I-T raids policy think tank CPR, Oxfam, NGOs, others

Offices of unrecognised political parties also raided over 'FCRA violations'

BS REPORTER & PTI
New Delhi, 7 September

The income-tax (I-T) department on Wednesday conducted raids on New Delhi-based think tank Centre for Policy Research (CPR), international charity organisation Oxfam, Bengaluru-based Independent and Public Spirited Media Foundation (IPSMF), registered unrecognised political parties (RUPPs) and several other non-government organisations (NGOs), official sources said under the condition of anonymity.

The taxman undertook the surprise action against three more organisations in the NGO and charitable organisation domain, they said.

The department visited the premises of these organisations around noon and inspected the book of accounts and financial transactions as part of the probe related to alleged contravention of the Foreign Contribution Regulation Act (FCRA), sources said.

The office staff and main directors and office-bearers were questioned too, they said. Sources said the department was looking at the balance sheets of these organisations vis-a-vis the receipt of funds via the FCRA.

According to law, all NGOs receiving foreign funds have to be registered under FCRA. The government has cancelled FCRA registration of nearly 1,900 NGOs for violating various provisions of law in the past five years.

There were 22,762 FCRA-registered organisations till the end of 2021.

The Centre amended the FCRA in 2020 allowing conducting an enquiry before a renewal and giving organisations the option of surrendering the licence if an organisation doesn't want it.

Officials of CPR, Oxfam, and IPSMF couldn't be immediately reached for a response.

GST wing conducts tax inspections at insurers

SUBHOMOY BHATTACHARJEE
New Delhi, 7 September

The Goods and Services Tax wing of the Central Board of Indirect Taxes and Customs (CBIC) has carried out tax searches and inspections against several insurance companies. The list of companies the tax sleuths have visited includes several of the major life and non-life insurers.

A government source said the tax searches were about cases where the insurance companies had taken input tax credit in excess of what they are entitled to. This is not the first time that the CBIC has launched a coordinated action against several companies in the sector. Some years ago, the indirect tax department had investigated the non-life companies for alleged tax evasion in the motor insurance business. The combined dues had then amounted to over ₹1,500 crore.

This time the quantum of

the overdraw of input tax credit is still being added up, but it is expected to be over ₹3,000 crore for the entire industry. The combined demand by the department from the insurance arms of one of the financial sector entities is itself close to ₹600 crore, it is understood.

Business Standard reached out via email and phone calls to several companies to elicit their reaction to the searches. None of them were willing to comment on the government action, which has been on since early this week.

A top source in the Insurance Regulatory and Development Authority of India confirmed the extent of action by the CBIC. However, the source said the regulator had not been informed officially by the finance ministry. Some of the companies are in favour of

collective action by roping in the General Insurance Council and the Life Insurance Council to offer a collective response to the GST wing of CBIC.

Interestingly, while some of the companies or their promoter companies are listed in the stock exchanges, none has so far apprised the shareholders of the action by the CBIC.

Over the past couple of years, the government has been taking a series of steps to ensure there are no leakages in the GST revenues. Both the direct and indirect tax departments have been pooling their information to ensure the tax dues are realised. In August 2022, the gross GST revenue collected reached ₹1.43 trillion, which is 28 per cent more year-on-year. For the past six months in a row, the monthly GST revenues have crossed the ₹1.4 trillion mark.

The CBDT spokesperson refused to give further details "as searches/surveys are continuing".

The coordinated raids on RUPPs and their linked entities spread across multiple states as part of their alleged dubious funding came after the Election Commission earlier this year struck off 87 entities from its list of RUPP after they were found non-existent during physical verification.

The poll panel had announced it was taking action against more than 2,100 RUPPs for flouting rules and election laws, including those

related to filing of monetary contributions, failing to update their address and names of office bearers.

The searches were conducted in Gujarat, Delhi, Uttar Pradesh, Maharashtra, Haryana, and some other states, officials said.

"The Commission has evidence of serious financial impropriety, willful attempts for tax evasion and other illegal financial activities against three specific RUPPs amounting to fraudulent use of privileges and public trust available to them," the poll panel said on May 25.

