Airtel extends 5G coverage to 33 districts of Telangana empowering 3 million customers to enjoy the power of 5G

Hyderabad, October 18, 2023: Within 1 year of the launch of Airtel 5G Plus, Bharti Airtel (“Airtel”), one of India’s leading telecommunications service provider, today, announced that it has over 3 million unique 5G customers in Telangana. The company also announced that Airtel 5G Plus service is available across all the districts in the state within just 12 months of the launch.

Airtel's 5G service is now available across all districts and union territories in the country. Airtel has extensively rolled out its network making its services available across all districts in Telangana. From the historic monuments of Golconda and Charminar, the revered temple town of Warangal, world’s largest masonry dam Nagarjuna Sagar in Nalgonda district to the remote village of Anjanapuram, Airtel continues to rapidly accelerate its 5G rollout. Furthermore, it has also brought the Gachibowli and HITEC city of Hyderabad, along with the famous Laad Bazaar, onto the digital superhighway.

Commenting on the milestone, **Shivan Bhargava, CEO – Telangana & Andhra Pradesh, Bharti Airtel** said, *"We were the first telco to deploy high-speed 5G technology in the state, and today we are delighted to be playing an important role in connecting lives of our customers. We thank all our 3 million customers for embracing Airtel 5G Plus network. We continue to set the industry pace with unparalleled growth in 5G customers, prioritizing cutting-edge 5G technology and customer satisfaction. Our 5G landscape has the state’s widest, quickest, and most dependable network, encompassing all 33 districts."*

Over the past year, Airtel has been at the cutting edge of 5G innovation, successfully demonstrating the transformative power of 5G through a range of compelling use cases that have revolutionized how customers live their lives and conduct business. These include establishing India's first private 5G network at the BOSCH facility in Bengaluru and partnering with Mahindra & Mahindra to convert its Chakan manufacturing unit into India’s first 5G-enabled auto manufacturing facility. Airtel recently launched the Airtel Xstream Air Fiber, the first wireless home Wi-Fi service in India powered by Airtel 5G Plus, in Delhi & Mumbai, showcasing its outstanding 5G capabilities for consumers.

About Bharti Airtel Limited

Headquartered in India, Airtel is a global communications solutions provider with over 500 million customers in 17 countries across South Asia and Africa. The company ranks amongst the top three mobile operators globally and its networks cover over two billion people.
