EXPERT VIEW

The outlook for growth continues to remain positive mainly due to the low base, and we revise FY22 GDP growth to 9% from the earlier estimates of 11%
—Brickwork Ratings

Quick View

Foreign e-comm firms: CAIT petitions Goyal

RETAILERS ASSOCIATION CAIT has petitioned commerce and industry minister Piyush Goyal against foreign e-commerce companies allegedly flouting lockdown norms to deliver non-essential items and unfairly gaining market share at the cost of small merchants. In a two-page letter to Goyal, Confederation of All India Traders national general secretary Praveen Khandelwal alleged that Amazon and Walmart-owned Flipkart were making "illegitimate financial gains" by supplying non-essential items.

Phosphatic fert firms face hurdle

INTERNATIONAL PRICE RISE of key inputs along with non-revision of subsidy rates have become a hurdle for the domestic phosphatic fertiliser manufacturers, according to a report.

Mandovi Pellets resumes operations

CHOWGULE GROUP-OWNED MANDOVI Pellets on Tuesday said it has restarted operations at the country's oldest pellet plant in India after a hiatus of nine years. The 1979-built plant has undergone complete modernisation and refurbishment recently.

COVID EMERGENCY

SC asks Centre to explain rationale for pricing of Covaxin, Covishield

FE BUREAU
New Delhi, April 27

THE SUPREME COURT on Tuesday asked the central government to explain the rationale for pricing of the two Covid vaccines — Covaxin and Covishield — and what measures are in place to meet shortage when vaccination will be opened to up to all above 18 years of age from May 1.

A Bench comprising justices DY Chandrachud, L Nageswara Rao and S Ravindra Bhat also urged the Centre to examine the necessity of invoking provisions (like compulsory licensing) under the Patent Act to regulate prices of Covid vaccines, if necessary.

"Regarding pricing on vaccination different manufacturers are quoting in different prices. What is the central government doing about it? There are powers under the Patents Act. This is a pandemic and a national crisis. If this is not the time to issue such powers, what is the time?" Justice Bhat asked Solicitor Gen-

eral Tushar Mehta.

"The Union shall clarify the projected requirements of vaccine due to enhancement of coverage. Modality to be put in place to ensure that shortage and deficit would be looked into. The Centre to clarify basis and rationale for pricing of vaccine," the SC said in its order.

It also asked the Centre to explain how it is going to meet the surge of vaccine demand from May 1, as the vaccines are open to all above 18 years of age. "If vaccination is open to above 18, we need to know how you are going to meet the increased surge in demand for vaccines", Justice Chandrachud asked the SG.

Besides, the Centre was also

asked to submit steps taken by it to ensure the supply of critical drugs like Remdesivir, etc. "The Centre to apprise modality put in place for seamless communication between district collectors with the Union health ministry, along with daily monitoring," Justice Chandrachud said.

It also directed the Centre to submit detailed data on the supply of oxygen, medicines, health infrastructure and vaccination drive. Justice Chandrachud asked the SG to submit details on the total availability of oxygen in the country, projected demand, augmented steps to fulfil the projected demand and a monitoring mechanism in place to ensure the proper supply to affected states. The justice also asked the Centre to submit details of the methodology used to allocate oxygen to states from the central pool.

"The Centre will apprise the court about steps taken to form an identified panel of specialists which will be replicated at all state levels," the SC said. "We

need to know about the use of central resources of paramilitary forces who have paramedics and army facilities and army doctors and railways. These are common facilities that can be made available for quarantine, vaccination or beds. What is the national plan for this?" Justice Bhat asked the Centre.

The SC will next hear the matter on Friday.

The Bench also said that it was not preventing the high courts from exercising their power under Article 226, "we intend to play a complimentary role and help on issues they are not able to look into."

It also said that while high courts were in a better position to monitor situations in individual states, the SC cannot sit quietly during the crisis. "Our role will be to coordinate efforts between states. It is necessary for the SC to intervene for coordination of the national effort. At the time of a national crisis, the SC cannot be a mute spectator," the SC said.

Centre asks states to prioritise power sector vaccination

FE BUREAU
New Delhi, April 27

WITH THE RECENT surge in Covid-19 cases during the second wave, the Union power ministry has requested all state governments to facilitate special vaccination drives on a priority basis for all operational staff in government and private sectors engaged in power generation, distribution and transmission. The vaccination drive should also include contractual employees and personnel from load dispatch centres which contribute to uninterrupted power supply, the letter from the power ministry addressed to the chief secretaries of all the states and Union Territories said.

"I would be grateful, if you could kindly direct the state health machinery in your state to extend all possible support and cooperation in carrying out mass vaccination camps at appropriate locations to cover all power sector personnel on first

priority in your state as this would go a long way in keeping the morale of the power sector personnel, besides protecting them from the infection and in enabling them to provide their services continuously for ensuring 24x7 uninterrupted power supply," Alok Kumar, secretary of the Union power ministry stated in the letter.

FE had recently reported that the Association of Power Producers has asked the power ministry to treat all operational staff across the electricity supply value chain as priority category for vaccination. The Maharashtra government has already categorised all electricity distribution staff of private and PSU power distribution companies as 'front line workers', enabling their early vaccination. Even as the electricity demand has recorded an annual rise for the seventh straight month in March, power demand in FY21 dropped by 1% on year-on-year basis to 1,271.6 billion units.

Remdesivir production expected to start in Wardha from today: Gadkari

PRESS TRUST OF INDIA
Nagpur, April 27

UNION MINISTER NITIN Gadkari on Tuesday said Genetec Life Sciences will start production of remdesivir injections, used in the treatment of COVID-19, in Wardha (Maharashtra) from Wednesday.