Coal scam case: CBI searches houses of Bengal law minister

The CBI on Wednesday conducted searches at the premises of West Bengal Law Minister Moly Ghatak in connection with its probe into alleged coal pilferage from Eastern Coalfields mines in Asansol, officials said. CBI sleuths, aided by a huge contingent of central paramilitary personnel, raided three houses of Ghatak in Asansol and two in Kolkata, they said. PTI

Sales...

He said rural areas are likely to see much better demand from the first week of October as rainfall has been good and India is expected to harvest a bumper kharif crop. Also, prices of edible oils have cooled off from their highs, which bodes well for the consumer, Mallick added.

Parle Products, the maker of Parle-G biscuits, also expects demand to be robust this festival season. "We have launched a few products and entered into breakfast cereals, which is a new category altogether (for Parle). We have launched variants of Parle-G — Parle-G Simmons, Oats, Parle-G Cookies, and a premium variant called Parle-G Royale,"

Mayank Shah, head of the category at Parle Products, said.

As raw material prices have eased, the biscuit major has started to introduce discounts. "We have already started it with the onset of the festival season around August 15. We intend to continue some of those discounts for the remaining year," Shah said. The sentiment is robust even in the consumer durables segment. "We will offer heavy discounts in the form of cashbacks and direct discounts, and our launches will be two times higher than pre-Covid," said Avneet Marwah, CEO of Super Plastics. Haier Appliances India also expects a robust season this year with strong double-digit sales compared to the pre-Covid period.

Among home-grown consumer durables companies, Godrej Appliances' expecta-

tions fall in line with other players, with the firm anticipating strong double-digit sales during the festival season, which started with Onam in Kerala. Durga Puja, Navratri, and Dussehra will follow, and the season will end with Diwali in October. Apparel retailers, which also took a hit during the pandemic, also expect demand to be robust. In smaller towns too, demand has started to witness an uptick for apparel. Lifestyle major Lacoste expects festive sales to be higher by 30-40 per cent despite taking price hikes, as sentiment has improved among shoppers.

Railway...

The land licensing fee changes every five years, and the new policy shall now provide clarity to the incoming buyer of Concor for the next 35 years, an official said. The move will also provide clarity and certainty on land, as the company's business is dependent on that, he added. This, in turn, will make the financials of the company transparent for interested parties. Once the policy is notified, the Department of Investment and Public Asset Management will initiate the process and start preparing the expression of interest (EoI) document for Concor's privatisation. The sale of the government's 30.8 per cent stake — along with management control — of its total 54.80 per cent may fetch the Centre over ₹13,630 crore, based on the closing price of Concor's shares on Wednesday. Concor has 61 container depots, of which 26 are on Railway land, leased on a per container licence fee basis. Meanwhile, the existing entities using the Railways' land for cargo terminals will have the option to switch to the new policy regime after a transparent and competitive bidding process, said officials at the Railways ministry.

Seat belt...

Both were seated at the back of the Mercedes they were wearing in and both were not wear-

ing a seat belt. In line with the regulations prescribed in the Central Motor Vehicle Regulation (CMVR), all cars in India have to have a seat belt alarm for front occupants. But there is no such requirement for those sitting in the rear.

Only very select luxury car models have a similar alarm for rear passengers. And the function varies from model to model. For instance, in a Toyota Lexus or a Mercedes Maybach, the alarm beeps only if the rear seat passengers unfasten the belt — it doesn't send an alert if the occupant does not fasten the belt. "You can make an armoured or a tanker kind of vehicle, loading it with all kinds of safety features. But what matters eventually is the occupant's behaviour and his or her awareness of safety," said an official of a car company. According to him, while the government's intention to bring seat belt alarms for rear passengers is noble, it won't help if the passengers decide to ignore it.

Rupee...

The RBI will then expeditiously process the applications. Banks, collectively, have received over 115 proposals from corresponding banks in Sri Lanka and Commonwealth of Independent States nations, which include Russia and Ukraine. Most applications have been received by ICICI Bank, followed by IndusInd Bank, SBI, and UCO Bank, one of the officials in the know of the discussions said.

The meeting comes against the backdrop of the government's push towards recognising the Indian rupee as an international currency, as well as facilitation of trade with sanctions-hit Russia, and Sri Lanka, which is currently battling an economic crisis. As of now, no application has been received by the RBI for approval, although some PSBs are working to make the RBI's mechanism on settling international payments in rupee operational, the official said.
