Adani Green eyes \$1.8 bn from 10 foreign banks

SHREYA JAI
New Delhi, 11 September

Adani Green Energy (AGEL) is looking to tie up with 10 foreign banks to avail of greenfield funding for its under construction assets.

The company will raise \$1.8 billion for the under construction and contracted portfolio of 12 Gw, which includes the country's first manufacturing-linked solar power plant of 8 Gw.

In a post results call, AGEL Managing Director and Chief Executive Vneet S Jaain said the firm's total renewable portfolio stood at 14.6 Gw, of which 2.6 Gw had been commissioned. "AGEL is in the process of tie-up of \$1.8 billion facility to fund the under construction pipeline," said Jaain.

The company reported a profit before tax of ₹51.27 crore during the first quarter of FY21 ended June, against loss of ₹31.24 crore during the year-ago period. The total

income of the company in the first quarter increased to ₹878.14, from ₹675.23 crore in the same period last year.

Responding on the funding plans of the company, AGEL Executive Director Sagar Adani said: "We take construction financing from Indian banks and once they are operational we refinance that portfolio with international bond funding. Going ahead, given the size and scale ahead of us, in addition to the Indian banks, we would have 10 international banks which are going to work

with us for construction greenfield funding." He said this would help the company diversify its construction financial portfolio, and all projects would be fully funded at the time of construction.

Adani said the tie-up with the international banks would be a revolving construction facility. "As soon as projects are commissioned, they would be taken out from the international bond market and this facility would again be made available for the next tranche of assets," he said adding that the debt to Ebitda ratio of the company would come down to 5.5 from around 6 currently.

AGEL, in its statement on the BSE, said Adani Green Energy had progressed to become the largest solar power producer in the world, having won the world's largest solar bid of 8 Gw. "With this, we have moved closer to our goal of commissioning renewable capacity of 25 Gw by 2025," said the statement.

Adani defence arm acquires 51% stake in PLR System

Adani Enterprises on Friday announced its subsidiary, Adani Land Defence Systems and Technologies, had acquired a majority stake in PLR Systems, a defence equipment maker.

In a statement to the BSE, the firm said its step down subsidiary had acquired 51 per cent equity shares of PLR Systems from Fouraces Systems. The transaction has been completed by way of a cash transaction with one of the existing shareholders of PLR Systems, the company said.

On the size of the company, the statement said, PLR Systems authorised share capital is ₹13 crore and paid-up share capital stands at ₹12.04 crore.

Chiratae lines up a dozen investments this year

Karan Mohla, partner, Chiratae Ventures

SAMREEN AHMAD
Bengaluru, 11 September

Chiratae Ventures, formerly known as IDG Ventures India, has started rolling out investments from its fourth fund and will be betting on up to 10-14 start-ups in the current financial year. Of this, the venture capital firm has already made investments in eight firms so far this year.

The VC fund will be pumping between \$500,000 and \$7 million in these start-ups in the first cheque. It will be investing broadly in 30-40 firms from the fourth fund in a couple of years.

Fund IV, which will be in the range of \$200 million, has seen commitments from the UK's impact investor CDC Group Washington-based World Bank's investment firm International Finance Corporation (IFC). While CDC group will be putting in \$10 million in Fund IV, IFC had last year revealed that it will pump \$20 million in the fund.

Apart from focusing on core areas of technology, Chiratae is also scouting for opportunities in the edtech and e-gaming segments that have been provided massive tailwinds by the Covid-19 lockdown. "There are several pockets which are unexplored or underexplored in these segments. In the edtech space, we are looking at early learning and certain types of exam preparations or job related platforms outside of IITs and medical," said Karan Mohla, partner, Chiratae Ventures. The fund which has stalwarts such as Ratan Tata and Kris Gopalnarayan as advisors on its board.