While speaking to reporters during the inauguration of a

Covid-care centre in Nagpur, Gadkari said the company will produce 30,000 vials per day.

Remdesivir is approved in India for restricted emergency use for the treatment of suspected or laboratory confirmed Covid in adults and children hospitalised with severe disease.

Genetec Life Sciences, based in Wardha, has got loan licence to make remdesivir injections.

Millions of Remdesivir may have been exported, citizens here suffering due to its shortage: HC

THE DELHI HIGH Court on Tuesday said that millions of vials of Remdesivir, used in treatment of Covid-19, may have been exported by India, but its own citizenry was "suffering due to acute shortage of the drug".

Justice Prathiba M Singh said several companies in India were manufacturing the medicine and millions of vials of the drug must have been exported, "but

we do not have enough to cater to our own patients".

"Statistics show that shortage of the drug in Delhi is acute," the court said and asked the Centre, Drug Controller General of India (DCGI) and Indian Council of Medical Research (ICMR) whether there has been any change in the guidelines with regard to administering Remdesivir. —PTI

ICMR advises against NSAIDs, says some painkillers found to worsen Covid

PRESS TRUST OF INDIA
New Delhi, April 27

SOME PAINKILLERS LIKE Ibuprofen are found to worsen Covid-19, known to be harmful to heart failure patients and may increase risk of kidney damage, the ICMR said as it advised against taking non-steroidal anti-inflammatory drugs (NSAIDs) and recom-

mended taking paracetamol, if needed, during the disease.

Listing a series of frequently asked questions for patients with hypertension, diabetes and heart diseases, the ICMR said currently there is no evidence that BP medications — two group of drugs ACE inhibitors and angiotensin receptor blockers (ARBs) — increase the susceptibility or severity of Covid-19. —PTI

Oxygen Express brings 70 MT LMO for Delhi

FE BUREAU
New Delhi, April 27

THE RAILWAYS ON Tuesday delivered 70 metric tonne of liquid medical oxygen for Delhi, carried by an Oxygen Express train from Raigarh in Chhattisgarh to the national capital. The LMO which arrived early morning, is being disbursed by Delhi government to various hospitals to provide relief to patients battling with shortage of medical oxygen and poor health conditions amidst the growing coronavirus pandemic.

So far, 450 MT of LMO have been delivered to Maharashtra, Uttar Pradesh and Delhi in 6 Oxygen Express trains through 26 tankers covering more than 10,000 km. According to official figures, IR has delivered 202 MT to UP and 174 MT to Maharashtra. Madhya Pradesh will receive 64 MT through the express service which is on its way to Jabalpur and Bhopal.

Govt allows biz to verify monthly GST returns via EVC till May 31

The government has allowed businesses to verify through electronic verification code monthly GST returns filed till May 31.

In a notification, the Central Board of Indirect Taxes and Customs (CBIC) said any registered person during the period from April 21, 2021, to May 31, 2021, will be allowed to furnish the return in Form GSTR-3B and details of outward supplies in Form GSTR-1 verified through electronic verification code (EVC). —PTI

JSPL to offload power biz to promoter firm for ₹3,015 cr

The JSPL upper management has reiterated several times its target to reduce net debt to ₹15,000 crore by FY23 end, JSPL has also indicated will not incur any capex till it reaches targeted debt levels.

At the end of September 2020, after JSPL sold its 49% stake Oman-based steel business, the company's net debt stood at around ₹28,900 crore. JSPL had earlier entered into a definitive agreement to sell a 1,000 MW thermal power plant from JPL portfolio to JSW Energy, but the deal was not completed.

"Looking to the future, JSPL will be a key growth driver in the Indian steel industry and will now focus on undertaking expansion of its Angul steel plant from 6 million tonnes per annum (MTPA) to 12 MTPA," VR Sharma, the company's MD said.

Combatting Covid: US on mission mode to help India

"We are in close touch with Indian officials at all levels. We are also closely coordinating with our allies, friends, and Quad partners about how we can collectively support India in its hour of need," a senior administration official told reporters, soon after President Joe Biden had a telephonic conversation with Prime Minister Narendra Modi.

As requested by the Indian government, the US will be providing raw materials for the production of the Covishield vaccine at the Serum Institute of India, a second senior official said. "Given that there is not enough of the supply for the entire global manufacturing effort and in light of the current crisis, we, the United States, are diverting our order to India," the official said.

"We did not intervene with the manufacturer to make them fill the Serum Institute's order; we don't have that power. Instead, what we are doing is diverting our own order of our own supplies to the Serum Institute for their manufacturing," the official explained.

Urban Company joins unicorn club with fresh \$188-m funding

The company operates an online marketplace for urban lifestyle services offering a mobile application and a website for finding and hiring services such as home service and repair, beauty and wellness services, lessons and hobbies, event and wedding services, business services, personal services.

With the pandemic restricting movement, the demand for such services has increased. The firm claims it

has more than five million customers and 25,000 trained professionals registered on the platform. It operates in 30 cities, including places like Patna, Raipur, Bhopal and Vijaywada and also in Abu Dhabi, Dubai, Riyadh, Sharjah,

Singapore and Sydney.

The firm's revenue from operations increased to ₹218.64 crore in FY20 on a consolidated basis from ₹108.96 crore in FY19. Total losses shot up to ₹155.17 crore in FY20 from ₹78.48 crore in the previous year. Indian startups have been on a fund-raising spree. Eleven startups including Meesho, ShareChat, Groww, Cred and PharmEasy turned unicorns earlier this year.

