated)

mitigate financial loss through counterparty's potential failure to make payments. The Company has deposited liquid funds at various banking institutions. Primary banking institutions are major Indian and foreign banks. In long term credit ratings these banking institutions are considered to be investment grade. Also, no impairment loss has been recorded in respect of fixed deposits that are with recognised commercial banks and are not past due.

C Liquidity risk:

The liquidity risk encompasses any risk that the Company cannot fully meet its financial obligations. To manage the liquidity risk, cash flow forecasting is performed in the operating divisions of the Company and aggregated by Company finance. The Company's finance monitors rolling forecasts of the Company's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities / overdraft facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts are in lakhs unless otherwise stated)

D Company has adopted effective rate of interest for calculating Interest. This has been calculated as the weighted average of effective interest rates calculated for each loan. In addition processing fees and transaction cost relating to each loan has also been considered for calculating effective interest rate.

* In case of trade receivables, cash and cash equivalents, trade payables, short term borrowings and other financial assets and liabilities it is assessed that the fair values approximate their carrying amounts largely due to the short-term maturities of these instruments.

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair values of the financial assets and financial liabilities included above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

49 Capital Management

For the purpose of the Company's capital management, equity includes issued equity capital and all other equity reserves attributable to the equity shareholders and net debt includes interest bearing loans and borrowings less current investments and cash and cash equivalents. The Company's objectives when managing capital is to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

The Company manages its capital structure and makes adjustments in light of changes in economic & financial conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals, long term borrowings and short term borrowings. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. The Company has complied with these covenants and there have been no breaches in the financial covenants of any interest-bearing loans and borrowings.

No changes were made in the objectives, policies or processes for managing capital during the year ended 31st March, 2018 and 31st March, 2019.
