GENESYS

Commenting on the Results, Mr. Sajid Malik – Chairman & Managing Director said, “our improved financial performance is a function of the pivot in our business model and the investments we have made in the digital twin space . Our partnerships with world leaders and several path breaking geo content work we have undertaken in this year manifest in our financial results . Digital twins / 3D modelling of the world will become a key part of what digitisation is paving the way to engage and govern our world in more efficient ways.”