USAID and CDC will provide technical assistance and materials, and strengthen vaccine communications related to confidence in vaccination, and support of vaccine readiness at the national and subnational levels.

Observing that India was facing a huge surge right now, a third senior official said that there's a lot of support that the Biden administration is currently exploring and what they will provide that will be helpful on the ground immediately.

"At India's request, we're exploring options to provide oxygen and related supplies. These are resources that India has specifically requested and are very high on their priority list," the official said.

The Department of Defence and USA Agency for International Development are pursuing options to provide oxygen generation systems.

According to the official, the Department of Defence is working on oxygen generation systems, including larger-scale as well as smaller-scale units. They are also exploring the provision of field oxygen generation systems, which the US has used in its own field hospitals to provide oxygen for 50 to 100 beds.

"They are shorter- and longer-term options that we're providing in the immediate, and then we plan to continue to be engaged over the longer term," the official said.

The Pentagon is also exploring options to provide oxygen concentrations and ventilators. The US is in technical discussions with India to ensure that the equipment that US supplies will connect to devices in India. The US will also provide training associated with all of these requests as needed. "The US government is also preparing to help with transportation of these and other supplies to

India," said the official. The administration has identified US commercial suppliers of remdesivir that are immediately available to help relieve the suffering of Covid-19 patients in India. It has identified rapid diagnostic testing supplies, as well as personal protective equipment, that will be available to be transferred to India immediately, the official said.

Further, the CDC, working with USAID, will urgently deploy a strike team to India which will include public health experts to work in close collaboration with the US embassy in New Delhi, with India's health ministries and experts, and with India's Epidemic Intelligence Service staff.

—PTI

to currency tumbled from a peak of almost \$64,870 in mid-April but is still up sevenfold in the past year.

Tesla fell as much as 3.1% in late trading after its results were announced on Monday despite a record profit in the first quarter. —BLOOMBERG

Maruti Q4 profit declines 9.7%

Bhargava expressed concern prices of steel were rising and there was no way of getting a steel producer to commit to a fixed price for six months. "We have to keep watching the situation and take decisions according to what happens in the marketplace," he said.

Bhargava also said a close watch was being kept on the oxygen situation, which is not directly consumed by it but could be an issue for vendors. "We ourselves are small users, our vendors are much larger users and production can happen only when all of us are able to work to our capacity," he said.

Maruti sold a total of 4.92 lakh vehicles during the quarter, higher by 27.8% y-o-y. Sales in the domestic market stood at 4.56 lakh units, growing by 26.7%, while exports rose by 44.4% to 35,528 units.

The increase comes on a lower base, as there was a significant decline in the sales volume largely owing to Covid-19 lockdown in Q4 FY20.

Maruti has around 1,280 active Covid-19 cases of the total employee strength of 30,000 people. Bhargava added that the pandemic has not affected the availability of people on the assembly lines and the company is maintaining full production.

COVID EMERGENCY

SC asks Centre to explain rationale for pricing of Covaxin, Covishield

FE BUREAU
New Delhi, April 27

THE SUPREME COURT on Tuesday asked the central government to explain the rationale for pricing of the two Covid vaccines – Covaxin and Covishield – and what measures are in place to meet shortage when vaccination will be opened to up to all above 18 years of age from May 1.

A Bench comprising justices DY Chandrachud, LNageswara Rao and S Ravindra Bhat also urged the Centre to examine the necessity of invoking provisions (like compulsory licensing) under the Patent Act to regulate prices of Covid vaccines, if necessary.

"Regarding pricing on vaccination different manufacturers are quoting in different prices. What is the central government doing about it? There are powers under the Patents Act. This is a pandemic and a national crisis. If this is not the time to issue such powers, what is the time?" Justice Bhat asked Solicitor Gen-

eral Tushar Mehta.

"The Union shall clarify the projected requirements of vaccine due to enhancement of coverage. Modality to be put in place to ensure that shortage and deficit would be looked into. The Centre to clarify basis and rationale for pricing of vaccine," the SC said in its order.

It also asked the Centre to explain how it is going to meet the surge of vaccine demand from May 1, as the vaccines are open to all above 18 years of age. "If vaccination is open to above 18, we need to know how you are going to meet the increased surge in demand for vaccines", Justice Chandrachud asked the SG.

Besides, the Centre was also

asked to submit steps taken by it to ensure the supply of critical drugs like Remdesivir, etc. "The Centre to apprise modality put in place for seamless communication between district collectors with the Union health ministry, along with daily monitoring," Justice Chandrachud said.

It also directed the Centre to submit detailed data on the supply of oxygen, medicines, health infrastructure and vaccination drive. Justice Chandrachud asked the SG to submit details on the total availability of oxygen in the country, projected demand, augmented steps to fulfil the projected demand and a monitoring mechanism in place to ensure the proper supply to affected states. The justice also asked the Centre to submit details of the methodology used to allocate oxygen to states from the central pool.

"The Centre will apprise the court about steps taken to form an identified panel of specialists which will be replicated at all state levels," the SC said. "We

need to know about the use of central resources of paramilitary forces who have paramedics and army facilities and army doctors and railways. These are common facilities that can be made available for quarantine, vaccination or beds. What is the national plan for this?" Justice Bhat asked the Centre.

The SC will next hear the matter on Friday.

The Bench also said that it was not preventing the high courts from exercising their power under Article 226, "we intend to play a complimentary role and help on issues they are not able to look into."

