

Press Release

JSW Neosteel (TMT Rebars) receive GreenPro Certification

Mumbai, 2 July 2021: JSW Steel is one of the first steel companies in India to get the GreenPro ecolabel certification for JSW Neosteel, its brand of TMT rebars.

GreenPro is a Type – 1 Ecolabel by Confederation of Indian Industry (CII) which enables the end users in the building sector and manufacturing sector to make informed decisions by choosing sustainable products, materials and technologies for the construction, operation and maintenance of their buildings and factories.

JSW Steel has always been the front runner in the industry to demonstrate its commitment to sustainable products. JSW Neosteel TMT bars are manufactured through High Yield Quenched and Self Tempered (HYQST) technology which ensures uniform quality across the bar. In addition, the TMT bars have the highest grade of purity and lowest Sulphur and phosphorous content which makes it more stronger and sustainable.

In addition to the product sustainability, Green Pro assign credits to the environment friendly manufacturing processes thus recognizing JSW Steel as a sustainable manufacturer.

All our rebar manufacturing units along with all grades (Fe 500D, Fe 550D, Fe 600, CS2:2012 500B, BS 4449 B500B, Fe 500D CRS, Fe 550D CRS, Fe 600 CRS, Fe 650) are covered under the certification.

Jayant Acharya, Director, Sales, Marketing and Corporate Strategy, JSW Steel, said: “Sustainability is at the heart of the JSW group and the GreenPro Certification for JSW Neosteel is a testament to this. We believe that Certifications like these while disclosing the environmental friendly footprint of our products, will enable our customers to make smart and informed choices for their critical building and construction products. JSW Neosteel TMT bars not only have the perfect balance of strength and ductility, but are also better for the environment offering 100% recyclability and life cycle cost.”

JSW Neosteel has its presence in major projects of national importance and some landmark structures of India, like High speed rail projects, Metro rail projects, Atomic power plants, Refinery projects, Expressways, Heavy bridges, Ports, Airports, Landmark High rises, Commercial complexes and many more.

As a group, JSW is committed to provide green product choices to the customers in the construction sector and promotes green buildings that will help to build a climate resilient and low carbon society. JSW Cement products have the lowest GHG emission intensity and its products Portland Slag Cement (PSC), Ground Granulated Blast Furnace Slag (GGBS) and Composite Cement (CC) are already GreenPro Certified and together with the JSW Neosteel it promotes product sustainability by reducing overall environmental impact of the structure over its life cycle.

About JSW Steel Ltd:

JSW Steel is the flagship business of the diversified US\$ 13 billion JSW Group. As one of India's leading business houses, JSW Group also has other business interests in sectors such as energy, infrastructure, cement, paints, sports and venture capital. JSW Steel has grown from a single manufacturing unit in early '80s to become India's leading integrated steel company with a steel-making capacity of 28 MTPA in India & USA, including capacities under joint control & new capacity to be commissioned at Dolvi during this year. Its roadmap for the next phase of growth includes a target of achieving 37.5 MTPA steel capacity by FY25. The Company's manufacturing unit in Vijayanagar, Karnataka is the largest single location steel-producing facility in India with a capacity of 12 MTPA. JSW Steel has always been at the forefront of research and innovation. It has a strategic collaboration with global leader JFE Steel of Japan, enabling JSW to access new and state-of-the-art technologies to produce & offer high-value special steel products to its customers. These products are extensively used across industries and applications including construction, infrastructure, automobile, electrical applications, appliances etc. JSW Steel is widely recognized for its excellence in business. Some of its key honours and awards include World Steel Association's Steel Sustainability Champion (consecutively from 2019 to 2021), Leadership Band Rating (A-) in CDP (2020), Deming Prize for TQM for its facilities at Vijayanagar (2018) and Salem (2019), DJSI RobecoSAM Sustainability Industry Mover Award (2018) among others. JSW Steel is the only Indian company to be ranked among the top 10 global steel producers by World Steel Dynamics for 10 consecutive years. As a responsible corporate citizen, JSW Steel's carbon reduction goals are aligned to India's Climate Change commitments under the Paris Accord.
