Subject: Finalized development order for 4 MW Parts to Servion Wind Technology

Dear Investors,

Servion Wind Technology (SWT), one of the fastest growing wind OEM in India has finalized the development order for 4 MW Parts. This development is projected to complete during FY 2024-25 and commence serial production in FY 2025-26. Synergy Green has developed such parts in larger platforms to Vestas & Siemens Gamesa and presently in serial production.

SWT has already allocated Rs.62 Crores orders on 2 MW platform for FY 2024-25, and with addition of 4 MW parts, this order book is estimated to grow by 100% during next two years.

Synergy Green is in to manufacturing of large size critical castings to Wind Turbine Parts with state-of-the-art facilities located at Kolhapur (Maharashtra) and established as a reliable supplier to all major Global Wind OEM's.

Disclaimer:

The aforesaid information on order book projections is based on customer's forecast and Share of Business Allocation to Synergy Green. As such the members and investors are advised to take note of it before any decision of investments.

Thanking you,
Yours faithfully,

For Synergy Green Industries Ltd.