It also said that while high courts were in a better position to monitor situations in individual states, the SC cannot sit quietly during the crisis. "Our role will be to coordinate efforts between states. It is necessary for the SC to intervene for coordination of the national effort. At the time of a national crisis, the SC cannot be a mute spectator," the SC said.

Centre asks states to prioritise power sector vaccination

FE BUREAU
New Delhi, April 27

WITH THE RECENT surge in Covid-19 cases during the second wave, the Union power ministry has requested all state governments to facilitate special vaccination drives on a priority basis for all operational staff in government and private sectors engaged in power generation, distribution and transmission. The vaccination drive should also include contractual employees and personnel from load dispatch centres which contribute to uninterrupted power supply, the letter from the power ministry addressed to the chief secretaries of all the states and Union Territories said.

"I would be grateful, if you could kindly direct the state health machinery in your state to extend all possible support and cooperation in carrying out mass vaccination camps at appropriate locations to cover all power sector personnel on first

priority in your state as this would go a long way in keeping the morale of the power sector personnel, besides protecting them from the infection and in enabling them to provide their services continuously for ensuring 24x7 uninterrupted power supply," Alok Kumar, secretary of the Union power ministry stated in the letter.

FE had recently reported that the Association of Power Producers has asked the power ministry to treat all operational staff across the electricity supply value chain as priority category for vaccination. The Maharashtra government has already categorised all electricity distribution staff of private and PSU power distribution companies as 'front line workers', enabling their early vaccination. Even as the electricity demand has recorded an annual rise for the seventh straight month in March, power demand in FY21 dropped by 1% on a year-on-year basis to 1,271.6 billion units.

Remdesivir production expected to start in Wardha from today: Gadkari

PRESS TRUST OF INDIA
Nagpur, April 27

UNION MINISTER NITIN Gadkari on Tuesday said Genetec Life Sciences will start production of remdesivir injections, used in the treatment of COVID-19, in Wardha (Maharashtra) from Wednesday.

While speaking to reporters during the inauguration of a

Covid-care centre in Nagpur, Gadkari said the company will produce 30,000 vials per day.

Remdesivir is approved in India for restricted emergency use for the treatment of suspected or laboratory confirmed Covid in adults and children hospitalised with severe disease. Genetec Life Sciences, based in Wardha, has got loan licence to make remdesivir injections.

Millions of Remdesivir may have been exported, citizens here suffering due to its shortage: HC

THE DELHI HIGH Court on Tuesday said that millions of vials of Remdesivir, used in treatment of Covid-19, may have been exported by India, but its own citizenry was "suffering due to acute shortage of the drug".

Justice Prathiba M Singh said several companies in India were manufacturing the medicine and millions of vials of the drug must have been exported, but

we do not have enough to cater to our own patients."

"Statistics show that shortage of the drug in Delhi is acute," the court said and asked the Centre, Drug Controller General of India (DCGI) and Indian Council of Medical Research (ICMR) whether there has been any change in the guidelines with regard to administering Remdesivir.

ICMR advises against NSAIDs, says some painkillers found to worsen Covid

PRESS TRUST OF INDIA
New Delhi, April 27

SOME PAINKILLERS LIKE Ibuprofen are found to worsen Covid-19, known to be harmful to heart failure patients and may increase risk of kidney damage, the ICMR said as it advised against taking non-steroidal anti-inflammatory drugs (NSAIDs) and recom-

mended taking paracetamol, if needed, during the disease.

Listing a series of frequently asked questions for patients with hypertension, diabetes and heart diseases, the ICMR said currently there is no evidence that BP medications – two group of drugs ACE inhibitors and angiotensin receptor blockers (ARBs) – increase the susceptibility or severity of Covid-19.

Oxygen Express brings 70 MT LMO for Delhi

FE BUREAU
New Delhi, April 27

THE RAILWAYS ON Tuesday delivered 70 metric tonne of liquid medical oxygen for Delhi, carried by an Oxygen Express train from Raigarh in Chhattisgarh to the national capital. The LMO which arrived early morning, is being disbursed by Delhi government to various hospitals to provide relief to patients battling with shortage of medical oxygen and poor health conditions amidst the growing coronavirus pandemic.

So far, 450 MT of LMO have been delivered to Maharashtra, Uttar Pradesh and Delhi in 6 Oxygen Express trains through 26 tankers covering more than 10,000 km. According to official figures, IR has delivered 202 MT to UP and 174 MT to Maharashtra. Madhya Pradesh will receive 64 MT through the express service which is on its way to Jabalpur and Bhopal.

JSP to offload power biz to promoter firm for ₹3,015 cr

The JSP upper management has reiterated several times its target to reduce net debt to ₹15,000 crore by FY23 end. JSP has also indicated will not incur any capex till it reaches targeted debt levels.

At the end of September 2020, after JSPL sold its 49% stake Oman-based steel business, the company's net debt stood at around ₹28,900 crore. JSPL had earlier entered into a definitive agreement to sell a 1,000 MW thermal power plant from JPL portfolio to JSW Energy, but the deal was not completed.

"Looking to the future, JSPL will be a key growth driver in the Indian steel industry and will now focus on undertaking expansion of its Angul steel plant from 6 million tonnes per annum (MTPA) to 12 MTPA," VR Sharma, the company's MD said.

Combatting Covid: US on mission mode to help India

"We are in close touch with Indian officials at all levels. We are also closely coordinating with our allies, friends, and Quad partners about how we can collectively support India in its hour of need," a senior administration official told reporters, soon after President Joe Biden had a telephonic conversation with Prime Minister Narendra Modi.

