Thackray went further and said that, Pulwama attack was stage manged by Indian government to get big victory in coming elections. Of course, people did not heed to such allegations and BJP won with more seats than two thousand and fourteen. Indian government took revenge by air strikes but opposition parties especially Rahul Gandhi has always congratulated military but raising doubts about air strikes. How he does not know that, the important decision like air strikes can't be taken without prime minister's permission? After his green signal, military can take big decisions. Following Rahul, many opposition leaders however small in status, raised doubts about air strikes. This was only politics, but it was not fair when national security was at stake. Apart from politics, the important point to be noted here is that, Indian forces like CRPF has brought many changes about their troops movements and many new technologies have come into use. According to top CRPF officials, the changes have been made based on the lapses the force found after the attack. Also, the CRPF has bought weapons and modified gadgets in order to deal with any such attack in the future. Though the investigation into the attack is yet to get finalized. The Pulwama attack took place on February 14, 2019 when an explosives-laden vehicle of a Jaish-e-Mohammad (JeM) terrorist rammed the bus carrying CRPF jawans on the Jammu and Srinagar highway. Since the attack, the CRPF has firstly changed the standard operating procedures (SoP) of the convoy movement. According to the new SoP, a set of convoys will move together on pre-decided days only and under strict security in Jammu and

Kashmir. Fast tags will also be in use

to check unauthorized entry of vehicles

in the convoy. Many questions about

Pulwama attack are still unanswered

including how did an attack of such

huge magnitude can be orchestrated

in strictly security area. There are so

many check posts and still how a car

laden with three hundred KG RDX can

enter with fully military area? Alim

Dar was suicide bomber and he was

caught earlier in a shootout. But on

the dooms day, he was not found on

radar is a big question. Why hasn't

any action been taken against those

responsible for this security lapse?

What is stopping a thorough and

conclusive investigation? The enquiry

of this extreme sensitive attack is

still incomplete and what factors

are creating hurdles in concluding

question. While the questions remain

unanswered, it is the family which

suffers quietly. Most of the soldiers

belonged to the remote villages of UP

and Rajasthan. While their financial matters have been duly taken care of,

by the CRPF, it is the grief which they

are not able to come to terms with. When contacted, each family speaks about the angst and the anguish. This tragedy has made them face complex issues and challenges which very few of us would understand. Some families have resigned to the fate, some have these never-ending questions on their mind, some have family discord over the finances, some have been duped of the money on the pretext of more financial help, some have anxiety issues, some are unable to reconcile,

some just refuse to talk. Along with

paying homage as customary, PM Modi

should look into the matter that the

probe should be completed as soon as

possible and the culprits for lapses

should get punishment.

probe is the million dollar