As requested by the Indian government, the US will be providing raw materials for the production of the Covishield vaccine at the Serum Institute of India, a second senior official said. "Given that there is not enough of the supply for the entire global manufacturing effort and in light of the current crisis, we, the United States, are diverting our order to India," the official said.

"We did not intervene with the manufacturer to make them fill the Serum Institute's order; we don't have that power. Instead, what we are doing is diverting our own order of our own supplies to the Serum Institute for their manufacturing," the official explained.

Urban Company joins unicorn club with fresh \$188-m funding

The company operates an online marketplace for urban lifestyle services offering a mobile application and a website for finding and hiring services such as home service and repair, beauty and wellness services, lessons and hobbies, event and wedding services, business services, personal services.

With the pandemic restricting movement, the demand for such services has increased. The firm claims it

has more than five million customers and 25,000 trained professionals registered on the platform. It operates in 30 cities, including places like Patna, Raipur, Bhopal and Vijaywada and also in Abu Dhabi, Dubai, Riyadh, Sharjah,

Singapore and Sydney.

The firm's revenue from operations increased to ₹218.64 crore in FY20 on a consolidated basis from ₹108.96 crore in FY19. Total losses shot up to ₹155.17 crore in FY20 from ₹78.48 crore in the previous year. Indian startups have been on a fund-raising spree. Eleven startups including Meesho, ShareChat, Groww, Cred and PharmEasy turned unicorns earlier this year.

USAID and CDC will provide technical assistance and materials, and strengthen vaccine communications related to confidence in vaccination, and support of vaccine readiness at the national and subnational levels.

Observing that India was facing a huge surge right now, a third senior official said that there's a lot of support that the Biden administration is currently exploring and what they will provide that will be helpful on the ground immediately.

"At India's request, we're exploring options to provide oxygen and related supplies. These are resources that India has specifically requested and are very high on their priority list," the official said.

The Department of Defence and USA Agency for International Development are pursuing options to provide oxygen generation systems.

According to the official, the Department of Defence is working on oxygen generation systems, including larger-scale as well as smaller-scale units. They are also exploring the provision of field oxygen generation systems, which the US has used in its own field hospitals to provide oxygen for 50 to 100 beds.

"They are shorter- and longer-term options that we're providing in the immediate, and then we plan to continue to be engaged over the longer term," the official said.

The Pentagon is also exploring options to provide oxygen concentrations and ventilators. The US is in technical discussions with India to ensure that the equipment that US supplies will connect to devices in India. The US will also provide training associated with all of these requests as needed. "The US government is also preparing to help with transportation of these and other supplies to

India," said the official. The administration has identified US commercial suppliers of remdesivir that are immediately available to help relieve the suffering of Covid-19 patients in India. It has identified rapid diagnostic testing supplies, as well as personal protective equipment, that will be available to be transferred to India immediately, the official said.

Further, the CDC, working with USAID, will urgently deploy a strike team to India which will include public health experts to work in close collaboration with the US embassy in New Delhi, with India's health ministries and experts, and with India's Epidemic Intelligence Service staff. —PTI

Tesla sold bitcoin to prove its liquidity, says Musk

While many continue to view the token as just too risky to be compared with cash, Tesla's chief financial officer Zachary Kirkhorn said on an earnings call that the company believes in bitcoin's long-term value.

For a number of strategists, Bitcoin and other tokens are purely speculative investments rather than legitimate alternatives to cash. For instance, BCA Research Inc. argues that Bitcoin fails as a store of value or unit of account owing to its volatility, even though these are basic functions of money.

However, Musk has been a high-profile supporter of cryptocurrencies for some time and late last month announced that Tesla would begin accepting payment for its vehicles in Bitcoin. The world's largest cryp-

tocurrency tumbled from a peak of almost \$64,870 in mid-April but is still up sevenfold in the past year.

Tesla fell as much as 3.1% in late trading after its results were announced on Monday despite a record profit in the first quarter. —BLOOMBERG

Maruti Q4 profit declines 9.7%

Bhargava expressed concern prices of steel were rising and there was no way of getting a steel producer to commit to a fixed price for six months. "We have to keep watching the situation and take decisions according to what happens in the marketplace," he said.

Bhargava also said a close watch was being kept on the oxygen situation, which is not directly consumed by it but could be an issue for vendors. "We ourselves are small users, our vendors are much larger users and production can happen only when all of us are able to work to our capacity," he said.

Maruti sold a total of 4.92 lakh vehicles during the quarter, higher by 27.8% y-o-y. Sales in the domestic market stood at 4.56 lakh units, growing by 26.7%, while exports rose by 44.4% to 35,528 units.

The increase comes on a lower base, as there was a significant decline in the sales volume largely owing to Covid-19 lockdown in Q4 FY20.

Maruti has around 1,280 active Covid-19 cases of the total employee strength of 30,000 people. Bhargava added that the pandemic has not affected the availability of people on the assembly lines and the company is maintaining full production.

EXPERT VIEW

The outlook for growth continues to remain positive mainly due to the low base, and we revise FY22 GDP growth to 9% from the earlier estimates of 11%

—Brickwork Ratings

Quick View

Foreign e-comm firms: CAIT petitions Goyal

RETAILERS ASSOCIATION CAIT has petitioned commerce and industry minister Piyush Goyal against foreign e-commerce companies allegedly flouting lockdown norms to deliver non-essential items and unfairly gaining market share at the cost of small merchants. In a two-page letter to Goyal, Confederation of All India Traders national general secretary Praveen Khandelwal alleged that Amazon and Walmart-owned Flipkart were making "illegitimate financial gains" by supplying non-essential items.

Phosphatic fert firms face hurdle

INTERNATIONAL PRICE RISE of key inputs along with non-revision of subsidy rates have become a hurdle for the domestic phosphatic fertiliser manufacturers, according to a report.

Mandovi Pellets resumes operations

CHOWGULE GROUP-OWNED MANDOVI Pellets on Tuesday said it has restarted operations at the country's oldest pellet plant in India after a hiatus of nine years. The 1979-built plant has undergone complete modernisation and refurbishment recently.

COVID EMERGENCY

SC asks Centre to explain rationale for pricing of Covaxin, Covishield

FE BUREAU New Delhi, April 27

THE SUPREME COURT on Tuesday asked the central government to explain the rationale for pricing of the two Covid vaccines — Covaxin and Covishield — and what measures are in place to meet shortage when vaccination will be opened to up to all above 18 years of age from May 1.

A Bench comprising justices DY Chandrachud, L Nageswara Rao and S Ravindra Bhat also urged the Centre to examine the necessity of invoking provisions (like compulsory licensing) under the Patent Act to regulate prices of Covid vaccines, if necessary.

"Regarding pricing on vaccination different manufacturers are quoting in different prices. What is the central government doing about it? There are powers under the Patents Act. This is a pandemic and a national crisis. If this is not the time to issue such powers, what is the time?" Justice Bhat asked Solicitor General Tushar Mehta.

Remdesivir production expected to start in Wardha from today: Gadhari

PRESS TRUST OF INDIA Nagpur, April 27

UNION MINISTER NITIN Gadhari on Tuesday said Genetec Life Sciences will start production of remdesivir injections, used in the treatment of COVID-19, in Wardha (Maharashtra) from Wednesday.

While speaking to reporters during the inauguration of a

eral Tushar Mehta.

"The Union shall clarify the projected requirements of vaccine due to enhancement of coverage. Modality to be put in place to ensure that shortage and deficit would be looked into. The Centre to clarify basis and rationale for pricing of vaccine," the SC said in its order.

It also asked the Centre to explain how it is going to meet the surge of vaccine demand from May 1, as the vaccines are open to all above 18 years of age. "If vaccination is open to above 18, we need to know how you are going to meet the increased surge in demand for vaccines," Justice Chandrachud asked the SG. Besides, the Centre was also

asked to submit steps taken by it to ensure the supply of critical drugs like Remdesivir, etc. "The Centre to apprise modality put in place for seamless communication between district collectors with the Union health ministry, along with daily monitoring," Justice Chandrachud said.

It also directed the Centre to submit detailed data on the supply of oxygen, medicines, health infrastructure and vaccination drive. Justice Chandrachud asked the SG to submit details on the total availability of oxygen in the country, projected demand, augmented steps to fulfil the projected demand and a monitoring mechanism in place to ensure the proper supply to affected states. The justice also asked the Centre to submit details of the methodology used to allocate oxygen to states from the central pool.

"The Centre will apprise the court about steps taken to form an identified panel of specialists which will be replicated at all state levels," the SC said. "We

need to know about the use of central resources of paramilitary forces who have paramedics and army facilities and army doctors and railways. These are common facilities that can be made available for quarantine, vaccination or beds. What is the national plan for this?" Justice Bhat asked the Centre.

The SC will next hear the matter on Friday.

The Bench also said that it was not preventing the high courts from exercising their power under Article 226, "we intend to play a complimentary role and help on issues they are not able to look into."

It also said that while high courts were in a better position to monitor situations in individual states, the SC cannot sit quietly during the crisis. "Our role will be to coordinate efforts between states. It is necessary for the SC to intervene for coordination of the national effort. At the time of a national crisis, the SC cannot be a mute spectator," the SC said.

Centre asks states to prioritise power sector vaccination

FE BUREAU New Delhi, April 27

WITH THE RECENT surge in Covid-19 cases during the second wave, the Union power ministry has requested all state governments to facilitate special vaccination drives on a priority basis for all operational staff in government and private sectors engaged in power generation, distribution and transmission. The vaccination drive should also include contractual employees and personnel from load dispatch centres which contribute to uninterrupted power supply, the letter from the power ministry addressed to the chief secretaries of all the states and Union Territories said.

"I would be grateful, if you could kindly direct the state health machinery in your state to extend all possible support and cooperation in carrying out mass vaccination camps at appropriate locations to cover all power sector personnel on first

priority in your state as this would go a long way in keeping the morale of the power sector personnel, besides protecting them from the infection and in enabling them to provide their services continuously for ensuring 24x7 uninterrupted power supply," Alok Kumar, secretary of the Union power ministry stated in the letter.

FE had recently reported that the Association of Power Producers has asked the power ministry to treat all operational staff across the electricity supply value chain as priority category for vaccination. The Maharashtra government has already categorised all electricity distribution staff of private and PSU power distribution companies as 'front line workers', enabling their early vaccination. Even as the electricity demand has recorded an annual rise for the seventh straight month in March, power demand in FY21 dropped by 1% on year-on-year basis to 1,271.6 billion units.

Oxygen Express brings 70 MT LMO for Delhi

FE BUREAU New Delhi, April 27

THE RAILWAYS ON Tuesday delivered 70 metric tonne of liquid medical oxygen for Delhi, carried by an Oxygen Express train from Raigarh in Chhattisgarh to the national capital. The LMO which arrived early morning, is being disbursed by Delhi government to various hospitals to provide relief to patients battling with shortage of medical oxygen and poor health conditions amidst the growing coronavirus pandemic.

So far, 450 MT of LMO have been delivered to Maharashtra, Uttar Pradesh and Delhi in 6 Oxygen Express trains through 26 tankers covering more than 10,000 km. According to official figures, IR has delivered 202 MT to UP and 174 MT to Maharashtra. Madhya Pradesh will receive 64 MT through the express service which is on its way to Jabalpur and Bhopal.

Govt allows biz to verify monthly GST returns via EVC till May 31

The government has allowed businesses to verify through electronic verification code monthly GST returns filed till May 31.

In a notification, the Central Board of Indirect Taxes and Customs (CBIC) said any registered person during the period from April 21, 2021, to May 31, 2021, will be allowed to furnish the return in Form GSTR-3B and details of outward supplies in Form GSTR-1 verified through electronic verification code (EVC). —PTI

Millions of Remdesivir may have been exported, citizens here suffering due to its shortage: HC

THE DELHI HIGH Court on Tuesday said that millions of vials of Remdesivir, used in treatment of Covid-19, may have been exported by India, but its own citizenry was "suffering due to acute shortage of the drug."

Justice Prathiba M Singh said several companies in India were manufacturing the medicine and millions of vials of the drug must have been exported, "but

we do not have enough to cater to our own patients."

"Statistics show that shortage of the drug in Delhi is acute," the court said and asked the Centre, Drug Controller General of India (DCGI) and Indian Council of Medical Research (ICMR) whether there has been any change in the guidelines with regard to administering Remdesivir. —PTI

ICMR advises against NSAIDs, says some painkillers found to worsen Covid

PRESS TRUST OF INDIA New Delhi, April 27

SOME PAINKILLERS LIKE Ibuprofen are found to worsen Covid-19, known to be harmful to heart failure patients and may increase risk of kidney damage, the ICMR said as it advised against taking non-steroidal anti-inflammatory drugs (NSAIDs) and recom-

mended taking paracetamol, if needed, during the disease.

Listing a series of frequently asked questions for patients with hypertension, diabetes and heart diseases, the ICMR said currently there is no evidence that BP medications — two group of drugs ACE inhibitors and angiotensin receptor blockers (ARBs) — increase the susceptibility or severity of Covid-19. —PTI

Before the National Company Law Tribunal
Kolkata Bench
Company Application (CAA) No.1492/KB/2020
In the Matter of the Companies Act, 2013 - Section 230(1)
And
In the Matter of:
Srei Equipment Finance Limited, a Company incorporated under the provisions of the Companies Act, 1956 and being a Company within the meaning of the Companies Act, 2013, having Corporate Identification No. U70101WB2006PLC109898 and its registered office at Vishwakarma, 86C, Topsia Road, Kolkata 700 046.
...Applicant Company

NOTICE AND ADVERTISEMENT CONVENING MEETING OF DEBENTURE TRUSTEES REPRESENTING UNSECURED DEBENTURE HOLDERS OF SREI EQUIPMENT FINANCE LIMITED COVERED UNDER THE PROPOSED SCHEME OF ARRANGEMENT

Srei Equipment Finance Limited, the Applicant Company abovenamed ("SEFL") has proposed a Scheme of Arrangement with its Creditors under Section 230 and other applicable provisions of the Companies Act, 2013 ("Scheme" or "Scheme of Arrangement"). The said Scheme contemplates arrangement with Creditors of SEFL covered under and as defined in Part II of the Scheme including the Secured Debenture Holders, the Unsecured Debenture Holders, the Secured ECB Lenders, Unsecured ECB Lenders, PDI Holders and Individual Debenture Holders. The said Scheme is a natural consequence of the First Scheme (as defined under Part II of the Scheme) that SEFL has proposed with its banks and financial institutions.

NOTICE is hereby given that by an Order dated 30 December 2020, the Hon'ble National Company Law Tribunal, Kolkata Bench ("Tribunal") has directed inter alia, a meeting of the Debenture Trustees representing the Unsecured Debenture Holders of SEFL (whose names are appearing in Schedule III of the Scheme) to be held for the purpose of their considering, and if thought fit, approving, with or without modification, the proposed Scheme.

In pursuance of the said order and as directed therein, further notice is hereby given that meeting of the Debenture Trustees representing the Unsecured Debenture Holders to consider, and, if thought fit, approve with or without modification the said Scheme of Arrangement, as aforesaid, will be held at "The Westin", International Financial Hub, CBD/II Action Area II, New Town, Kolkata 700156 on Saturday, 29 May 2021 at 11:30 AM.

TAKE FURTHER NOTICE that in terms of the said order, the Debenture Trustees representing the Unsecured Debenture Holders shall have the facility of voting on the Scheme by casting their votes through respective authorised representatives at the venue of the meeting on Saturday, 29 May 2021 at 11:30 AM as fixed by the Hon'ble Tribunal for the meeting of the Debenture Trustees representing the Unsecured Debenture Holders as mentioned above.

For those Debenture Trustees representing the Unsecured Debenture Holders, votes may be cast, as aforesaid, at the venue of the meeting by such Debenture Trustees representing the Unsecured Debenture Holders, provided a certified copy of the resolution of the respective Board of Directors or other governing body authorizing such representative(s) to attend and vote at the meeting on its behalf is deposited at the registered office of SEFL not later than 48 (forty eight) hours before the time for holding the meeting.

The Hon'ble Tribunal has appointed Ms. Urmila Chakraborty, Advocate and Ms. Madhuri Pandey, ACS, Practising Company Secretary (Membership Number: ACS 55836/Certificate of Practice No. 20723) to be the Chairperson and the Scrutinizer, respectively for the said meeting of the Debenture Trustees representing the Unsecured Debenture Holders.

Copy of the Notice convening the meeting of Debenture Trustees representing the Unsecured Debenture Holders are also placed on the website of SEFL viz. www.srei.com.

SEFL has already sent the Notices convening meeting along with the Explanatory Statement and all other accompanying documents to Debenture Trustees representing the Unsecured Debenture Holders on 27 April 2021 by Speed Post/Email in terms of the directions of the Hon'ble Tribunal. Such notices are being sent to the Debenture Trustees representing the Unsecured Debenture Holders of SEFL who are covered under Part III/ Schedule III of the proposed Scheme of Arrangement and on whose behalf the said Debenture Trustees are eligible to attend and vote at the meeting.

Copies of the said Scheme of Arrangement, attendance slip, the Explanatory Statement pursuant to Section 230(3) of the Companies Act, 2013 along with all annexures to such statement can be obtained by the Debenture Trustees representing the Unsecured Debenture Holders free of charge at the registered office of SEFL on any working day prior to 29 May 2021 (between 10:00 A.M. to 04:00 P.M.) except Saturdays, Sundays and Public Holidays prior to the date of the meeting.

The votes cast by the Debenture Trustees representing the Unsecured Debenture Holders (whose names are appearing in Schedule III of the Scheme) shall be reckoned with reference to 30 November 2020.

The Chairperson of the said meeting shall declare the result of the meeting upon submission of the report by the Scrutinizer to them upon conclusion of the said meeting and submit the report on the meeting before the Hon'ble Tribunal accordingly.

In case of any queries relating to the meeting, as aforesaid, any Debenture Trustee representing the Unsecured Debenture Holders can send a request to SEFL by writing an e-mail to secretarial.sefi@srei.com.

The abovementioned Scheme of Arrangement, if approved at the aforesaid meeting, will be subject to the subsequent sanction of the Hon'ble Tribunal.

Dated this 28th day of April 2021.

NOTICE OF POSTAL BALLOT

Members are hereby informed that pursuant to Section 108 and Section 110 of the Companies Act, 2013, ("the Act") read with Rule 22 of the Companies (Management and Administration) Rules, 2014 and the General Circular Nos. 14/2020 dated 8th April, 2020, 17/2020 dated 13th April, 2020 and 39/2020 dated 31st December, 2020 issued by the Ministry of Corporate Affairs (MCA Circulars), and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("Listing Regulations") and other applicable laws and regulations, if any, including any statutory modification(s) or re-enactment(s) thereto for the time being in force, the Company on Tuesday, 27th April, 2021, sent e-mail along with the Login ID and password to the Members for e-voting who have registered their e-mail ids with the Depository Participant(s) or with the Company, for seeking approval of the Members of the Company for Migration of the Company from NSE Emerge (SME Platform) to Main Board of NSE, as detailed in the Postal Ballot Notice dated 19th April, 2021.

The Board of Directors of the Company has appointed Mr. Santosh Kumar Tibrewalla, Practising Company Secretary, as the scrutiner for conducting the Postal Ballot process in a fair and transparent manner. Members are requested to provide their assent or dissent through e-voting only. The Company has appointed CDSL for facilitating e-voting to enable the Members to cast their votes electronically. The detailed procedure for e-voting is enumerated in the Notes to the Postal Ballot Notice. Members are requested to note that the e-voting shall commence from Saturday, May 1, 2021 at 9:00 a.m. and will end on Sunday, May 30, 2021 at 5:00 p.m. The e-voting module shall be disabled by CDSL for voting thereafter, and the member will not be allowed to vote after the said period. The voting rights of Members shall be reckoned as on Friday, 23rd April, 2021, which is the cut-off date.

In accordance with the above mentioned Circulars, physical copies of the Postal Ballot Notice along with Postal Ballot forms and pre-paid Business reply Envelope will not be sent to the Members. The copy of Postal Ballot Notice is available on the Company's website at www.hindcon.com, website of the Stock Exchange i.e. National Stock Exchange of India Limited at www.nseindia.com and on the website of CDSL at www.cdslindia.com/. Members who do not receive the Postal Ballot Notice may download it from the above mentioned websites.

Members holding shares in physical mode who have not updated their e-mail addresses with the Company RTA are requested to update their e-mail addresses by writing to the Company at cs@hindcon.com/kolkata@linkintime.co.in along with the scanned signed copy of the request letter providing their e-mail address, mobile number along with self-attested copies of PAN, proof of address and share certificate(s).

Members holding shares in dematerialized mode and who have not registered or updated their e-mail addresses are requested to register/ update their e-mail addresses and mobile numbers with their respective DPs.

In case of any query or grievances connected to e-voting, please contact Mr. Moloy Biswas, Regional Manager, Unit No. A-2501, Marathon Futorex, Mafalati Mills Compound, N.M. Joshi Marg, Lower Parel (E) Mumbai- 400013 at Phone (033) 2282-1376 or e-mail: helpdesk.evoting@cdslindia.com or moloy@cdslindia.com.

For any clarification you may contact us at cs@hindcon.com.

The results of the Postal Ballot by e-voting will be announced on June 01, 2021 at the registered office of the Company and the same will also be available at the website of the Company and with depositories.
